In Passing

By ESTHER WEAKLEY

"Wherein thou judgest another, thou condemnist thyself." — Romans 2:1.

CHOOSING A SNOW SUIT
Green or scarlet, brown or blue,
Which one shall I choose for you?
With your turned-up budding nose,
Brooklet eyes and wind-tuned toes?
Pixie-like, you come to view
In a suit that's frosty new.
Are you girl or are you lad—
Little one I never had?
Lucille Marshall,
in Columbus Citizen.

HIGH PRIDE
I would scorn royalty;
My floor is the sky.
No beauty queen
could be prouder than I.
The reason for this
sudden joyous outburst?
When selecting his "team,"
Jim — age five — chose ME first!
R.V.

One of the most unforgettable scenes on television was the group of GI's singing Christmas carols on a bleak hill in Korea. That was on Edward R. Murrow's "See It Now." If you missed it. Another touching part of the same show was the caroling by the little Korean children. And all right, so I'm a lowbrow. But I liked Jack Benny's telephone operators.

• • •

My private Waterloo — Holier-than-thou people, rather their self-praise and condescension . . . having the furnace decide to smoke and toss out a little soot right after I've dusted . . . having the cleaner call it a day just as I start on a rug . . . people who look around in the corners for dust—they are never disappointed!

Here is a good New Year's resolution, if you're hunting for one. It is not original, it was clipped from somewhere.

Were I to start my life again,
I'd mark each separate day
And never let a single one
Pass unenjoyed away.

Mail — "Christmas has passed; soon it will be Easter, then Fourth of July. Heck, the year is half-gone already" . . . On a Christmas card: "Another Christmas! I don't feel a day older than I did 16 years ago when I sent you the first Christmas card. My mirror tells me I am though, and so does my rheumatism" . . . "I wish I could do something about all the lonely people in the world, especially at Christmas time."

• • •

My sincere thanks to everyone who made doing this space-filler a pleasure last year. That includes Mr. Hartley, Mr. Greene, the girls in the Record office, and last but not least, the readers who have written such fine, encouraging letters.

High School Editors Learn More About The Printing Trade

Several editors of their respective high school papers obtain a preview into the mysteries of printing. Shown gathered about the pages for a magazine are Lou Hadden, Printing Week chairman; Don Davis, Aquinas High School; Terry Hitt, West High School; and Carl Emmenegger, Sr., president of the Columbus Club of Printing House Craftsmen.

Printing Week is observed each year by the Graphic Arts Industries of the World. Benjamin Franklin, one of America's greatest statesmen, was a printer. He is considered the patron saint of printing. Printing Week is observed each year during the week of the anniversary of his birth, Jan. 17, 1706.

In brief, the objectives of Printing Week are:

To salute an industry whose existence has been a dynamic constructive force in the cultural advancement of mankind.

To perpetuate the principles and the profound wisdom of Benjamin Franklin's precepts.

To portray by visible examples the alert spirit and enterprise that actuates the printing industry of today.

To encourage young people to share in the limitless career opportunities provided by Graphic Arts educational facilities.

Printing Week will be observed in 1953 during the week of Jan. 11-17.

Plant visits and a display entitled "Tools of the Printer" are bein, made available to the faculty and student body of all high schools in Franklin County. Information is available from all school principals, journalism and printing instructors.

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Mr. Hartley:

I am venturing to bring to your attention a project that is of such widespread interest and importance to the people that I trust the state of Ohio may have the support of your valuable newspaper in its fulfillment.

As you know, our new Motor Vehicle Safety Responsibility Law will become effective Mar. 1, 1953. We realize that the state is not required to inform the people about the provisions of any statute, but this law is so different in character from other legislative enactments, and automatically can affect such a broad segment of the population, that we feel its protective features, requiremetns and penalties should be brought adequately to public attention prior to the date enforcement begins. Accordingly, starting with the passage of the appropriation for the Safety Responsibility Law and continuing until Mar. 1, the Bureau of Motor Vehicles will conduct a public educational program about this new law. In this program we will naturally rely primarily upon the public spirited press of our state.

With the start of the program, you will receive from this office each week, an interesting news release explaining the salient features of the law. I hope you will find space in your newspaper to publish these items and will look to the Bureau of Motor Vehicles as the authentic source of information, so that the people will be correctly informed before enforcement measures are applied. The state and your readers, I am sure, will greatly appreciate this high service. If you and the members of your staff desire special information at any time, we will be most happy to furnish it upon request. I will be grateful to have a brief note, advising me that we can count upon your publication.

With every good wish for your continued success, and assuring you of our fullest cooperation in your efforts to make the streets and highways of Ohio safe, I am,

Sincerely yours,
R. E. Foley, Registrar
Bureau of Motor Vehicles

Seen at Seiller's

By Susie Shopper

It's January Clearance Time! The biggest bargain of all at Seiller's (to my way of thinking—you may find another) are the men's shirts at 2 for $3.50. Good Van Heusen, Arrow and others in a variety of styles and sizes. Almost all regularly $3.95 each.

Other January headliners are the Bates spreads and matching drapes in the housewares department (basement). These new decorator-type spreads and drapes are appropiate for everyone's room. Junior's to Grandmother's.

And while you're redecorating, don't forget what a new lamp can do. Modern lamps in a great variety are on display at Seiller's and from as little as $3.98 up. One of the clever new designs is a bright calico shade over milk glass base . . . cute.

Going to Florida . . . a lot of you are. But "weather" you're Southbound or not you'll appreciate the cottons which are available at our Hilltop store. They certainly make spring right-around-the-corner. All *New and Exciting.* See them for a "lift" "ifin" or not you are resort-wear shopping! Adv.

Leisure Clothes for Leisure Hours

Designed for leisure wear, this three-piece ensemble is completely washable. Short, reversible plaid coat tops trim two-piece pajamas.

Lovely Loafing Clothes

BY EDNA MILES

THE trend to clothes designed especially for leisure hours at home is a noticeable one. It's a practical one, since the day of the elaborate tea gown and the flowing hostess gown has long since gone.

Such leisure as the average woman does have is highly valued. For this time, they want fashions that are pretty and comfortable, that wash easily and iron without difficulty. Designer Harry Berger does clothes that meet all of these requirements and have designed flair as an added bonus.

A mandarin coat in three-quarter length is printed in giant gold-tipped butterflies. The coat is quilted and has long sleeves that flair in a wide circle at the wrist. There are big square pockets for holding the little incidentals that women like to carry about the house with them.

This coat tops narrow two-piece pajamas in solid aqua broadcloth. These have the mandarin collar too but sleeves are short. Both coat and pajamas are completely colorfast and washable.

For the very young housewife and the career girl, this same designer has done a short coat and two-piece pajamas. The quilted coat shell is in plaid broadcloth lined in solid color. It's reversible, has big pockets, man-tailored collar and long, full sleeves with adjustable cuff-lengths.

Pajama top is in plaid with pants in solid color. Top and trousers can be worn outdoors as well as in; both are meticulously tailored. These three pieces are completely washable.

This three-quarter length mandarin coat in gold butterfly print is worn for leisure hours over aqua broadcloth pajamas. Both wash and iron beautifully.

We have never accepted Hitler's words as sincere and that still goes, as far as his latest peace propaganda is concerned.

The unsatisfied, or envious member of a community, is always ready to tear down those who have something he or she wants—and doesn't have.

SERVICE NEWS IN BRIEF

WITH THE 3D INFANTRY DIV. IN KOREA — Glenn D. Douthitt, son of Mr. and Mrs. Maurice I. Douthitt, 1695 Hopkins-av, was recently promoted to sergeant first class while serving in Korea with the 3d Infantry Division.

During the winter of 1951, this outfit cracked the Communists' line in the battle of "Bloody Angie", one of the bitterest engagements of that year.

World War II veterans will remember that the 3d was the only American division to fight the Nazis on all fronts. It hit the beaches at Anzio in January, 1944, and maintained a toe-hold for four months against furious German counterattacks.

Douthitt, a fire direction specialist in the 15th Regiment's Heavy Mortar Company, arrived in Korea last February. He entered the army in August, 1951, and received basic training at Indiantown Gap Military Reservation, Pa.

The sergeant graduated from high school in 1949 and attended Franklin University in Columbus.

WITH THE 1ST CAVALRY DIV. IN JAPAN — Pvt. Myron O. Hunt, son of Mr. and Mrs. Clarence J. Hunt, Hilliards, has been assigned with the 1st Cavalry Division.

Veterans of the Korean conflict are giving intensive field training to the new replacements in the unit on the northern Japanese island of Hokkaido. The division spent 17 months in the combat zone before being rotated out of the line last December.

Hunt entered the army last April.

THE Master OF Leipzig

Two hundred years ago, a quiet, little organist died in Leipzig. About all that anyone knew about him was that he was a profoundly religious man, loved by family and friends.

They knew that every week for twenty-eight long years he had written church music for himself to play and his congregation to sing. He had died a happy man.

And that was about all that they knew. . . .

Yet today, he is known as one of the mightiest of musicians, and as one critic said recently, "It is as if God Himself had written every note, and every page."

And the composer's name? . . . It is a universal name—Johann Sebastian Bach.

In churches of all denominations, the music of Bach is played and sung today. Many who hear it wonder how such a quiet, little man could have opened up the heavens as his music seems to do.

Perhaps the answer lies in the fact that Bach once told a friend the name of his favorite hymn.

Its title explains his genius—and his faith.

It is a hymn that will last as long as the name of Bach—and that is forever.

And its title is, "A Mighty Fortress is Our God. . . ."

For God is the King of all the earth: sing ye praises with understanding.

STRICTLY FRESH

NOW that most everyone has forgotten about the election, we can reveal that General MacArthur did not vote. He had not registered. But Ike won anyway!

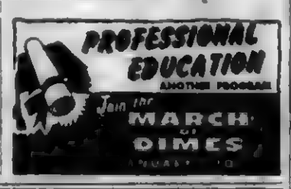
• • •

First weekly paper to support Lincoln for presidency died election eve after 105 years publishing. At that age it just couldn't stand the shock of GOP winning after all these years.

• • •

United Nations delegates drank election-winner toasts in their own extra-territorial bar, only one

legally open on election day. We wondered where Dem refugees were singing "Sweet Adlai Mine."



• • •

Foreign gold mines have asked their government for aid to meet rising costs. Next we'll hear even a mint can't make any money.

Robber who read no newspapers confessed to 24-year-old murder, was told his "victim" is alive. But he reads the papers now!

Bible Comment:

Ruth the Devoted Was an Ancestor Of the Nazarene

SCATTERED through the pages of mankind's history are the beautiful stories that we would like to offer as representative of the true life of man, the life that lies beneath the overabundance of tragedy.

These are the stories telling of generosity and kindness, of happy home life and the love of little children for their parents, of courage in the face of danger and the sacrifice of people for those they love.

In the Bible we find them all. Among the most beautiful of these is the story of Ruth, a tale so deep and penetrating it merits a complete book of the Old Testament and stands as a classic tale of faith, love and loyalty for all time.

Because Ruth was the daughter-in-law of Naomi, a woman who lost her husband and sons and was left alone in the world. Naomi was far from home when her husband and sons died and decided to return to her people. She advised her daughters-in-law to stay in their native country of Moab and remarry. One did.

But the other, Ruth, refused. She vowed loyalty to Naomi with a promise that stands as the highest expression of devotion we have: "Whither thou goest I will go; and where thou lodgest I will lodge; thy people shall be my people, and thy God my God. The Lord do so to me, and more also, if aught but death part thee and me."

Ruth's progeny were destined for great things. She was the great-grandmother of King David and thus an ancestor of Jesus.

It is good to remember in these days of racial prejudice and anti-alien agitation that Jesus, the purest and best among men, traced His lineage not only to noble and saintly Israelites, but to this devoted Moabite girl who illustrates much of the best in goodness and love.

Dairy Service Unit Convenes At Hilliards

Dr. Fordyce Ely will be the featured speaker at the annual meeting and banquet of the Franklin County Dairy Service Unit at Hilliards on Tuesday, Jan. 13, at 7 p. m. Ely heads the department of dairy science at Ohio's State College of Agriculture and Experiment Station, and is a popular speaker on dairy subjects.

Business at the meeting will include reports of 1952 activities of the organization and election of four sectional directors and one director-at-large. Entertainment will include vocal and instrumental music.

The banquet is being served at the Hilliards Elementary School by the Hilliards Grange. Tickets may be purchased from breeding and testing technicians and from directors, or at the county extension office.

Robert Wells, Madison Township dairyman, heads the organization, with K. K. Krebs of Westerville vice-president, and David Horst of Amlin, secretary. Other directors are Don Klamfoth, Canal Winchester; John Gantz, Grove City; Paul McMurray, Darbydale; C. L. Kaiser, Hilliards; Galen McLeod, Westerville; and Ralph Bruning, New Albany.

Ike will be a fine president, until he has to step on some toes and make some controversial decisions.

Steer clear of both those who want to borrow your money and those who want to lend it to you.

RICH MAN, POOR MAN . . .

GOOD HEALTH FOR ALL

By Marian Lewis

GOOD HEALTH COMES FIRST

Good health comes first in any list of New Year's resolutions. And even if you don't go in for New Year's resolutions, the Columbus Tuberculosis Society advises, it is time to take stock of your health.

It is much easier to keep well than to get well after you are sick. And easier, too, to throw off colds and to build up resistance to disease, if your health is already good. Here are a few rules which we all can follow:

Eat well-balanced meals. Eat enough, but not too much.

Exercise regularly, preferably out of doors.

Get enough rest and sleep.

Keep clean. Good personal hygiene is essential.

See your doctor and dentist regularly.

Get a physical checkup every year, including a chest X-ray, whether you feel sick or not.

Don't wait until you feel sick to see your doctor. He can help you prevent sickness or detect it early enough to cure it promptly.

You are most likely to get sick when you are run down from lack of sleep or the wrong kind of food.

A balanced diet means eating enough of the right kinds of food, but not eating too much. Overweight is a shortcut to illness. Balanced meals can be arranged nutritiously with dishes from categories such as proteins, including meats, poultry, fish, eggs; greens and yellow vegetables; fruits and salad greens; whole-grained breads and cereals.

You sleep best if the air in your rooms is fresh and cool. The thermometer should read about 68 degrees, not more than 72.

Columbus State School Guild Publishes A New Cook Book

Mrs. Helen Adhemar, 1601 W. Broad-st (at left) who suggested the idea of a cook book as a money raising project, and Mrs. Roy Ferguson, president of the Charter Guild inspect copies of the book as it came off the presses at the Columbus State School.

By Pat Martindale

The result of a year's planning and working was a dream come true for the Charter Guild of the Columbus State School when the "Cardinal Cook Book" came off the press several weeks ago.

The Guild, first of its kind to be organized at the school was formed in Jan. 1951 with its object to promote interest in the school and to help in any way possible the development of a program which would assist the administration in caring for the needs of the school.

Many small projects were undertaken the first year but the possibility of a beauty parlor and barber shop seemed like a big project for the guild to undertake until Mrs. Helen Adhemar suggested to the guild that they publish a cook book to raise funds during 1952 for the project. All last year members sought recipes and finally the book was completed.

The Guild is doubly proud of the book first, because of its name "Cardinal Cook Book", the cardinal being the official bird for the State of Ohio, and secondly, the fact that the book was printed in the school's own print shop under the direction of Mrs. Edith Callup. Members of the education department of the school assisted in editing and assembling the printed parts.

Bound in white plastic with a red cardinal on its cover the cookbook consists of recipes from many Columbus people, many from the Hilltop and West Side. It can be purchased from any member of the Guild or at the school

YOUR YOUTH

By Bob Schmidt - Dick Wilson

And the holidays are all over once again as we sit back, relax and wait to see what the "new little guy in diapers" has to offer us. His "Pappy", 1952, was most kind to us over here at your Hilltop YMCA. As a matter of fact, I would like to take this opportunity to say "Thanks to you, 1952" for the opportunity you offered Bob and I to meet the hundreds of wonderful people up here on the Hilltop during your reign of power. It is our sincere wish that you, 1953, will offer to Bob and me more of the same opportunities.

While I am on the subject of offering thanks, I would like to say "Thanks a million" to Mrs. Mac Pemberton, Westgate school district; Mrs. Karl Neimeister, West Mound School district; Mrs. Marie Ingle, John Burroughs school district, and Mrs. Charles O. Sines, West Broad school district. These mothers of Gra-Y boys are helping to promote our Annual Banquet which is to be held at Glenwood Methodist Church on Jan. 20 at 6:30 p. m. They have volunteered their services to act as distributing agents for tickets, so all you guys, gals and adults in their particular school districts be sure and look them up and get your tickets to this big annual affair. As a matter of fact, I think it would be a good idea to make a resolution to call them within this week. Don't you all agree?

So now we turn from Thanks to Offerings. Your Hilltop YMCA staff (Bob, Eileen and I) have made a resolution to offer you a bigger and better program than in '52. We will continue with Boys Craft Classes every Monday and Wednesday after school, Girls Craft every Friday at 3:30, and movies for everyone on Tuesdays at 3:45. And besides these regular scheduled events, we will have many fun filled special events which will be announced on your monthly schedules. Of course, Gra-Y, Jr. Hi-Y, Jr. Tri Hi-Y and Sr. Hi-Y will get back on their regular meeting schedules this week.

As far as our two Gra-Y Basketball Leagues, the Jr. Church League and the Intermediate Church League are concerned, I recommend you check your schedules closely because league play will resume this week.

A nice Rosebud bouquet to be presented to Harold Fox, retiring president of Hilltop Kiwanis Club. Few men in the community have put so much effort in a job in recent years as did Harold. Such interest in worthwhile community activities is responsible for that well known "Hilltop Spirit". Congratulations.

Too Much Culture

Four domesticated white ducks recently succeeded in causing quite a commotion near Scarsdale, New York. It seems the ducks, which had lost the vigor their wild cousins possess, were frozen in a thin sheet of ice on the surface of a river, where they slept peacefully as the ice solidified.

Noting the plight of the ducks, several nearby citizens appealed to the police and the response was an emergency truck equipped with floodlights and a rowboat on a trailer. The ducks were rescued, wrapped in blankets and carried to living quarters and warmed by a radiator.

As most people know, wild ducks, who must take care of themselves or perish, avoid such traps by paddling with one foot, even while sleeping. But the fat, domesticated ducks have become too soft for such survival and were thus trapped by nature. This must be highly embarrassing in the duck world, even to domestic ducks.

Too much culture, it seems, is no more beneficial to many ducks than to many people. Both seem to lose perspective when the recipients of too much luxury, though the ducks' plight is usually more easily recognized.

New Community Council Officers Are Installed

New officers of the Hilltop Community Council are pictured above as they are administered the oath of office by Jerry Spears, Sr. (left), first president of the council. Left to right in the photo are: Spears, Robert Schmidt, president; F. N. "Doc" Reister, vice president; Mrs. Thomas Kenny, recording secretary; Mrs. Howard Hartranft, corresponding secretary, and Mrs. Eleanor Gaskill, treasurer.

For the betterment of the Hilltop, the newly elected officers of Hilltop Community Council for 1953, Wednesday night, promised to abide by the by-laws of the council, co-operate in civic projects for the improvement of community life, such as traffic, safety, street improvements and parks, to help plan special events and programs for Hilltoppers of all ages and to fulfill their offices to the best of their ability.

Oath of office was administered by Jerry Spears, Sr., charter member of the council, to Bob Schmidt, president; F. N. Reister, vice-president; Mrs. Thomas Kenny, recording secretary; Mrs. Howard Hartranft, corresponding secretary, and Mrs. Eleanor Gaskill, treasurer.

After an inspiring talk by Spears the council continued the meeting with discussion on various matters brought before it, at which time the new president announced that he would name representatives from various Hilltop organizations as committee chairmen at the February meeting. To be named are chairmen of special events, welfare, parks and playgrounds, schools and churches, Camp Clime and public relations.

The Hilltop Council, now starting its tenth year of service, is composed of representatives from all Hilltop organizations, schools and churches and interested civic minded persons. Problems of a civic nature can be presented to the council by presenting them in a written letter or by a personal appearance at the monthly meeting.

Elbin Outlines Road Program For This Area

Guy Elbin, Franklin County Engineer, this week drafted a road construction program that will give this area several major completed projects in the next three years.

The projects will involve hundreds of thousands of dollars of federal and county funds and will be aimed at meeting more pressing traffic problems.

Included on the list are the Sandusky-Spring Interchange, and the widening of Trabue-rd from McKinley-av west to the Rome-Hilliard-rd.

Newest of the proposals is the widening of Trabue-rd's two lanes from McKinley to Rome-Hilliards and paving with asphaltic concrete.

Elbin said he hoped to put the project up for sale in July or August, permitting completion of the project in 1953.

The Trabue-rd work ties in with plans for moving expected heavy traffic from the expanding west side of Columbus, where Westinghouse is building a huge plant and a big housing development is planned.

Engineering plans for the Sandusky-Spring Interchange are nearly completed. The state may put the project up for sale this spring.

The Trabue-rd project includes passage through San Marguerita, where the road will have curbs and sidewalks. Elbin and his staff already have met with residents of the community to explain the project.

Dog License Deadline Is Set For Jan. 20

With less than 10,000 dog licenses sold thus far this year as against 40,675 for 1952, dog owners are being warned that the absolute deadline for purchase of dog licenses is Tuesday, Jan. 20. License fees will be accepted by the county auditor's office at the Court House if the application is mailed in prior to this date, giving age, sex, and a full description of the dog and being accompanied by the $2.00 license fee.

Dog owners who have not purchased licenses by Jan. 20 will have to face a penalty of $1.00 in addition to the $2.00 fee. Those owners who do not purchase a license face a fine of as much as $25.00 and costs.

The Humane Society of the City of Columbus urges the prompt purchase of licenses either by mail or by visiting the county auditor's office at the Court House.

Driver Of Death Car Is Sentenced

This week a Dayton man drew the maximum penalty in Franklin County Common Pleas Court for a 1951 traffic fatality.

He was James F. Manown, 41, accused of second degree manslaughter in the 1951 Thanksgiving night death of Mrs. Elizabeth Lucas, 26, of 96 S. Algonquin at Williahire and W. Mound-st.

Judge Joseph M. Clifford sentenced Manown to six months in the Columbus Workhouse, fined him $500 and costs, and suspended his driving rights for five years.

Manown had pleaded guilty earlier to one count of the manslaughter charge, that of failure to yield the right of way.

Father Of Three Is Electrocuted

Charles A. Bocock, 31-year-old father of three children at 1384 Parsons-av, was accidentally electrocuted at W. Broad-st and Georgesville-rd late Tuesday afternoon. He was pronounced dead at Mt. Carmel Hospital, where he was taken by the New Rome emergency squad.

According to reports of the sheriff's department, Bocock received a 4150 volt electrical jolt as he was guiding a section of 20 inch metal water main into a ditch.

Bocook was employed by the Fishel Co., 1170 Kinnear-rd, which is laying a new force main between the Sullivant-av water tank and the Broad-st Georgesville-rd area.

A witness, Charles E. Karnes, 26, of 3258 Deshler-av, told deputies the electricity arced from a high-voltage power line to the boom of a crane which was lowering the cast-iron pipe into the ditch.

Karnes, a cable repairman for the Ohio Bell Telephone Co., said the current traveled down the boom and was conducted to the pipe by a steel cable which supported the pipe.

Bocook was standing on soggy ground, steadying the pipe with his hands as the crane operator eased it into the ditch. The wet ground helped complete a near-perfect electrical circuit.

The jolt knocked Bocook into the 10-foot dithc

Karnes administered artificial respiration to the victim until the emergency squad arrived. Workmen said the accident happened about 3:15 p. m.

Boocok is survived by his wife, Betty; three daughters, Barbara, 9, Charlene, 8, and Connie Mae, 18 months; three sisters, Mrs. Doris Evans, Mrs. Marjorie Purcell and Mrs. Mary Anne Latella, and a brother, George Bocock, all of Columbus.

Funeral arrangements are being completed by the Cook & Son Funeral Home.

Central Upsets Cowboy Five By 57-51 Score

By Woody Owens

Central High's Pirates pulled the upset of the season in the City League Tuesday night when they handed the Cowboys of West a stunning 57-51 setback. It was the Pirates' first win in the City League and the Cowboys' second defeat.

The Cowboys jumped into an early 7-2 lead but led by only 9-8 as the period ended. It was nip and tuck in the second quarter, with the Pirates taking a 21-20 lead on a fielder by Adams just as the first half ended.

The third quarter saw the Pirates extend their lead to a 38-34 count on an eight point spree by Adams and six by Harris.

In the final period the Cowboys missed enough easy shots to win the contest, but the Pirates continued to play steady ball as Adams continued his brilliant play, and added six more points to his night's total to lead the riverside boys to a sweet victory.

Sam Adams led the Koterba coached quintet with 25 points and also turned in a brilliant floor game. The rebound play of Bill Smith played a key role in the victory also.

Trabue and Thornton again led the Cowboys' offensive with 16 and 15 points respectively.

The Cowboys will play league leading South Friday night on the Ann-st court.

West Reserves continued undefeated as they handed Central its first league defeat by a score of 43-28. It was the Cowboys' 11th consecutive win of the season.

HBA Is Seeking Champion Liar Of Hilltop Area

Something new has been added for the 1953 edition of the Hilltop Minstrels which will be staged at West High School on Feb. 12-13. As a matter of fact, a new champion will be crowned during the show and he or she in addition will receive a full refund of the cost of their seats.

The Hilltop Business Association is seeking good jokes for the show and this week came up with this idea. "Why not find the champion tall story teller of the Hilltop?"

There are quite a few good tale spinners in the Hilltop area and the idea is to find the champ of them all and pay due homage to that individual and give a suitable reward for his or her efforts. The contest will be similar, to that of the Burlington Liars Club.

So if you have a good one, send it in to the Hilltop Business Association at 3183 W. Broad-st before noon on Monday, Jan. 26 to the attention of the Tall Story Chairman.

In addition if you have any jokes send them along too because for every joke submitted that is used in the show the HBA will award two reserved seat tickets for each joke.

In the meantime C. H. Campbell reports that the tickets for minstrel show are going fast with more than 500 seats already reserved. Anyone planning to see the show should reserve their ducats now Campbell said.

Hilltop Navy Champ Enters Golden Gloves

Among the early entries in the Golden Gloves tournament which opens Friday, Jan. 16, in Memorial Hall is Virgil Wharton, a Hilltopper who has recently returned from service in the Navy with a flock of ring titles. Wharton will compete for the Columbus Boys' Club, located on Gift-st.

Wharton's entry, announced this week for the Boys' Club, gave Al George, Boys' Club trainer more confidence that this year he will secure a winning team to represent the West Side in the tourney. Wharton was a runner-up in the Golden Gloves in 1946 prior to his entry into service. In 1948 he won the boot camp welterweight title at Great Lakes.

The Hilltopper lost no time in adding to his ring laurels for the titles came thick and fast such as: 1951 Far Eastern Pacific Welter championship; 1952 7th Fleet championship; Far Eastern championship; Hawaii and Far Eastern Navy championship; All-Pacific championship.

In addition, Wharton was a semi-finalist in the All-Navy last year.

Wharton, a 23-year-old who has been boxing for seven years now, will compete in the 147-pound class.

All amateur boxers are eligible and are urged to get their entries in as soon as possible.

Announcement was made this week by Gene Wolfe, general chairman of the Westway Veterans of Foreign Wars Banquet committee that the annual affair has been postponed from Feb. 14 as originally announced to the date of Mar. 14.

According to Wolfe the postponment was made necessary because of extensive repair work now being done at the Columbus Manssrchor Club where the annual party and banquet is scheduled to be held.

Hilltop Mothers Meet On Jan. 19 To Plan For The March On Polio

A meeting of all volunteer Mothers' March on Polio workers for the Hilltop area will be held at the Highland-av School at 1:30 p. m. on Monday, Jan. 19, with Mrs. Lawrence Seibert, colonel, 181 Lechner-av, presiding.

A short program will be highlighted by a film describing the Mothers' March on Polio and a discussion of the drive by a representative from the Franklin County Chapter of the National Foundation for Infantile Paralysis.

Urging all Hilltop women to come to this meeting, Mrs. Seibert pointed out that many more workers are needed to give just one hour of their spare time to the Mothers March on Polio on Thursday, Jan. 29, from 7 to 8 p. m. Approximately 16,000 women will be needed to contact all homes in Franklin County during that hour to receive contributions to the 1953 March of Dimes.

Plans for the Mothers' March on Polio in Franklin County to raise funds for the care of local polio victims and to continue scientific research intended to eradicate the crippling disease, were being completed this week, by Mrs. Howard C. Lloyd and Mrs. Benton Dempsey, co-chairmen of the Mothers' March.

The plans call for a one-hour porchlight campaign on the evening of Thursday, Jan. 29. Any person in Franklin County wanting to give to the fight against polio may signify his intention by turning on the porchlight. It is planned to have one volunteer worker for each 10 dwelling units. The volunteers will call on the lighted homes.

During that hour—7 to 8 p. m. on the designated evening—you may make your donation—a dime, a dollar, or a dozen dollars. No matter where you live, it is the plan of the leaders in this fight against polio that someone, probably a neighbor, will call and accept your gift.

Now the immediate need is for an army of volunteer workers . . . mothers, housewives, business and professional women . . . to pledge an hour of their time on that evening of the Mothers' March to make this unusual effort a real success.

Why not call Mrs. Seibert at RA. 3547, or the Mothers' March on Polio office at FI. 3613 today, and volunteer an hour of your spare time so that others may call again?

Aid Is Sought For A Family Made Homeless

Aid from several sources was being rallied this week for a Briggsdale family of six made homeless last Sunday afternoon when fire destroyed their two-room frame residence.

Losing their home and all their possessions when an overheated stove touched off the blaze were Mr. and Mrs. Ray Kimes and their four young children, of the rear of 2438 Rosedale-av.

Assistant Chief Woodrow C. Eckardt of the Franklin Township fire department, said two companies answered the alarm at 2 p. m., but the small home "went up like a box of kindling."

The Kimes and their children, Nancy, 6; John, 4; David, 2, and Bobby 10 months, were at the home of Kimes' Mother, Mrs. Nancy Barr, on the same lot as theirs when they saw their home break out in flames.

Mrs. Barr, who owned the destroyed building, estimated its value at $50, while Kimes said his family's belongings were worth $1000. Damage was set at $200 to the home of Mrs. Barr.

The Kimes have taken up temporary quarters at the home of his mother, while Mrs. Barr has moved for the present time to the home of a daughter, Mrs. Mary Russell, 132 Stauring-st.

Besides emergency needs which the Franklin County Chapter of the Red Cross has promised the family, $50 was given by Franklin Township Fire Co. 2, and $35 by sheriff's deputies.

Any others desiring to aid the family may do so by calling the Franklin County Sheriff's Dept. or Assistan' Fire Chief Eckhart of the Franklin Twp. Fire Dept. at Briggsdale.

Garden Heights Civic Group To Elect New Officers

The Garden Heights Civic Association will hold a meeting at 33 Garden Heights-av Friday evening, Jan. 16, at 7:30 p. m.

A new slate of officers will also be elected at this meeting.

An employe of Ohio Fuel for 25 years, Strickler has been general foreman of the service department. Mr. Strickler started with Ohio Fuel in 1928 as a mechanic. Later he was promoted to night foreman and then to day foreman of the Columbus district garage.

West's Tax Stamp Show To Be Held Tonight

Pat Manus and Carole Cristee, two talented performers in the annual West High Tax Stamp Show are pictured above in a Ballet scene from the 'Blue Danube. Two performances are scheduled, one at 7:30 p. m. and another at 9 p. m. (J. Curtis Allen Photo)

The annual West High School Stamp Show was held Thursday, Jan. 8 for an enthusiastic crowd of students. It seems as though the whole show was just full of an excellent variety of talent. Those young amateurs give the very air of professionals with their own original versions of popular songs and dances. Tonight they perform for the general public.

One thing you won't want to miss is the superb dancing of chic Judy Fenimore who recreates all the pulsating Indian rhythm in her number. And of course handsome Gary Underwood is around to thrill all the gals when he sings "Somewhere Along The Way." And—look out! There's a chorus line—all boys who are simply gorgeous with their pretty legs. Still better, however, is the girls' line—a new tradition for West's stage.

Cute little Sharon Kasdoff, one of the seventh graders, brings back the flapper age for sure as she dances the "Charleston." The Blue Tones, a smooth girls' quartet, puts you in a mighty pretty blue mood with their rendition of "It's a Blue World."

No show would be complete without the comedy routines, and John Morrison, TV star, adds his pantomime of Hamlet Mentioning TV stars, Nancy Wilson, who made her debut on the ice show last year, thrills everyone with her singing of "Street of Dreams." For the first time at West, there comes the sensational drum duet, starring Jay Swisher and Bob Southworth, double trouble with the livin' rhythm.

The Show of '53—Grand Central Station—is a colossal production, one of the best ever done by West and one you can't afford to miss. Climaxing the Revue is the entire cast singing the Ohio Song which Bob Johnson and Bob Harmon wrote for the State Sesquicentennial—truly a stirring finish.

The show is under the direction of Mrs. Evelyn Hall, director of stage and dramatics at West.

Animals released by a burglar in a Philadelphia pet shop made so much noise neighbors called police. Cops broke it up fast. No wolves there tonight, eh!

This community is just as progressive as we make it, and offers our children only those opportunities and advantages we provide them.

The question mark above is of unusual interest since discovery that gamma globulin gives temporary protection from paralytic polio. The need for further evaluation of the substance and its limited supply make it unlikely that 1953 polio picture will be much affected by the discovery. A vaccine still must be perfected. Meanwhile, cases needing care continue to mount following 1952's all-time record polio epidemic.

GOOD HEALTH FOR ALL

By Marian Lewis

PNEUMONIA

A severe cold with a fever is always dangerous.

If it is accompanied by shaking chills, pain in the chest or side, difficulty in breathing, or blood-tinged sputum, it is probably pneumonia. And under these circumstances the Columbus Tuberculosis Society advises that the doctor be called at once.

Any delay in calling the doctor is an unnecessary risk. It delays diagnosis and proper treatment, may even cost the patient his life. In this day of effective serums and drugs, most of those who die of pneumonia are people who neglected a heavy cold that hung on.

Pneumonia is an acute inflammation of the lungs, which interferes with their normal function of supplying oxygen to the blood stream. There are various types of pneumonia, caused by different pneumonia germs, the most common of which are the pneumococci. Pneumonia is spread from person to person by those with the disease or by apparently healthy persons carrying the germs in mouth or throat.

Because it is communicable, the first step, after calling the doctor, is to get the patient into bed in a room by himself. Next a specimen of sputum, coughed up from the chest, should be prepared in a clean bottle or jar. The doctor may want this for examination. If hospitalization is not required, the best nursing service available should be obtained. All possible sanitary precautions should be taken to prevent the spread of germs.

Antipneumococcus serums and and drugs—like penicillin, aureomycin, and the "sulfa drugs" are effectively used in treating pneumonia. Used promptly they have saved many lives. The Columbus Tuberculosis Society warns, however, that pneumonia develops rapidly and that these scientific advances can have their best effect only when the doctor has a chance to use them early.

There is not yet an accepted vaccine for the prevention of pneumonia. The best protection lies in individual good health with its natural resistance to infection.

West Jr. High Cagers Lose To Champion

West Jr. High was handed its second setback of the season by Champion last Thursday afternoon on the local court by a score of 33-18.

The locals led 9-6 at the end of the first period but were never in the contest thereafter, as they failed to score a single point in the second or fourth quarters, and the East Siders won as they pleased.

Nebinger and Chappelear stood out for the locals while Kee led the winners' offensive with 12 points as Collier turned in a fine floor game.

Bob Cooke In Bid For Mayor In Aug. Primary

Robert E. Cooke, defeated candidate for sheriff last November, said this week he plans to run for mayor this year, as a Democrat candidate.

The retired Hilltop city detective who made a good showing in his attempt to defeat Sheriff Ralph J. Paul indicated he would declare his candidacy later with a formal announcement.

Cooke, a newcomer on the local political scene, won the party primary contest for sheriff by 107 votes last May. He defeated Harold Pickering, veteran Democratic political figure.

The Hilltopper, who made police history in a bloody battle with four desperadoes on Guilford-av in 1938, organized the Juvenile Bureau in 1940. He lives with Mrs. Cooke at 458 Nashobe-av.

In the past three mayoralty races, two Republicans paired off in the November run-offs. Deadline for filing is in June.

The primary is Aug. 11.

In Passing

By ESTHER WEAKLEY

"Faith is the substance of things hoped for, the evidence of things not seen."—Hebrews 11:1.

HIS WONDERS TO PERFORM

"God moves in a mysterious way,
His wonders to perform."
When we would choose a rainbow path,
He sends a twisting storm;
When we would seek the mountain top,
He points us to the vale:
When we are close to conqueror's crown,
He offers thorn and nail.

We cannot understand just why
Each barrier is the best,
We only know we pray and plan,
And leave to God the rest.
He knew Gethsemane's despair,
The Cross on Calvary's hill,
He knows our future as today,
And He will guide us still.

Lyn Ballard, popular vocalist at WLW-C, and his fan club of approximately 70 girls, have asked me to thank all the readers of this alleged column who responded so generously to their request for toys for patients of Children's Hospital, just before Christmas. Lyn reports that readers of THE Hilltop Record, West Side News and South Side Leader were especially kind. My thanks are added to theirs. Incidentally, Lyn recently recorded several new records. Songs recorded were written by Ed Graham, a Hilltopper. Incidentally again, my favorite shutin is the only honorary member of Lyn's Fan Club.

One of my Christmas cards was from Rev. and Mrs. Edwin C. Randall, formerly of Worthington. It is a lovely card; the message on it is in four languages. The picture on the card was copied from a water-color contributed by Raoul Dufy, of Paris. The cards were sent from United Nations Headquarters in New York and sold for the benefit of United Nations International Children's Emergency Fund. The Randalls also sent a calendar. It has appropriate quotations for each day. The quotation for today (Jan. 7) is: "There is no darkness, but ignorance," by Shakespeare. Rev. Randall's present position is connected with United Nations affairs.

The Hilliards Music Boosters are happy to announce there will probably be a summer band camp for all band members this summer. The Music Boosters will pay one-half of the expenses for each person. The band members themselves will take care of the rest.

"The purpose of the camp will be to promote good music at Hilliards High School and to prepare for the pre-game football rally to be held at our school next year," Music Director Robert White said.

Mrs. Ralph Woodin presided over the meeting in the absence of the president, Mr. Ralph Trachsel. The annual barber shop quartet contest, which is sponsored by the Music Boosters, will be held Mar. 13 in the Hilliards High School auditorium.

The committee for this entertaining program is Mrs. Bassel Johnson, chairman, Mr. Robert White, Mr. Bassel Johnson, Mr. Paul Kindinger, Mrs. Oburn Pierce and Mr. Fred Flickinger.

Mrs. Bassel Johnson reported that the Music Boosters made $249 this year on the concession at the football games.

Wanda Sherwood presented a very entertaining program following the meeting.

MARCH OF DIMES
By Doris Bohlen

Two representatives from Hilliards High School have been chosen to assist in the March of Dimes Campaign. They are Doris Bohlen and Carolyn Daniels.

These students, with others from various high schools, will appear on radio and television in order to inform people about the March of Dimes Campaign during the months of January and February.

From your generous contributions you may help finance the fight against polio through research, education and patient care.

By contributing to this fund, you have become a part of the nation-wide March of Dimes Campaign. You can be proud to have played an important part in conquering polio—one of the most dreaded diseases of modern times. The year 1952 was the worst year in polio history, so help is really needed.

TUMBLING
By Ralph Vencill

Hilliards High School is experimenting with a new type of Physical Education, tumbling. This is a very useful and educational exercise. It teaches poise and balance.

When interviewed, Mr. Reall, the tumbling instructor, said that the boys had taken to tumbling avidly, and that there were only a few who did not like it. Mr. Reall thinks that if there are more boys taking interest in tumbling, he might be able to establish a crack tumbling team.

If enough interest is taken in the tumbling, new equipment may be purchased such as new mats, safety belts and a tumbling horse, or perhaps a trapoline set.

Sixth period Physical Education is strictly for football players. Tumbling is the only special activity of this class, and everybody seems to like it.

By Dick Joyjohn

A new practice teacher has come to teach ninth grade General Science at Hilliards high School under Mr. Hune. His name is Charles V. Wojcik.

His home is in Jefferson, O. He is a bachelor, in his senior year at Ohio State University. He is 24 years old and will teach at the end of the year.

Sales Tax Return Aid Is Offered

All persons having Ohio Vendor's licenses will be required to file their next semi-annual sales tax returns before Feb. 1, for the period July 1 to Dec. 31, 1952, according to announcement today by the Department of Taxation, Division of Sales and Excise Taxes.

Deadline for filing these returns with the Treasurer of State is Jan. 31, and returns should be postmarked not later than Jan. 31, to avoid a $1.00 a day charge for delinquent filing.

To assist vendors with these returns, the Department of Taxation, has arranged to have an examiner or examiners stationed locally as follows: Engine House — W. Broad and Wheatland — 8:30 a. m. to 5:00 p. m. — Jan. 27 thru Jan. 30; Harrisburg — DeVoss Lumber Co. — Thursday a. m. — Jan. 29 and Grove City — Broadway Restaurant — Thursday p. m. — Jan. 29.

Vendors seeking assistance from examiners will be required to present all records necessary to substantiate the figures to be reported, such as a copy of their last sales tax return; record of gross and exempt sales and a record of taxable sales of 41 cents or over for the period July 1 through Dec. 31, 1952.

Vendors will also be required to bring copies of their purchase orders showing the amounts of stamps purchased during the second half of 1952, or have them listed with dates and serial numbers on the reverse side of the sales tax form under Schedule C. Without this information, examiners will not be able to complete these returns.

8th Annual School Of Religion To Open Sessions Next Monday

Twenty-eight areas of study for pastors and laymen will be offered at the eighth annual School of Religion which begins Monday night, Jan. 19, in First Congregational Church, 444 E. Broad-st

The school, sponsored by the Franklin County Council of Churches, will be in session on six consecutive Monday nights. Registration and classes will be held from 6:30 to 10 p. m., Jan. 19, and classes from 7:30 to 9:50 p. m. on the remaining Monday nights.

Among outstanding courses offered is one new and unusual one on "Looking Toward Marriage", taught by Rev. Richard Stein of the First Community Church staff. Its appeal is especially to those young people contemplating marriage.

The faculty is one of the most outstanding in the school's history. Some courses that may appeal to both pastors and laymen are these:

"A Comparison of the Revised Standard Version of the Old Testament with the Original Hebrew Sources," with Rabbi Jereme Folkman of Temple Israel the leader; "The Old Testament and Modern Living," with Dr. Rollin H. Walker, professor emeritus of Ohio Wesleyan University and author of the book by the same title; "New Testament" with Rev. R. E. Dronsfield, pastor of Oakland Park Presbyterian Church and moderator of the Ohio Synod of the Presbyterian Church, and "Homelitic Inspirations from Life Situations," with Dr. Floyd Faust, Council president.

Other courses held the same evenings are studies of particular phases of religious education from the nursery department up through adults of 60 years and above. Experts in each category have been secured as instructors.

Rev. Wayne Moore Lindecker, Jr., associate pastor of Indianola Methodist Church, is dean of the school. Other staff members are Mrs. P. C. Sloan, member of the Council staff; Mrs. Charles Harris, director of the Council's education department; Rev. Witte and Rev. Faust. Courses will probe subject matter by the discussion rather than by the lecture method.

Cowboys Take Third City Loop Win By 86-72

By Woody Owen

West High School's sharp shooting Cowboy cagers chalked up their third City League win last Friday night at Linden as they handed a good McKinley quintet the short end of an 86-72 score.

Bob Thornton's fielder put the Cowboys in front early and they were never headed as Jerry Trabue's 10 points sparked the locals to a 21-12 first period lead.

Trabue continued to lead the offensive in the second period before being sidelined with four personal fouls with two minutes remaining in the half. Thornton, Vincent and Redman then took over the offensive burden to give the Cowboys a 40-31 lead at half time.

Thornton and Redman continued to lead the assault in the third canto and with a little more than two minutes remaining in the period Chuck Kessler, McKinley's scoring ace, committed his fifth personal foul. With Trabue again re-entering the Cowboy lineup, the locals spurted to a 61-49 three quarters lead.

The final period saw the two quintets very "hot" as they matched point for point, with Vincent spearheading the Cowboys' offensive with eight markers.

Trabue, despite the fact he was forced to sit out one full period, was again the game's leading scorer, with 23 points, as Vincent and Thornton tallied 18 each, followed by Redman with 16.

Joe Polina and Gary George led McKinley's offensive with 17 and 14 points respectively.

Far overshadowing all the point producers, however, was the brilliant defensive play of diminutive Ron Bowman, Cowboy guard, who was assigned to Chuck Kessler, second leading scorer in Greater Columbus, who had previously averaged 20 points per contest.

Bowman did such a fine job that Kessler was able to garner only seven points and just five attempts from the field in nearly three quarters of play.

The Cowboy guard, generally a high scorer, forgot about the points and headlines which generally go to the big scorers, which makes the feat all the more outstanding.

The reserve game saw the Cowboys remain undefeated and chalk up their 10th consecutive win as they took an overtime 33-31 win over Linden Reserves.

Ron Porter of Linden sent the game into overtime with a fielder from mid-court with only two seconds remaining, knotting the count at 27-27.

In the overtime Porter's two free throws again put the Panthers ahead, 29-27, but two free throws by Hicks, a fielder and free throw by Nafziger wrapped up the contest despite a last second fielder by Perry of Linden.

Providing the Cowboys get past Central Tuesday night, they will battle South High's fine quintet on the Ann-st court Friday night for the City League leadership.

The Bulldogs are undefeated in league play to date with four wins, followed by North and West with 3-1.

The South Enders have Hank Pell and Frank Howard, two 6'6" performers, along with Clarence Pointer, a fine all-around performer, to spearhead their attack and two fine defensive guards in Wright and Passen, but the Cowboys on one of their better nights can match these performers so it should be quite a game.

WILD TURKEYS FOR OHIO?

How would you like to have a real, honest-to-goodness wild turkey for that Thanksgiving dinner in the future? An Ohio wild turkey that is — taken by that hunter in your family.

Sounds unlikely doesn't it? Well, as a matter of fact, it is unlikely at the present time and probably for sometime in the future. But if a brand new project initiated by the Ohio Division of Wildlife is successful the prospects are good that at least some Ohio Thanksgiving tables may find the real symbolic Thanksgiving bird — the wild turkey — gracing the centerpiece some day in the future.

According to the records the last truly wild turkey in Ohio was taken in Adams county in 1904. However there have been independent propagators who have released semi-wild turkeys in the state for a number of years. And, as a matter of fact, the former Ohio Department of Conservation in 1932 released turkeys on the Roosevelt game preserve in Scioto county in the hope that they would propagate and in time revert to the wild. This project failed however.

Now, the Division, using the best possible stock available and employing the most advanced management practices known for the species, is making another effort toward re-establishing the wild turkey in Ohio.

A total of 81 wild turkeys were released on a large public hunting area in southeastern Ohio this fall. Twenty-eight others were kept in captivity for propagation. The offspring of these turkeys will be used for future stocking.

Dr. Charles A. Dambach, chief of the Division of Wildlife, in announcing the project, said, "Ohio sportsmen should not become overly optimistic. We all must remember that this is merely one phase of the division's experimental program to develop wing shooting in Ohio. If the experiment is a success it will provide Ohioans with a new and highly enjoyable hunting sport."

Public support is urgently needed for the program to succeed, Dambach said, even if it should mean the closing of certain areas of public land to hunting temporarily until the turkeys become established.

The area where the birds were released has been trapped extensively for some time for predators, and every measure possible taken to insure the best chance for the birds. But the help of the sportsman and the farmer is needed to protect the brood stock from poaching, and in controlling certain predators, and keeping free running dogs under control. Foxes and great horned owls are conceded to be the most important enemies of the wild turkey.

Game management officials believe that if given a fair chance, and with continued stocking, that there is a possibility of limited wild turkey hunting in Ohio within ten years.

Hoge Memorial Leads Hilltop "Y" Junior Church Cage Loop

By Dick Wilson

Hoge Memorial gained undisputed lead in the Hilltop YMCA Junior Church Basketball League by dropping Sullivant Avenue Friends 71-10 last week at John Burroughs gym. Scott Pence and Bob Kern fashioned the pace for Hoge as they meshed 18 and 19 points respectively. With all the Hoge players breaking into the scoring column, there was never any doubt as to the outcome of the game from the start.

West Junior Hi-Y held its position in a tie for second place in the league by downing Church of Christ 33-20. The "Y" boys jumped into an early lead and were never in trouble the remainder of the game. Tom Coffman, lanky center for the Junior Hi-Y, barged in 12 points and did a terrific job of controlling the backboards. Roy Parker was the big gun for the losers as he came through with 14 points for his team.

Burgess EUB put up a terrific battle in the final game of the evening against a favored West Junior team but was edged 38-34. The Juniors rolled to a 17-9 half time advantage but then the EUB coach revamped his lineup and the Burgess boys started clicking. They employed a full court press and stole the ball and interrupted passes with the greatest of ease as they edged within two points of the Juniors at the close of the third period. The Juniors settled down once again in the final period and managed to hold their halftime lead and go on to win the ball game 38-34. Dennis McDonald and Mike Posey led the West Junior attack with 13 and 11 points as Byron Poston paced the losers with 11.

Firemen, Hi-Y, Hoge And Oakley Triumph In 'Y' Intermediate Loop

By Dick Wilson

The Volunteer Firemen retained their first place position in the Hilltop YMCA Intermediate Church Basketball League by downing the Glenwood Methodists 30-27 last week at John Burroughs gym. The Firemen got off to a great start and exploded for 18 points in a dazzling display of first period bucket bombardment. Jim Fielding sparked the Firemen's early avalanche by pitching in four quickies in the opening eight minutes of action. The Firemen never trailed in the fracas with Fielding leading the barrage of points and Ed Lantz controlling the majority of rebounds. Bob Brownlee of the losers was high man for his team with six points.

Volunteer Firemen	12	20	30	30
Glenwood Methodist	7	15	20	27

Foul shots spelled the difference between victory and defeat for the West Sr. Hi-Y in their game with Burgess EUB. The Hi-Y boys made good on all 19 attempts from the foul line as they margined their rivals 37-34. Burgess led at the half way mark, 16-15, but the "Y" team came back in the second half and jumped into the lead which they never relinquished. Ronnie Klein led the scoring for the victors with a total of nine, five of which were made from fouls, and Ronnie Grant was high for the losers with 11, seven of which were made from the foul line.

West Sr. Hi-Y	8	16	29	37
Burgess EUB	8	16	23	34

Hoge Memorial's smoothly operating basketball team romped to its second victory in league play as they victimized Church of Christ 39-22. Fred Laderer, Hoge's snappy guard, paced the victors with 16 points. The victory kept Hoge in the runner-up spot for first place in the league along with Oakley Avenue Baptist and West Sr. Hi-Y.

Hoge Memorial	12	21	30	39
Church of Christ	4	10	16	22

Oakley Baptists' fast break proved a little too much for Apostolic Gospel as the Baptist team ended up on the long end of a 31-29 count. The boys from Oakley-av were paced by Guard John Jackson's 10 points as they managed to hold a two-point lead throughout the second half after having a one point lead of 16-15 at the half. Jim Lawis, star forward for the Apostolic Gospels, was high scorer for the game with four field goals and five fouls for a total of 13 points.

SPORT SLANTS

By Woody Owen

We have some advice for Archie Moore, the fellow who has been uncrowned light heavy champion for some years, who is now crowned. Of course, we don't expect anyone to pay any attention to the advice, but we'll give it anyhow. Archie, you know, says he is after Rocky Marciano's heavyweight crown.

True, Archie showed a lot of stuff, even if he was 38 years old, when he took champion Joey Maxim to the cleaners the other night in St. Louis. That made Maxim the ex-champ, though he has a guarantee for a return fight in the next two months. And Joey wants a rematch.

So, after the second Maxim Moore tangle, we suggest (assuming that Moore will retain his newly-won light heavy crown): 1. Enjoy your title as champion, Archie, and stay in the light heavyweight division. 2. Do not book a match with Marciano, even if you do think you can take him. 3. See how long you can remain champion in your natural weight division, and when you can't hold the top spot any longer, retire.

This advice will go where most good advice goes, and we know it. After whipping Maxim, who put up a game battle, Archie naturally feels that he can take all comers. But he is mixing with a lot of dynamite when he takes on Marciano and he is also taking on a boy who is many years younger than he is, and a man he need never compete with—since Marciano outweighs him by just enough to put him in a different division.

It has taken Archie Moore about five years to get a crack at the crown he could probably have won back there in 1947 or maybe even before that. The powers that be at Madison Square Garden would not allow Archie to do his stuff in their high and mighty arena, and Archie almost withered on the vine. Now, at 36, he has made it. Why toss it all away by picking on a younger comer like Marciano who is in a different weight division. It would be a good fight all right. We would enjoy seeing it.

But we suggest Archie stay where he is and enjoy his enthronement. Jersey Joe will have another try at Rocky anyhow. Archie might wait and see how he does at it.

These Wardrobe Extras Add Beauty

Here, actress Virginia Mayo ties a satin cummerbund about her waist. She has pinned a flower-fresh bouquet of fake blooms to her blouse. This lends separates a dressy air.

They Add Needed Sparkle

BY EDNA MILES

TO some extent, the size of a women's wardrobe must depend on her adeptness at sleight-of-hand with scarves, flowers, belts and jewelry. Even women who possess large wardrobes use these tricks, so they're doubly important for the woman who must get along on limited means.

The best rule to go by in choosing accessories to dress up and vary your clothes is to pick those that are simple. Avoid fussy, tricky or extreme scarves, jewelry, gloves or stoles. You'll tire of them quickly and so will everyone else.

Try, rather, to buy those shawls, capes, bags, belts, overskirts and aprons that can survive more than one season. Try also to pick those that will serve with more than one suit, dress or blouse in your closet. This way, you're being kind to both your appearance and your budget.

With a little practice, you can learn to run up your own ties, scarves and net aprons. Examine carefully those on display in the stores. This will show you how to start. Even if you are not an expert seamstress, you can acquire a knack for these small accessories.

You can further stretch your wardrobe by learning to tie a scarf or wear a stole more than one way. Use your imagination. You'll find it richly rewarding.

Actress Virginia Mayo wears a tailored belt and dotted silk tie to lend a crisp appearance to her blouse and skirt. Switching accessories often lends a lot of variety to any wardrobe.

Mary Ellen Says:

More About Automatic Dryers

Shrinkage was the only factor where line drying might be considered superior to dryer drying. Materials which inherently shrink, such as cotton knits, towels, diapers and loosely woven fabrics shrank somewhat more in dryers, particularly when completely dried. If cotton knits were removed while slightly damp and were stretched and blocked into shape the results were similar to line drying.

Although shrinkage was slightly higher in garments dryer dried, yet items dried by this method were softer, generally less wrinkled, and in the case of diapers, more absorbent than were the line dried. To offset possible shrinkage cotton knits such as T-shirts can be as cheaply purchased in a size or two larger and, if necessary, be washed before wearing. The major shrinkage will be found in the first washing. In a previous study it was shown that wool blankets were successfully dried in the dryers.

About one-sixth the amount of time was required to load the dryer and fold the items when dry as when hanging and folding clothes from the line. Likewise, the steps were reduced from 625 for each eight-pound line dried load to practically none in the use of the dryer. Only a few bends were necessary to load and unload the dryer, thus eliminating the carrying, lifting, stooping, stretching necessary for hanging and removing clothes from the line.

The study of dryer drying was completed within a few days because weather was no factor and the work could be done at any time. A period of 151 days was required to complete the line drying study since only one day in four was suitable for outdoor drying. On 92 days there was snow, rain, or sleet with strong wind on 67 days. Pollen from trees stained numerous items. In the home numerous items would have been rewashed before wearing because of soot deposits.

Frequent inquiries concerned the choice between gas or electric models and their cost of operation. The choice may depend upon availability of gas service and heavy (220V) electric in the home (115V dryers are available, but the drying time is too long to be practical) at the prevailing utility rates.

The initial cost of the electrically heated models is generally from $35 to $45 less than the gas heated models of the same brand but the cost of operation is generally higher.

An average of 2.7 K.W.H. of current was used for each load. Considering 16 loads a month, as average, at 2½c per K.W.H. the cost would be $1.08 per month. Gas consumption was 9.6 cubic feet per load. At local gas rates of one cent per 20 cubic feet, cost would be approximately 7.7c per month.

No attempt was made to compare the performance of the different brands of dryers on the market.

From our experience with dryers in this and previous studies we sincerely believe that no other household appliance can contribute more to time and energy management in the home. If for financial reasons, we had to choose between an automatic washer and no dryer or a wringer washer and a dryer our choice would be the latter combination. Besides the favorable features already cited the use of a dryer can reduce the number of clothing items needed, particularly for infants and growing children, since drying is no problem.

As experienced by several Ohio women, fabrics which are flattered by the dryer can reduce ironing to one-fourth their previous ironing time. Such fabrics and items as chenille bed spreads and draperies, terry cloths or place mats, corduroys, twills, seersuckers and velveteens and others, if properly handled, are ready for wear or use directly from the dryer. Lint, heat and moisture from the dryer have been found objectionable in some homes. Manufacturers of late models have made arrangements for means of out-of-door venting when possible.

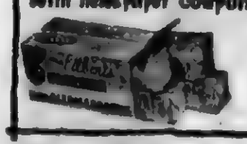
Candidates For Offices Warned Of Deadline

Candidates for all township offices, members of all boards of education, and offices of all villages of less than 2000 population, must file nominating petitions as independent candidates. Such petitions must bear a minimum of one percent of the number of electors voting for governor at the 1952 General Election in the respective township, school district or village, but in no event less than 25 nor more than twice the minimum number required.



In municipalities of over 2000 population, where no provision for the nomination or election of municipal officials has previously been made by the adoption of a charter, primary elections may be held, but only in case declarations of candidacy and petitions are filed by party candidates in accordance with Ohio election laws. Such declarations of candidacy and petitions must bear a minimum of five and not more than 25 valid signatures.

Nominating petitions of independent candidates for offices of such "over 2000" municipalities, subject only to the general election in November, may also be filed. However, such petitions must bear the one percent signatures as outlined in the first paragraph.

Each candidate must pay a filing fee of one-half of one per cent of the yearly salary of the respective office, but not less than $1.00 nor more than $50. Non-salaried and fee offices pay a filing fee of $1.

The deadline for filing in all the above cases is @ 30 p. m. on Feb 4.

New Buicks Appear On The Local Market

Buick last Friday presented its 1953 Golden Anniversary line of cars at Saeger Buick, 1395 W. Broad-st. Featured are a high compression, valve-in-head V-8 engine of new design in both the Roadmaster and Super Series, a new Twin Turbine Dynaflow that greatly improves performance and economy, and fresh new styling inside and out.

The new engine, which develops 188 horsepower in the Roadmaster and 170 in the Super, is of the 90-degree "V" type with a compression ratio of 8.5-to-1, the highest in the industry.

Buick's power steering, which proved so popular last year, has been made standard equipment on the 1953 Roadmaster and is included in the list price. It also is offered as an option on the Super and Special.

Power brakes, which take 75 per cent of the effort out of braking, are offered as optional equipment on the Roadmaster. Air conditioning is optional on the two-door and four-door Rivieras in the Roadmaster and Super Series.

New styling features include a new front end, new headlights modelled after those on the Buick's famed XP-300, new rear fenders and matchless interior trim combinations unequalled for beauty and luxury.

Buick's generous-sized bodies continue to be featured in 1953.

The new cars went on display in Saeger Buick showrooms, Friday.

The Gate Post

By Pat Martindale

Nearly every week of the year is dedicated to some purpose, many of which are very worthy causes.

This week was "Big Brother Week." The week in which little orphan boys acquire a Big Brother to give or do something for them that they otherwise couldn't have. These little fellows look upon their big brothers as a godfather and the men who become the big brothers get a great deal of satisfaction from their good deeds. The feeling of belonging to someone is very often restored to a fatherless boy and in many cases a lasting friendship is developed through Big Brother Week.

This is another one of the many ways Americans take care of their own — another way of carrying their load with the feeling of "He ain't heavy mister, he's my brother."

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Editor:

We are living in a mechanical age. The minds of a vast majority of the people of the world are engrossed in materialistic ideals.

It is man against man for material gain and nation against nation for political power. All of this striving is prompted by selfish aim and purpose, "For where your treasure is there will your heart be also."

What has become of moral and spiritual values? The trend toward materialism is seen in all avenues of life, but is more noticeable in fraternal and religious institutions. The objective in both is the Fatherhood of God and the Brotherhood of Man.

When these institutions fail to live up to their imperative duties, the world plunges into the present chaotic condition.

At the moment let us look into some of the failures of these institutions.

In the fraternal world members rush to clubroom to join in a game of cards or in a game of pool before lodge opens, instead of spending a part of this time visiting an old or sick member unable to attend lodge.

This is willful neglect notwithstanding that they have taken a binding obligation to care for the sick and infirm.

In the religious realm the first church was founded on the Day of Pentecost. The disciples had been instructed to tarry in the "upper room" until they were all filled with the Holy Ghost. The guiding light of the early church was spirituality.

In the church of today officers such as elders and deacons whose duties are to see that the spirituality of the church is maintained at a high level, are chosen.

From observation many of these officers either do not know what their duties are, or they are too much concerned about the material interests of the church to fulfill their spiritual obligations.

Members of the church, for some unavoidable reason, were unable to attend services. But not a call was made either in person or by telephone by these officials to ascertain why the absence.

The outside world observes this failure in both lodge and church and forms unfavorable opinions as to the moral and spiritual value of these institutions to the human family.

Peace on earth and good will toward men will never come, until man puts moral and spiritual values above materialism.

The material should be done, but the moral and spiritual should not be left undone.

The word "thanks" seems so inadequate when we of the Columbus State School try to express our appreciation and gratitude to you for your help in making this Christmas season a happy and joyous one for our students and patients.

Many have been remembered who without your help and interest would have had very little for Christmas.

From all of us, to you—Thanks.

Famed Dr. Franz Polgar Is To Appear In Amer. Legion Show

Dr. Franz Polgar will present two shows at Memorial Hall, at 2 p. m. and 8 p. m. Saturday, Jan. 24, under the sponsorship of Franklin County Council of the American Legion of Ohio. Polgar's "Miracles of the Mind" have been a treat to all kinds of audiences throughout the world.

The show itself is divided into three major parts. In the first portion memory demonstrations serve as the eye-opener. Dr. Polgar can meet a hundred people in rapid succession, note their names, and then will gladly pay $5.00 to each and every one of them whose name he forgets.

The second part is devoted to mind reading. The doctor asks for mental flashes from his audience and hidden objects (often his check from the sponsor for his appearance) are quickly uncovered. Call it thought transmission, telepathy, or whatever you like—Polgar will leave little doubt in the minds of his audience in this unusual and amusing phase of the program.

The finale and really the featured portion of the show is devoted to hypnotism. Polgar's favorite and most entertaining part of the show, and has brought much laudable comment. The audience can actively participate. All experiments and demonstrations are conducted with volunteers who share in the fun and wonder of all present, with no personal embarrassment to any of them.

Dr. Polgar has received favorable comment in Life, Time, Look, The Saturday Evening Post, and various other magazines and newspapers.

The entire net proceeds of this show will be used exclusively in the rehabilitation of our disabled veterans in hospitals and in child welfare work.

Michael H. Austin of Camp Chase Post 98 is chairman of the Legion show committee. He announces that tickets are going fast. General admission tickets: adults, $1.20; children (afternoon only) 90c; second section reserve tickets, $2.40; first section reserve tickets, $3.00. All prices include tax.

Each show lasts about two hours.

Although a truly fascinating showman and extraordinary entertainer, Dr. Polgar makes no claim to supernatural powers, and while many of the things he demonstrates defy explaining, he insists "No one is born with a superior mind; we all possess potentialities. It is for the individual to discover and develop his own powers."

YOUR YOUTH

For the members of the Tuesday evening dance class, Saturday night was graduation time. They were the guests of the Jack Sherick Studio and enjoyed an evening of informal dancing. We understand from the boys that they will certainly be able to use these new steps at the junior high prom.

Many have been asking for the revised schedule for the Gra-Y clubs so cut out this schedule and put it in your pocket for future reference.

Tuesday — Highland Gra-Y and West Broad Gra-Y.

Wednesday — John Burroughs Gra-Y.

Thursday—West Mound Gra-Y.

Friday—Westgate Gra-Y.

Don't forget every Gra-Y member and "Y" member is eligible for the Saturday afternoon swim and gym class at the Central "Y". We meet at the Hilltop "Y" office at 3:30 p. m. Check with your club leader for when your Gra-Y Club is scheduled.

Boys, would you like to learn to build model airplanes, racers, boats and cars? If so, we have a scheduled boys' craft class every Monday and Wednesday at 3:30 p. m. at the "Y" office. A small nominal fee is charged for supplies. All Hilltop boys are welcome.

Girls' craft class is every Friday after school under the direction of Betty Knight and they are now working on many interesting handicraft projects.

There are still some January program schedules available and these can be had by dropping in at the YMCA office.

The Tuesday afternoon movies are meeting with great success. You boys and girls can enjoy 45 minutes of travel, sports and comedy films and all this is FREE. Save your allowance for the cake and cookie machine.

The Gra-Y basketball league is running at full speed and the Junior and Intermediate Leagues have resumed play. St. Paul's Evangelical Congregational team has withdrawn from the Intermediate League and all players in this league should contact their managers for the new revised schedule.

Double Ring Ceremony Unites Miss Rawlings and Mr. Strawser

Photo By J. Curtis Allen
Mr. and Mrs. Charles Strawser

The West Park Methodist Church was the scene Dec. 28 for the marriage of Miss Beverly Rawlings and Mr. Charles Strawser.

Rev. William M. George performed the double ring ceremony at 4:30 p. m. before the altar enhanced with ferns, palms and baskets of gladiolas and four seven-branch candelabra.

The bride is the daughter of Mr. and Mrs. C. O. Rawlings, 4037 Dublin-rd. The bridegroom is the son of Mrs. A. M. Nicklaus of Harrisburg, and Mr. H. W. Strawser of Detroit, Mich.

The bride, given in marriage by her father, wore a gown of white Chantilly lace and nylon tulle over white satin. The dress featured a fitted bodice, Queen Anne collar and long sleeves which tapered to points over the hands. An extremely bouffant skirt of lace revealed panels of pleated nylon tulle.

Her fingertip veil of French illusion was attached to a bonnet of lace which matched her gown. She carried a cascade of white roses. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Preceding the bride to the altar were her matron of honor, Mrs. Robert Shrumm, sister of the bridegroom. Junior bridesmaid was a cousin of the bride, Miss Sugallen Crawford of Toledo, O.

Bridesmaids were Phyllis Taylor, Doris Ezzor and Dorothy Russell. Their gowns were fashioned of velveteen with picture necklines, short sleeves, fitted bodices and floor length skirts over hoops. The matron of honor and junior bridesmaid wore deep green and carried colonial bouquets of yellow mums. The bridesmaids wore winter rose and carried colonial bouquets of rust mums.

Two nieces of bridegroom, Donna Killian and Andy Gill, were flower girls wearing velveteen dresses fashioned along the same lines as those of the bridesmaid. They carried baskets of roses.

Mr. Charles Steinmetz was best man. Guests were seated by Mr. David Strawser, brother of bridegroom, Mr. Don Rawlings, brother of the bride, Mr. John Pickell and Mr. Omer Swart from Burmuda.

The reception for friends followed the ceremony at the bride's home. Hostesses were Miss Doloris Smith, Miss Shirley Corbin, Miss Ruth Carter, Miss Sue Stutz and Miss Betty Jaycox.

Mrs. Rawlings chose for her daughter's wedding a dress of gold with brown velvet trim and brown accessories and wore a corsage of red roses. The bridegroom's mother wore a brown dress with brown accessories and wore a corsage of yellow roses.

The bride is a graduate of West High School and was formerly associated with the trust department of the Huntington National Bank and the Young Insurance Agency. Mr. Strawser is a graduate of Grove City High School and for the past three years has served in the U.S. Navy. He was formerly stationed aboard the U.S.S. Orion at Norfolk, Va. and is now stationed in Bermuda.

The bride wore a dress of light green wool with brown accessories and a corsage of white roses for her wedding trip to New York where they spent a short time before continuing to Bermuda where they will make their home.

Seen at Seiller's

BY SUZIE SHOPPER

How many women have I heard saying, "I can hardly wait to start my spring sewing?" Well, Seiller's is getting ready for just those women. Their February pattern books are in and around the end of the month they expect new fabrics too. Right now they are taking inventory and closing out remnants. There are some nice bargains on the remnant table.

Another item in Seiller's that reminds this reporter of Spring are the lovely colorful umbrellas. All manner of modern handles in lucite and imitation bone featuring both the long French style and the shorter conventional styles are available. And the colors . . . Ou La La! I especially like the one that is shaded from red into peach and gold. Also see the Boot-Eze — good protection for high heeled shoes.

Among the January clearance items which are still offering good bargains are the women's blouses and the fur-trimmed coats. Lovely selection yet to choose from. And speaking of coats be sure to see the velvet shorties on display, in blue, purple, wine and black. These velvets make a very versatile coat while they make the wearer feel like a princess.

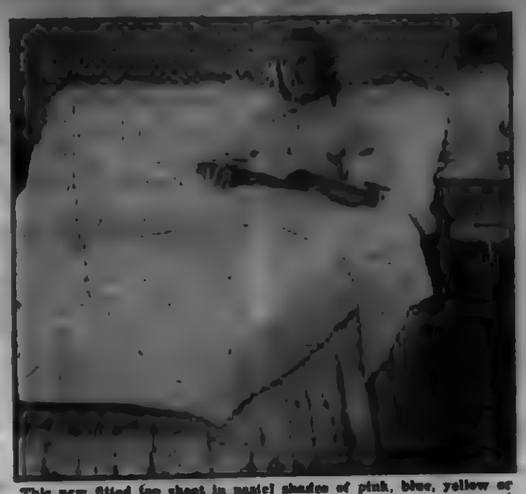
Harry Graham
Your Shoetrician in SEILLER'S
Says:
ABOUT BABY SHOES—
29,614 miles! That's the length of the journey facing your baby when he starts taking his first toddling steps. And whether he is going to be able to negotiate this distance, which is the milage walked in the average man's life span, will depend a lot on the way you take care of his feet and buy his shoes.
Babies should never be encouraged to walk, and until they do stand, they should have as little foot covering as possible. When the child pulls himself up on his feet, he should be fitted in shoes with sufficient stiffness of sole and counter to afford support.
The first few pairs of shoes, fitted a half an inch longer than the foot, will have to be discarded for longer ones about every two to three months. Keep to high shoes for the first two or three years and try to buy shoes from the same fitter. If you do that, he will give you more time and attention. Start your baby out right and he will avoid some of the foot troubles you have suffered.

Pastel Sheets and Blankets Add Color

Give New Look to Bedrooms

BY EDNA MILES



DRESSING up your bedroom these days needn't mean a tremendous outlay of money. You can retain your old pieces of furniture and refinish them if you like. Then, complete the job with new sheets in pastel colors, new blankets in gay carousel stripes, new drapes and perhaps some gay throw pillows.

Not only can you have your sheets and pillowcases in pastels suited to your particular color scheme, you can also have the handy fitted sheets that prevent untucking at the foot. There is one that's designed either for top or bottom use. It hangs on the sides and is straight at the top. This is available in pastel shades of pink, blue, yellow or green as well as white.

BLANKETS COME IN STRIPES TOO

As for blankets, they're no longer just a solid color. They're vivid with stripes now, in soft shades of blue, green, pink or spice with white. Bound on all four sides in matching satin ribbon, these blankets are pretty enough to use in place of a spread, if you like.

Should you want matching drapes, at tiny expense, just buy regulation double sheets in matching pastels. Use the wide hem as the bottom drape hem and stitch a top hem yourself. At these prices, you can afford a triple width.

This new fitted top sheet in pastel shades of pink, blue, yellow or green prevents untucking at the foot. Bottom corners are mitered to give a snug fit while allowing lots of foot room through extra length. It can be used for top or bottom.

Taffeta and Chantilly Lace Is Worn By Miss Constance Hoover

Scene of the wedding was the First Community Church at 2:30 p. m. with Dr. Roy A. Burkhart performing the ceremony.

The bride's gown was fashioned with a tulle bustle effect and a long train of taffeta. She wore a chantilly lace cap with a fingertip veil.

Matron of honor was Miss Nan Campanella. Miss Marcia Partridge was maid of honor. Bridesmaids were Miss Barb Glenn, Miss Carolyn Glenn, Miss Jeanne Walker, Miss Chiquita Price and Miss Sarah Clapp. Flower girls were Junie and Susie Wolever. Dickie Wolever was ring bearer.

The bride's attendants wore gowns of light blue and ice blue velveteen and carried yellow and pink flowers.

Best man was Mr. William Dawson. Ushers were Mr. Jack Trimmer, Mr. Jack Buckingham, Mr. William Buckingham, Mr. Art Hoover, Mr. Joseph Campanella and Mr. George Lohr.

For her daughter's wedding, Mrs. Hoover wore a steel gray gown with a corsage of pink roses.

NEW GAINS CHALKED UP FOR LOW COST PROTEIN

UEDA Photo

IN the lengthening list of new food items made from the protein of the soybean is a soy whip, a relatively white powder almost odorless and tasteless. It is now successfully used as a whipping agent and adds protein food value in confectionery products, such as nougat creme, mazetta, fudge, marshmallows, icings and the like. When the whip is fluffed it makes a snow white icing for cake and filling for tarts. Private laboratories and the government's Peoria laboratory researched the product.

Just as soybean oil meal has reached high popularity as a superior protein ingredient for livestock and poultry feed, and just as soybean oil has moved into first ranks in the edible vegetable oil field, so the specialty products from the laboratories of leading processors have carved their niches in the food field.

As the Soya Food Research Council, Washington, D. C., points out, soy flour is the edible protein now destined for greatest strides. Three major producers, Archer-Daniels-Midland Co., Spencer Kellogg & Sons, Inc., and The Glidden Company all report broadening interest in this superior product, an ingredient in bakery goods, cereal mixes, macaroni, soups and a variety of other foods. As the economy moves to a normal competitive basis, with closer examinations of costs, it is estimated that use as an ingredient of low-cost edible soy protein in the form of soy flour will be tremendously increased, for it has the highest endorsement of government and private nutritionists in this and other countries.

Bible Comment:

Jesus' Friends Included People Of Every Type

ALTHOUGH there were many during Jesus' lifetime who called themselves His enemies, He also had many friends. They were people from all walks of life and included the very rich and the most poverty-stricken people of the Holy Land.

Most striking of all was the Saviour's love of little children. He included many thousands of these among His friends and made a point of letting them come to Him, rebuking His disciples who turned away the mothers bringing their children to see the Master.

His closest friends were the disciples themselves. They represented a cross-section of the society of the time. But there were great men of the age who felt a close friendship for Jesus. There was the Roman Centurion whose faith He commended; and Nicodemus, the ruler of the Jews.

There were friends who grieved for Him after the crucifixion, such as the man who claimed His body. Other wealthy men invited Him to their homes. Among these was Simon, the Pharisee, whose hospitality He accepted but whom He lovingly rebuked.

And then there was the legion of friendless, sick, needy and lonely who felt His great compassion. There were the crowds of common people who followed Him and listened to Him as He preached. Such a crowd was present to see the miracle of the loaves and the fishes.

Also, He accepted the "sinners" and people of ill repute who sincerely wanted to become more worthy. There were women among the friends of Jesus. They followed Him to Calvary and met Him on the Resurrection morning.

We can never know the names of all these people. We do know, however, of their great love and adoration. We know of His deep, everlasting love for them. Jesus was, and is, a friend to all, whether they accept that friendship or not.

Despite what many people say, the younger generation is not worthless, though many of the younger set today have never seen a depression, might not know the value of a dollar—yet.

Glenwood Recreation Center

The Glenwood Recreation Center Girls' League is being reorganized for the regular season and the following is the schedule for games of Jan. 21: 4 p. m. Queens vs. Tigers; 5:00 p. m., Scutters vs. Martinettes, 5:30 p. m., Eight Balls vs. Marians; 6:15 Dribblin' Droopers vs. Sunshine; 7:00, Cowboys vs. Ghosts; 7:45, Hilltoppers vs Blue Sockers; 8:30, Rams vs. Boochies; Rocket 88 vs. Sunshine.

This is the schedule for the junior, intermediate and senior leagues.

The Glenwood Center Senior Boys' League exploded into action on Thursday with the highlight of the opening play being the Atomic Five blasting of the Lightning Five 105-54 with Voss pacing his Atomic teammates with 42 points. This puts him in the league scoring lead. Renshaw and Lantz of the Firehouse team are tied for the second spot with 21 points each.

The Firehouse took the measure of DeMolay 63-43 and Camp Chase 58-29 to take over the league lead. The Grace Methodist team dropped a protested game to the Five Aces 47-41.

The two opening games in the Little League at Glenwood had the Yankees topping the Bears 24-21 and the Sevens took a forfeit from the Redskins to complete the League action for the week.

Miller of the Bears is the leading scorer of the league and Crawford of the Yankees with 14 points in second place.

In the Glenwood Intermediate Boys' League, Camp Chase and Smitty's Pure Oil are leading the league after the first night of play in which the Chase boys topped the Hanley Coffee Shop 33-29 and Smitty topped the Cardinals on a forfeit. The Panthers did not play this week.

This league could use another team to make a six team league. Any team interested should contact the Center at once.

Bryant of Camp Chase is leading scorer with 15 and Posey of the Hanley Coffee Shop is a close second with 10 points

The Junior League got off to a flying start Saturday with the greatly improved Cubs banging out a 49-12 win over the Globe Trotters. The Spartans edged the Hotshots 27-24 in the second game while in the last game the Atomic Five blasted the Buckeyes 36-17.

Bowman and Clapsaddle of the Cubs took scoring honors for the day with 20 and 18 points respectively and Cargile of the Hotshots got 14 points. This is also the leading scoring of the league after the first day of play.

Now is the time for the voter to reread some of the campaign speeches.

THE Open road

There are two ways of looking at this picture—and either way, you would be right.

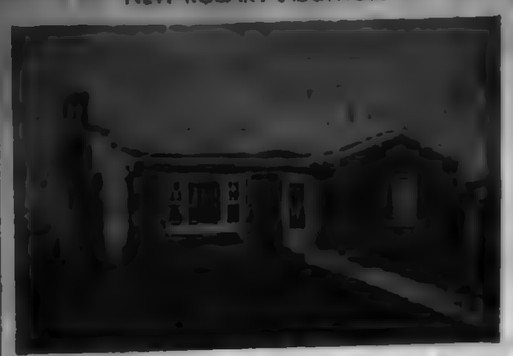
First, it's a nice picture with a good theme. A country church, blanketed by snow, stands white, silent and majestic against a winter sky.

But it's a significant picture, too. For note this—with all the work that winter brings to farms, the members of this farming area served by this church will still find time to clear away the drifts on the "church road"—to keep that road *an open road.*

And why?

Block off this church from the American countryside, and you would be taking away a great symbol—one that generations of farm families have depended upon, and whose meaning is still as fresh as the spring miracle of crops growing in the fields.

When there were no schools, this church taught. When there were no other meetings places, this church served. And today, as always, this country church reflects the true spirit of its congregation as a place where the traveler knows that here—at any time—he can count on an open road—to an open door. . . .



. . . We ourselves glory in you in the churches of God . . .

Strange Facts About Polio

Muddy Clothes Cause Capture Of Young Boys

Muddy clothing which caught the attention of an alert Columbus policeman led to the downfall of two Sandusky boys who last week admitted a short, but active, crime spree on the Hilltop late last Thursday, police reported.

The boys, 12 and 13, told Patrolmen James W. Blackburn and James A. Bonham of the Juvenile Bureau they burglarized a dry cleaning shop and a used car lot office and stole an automobile. They were unsuccessful in their attempt to break into an auto supply store in the same vicinity, they said.

The car was to provide transportation to Sandusky, and nearly $200 they obtained in the burglaries was to "tide them over" until they reached their destination.

However, their plans folded when the auto ran out of gas on Rt. 31, after they had driven it some 25 miles.

The boys told juvenile authorities they abandoned the car and headed back for Columbus, but jumped into a soggy, muddy ditch when another car approached. They fell asleep and didn't wake up until daybreak, when they resumed the hike.

About 4:15 p. m. Cruiserman Raymond J. Myers spotted them at King-av and Olentangy River-rd, covered with mud "from head to toe." He brought them to police headquarters, where Bonham and Blackburn recognized them as suspects in the Hilltop foray.

The boys readily admitted their guilt, Bonham said, and were taken to the Juvenile Center. The officer said they had about $180 and "several dozen" automobile keys on them when picked up.

Arthritis "Public Crippler No. 1" Now Drawing More Attention

Jerry Walsh, 28 Cypress-av, president of Courage Inc., who is local chairman in the drive against arthritis, this week called attention to "Public Crippler No. 1."

"Public Crippler No. 1" is the title recently given to arthritis by Dr. A. A. Delorimier of San Francisco, speaking in Cincinnati before 2,500 physicians, physicists and scientists attending the annual gathering of the Radiological Society of North America, Inc.

Dr. Delorimier said 7,500,000 Americans, or one out of 20, are suffering from some type of the ailment, of which 147,000 are completely disabled and another 800,000 partially disabled.

Arthritis is not a leading cause of death, but it has almost twice as many sufferers as the "No. 1 Killer"—heart disease. There is no substitute for the personal attention of a physician to individual cases, but there are several simple measures which may be applied supplementally to professional

One is the alternating hot and cold water treatment found effective for those whose miseries are localized in the fingers, hands and wrists or toes, feet and ankles. First the immersion should be in water ranging in temperature between 105 and 100 degrees for 10 minutes. Then switch them to cold water for half a minute. Follow this with three minutes more in the hot water, then back to the cold.

This should be repeated a half-dozen times. This program can be undertaken as often as three times a day with comforting results.

Another method is what is called the fomentation process, another means of applying moist heat. Fomentations are made by cutting woolen or partially woolen cloths into three foot squares. One section is wrung as dry as possible from boiling water, folded once, then placed inside the dry section, which is then applied to the affected parts.

The water treatment should be terminated with the hot water, the fomentation with cold applications, either of ice or cold water.

An infrared lamp also may be used, but better still is sunlight directly on the affected parts. This should be taken on both sides, but in the case of sun, exposure should be limited to about 10 minutes until danger of sunburn is past. Lamp heat may be applied for 30 minute

An arthritis patient should take a tub bath of 104 to 106 degrees twice a week, if possible, and then, as in the other methods, should be followed by a mild massage. This should not be done to the painful parts, but immediately above and below, the rubbing in each case toward the heart.

This completed the patient should give the involved joint some exercise. The joint should be moved through its full range at least once each day. This is to prevent adhesions and atrophy of the muscles and, though painful, should be a must order.

All these methods should be used with the approval of a physician and their progression be directed by him.

Just Like A Letter From Home

If you have a man or woman in the service he or she will appreciate receiving a copy of The Hilltop Record each week. Hundreds of service men who received the Record during the last war reported back, "It was just like a letter from home only much more detailed. We even read the classified and display ads. Nothing was more welcome than the Record."

Don't forget the boys in camp or abroad. The Record can be mailed direct to them each week, individually wrapped for only $2.75 per year.

TAKE VITAMINS REGULARLY TO AVOID WINTER RUN-DOWN

"Aging need not be synonymous with degeneration." There is a close relationship between chronic disease and the aging of tissue, and nutrition is of great importance to both.

"Aging need not be synonymous with degeneration," and adequate nutrition can be expected to prove the truth of this statement. This is quoted from current research in the science of nutrition. The Department of Agriculture says 3 out of every 4 people fail to eat a balanced diet. Thus they do not get enough vitamins and minerals or other dietary essentials.

VITA-MO VITAMINS and minerals plus B12 and folic acid supply all of the essential and recognized vitamins and minerals plus B12 and folic acid.

Legion Resumes Hilltop Man Of The Year Award

Announcement was made this week by Commander Roger H. Myers, of Camp Chase Post 98 American Legion of the resumption of a program by the local Legion Post in cooperation with the Hilltop Kiwanis Club and Hilltop Business Association to name the "Hilltop Man of the Year." This was a program which in former years received wide acclaim from Hilltoppers.

In announcing plans for the renewal of the program, Myers also revealed that a committee has already been appointed by the three organizations which promote the event, to study all recommendations submitted for the award. This committee composed of Dewey Stout from Camp Chase Post, Dr. R. J. Miller from Hilltop Kiwanis Club and Phillip V. Stout from The Hilltop Business Association will meet soon to decide the recipient of the award for 1952.

While screening of all applications is in progress, the plans for the time and place for the award will be made at a later date.

Public Hearing Scheduled On Sidewalks

Westgate mothers who have been desperately trying to get sidewalks installed in the area, were promised action Tuesday. Council President Joseph R. Jones set a public hearing before Council on the controversial question for Feb. 2. At the same time he asked City Clerk Agnes Cain to get in touch with objectors to remind them they have until next week to file petitions opposing sidewalks.

Hilltop residents filed petitions containing nearly 1000 signatures with Council, late in November. The petitioners asked that the city order sidewalks installed in the Westgate area.

At present children are forced to walk in the street while enroute to school and the mothers are afraid one or more of them will be killed by autos.

In spite of this Council postponed action when some residents of the area bitterly protested. Opponents of the sidewalk plan were given 60 days to file petitions. To date none has been filed.

Community Council Changes Meeting Site

Because the Hilltop YMCA is more centrally located than the Glenwood Recreation Center the Hilltop Community Council meetings have been changed from the latter to the Y office at 2502 W. Broad-st. Meeting nights have been changed from the second Wednesday of each month to the second Thursday of the month, at 8 p. m.

Meetings scheduled for 1953 is as follows; Feb. 12, Mar. 12, Apr. 9 and May 14. Council will recess during June, July and August, and will convene on Sept. 10, Oct. 8, Nov. 12 and Dec. 10.

Although there are no regular meetings during the three summer months the various committees continue to be active and can be contacted on civic matters.

Minstrel Show Liars Contest Is Stirring Up Much Local Interest

Announcement of the Hilltop Business Association last week of their search for the best tall story teller of the Hilltop has certainly drawn a lot of interest. Various and sundry of the local gentry who are not amiss to stretching the truth a wee bit in order to impress listeners with their stories of fishing or hunting prowess, this week began digging down deep for a tall story that everyone will believe.

C. H. Campbell, executive secretary of the HBA said this week "There are surely a lot of Hilltoppers with stories to tell. Seems as though everyone would like to win that medal as champion and the two reserved seats for the Hilltop Minstrel Show on Feb. 12-13. Entries are starting to come in now and it seems as if some of the fellows around the Hilltop who in the past have more or less earned the title of tall story tellers are going to have their laurels threatened. There were a few whom we considered barring from the contest because of their know abilities in spinning a story but after having read some of the entries, we've decided to let them compete too, because some of their tales in the past are amateurish alongside of some of these entries."

Typical of some of the entries are these two stories heard this week.

A resident living over in Franklin-twp during this recent cold snap placed an oil burner in his hen house to keep them warm. During the night the hens knocked off the top of the burner and the flame froze. The hens began picking at the frozen flames and since then all they've laid is hard boiled eggs.

A certain well known hunter and fisherman was bragging this week of his coon dog, which he avers would bring in any size game he wanted by merely showing him the size of a board he had cutout on which to stretch the hide. If he cut a board for a 12 pound coon the dog would get a 12 pound coon, if he cut one for a 20 pounder the dog would ignore all others and bring in a 20 pounder. All went well until the dog spotted an ironing board his wife had set beside the kitchen door, the dog took one look and hasn't been heard of since. The hunter swears that dog is trying to find a coon of size enough to fit that ironing board.

With stories such as those two it seems as though the Hilltop Minstrel Show of this year is going to be one of those, in which stories will be told that will put the "Champ of Champs" of the Burlington Liars Club to complete shame.

In the meantime Campbell reports that the ticket sales for the Minstrel have been going quite well, and that reservations for the annual affair are being made every day. He urged that all who want to attend, contact the HBA offices at 3183 W. Broad-st as soon as possible in order to be assured of a seat for this "Biggest Show of All Minstrels."

Queen Of Lights Contest Opens Soon At Rome

Selection is to be made in the near future of the six most popular girls of high school age who will be candidates eligible to enter the Queen of Lights contest, which is being sponsored by the Rome Business Association. A popular vote will decide the six candidates.

Two Hilltop Firms Now Offer A New Improved Service To Their Patrons

Glenn Hamilton

Don Fell

Two Hilltop business firms this past week announced new services to the community in the form of improvements, one the new Sohio Station of Glenn Hamilton at the corner of Hague-av and Sullivant-av and the other the addition of the General Electric white goods line and a new appliance manager at Fell's Westgate Hardware at 3109 W. Broad-st.

For Glenn Hamilton it is the offer of better service to his many patrons over the 30 years that he has been in business at the same location. This week he is announcing the official opening of his new superservice station and its wide variety of services. It marks the first time since he took over the location that he has ever remodeled and it represents a dream come true to the man who has become known as the "Dean of Service Operators on the Hilltop" by virtue of his long service which dates back to the time that Hague-av was the city limits of Columbus.

For Don E. Fell, manager of Fell's Westgate Hardware, the addition of the General Electric line of white goods featuring stoves, washers, refrigerators and other items, his announcement likewise marks an achievement for he now feels that in the time since Aug. 6 when he acquired the business he has has made rapid strides and that the new line will give to his many customers a product that is well known and widely accepted as a leader in its field.

Fell also is announcing the acquisition of Roy Snouffer, well known throughout the Hilltop as an appliance salesman with such firms as The C. C. Robinson Co. and Better Homes Center. Snouffer is regarded highly throughout the area for his knowledge of electrical appliances and ability in sales work. He will act as appliance sales manager for the Fell Westgate Hardware.

County School Board Elects Galloway Man

Frank Wilcox, Galloway farmer, was elected president of Franklin County Board of Election at the group's reorganization meeting at the Franklin County Court House. He succeeds Fred Tussing of Reynoldsburg.

C. H. O'Brien, Hilliards, was elected vice president. George C. Beery, superintendent of schools, will continue as secretary and clerk of the board.

The other two board members are Lewis Eakin, Lockbourne, and C. H. Vance, Westerville.

The board decided to change its regular meeting time from the first Wednesday of each month to the first Tuesday of each month.

Plan Is Studied For Celebration At Hilliards

A meeting has been called for next Monday evening at the Hilliards Fire House of a committee of all interested groups in the area for a discussion of plans to observe the 100th anniversary of the village of Hilliards.

The contemplated centennial celebration is hoped to be a community-wide effort and all interested groups are urged to have at least one representative present at the meeting, which will begin at 7:30 prompt.

James Matheny of 179 N. Warren-av, has been elected president of the Columbus and Franklin County Council of Camp Fire Girls, it was announced this week.

Hunter-av, second vice-president; Mrs. Russell Webster, 2846 Valley Park-rd, secretary; C. C. Lasher, 20 Arden-rd, treasurer; Mrs. Walter Radar, 683 Roosevelt-av, chairman of leaders association; Mrs. Harry Myers, 470 Hiltonia-av, regional representative, and Mrs. Elizabeth Haigh, 2631 Dayton-av, regional representative.

Ex-West Teacher George Wing Seeks CD Director Post

George V. Wing, former West High teacher and Washington mayor, has applied for the $10-a-year position as city-county civil defense director Mayor Robert T. Oesterlein said last week.

The Columbus mayor expects to set up a conference with the county commissioners, who must concur in the appointment.

Five Are Elected To Hilltop YMCA Board

New directors of the Hilltop YMCA Board are pictured above following their election to office Tuesday night at the annual YMCA meeting held at the Glenwood Methodist Church. Left to right in the photo are Ray Anderson, W. E. Ferguson, Mrs. Kathryn Cramer and Robert Edgar. Moss Williams, the fifth member elected, was not present.

Main order of business on the agenda of the Hilltop YMCA in its annual meeting held Tuesday evening at the Glenwood Methodist Church was the election of five new members to the Board of Directors.

The resulting tabulation of ballots cast in the election showed the following named to posts within the local YMCA:

Ray Anderson, superintendent of the Hilltop Post Office. Teacher of Young Peoples Class in Sunday School. Former member of Hilltop YMCA Board and a member of Burgess Avenue EUB Church

Mrs. Kathryn Cramar, a member of the Board of Directors of YWCA. Teen Age chairman of YWCA. Past President of West High School PTA and member of Glenwood Methodist Church.

Grove City Dumps Hilliards, 54 to 49

Grove City continued to hang precariously in the second spot in the Mid-Six circuit last Friday after vanquishing Hilliards, 54-49, on the Hilliards floor.

Ken Engel could be thanked mainly for the Greyhounds' third league win in four encounters.

Engel tapped in 21 markers to win scoring honors hands down, while assuring the win for the visitors. Johnny Durban's 18 points for Hilliards took the runner-up scoring post.

Joe Friday, Ojibway Indian Will Be On The Hilltop Friday

Indian Joe Friday is pictured above as he presented an invitional card to Jimmy Phillips, son of Robert W. Phillips, Chief of the Wyandotte Tribe of the Hilltop YMCA Indian Guides.

Joe Friday is here to organize a "Y" Indian Guide Tribe in each of the local grade schools. Throughout the day he will visit the following grade schools: Westgate, West Mound, John Burroughs, West Broad and Highland. The evening of Jan. 22 he has invited all of the boys between the ages of 8 and 9 years and their dads to be his guests at an Indian Guide Pow Wow. This pow wow is to be held at the Westgate EUB Church, S. Powell-av at 7:30 p. m. This program is being sponsored through the local Hilltop YMCA.

Indian Joe Friday was born in the Canadian forest in a birch bark wigwam before the coming of the white man to his region. He is a skilled hunter and woodcrafter. Early in his life he became a guide shooting the dangerous white water in his canoe and driving dog teams over the ice in winter for prospectors and explorers to the Hudson Bay region. Still later, he became a guide for sportsmen and hunters in the Temagami Lake and forests of Ontario Canada.

In 1934 he became associated with St. Louis, Missouri YMCA as a teacher of canoeing and wood craft at Camp Niangua and as a lecturer on Indian lore before groups of men, women and children.

Joe is a sincere christian, expounder of the gospel through beautiful illustrations from his own experiences.

He became the inspiration and co-founder of the YMCA Father and Son program of Indian Guides in St. Louis in 1926. His present home is near Bear Island, Temagami Ontario, Canada.

Joe's closest friends are the animals near his home — little pet beavers, even pet moose and bear. The husky dogs keep him warm at 40 degrees below in the wigwam or while hunting and trapping. He understands the forest animals, he is a friend of the white men who invade his beautiful lake for several months during the summer. It is in the winter when the Indian works from dawn until after dusk trapping furs, a hard life but desirable to the real American.

When an Indian baby is born he is generally named after some prominent incident occuring at the same time. On the morning of Joe's birth and that of his twin sister, the tracks of two Caribou calves were found in the snow outside the wigwam. He was named Caribou or Ahtik. Later, when he was christened he was given the name of Joseph Friday.

West Jr. Five In Win Over Roosevelt

West Junior's cage team captured their third league win in five starts as they defeated Roosevelt by a score of 31-29 last Thursday afternoon on the local court.

The contest was closely fought all the way with never more than four points separating the two teams. The score was tied five times in the final period.

The winning points came with only 26 seconds to play as Nebinger stole a pass at mid-court and passed to Chappelear, who dropped in the winning goal.

Chappelear led the Junior Buckaroos' offensive with 13 points, while Coe and Nebinger turned in fine floor games, with the latter also adding 10 points to his team's total.

Your Youth

By Bob Schmidt - Dick Wilson

Eats, elections and entertainment were the business of the day at the Hilltop Y.M.C.A. Annual Banquet held at Glenwood M. E. Church last Tuesday Night. The eats were really swell, and I wish to take this opportunity to congratulate the Womens Circle of Glenwood for the wonderful job they did in preparing the food.

The election of five new "Y" Board members was an exciting affair marked by lots of handshaking, backslapping and congratulations. All adult members of the Hilltop Y.M.C.A. had an opportunity to vote for the person of their choice. Eight Hilltop businessmen and two Hilltop women were on the ballot. Finally the entertainment came around and it really was something unique and different. The theme for the program was "Hilltop "Y" Youth on Parade", and skits of the '52 activities were presented by all clubs in the Four Fronts. Ronald Kirkpatrick, member of the Sr. Hi-Y, was the narrating Master of Ceremonies, and he did one "bang up" job with his wit and ease in front of the mike.

Did I just mention the Hilltop "Y" Four Front Program? Well, excuse me, dear readers, because we have just opened up one more front with the organization of a Gradale Sorority. This is a fellowship club for young business women centered around Christian activities and service projects. Twenty one of our Hilltop Business women were present at the organizational meeting held last week at the "Y" office. This was a good start but from the eagerness shown at this meeting, I am certain that the Hilltop chapter of Gradale will grow to be one of the best in our Ohio-West Virginia Area.

The five Hilltop Gra-Y Clubs are at this time all hepped-up on a new fad called Ping Pong. The City Gra-Y Council sponsored a ping pong tournament last Saturday at the Central Y.M.C.A. Two members from every club in the city were to participate in it; so of course 10 of our Hilltop youth went down to try their skills against other boys from all over the city.

At this time, I haven't heard the results of the tournament, but win, lose or draw, you can bet our boys were in there trying and were good sports about the outcome.

Although the boys have been all excited about the Ping Pong Tournament, they most certainly have not lost interest in their basketball leagues. At the end of one round of play in both leagues, John Burroughs leads the "A" league with 4 wins and 0 losses while West Broad and John Burroughs are tied in the "B" loop with 3 wins and 1 loss apiece.

And now in closing for this week, I want to remind you guys and gals we STILL have boys craft on Monday and Wednesday, girls craft on Friday and movies for both boys and girls on Tuesday. So right after school on these days, grab your coats and hats and dash right on down here to the "Y" office. Be seeing ya!

Jr. Hi-Y, Hoge, Church Of Christ Triumph In "Y" Junior League

By Dick Wilson

West Jr. Hi-Y's sharp shooting eagers chalked up their third league win last week at John Burroughs gym as they handed the Sullivant Ave. Friends quintet the short end of a 35-15 score.

Ted Walker's opening field goal put the "Y" boys in front early and they were never headed as Dick Furry's 12 points sparked the "Y" youth to a 30-8 half time lead.

The team from the Friend's Church outscored the "Y" team in the second half 7-5 but were unable to get close enough to force the "Y" first string back into the line-up.

Don Hackworth was the spark plug for the losers as he accumulated 8 of his teams 15 points and played a very good floor game.

Score by quarters:

West Jr. Hi-Y	23	30	32	35
Sullivant Ave Fr.	3	8	13	15

Hoge Memorial kept their record clean as they downed a scrappy West Jr. team 48-21. The Presbyterians jumped into an early 7-2 lead and led 12-6 as the quarter ended. It was no contest in the second quarter with the Hoge team taking a 24-8 lead as the first half ended.

The third quarter saw the team from Hoge extend their lead to a 36-15 count led by an eight point spree by Bob Kern. The Hoge team continued to play steady ball in the final quarter as Kern continued his brilliant play assisted by Warren Pemberton and Scott Pence.

Score by quarters:

West Juniors	6	8	15	21
Hoge Memorial	12	24	36	48

Burgess EUB proved to be an easy mark for the Church of Christ in the final game of the evening as they were beaten to the tune of 39-20.

Bill Bowman led the A. R. Dixon coached quintet with 16 points and also turned in a good floor game. He was followed in scoring by team-mate Kenny Clapsaddle with 9 points and Bob DeWitt of the losers who was high scorer for his team with 8.

Scores by quarters:

Burgess EUB	6	10	15	20

Glenwood Upsets Hoge In "Y" Intermediate Loop Cage Tussle

By Dick Wilson

Glenwood Methodist pulled the upset of the season in the Hilltop YMCA Intermediate Church League last week when they handed the Presbyterians of Hoge Memorial a stunning 41-35 setback. It was the Methodists second win in the Church League and the Presbyterians second defeat.

Hoge jumped into an early 8-4 lead but lead by only 20-18 as the half ended. It was nip and tuck in the first part of the second half with the Methodists taking a 35-31 lead at the three minute warning signal.

In the waning minutes of the game, the Presbyterians missed several good shots as the Methodists continued to play steady ball and go on to win the hard fought battle 41-35.

Don Martin led the Methodist brigade with 17 points and also played a smart fast floor game. The rebound play of Jim Snyder was also a determining factor in the sweet victory for the Glenwood boys.

Dick Sensenbrenner and Dick Wittar led the Hoge attack with 12 and 9 points respectively.

Score by quarters:

Glenwood Methodist	9	18	30	41
Hoge Memorial	10	20	29	35

Apostolic Gospel rebounded from the previous weeks defeat to club the Church of Christ 37-19. Dean Orcutt was the big difference between the two teams as he banged in 16 points and controlled both backboards.

The oddity of this game was that only a total of three fouls were called in the entire game. Two were called against the Apostles and one was called against the C. of C. boys. Conversions were made on all three attempts.

The victory placed the Apostles in a four way tie with Hoge, Glenwood and Oakley Baptist for fourth spot in the league standings.

Score by quarters:

Apostolic Gospel	5	10	14	19
Church of Christ	9	19	27	36

A flu riddled Oakley Baptist team was unable to floor five men, therefore they forfeited their game with Burgess EUB. The forfeit victory put Burgess in undisputed third place in the league with a 2-1 record.

Team	Wins	Losses
Volunteer Firemen	3	0
West Sr. HiY	3	1

West Senior Class Committees Have A Big Job

Committee chairmen of the various activities in store for the graduating class of mid-year at West High School are pictured above. Top row left to right: Donna Theisen, entertainment; Ruth Ann Borland and Shirley Kavanel, co-chairmen of refreshments. Center, Terry Hitt, publicity, and Inset Shirley Deitchle, decorations. Not present at the time of photo was Gene Burch also on decorations committee.

Around graduation time the seniors of West plan for the gay times to come, for instance; the Senior Mixer, banquet, prom, baccalaureate, and the biggest occasion of them all, the graduation day.

To make all these occasions more fun and decorative, committees and their chairmen are chosen. The chairmen of the different committees are Shirley Deitchle, Gene Burch, decorations; Donna Theisen entertainment; Shirley Kanavel, Ruth Borland, refreshments, and Terry Hitt, publicity.

The first big job of the committees was the senior mixer held Nov. 28, in room 150, and on the stage. To get in the spirit of the occasion, the decoration committee got together and made the rooms look like an old fashioned barn used for square dancing, with crepe paper hanging from the lights and bales of straw against the wall and two wagon wheels placed so as to make it look original.

The boys and girls wore plaid or shaded shirts and levis. To entertain these students at the mixer were Marcia Lowry and Marion Goolsby who sang a duet. Byran Bell and Gene Burch took them to the islands with a song and hula-hula dance while Dick Orr and Gayle Acker did a comedy skit. Sonya Albery tapped for the boys and girls. The big attraction of the evening was a combo band made up of Jay Swisher, drums; Bon Shunkwiler, clarinet; Jim Garrett, base viol and Stan Nippert, saxophone.

Dancing makes a person hungry so, hot dogs, cookies, coke, 7-up and potato chips were served.

The publicity committee got busy to make this occasion known by writing stories for the city newspapers.

While the 12A's are giving their name cards and pictures to the classmates and getting fitted for their caps and gowns the committees ponder new and different ideas for the remaining parties and banquets to come.

The next big occasion was the senior banquet. Again the committees got busy to make this a great banquet. The decoration committee had the tables decorated in two shades of blue with white table linen. The girls were awarded with baby mum corsages while the boys had white carnation boutonnieres.

Ron Grant and Carol Rickert did a skit entitled, "Mr. Randall's POD Class," and the trio, Ann Cockfield, Donna Theisen, Onda McPherson, sang "My Best To You" and Gene Burch sang "Without a Song." To top off the evening Sonya Albery read the class prophecy which was written by Susie Richards and Gayle Acker. Mr. Young made and "popped" a few jokes (?) about some members of the class. Everyone had a fine time.

To most of the girls and some of the fellows too, comes the big dance which is known as the "prom." Here is where the girl get the newest creations in formal wear while the boys get a new suit. This time the decoration committee must think of something which will fit both the time of year and the dance. So, Shirley Deitchle and Gene Burch got their comtee together to think of new designs and ideas for their big dance. The results of their hard work comes out like this: the theme of the prom is "Stairway to the Stars" and the gym decorated in blue and gold crepe paper with gold stars and a replica of the stairway leading up to the stars. Each couple had a star of their own with their names on the sides.

Sally Kendall, daughter of Mr. and Mrs. W. W. Kendall of 172 S. Roys-av, and Anita Stout, daughter of Mr. and Mrs. Dewey Stout of 90 N. Wayne-av, gave open house parties before the prom. After the prom the parents of the students planned a party for them at the Seneca Hotel. Alice Weiler, daughter of Mr. and Mrs. Nelson Weiler of 533 Woodbury-av, held a closed breakfast for some of the students.

All the while it is getting closer to graduation day but before graduation comes the baccalaureate which will be held Jan. 25 at Glenwood Methodist church. Rev. Shellhaas will give the sermon; Fred Ladeper, announcements; Sonya Albery, prayer; Carol Rickert, scripture, and Stanley Nippert, benediction. All the members of the class will wear their caps and gowns.

The Gate Post

By Pat Martindale

Once again it is time for our dimes to start marching. As we all know, our dimes will march against Polio in this great campaign now at hand and the very best of research, medicine and treatment are provided from the results.

Most of us have many places for our money and sometimes find ourselves wondering how we can possibly squeeze out another cent for donations but suppose we were suddenly "put-in the shoes" of a parent of a Polio victim. How would we meet the terrific expenses not to speak of the anxiety? We really would appreciate the wonderful help sponsored by funds obtained from the Polio drives.

Polio isn't 'choosey" in securing it's victims. It strikes all ages and persons in all walks of life without much warning and it's victims must fight a long, hard battle to recover. But not only must the victims fight; a whole army of doctors, nurses, medical research workers and last but not least, all of us through our contributions, large or small are needed.

America has always had a way of caring for it's own and this year the "Mother's Drive Against Polio" is a way to aid Polio victims. It is an investment that pays great dividends in happiness, security and peace of mind, individually and collectively and the time and energy and our money will payoff in a healthier America so how can we lose?

Military Ceremony Unites Miss Hamilton and Lt. Eisele

Lt. and Mrs. Donn Fulton Eisele leave the church in Gnadenhutten, O., after their wedding, Dec. 28.

The John Heckewelder Memorial Moravian Church at Gnadenhutten, O., was the scene for the wedding, Dec. 28, of Miss Harriet Elaine Hamilton and Lt. Donn Fulton Eisele, USAF. The double ring ceremony was performed by Rev. James Gross at 4:30 p. m.

The bride is the daughter of Mr. and Mrs. H. D. Hamilton of Gnadenhutten. Lt. Eisele is the son of Mr. and Mrs Herman E. Eisele, 156 S. Algonquin-av, Columbus.

Lighted tapers in two seven branch candelabra were on either side of the altar. Arrangements of white pompons and stephanotis were backed with palm foliage.

Given in marriage by her father, the bride wore a gown of traditional ivory satin. The fitted bodice was designed with a delicate lace yoke and long sleeves ending in points over her hands. The very full skirt extended into a full length cathedral train.

A cap trimmed with seed pearls held her fingertip veil of illusion. She wore a string of pearls, a gift of the bridegroom, and carried a bouquet of white stephanotis centered with an orchid mounted on a prayerbook.

The bride's attendants wore gowns of deep red velvet fashioned with hoop skirts and halter necklines with matching jackets. They carried white velvet fans adorned with red poinsettias.

Miss Jo Anne Haas of Mt. Sterling was maid of honor. Other attendants were Miss Laura Ann Hamilton, sister of the bride, Miss Norma Wetherman, Columbus, and Mrs. Fred Boggs, Niagara Falls, N. Y.

Miss Cheryl Hamilton, sister of the bride was flower girl. She wore a dress of red velvet styled along princess lines.

Lt. John Feyrer, USAF, Wilson N. Y., was best man. Ushers were Lt. William Hawes, USAF; Ens. Kenneth Dickerson, Jr., USN; and Midshipman Bruce Hall, USNA, all of Columbus.

A reception was held in the church parlors immediately after the ceremony. Hostesses were Mrs. Ross Virtue, Mrs. Walter Singhaus, Miss Marilyn Reichman, Mrs. Richard Mowl, Miss Martha Jane Haas and Mrs. Richard River.

For her daughter's wedding Mrs. Hamilton chose a ballerina length gown of dusty pink silk taffeta with pink and white accessories. Mrs. Eisele was attired in a ballerina length dress of steel blue taffeta with pink accessories. Both wore orchid shoulder corsages.

The newly married couple left the church under an arch of crossed swords. Sword bearers included the best man, the ushers, and Lt. Thomas Green, USMC, and Lt. Donald Hutchison, USMC, both of Columbus.

When the young couple left on their trip, the new Mrs. Eisele was wearing a blue gray wool suit with a poodle cloth topper, navy blue accessories and the white orchid from her bouquet.

The bride is a graduate of Gnadenhutten high school and Grant Hospital school of nursing where she was employed on the surgical staff.

Lt. Eisele is a graduate of West high school and the United States Naval Academy at Annapolis, Md. He is now serving with the U. S. Air Force at Goodfellow Air Force Base, San Angelo, Texas, where the couple will reside.

Reports On Recent Trip To Europe

(Mr. and Mrs. James Dow, 82 N. Princeton-av, spent the summer months in Europe. This is a report of their trip by Mrs. Dow.)

We sailed from New York on the SS Liberte on July 11 and landed in LeHavre on July 17 where my sisters met us with a car. We traveled through Paris and Belgium where we spent three weeks on one of their beautiful beaches. We then went to Holland, Germany, Luxemburg, Switzerland and Italy.

We were in France three years ago in 1949. Conditions seem to be much better now. Cities are rebuilding and modern homes and buildings are everywhere. We found living expenses quite high but not much more than in the U.S. In France working people do not make as much as they do here.

The people there do not have as much modern equipment to work with in the kitchen as we have here. They do everything the hard way but they are happy.

I came to the U.S. in 1927 from France. This was my fourth trip home.

While in Belgium and Paris we attended several hairdressers meetings and hair style shows. I find the French take good care of their hair. It seems to be a must with them, just as wine goes with every meal there.

We returned to the U.S. on the same boat, arriving Oct. 29.

IT HAPPENED IN OHIO

Jan. 19, 1832 — The Wyandot Indians signed a treaty with representatives of the United States Government at McCutchenville, Crawford County, by which they surrendered their reservation of 16,000 acres at Big Springs and received a promise of compensation at the rate of $1.25 per acre.

Jan. 20, 1804—William Allen, the 31st Governor of Ohio (1874-1876) was born in Rois County.

1824—Holmes County was formed. It was named for Major Holmes, a gallant young officer of the War of 1812, who was killed in the unsuccessful attack upon Mackinac.

Jan. 21, 1785—A treaty was concluded at Fort McIntock with the Wyandot, Delaware, Chippewa, and Ottawa Nations, by which the boundary line between the Indian nations and the United States was set forth as being the Cuyahoga River.

Jan. 22, 1811—Ashtabula County was organized. The name of the county was derived from the Ashtabula River, which signifies in Indian language "Fish" river.

1821—The Commercial Hospital and Asylum for the State of Ohio was chartered by Act of the General Assembly. The hospital was later built in Cincinnati.

Holy Family School News

By Kay Knipfer

We are doing it again! One of those big dances that you have been hearing so much about at Holy Family. Joe Neil's orchestra will supply all the music that your feet desire from 8:30 until 11:30, in the school auditorium. Tickets may be purchased from any junior student, or 50c admission charge, at the door. Tonight, come one, come all to the Mid-Winter Frolic.

Seen at Seiller's

Have you seen the early-spring taffetas on display at Seiller's? My favorite is a two-piece black and white check with velvet trim that is a real figure flatterer. The velvet enriches the peri stand-up collar and is caught in a V on the bodice with a touch of rhinestone. The full skirt features a narrow peplum with velvet trim and a wide kick pleat in front which highlights a myriad of accordion pleats. This sounds like at least a $12.95 dress doesn't it? Guess again, $4.95.

To round out your wardrobe going into Spring you had better stock up on Jersey blouses marked down to $2 and on sweaters (up to $7.95 values) for $3. These sweater bargains include those ever popular Jantzens so better stock up for next year too.

I noticed for the first time recently how well supplied Seiller's is with men's belts. I knew it wasn't always that way but you should see them now. A large Hickok display case shows off belts for the most particular. Prices start at a low $1.50 too.

In speaking of the January Clearance sale at Seiller's (which is still going on of course) I forgot to mention a great big savings item. Its in boys jackets where you can save as much as $9 and these on styles which are sure to be a hit with your boy. Oh yes, and the same type of savings can be found in the "big boys" department so outfit dad and junior now for those windy March days.

A Hilltopper Sees

Other Lands

Editor's Note: A Hilltop minister, Chester G. Stanley, 166 Eldonav, who is pastor of Highland Avenue Friends Church, and his companion, Rev. Charles A. Matti of Urbana Friends Church are now on a round-the-world missionary observance trip for their church. From time to time Rev. Stanley will drop communications to The Hilltop Record reporting his observances of world conditions as seen by a Hilltopper abroad. The following is the second of the dispatches received from Rev. Stanley:

American Friends Mission,
Chatarpur, Vindhya Pradesh
India, Jan. 7, 1953

Dear Hilltoppers;

Strange things happen in the course of a lifetime. This world seems like a mighty big place, yet how near we are to each other by communication and travel.

Rev. Charles A. Matti and I were sent out by the missionary board of our Yearly Meeting (Conference) to investigate and observe missions in the different fields of the world, and also to visit our own good missionaries here in the heart of India.

We came into India by British Overseas Airways from Singapore to Calcutta. There we spent the night in the Greateastern Hotel as guests of the Airlines. On the next day we boarded an Indian National plane for the trip to Delhi. It was a slower plane than we had been riding on but soon covered the 820 miles to Delhi. By train from there we went to the station nearest our mission the American Friends Mission, which has been in Central India for more than half a century.

The first Hilltopper to greet us was Dr. Everett L. Cattell. Dr. and Mrs. Cattell were the pastors of the Sullivant Avenue Friends Church during the years from 1927 to 1930. During that time Rev. Cattell completed his Master's Degree at Ohio State University. Dr. Cattell is now the chairman and superintendent of the mission here and is doing a noble work. He is highly recognized in the All India work of Evangelical Christians. It was a great time of fellowship for us to stop with these former Ohioans. They have three children. David in the States now attending Marion College, Marion, Ind.; Barbara and Mary with their parents here.

The next Hilltopper found out here was Dr. W. E. DeVol. The DeVols lived on the Hilltop during the years 1937-1940. His practice was taken over by Dr. J. H. Miles, Jr. From Columbus, Dr. DeVol and his family went to China to do medical missionary work but were soon driven out by the Japanese War. For some years following he maintained an office at Marengo, O., then in the summer of 1949 they came to India to take charge of the hospital here. He is doing a marvelous piece of work here, highly recognized as a surgeon, and having patients from as far away as Bombay. To go with him to his clinics in the villages and see the poverty and suffering there is enough to stir the sympathy of the hardest of heart.

The next family from our Columbus West Side is that of Robert and Esther (Garner) Hess. Robert is a young man who came to the Hilltop from Hughesville, Pa., the home city of Harold Fox. He received his Master's degree from Ohio State university and between terms worked for one summer in the Big Bear Store (old store). He married Miss Esther Garner of 76 N. Terrace-av. She was a graduate of West High School, a student of Ohio State University and worked in the accounting department of Midland Mutual Life Insurance Company. The Hesses are now in Language School in Allahabad and are making fine progress toward their work in the Friends Mission. They have two small children, Kathy and Ronnie.

It was just like calling in the homes of home folk to meet with these friends out here. Ohio Yearly Meeting of Friends is proud to have these Hilltop families as members of their mission staff. They are noble characters and are doing noble work in their different fields of ministry.

Sincerely
Chester G. Stanley

Does Your Porch Light Work?

Better check right now to be sure that your porch light will be in good working condition on the night of Thursday, Jan. 29, when you will want to join with your neighbors in the fight against polio. By turning on your porch light from 7 to 8 p. m on next Thursday, Jan. 29, you will be signaling the volunteer Mothers' March on Polio worker in your block that you want to make a contribution to the March of Dimes.

If you have no porch light, then put a lamp or a candle in a front window or tie a handkerchief to the door knob to let the worker know you want to give to carry on the work being done to eradicate polio completely.

In 1952, there were 123 polio cases and eight deaths in Franklin County — more than twice as many as in 1951 and the highest number in our county's history. As a result of the high cost of patient care (four out of every five polio victims need and get financial assistance), the Franklin County Chapter of the National Foundation for Infantile Paralysis ended up the year more than $18,000 in debt.

By contributing generously to the Mothers' March on Polio, you can assure yourself and your family of care should polio strike your home. No home is immune to the threat of polio and no home should pass up an opportunity to join the fight against infantile paralysis by giving voluntarily to the March of Dimes, so turn on your porch light, Jan. 29.

Bible Comment:

We Can Learn From The Bible's Record Of Early Error

IT would be comforting if we could turn to the Old Testament and find a history there of a chosen people with evidence that they so affectionately honored God's choice that they proved in every way to be fine and correct in their actions and that they might stand as a model for all people for all time.

Unfortunately this is not so. Nor has it ever been in the recorded history of the world. But there is in the Old Testament, an example to be found in the life, religion and morals recorded there. Profound warnings of moral decay and failure are written for all to read.

The great, imposing examples of the Jewish religious leaders did not save the Jewish people from ultimate disaster when they turned to false gods and forsook their own Diety and His prophets.

And in this example lies our lesson. We see the people in confusion even though they had extremely able leaders and the definite promise of the "Promised Land."

However church attendance and membership in a church group, even in our own time, is not an infallible sign of moral integrity. Nevertheless, Church membership and being a Christian does stand for something, and a vast number of people with no church affiliation are both non-religious and irreligious.

Selfishness, lust for power, love of pleasure and a general feeling of irresponsibility are obvious characteristics. Some of our children are growing up with no religious instruction and little moral guidance.

In many ways we, too, are a people in confusion. It is thought-inspiring to read the warning found in the history of Israel. Perhaps we can profit in our modern age by the experience of these ancient people.

SINCE 1883
RA. 1103-04 612 Harrisburg Pike

Not that we blame you for looking forward to "forty winks", It's Sunday—the best day of the week. And that's a good chair. You fit in it fine. Nice program of music on the radio. Not too loud. Right for relaxing.

But what about the headlines in that paper you just put down? Can you really relax after reading about some of the current happenings in the news?

Your church down the block can help you find the remedy for some of these happenings. Try attending its services, and see if they won't help you. Religion doesn't come by proxy, or in your easy chair. But in church you'll find some answers to those headlines. Your church and its message can do that for you. But you'll have to GO yourself, you know . . .

Then come home. There's that good chair—still waiting, still comfortable. In it again you can quietly look over those headlines in the light of the services you just attended.

There will be *real* relaxation for you as you realize that in the coming week you and your church will be in the fight together—to make it a brighter world, a cleaner world, a better world for all . . .

Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. Eph. 5-14.

Mid-Year Recognition Day Assembly Honors Many Students At West High

The annual Sparks Scholarship trophy awarded at West High School this year had three students tied for honors. Friday at West High School's mid-year assembly, Principal Irvin F. Young made the presentation to Donna Lefever, Ronald Raike and Sonya Albery on behalf of Franklin D. Sparks who was unable to be present.

A new scholarship awarded for the first time was made at the West High Recognition Day last Friday when Marcia Lowery became the first to win the J. Curtis Allen $50 Scholarship award Essentials necessary for the winning of the scholarship to any school or college of her choice were scholarship, service to West High, need and moral standing. She is pictured above as she received the award from J. Curtis Allen.

Junior high students of West High School were also honored at the Recognition Day ceremonies at West, Friday, when Camp Chase Legion Commander Roger H. Myers presented medals to Fred Lanch and Betty Morris as outstanding boy and girl of their class and honorable mention certificates to Robert Alt, Joseph Smith, Judy Matson and Roberta Wilson.

Charges Dropped Against Youth

Charges of investigation of burglary against Terry Lee Horn, 19, of 620 S. Richardson-av. were dropped by police Monday after investigation.

He was driver of a car in which he and two other teen-agers led Columbus cruisermen on an eight-mile chase on the Hilltop early Sunday, officers said. He is to appear in municipal court Jan. 29, on a reckless operation charge.

At the Recognition Day assembly held at West on last Friday morning, Commander Richard Martin of Westway Post 3441, Veterans of Foreign Wars presented citizenship medals to Donna Theisen and Ronald Grant for their outstanding contributions while students at West.

Ronald Raike and Marcia Lowery are pictured above with American Legion Camp Chase Post 98 Commander Roger H. Myers as he presented them each with a medallion and pin from Camp Chase post as the outstanding boy and girl in the mid-year graduating class at West. Honorable mention certificates were also awarded to Senior High students Tom McCormick, Fred Laderer, Rita Elliott and Ann Cockfield.

Terry Hitt (left) is pictured above as he received a science award for his artistic abilities with the high school annual.

Starling School News

INAUGURATION
By Esther LaValley

The presidential inauguration was televised over all television channels Jan. 20 from the capitol.

Starling Junior High saw the ceremony during the study periods in Room 13, and during the civics classes in room 2.

Miss Cherington's general business classes and Miss Foureman's, Mr. Lilly's and Miss Miller's civics classes enjoyed the presentation.

Two television sets were available. Mr. Wiseman recorded the speeches on the wire tape recorder. Radios were used in many classrooms.

INCOME TAX STUDY
By Beverly Smith

The three 9B general business classes are learning how to make out an income tax report. Anyone who has an income of $600 or more must make out a form. If the employee receives less than $600 a year he is entitled to a refund. Pupils are learning how to apply for that refund. The withholding statement must always be returned with the income tax form or when applying for a refund.

To make the tax return legal it must bear the signature of the person filing it.

TAX STAMPS
By David Agriesti

The total amount of tax stamps for the first four months of the semester at Starling High School was $12,198.88.

The winning rooms were: first place, Miss Scofield's homeroom 7, with $1140.50 second place, Miss Miller's homeroom 21, with $889.06; third place, Miss Fourman's homeroom 20, with $873.26; and fourth place, Mrs. Rothenbush's homeroom 16, with $850.34.

9B GENERAL BUSINESS PLAYS
By Donna McConnell

The 9B general business classes have been studying about life insurance and its importance, and they are giving a play about it.

Three different classes are taught by Miss Cherington, each of which will have its own cast.

The players in the third period class are Katherine Beatty, Wilbur Ammon, Bonnie Kettell, Dale Murry, Carol Rainey, Judy Ransburg, Sally Stevens, Jim Taylor and Rodney Tressler. The directors are Bonnie Kettell and Katherine Beaty.

James Burchfield, Lowell Dencer, Richard Dupler, Patricia Long, Joan Lusignola, Margaret Nance, Hunter Perdue, Beverly Smith and Sarah Stephens are the players in the ninth period class. The director is Donna McConnell.

Kay Flock, Fred Grady, Mary Lou Hall, Betty Reges, Kenneth Suley, Jackie Stamper, Nancy Thompson, Dorothy Wellnitz and Margaret Yahn represent the 10th period class under the direction of Judy Limotta.

The play will not be given to the entire school. It is just a project to help the classes understand more about life insurance.

Glenwood Center Athletics

By Doc Reister

The Clowns and the Firehouse, both Senior League teams, played each other in a game that resulted in a tie. The game was a thriller from start to finish.

Demolay and Five Aces have the first double forfeit of the season on their records. Voss, who plays with the Atomic Five, has top honors in the league as top scorer, with 50 points.

In the Intermediate League, Camp Chase defeated Smitty's Pure Oil by a score of 57 to 14. The closest game in the league this week was between the Hoge Five and Hanley's. Hoge won 37 to 35.

Camp Chase and the Hoge Five have two wins and no losses to their credit to this date. Bill Bryant is leading the other players with a personal score of 81 points. Camp Chase claiming him as their own personal threat to the rest of the league.

The Cubs and Spartans are leading the Junior League with each having two wins apiece.

Roughnecks and Yankees are leading the Little League. Miller, playing with the Bears, has a personal score of 31.

The Glenwood Center Officials Club meets on Wednesday at the center at 4 p. m.

During the last meeting Larry Witherup received the honor of being the first boy to receive a two star official rating. This means that Larry has officiated in six games as a referee and six games as a scorer. He also has passed an oral examination on the rules of basketball and was rated during the time he was actually conducting a game as a referee. The next rating that is available to Larry is the top rating any boy may receive from the club, the three star official.

To secure this rating a boy must referee 10 games, score 10 games, secure a high rating as a floor official and pass a written test on the rules of basketball.

The club is open to any boy who wishes to learn to officiate basketball or any other sport. The club members attend weekly discussion sessions and are assigned to officiate in the Junior and Little League games at the center.

The purpose of the club is twofold, to initiate boys in officiating and to give them practice in the art and to secure a listing of officials to aid in the physical activities at the center.

Beginning next week all the Boys' Little Leagues and Junior Leagues playing in the Glenwood Leagues will be sporting colored numbered shirts when they play their league games. The boys have brought shirts to the center and the staff will dye them, for the teams in the team color. The shirts will then be stenciled with the number of the player in a contrasting color.

These leagues play after school and on Saturday mornings. There are six teams in the Junior League and five teams in the Little League.

The Glenwood Center Girls' Senior League has completed its final round of play in the Preseason League with the Rocket 88 winning the league with a 6-1 record. The Hilltoppers finished in second place with a 5-2 record.

Sylvia Matley of the Boochies copped the scoring honors with 66 edging out Gayle Ackers of the Hilltoppers, who had 65 points. Sue Kuhlman of the Blue Sockers had 39 points to take over third place.

The first round of the Junior Girls' regular season League finds the Scutters on top with a 1-0 record and the Martinettes in second place with a 1-1 record.

The Scutters are dominating the scoring in this league with Barbara Popp with 28 and Carol Holley, 14.

The Girls' Leagues will all be playing their regular season schedule next Wednesday. There are some new entries in all the leagues and there are four teams in the Junior League, seven in the Intermediate and seven in the Senior League. Some spirited play is to be expected from the teams in these leagues.

The Glenwood wrestling team will begin practice this week. Any boy who is interested in trying out for the Glenwood team which won the City Inter Center team championship last year should report to Doc Reister at the center at once. All positions on the team will be filled by intersquad competition, there are positions for boys weighing from 90 pounds to the heavy weight class. Special instruction will be given at the center to all candidates and regular workouts are planned for the team.

All boys will be thoroughly instructed in the National Collegiate and American Amateur Union rules for wrestling.

Mary Ellen Says:

Increasing Appeal Of School Lunches

A small boy was looking through the doorway into the cafeteria and was heard to remark, "Boy, that looks good!" He wasn't close enough to see what the food was, but he could see a lot of color—red and green. We wouldn't be amiss to keep that lad's remark in mind as we plan school lunches.

Children are attracted to bright colors. Foods must be appetizing and appealing to them. For even though a menu meets nutritional requirements foods must be eaten before nutrients are utilized by the body. At a recent professional meeting, a wise speaker reminded us that we must remember, "The WHOLE child goes into the lunchroom, not just his stomach."

Here are some easy ways to increase the appetite appeal of school lunches. Most of them are well-known, but often a review of basics is helpful.

Keep colors of foods as well as textures and flavors in mind in planning menus. Garnish plates which lack color with a strip of green pepper, a radish, carrot curl or a bit of parsley. Serve something hod and something cold at each meal. Make sure that the hot foods are really hot, cold foods, cold. Introduce only one "new" food at a meal. Serve something crisp at each meal. Children like raw fruits and vegetables. Remember holidays and special occasions with appropriate deserts when practical. Exercise care in serving plates so that portions in different foods do not run together; plates look neat. Make eating area as attractive as possible. Art departments in many of the schools have designed special place-mats and wall decorations. Pupils will enjoy making colorful posters. Post menus so children can call dishes by their proper names.

Serve foods in a variety of ways. Variety is the spice of life!

Why are ye so fearful?
How is it that ye have no faith?"

VAIN

She aired his faded uniform today,
And though it had been packed in lavender
The fragrance of his old pipe seemed to cling.
And on one shoulder was the faintest stain
Where once her tear-wet face had lain.
She promised him she would not grieve for him
If he did not return; she has been brave.
But surely he would know she weeps today
Because so vain was her Gethsemane.

My own Omnibus: Spooks Beckman (WLW-C) is waiting table at a downtown restaurant—or is, as this is being written—and will give all his tips to the March of Dimes. A grand gesture made by a grand guy. . . . This week, if you call MAin 6451 for the time, the Voice asks "What about that pint of blood you were going to give? A good question . . . A red bird flew across the back yard yesterday—"a streak of joy against a gray day," as the poet said . . . whatever became of Lum and Abner? And The Thing? . . . It is tough to have to order such mudane, practical things as paringknives, brooms or house dresses when you'd lots rather have a new book. Speaking of books, one of my Christmas gifts was another copy of Columbus' own Ernest Cady's book "We Adopted Three." Somebody borrowed the copy I bought when it was published, and didn't return it. Reckon my family got tired of hearing me gripe about it, anyway Santa Claus brought another copy. Some time I'm going to get some asbestos paper and write what I think of people who borrow books and don't return them. But adoptive parents and children (and the other kind too) should read Mr. Cady's book. It has been highly praised by critics all over the country, and is the fascinating true story of the remarkable Cady family.

It Takes All Kinds. There should be a million more of HER kind. She is a busy housewife and mother and works outside her home most of the time. Her two children adore her. They know she is their friend; not the "heavy parent." She laughs with them. To her, life is something to be enjoyed. She can see the funny side of any situation and can laugh, even when the joke is on her. Her letters to my favorite shutin and to others who are troubled or ill, are a joy to read. Although this lady's life has not always been easy there has never been a word of complaint. She is glad to share her friends' trouble as well as their happiness, but never shares her own grief with them. I wish the name of every shutin in the land could be on her mailing-list—a lot of them are. This truly remarkable lady is Marie Spaith of Cincinnati. Columbus and other towns have Marie Spaiths too, but not nearly enough of them.

Tonight is the Night . . .

Assist the women of this community who have volunteered their services toward wiping out the menace of polio.
Tonight is the night!

Short Takes: Capt. Mabie Barbour is a Gay Philosopher fan and as such will soon receive a Philosopher calendar in far away Korea . . . I never knew till now that Ed Melvin was once a printer's devil . . . It's a small world: Mr. and Mrs. T. Clark Miller of 770 S. Burgess-av, winners of the Record's $500 prize last summer, were in to tell that they were recently guests of the Charles Wise family at Sewickly, Pa., and we discover that it is the same Charley Wise we have known since early days at OSU, around 1928 . . . Dave Vogelsang is back at the bakery after a siege of illness . . . A big word of thanks to the local TV dealers who made it possible for the hundreds of youngsters of the local schools to witness the inauguration via loaned sets . . . When Charley and Mary Kent put in their appearance from the South most any day now we'll know it won't be long till spring . . . Flu bug stay away from my door . . . a week of that rascal is enough for one year.

The Gay Philosopher Says: "The path of least resistance is usually downhill."

Every hog has his day . . . no that't not it . . . every dog . . . well anyway . . . the groundhog has his day Feb. 2.

That's the fateful day, so the story goes, when the groundhog pokes his nose out of the ground and, if he sees his shadow, scoots back in and then we're in for six more weeks of winter.

(If you plan to look for the little animal and don't think you'll recognize him, keep your eye peeled next Monday for a woodchuck—same character.)

Feb. 2 is also Candlemas Day in the Roman Catholic Church. On this day the feast is celebrated commemorating the purification of the Virgin Mary and is called Candlemas day because candles for the altar and other sacred uses are blessed on that day.

Candlemas Day and Groundhog Day seem to be brought together by the discovery (so-called) hundreds of years ago that if the sun shone brightly on Candlemas Day the winter would be a long one.

In Scotland it's said, "If Candlemas is fair and clear . . . there'll be two winters in the year."

In Germany folks assert "The shepherd would rather see the wolf enter his stable on Candlemas Day than the sun."

Well, anyway, this is one day the weathermen can predict cloudy wet weather and (if he's right) everybody will love him.

McKinley-av Resident Injured In Auto Collision

A cut left eye and a possible fractured left arm were suffered by Mrs. Cora M. Mowery, 60, 1637 McKinley-av, when the auto she was driving was involved in a two-car collision at Lexington and Mt. Vernon-av Monday afternoon. She was taken to St. Francis Hospital. No one else was injured.

Mothers March On Polio To Be Made On Thursday

Thursday night, Jan. 29 between the hours of 7 and 8 p. m. the Mothers of this area will launch their drive for contributions to the Polio campaign with a "Porch Light" campaign. Any person wanting to give toward the fight on polio may signify his intention by turning on the porchlight. It is planned to have one volunteer worker for each 10 dwelling units. The Mothers will call on the lighted homes.

During the hours from 7 to 8 p. m. you may make your donation—a dime, a dollar or a dozen dollars. No matter where you live it is the plan of the leaders of this fight on polio that someone, probably a neighbor, will call and accept your gift.

During this past week the final plans for the Mothers March on Polio were completed to raise funds for the care of local polio victims and to continue scientific research intended to eradicate the crippling disease.

Names of more workers in this area released this week are:

Faithfulness Still Exists

Dog Keeps Daily Vigil For Postman Friend

"Lady" joyously greets her mail carried friend Jack Harrison as he makes his regular pickup at the Richardson and Sullivant mail depository. This is a scene that has been repeated daily for the past one and one-half years.

Postman Harrison is never in need of company as he makes his daily rounds with the mail. Every day, rain or shine, faithful "Lady" accompanies him around the route in the manner seen above.

"Neither rain, sleet nor snow—" starts the oft repeated phrase in relation to the men who daily carry the mails to all parts of this country and city and it is appropriate in honoring those men who are taken more or less for granted.

There is one, however, who seems to understand and who, though not a member of the human race but rather of the canine gentry, also believes that friendship too should be able to withstand the same rigors. That one is "Lady", faithful companion of Postman Jack Harrison, 624 S. Warren-av, in his daily trips around the Hilltop.

More than one and a half years ago "Lady" made friends with the kindly postman in the vicinity of S. Terrace and Whitehead. At first she would follow him for a distance of about a block before returning to her home. Later the distance was lengthened and now, today, she meets him at the start of his route and accompanies him during the complete round.

To the passerby at Richardson and Sullivant-av, the brown and white dog sitting beside the mail box is just another dog taking a rest, but to the folk of that community, that dog is a symbol of "devotion of man's best friend to a pal." It is at that spot that "Lady" waits, in snow, rain, sleet or sunshine for her one particular mail carrier to accompany him on his daily round of the Hilltop area.

When other mail carriers approach the box, the astute dog

Westgate Sidewalk Issue Before Council On Feb. 2

There'll be fireworks at the Feb. 2 meeting of Columbus City Council when the factions wanting sidewalks in the vicinity of the new Westgate Elementary School and those not wanting the sidewalks meet to present their pleas.

It was revealed this week that those in opposition to the sidewalks in the area have filed petitions bearing the signatures of more than 800 persons in the Westgate area. The Mothers' Group asking for the installation of sidewalks previously filed petitions with nearly 1,000 signers.

A spokesman for the opposition group, Robert M. Draper, attorney, who has been retained to protest sidewalk installation, this week revealed some of the points upon which opposition is based. First point of opposition is that those opposed to sidewalks contend that the City of Columbus will not put in sidewalks free of any charge and that installation of the walks will cost property owners in the area thousands of dollars, also that the installation of sidewalks will ruin the neighborhood and cheapen property values. It is asserted that no traffic problems are now present in the vicinity of the new school during the hours that children come to, and go from school.

It was pointed out that prior to the building of the new Westgate School many of the children of the area attended West Broad Elementary School and that one of the chief reasons for the construction of the Westgate School was because parents of the area had complained of the children having to cross W. Broad-st.

Draper also pointed out the fact that a parochial school is located near to the present Westgate School and had been there since 1929 without any complaints being registered because of lack of sidewalks.

On the other hand proponents of the sidewalk movement aver arguments that sidewalk installation is too costly, are completely out of line in comparison to the cost of some child's life.

City Councilmen who have sidestepped the issue for a period of 60 days are rumored to be in the market for asbestos gloves with which to handle the "hot" issue.

New Branch Post Office Is Requested

Postmaster Allen M. Rowe disclosed this week that he has asked permission of the Post Office Department to establish another branch post office on the Hilltop.

Rowe said he recommended a new branch be established west of the present Hilltop branch to relieve that office and accommodate the New Rome district and anticipated residential developments in the Westinghouse Corp. plant area.

Westinghouse Official To Be Kiwanis Speaker

"Westinghouse Day" is to be the theme of the meeting at the regular noonday luncheon of the Hilltop Kiwanis Club, Thursday at Schmelzer's Restaurant, according to announcement made earlier this week.

E. L. Smith of Westinghouse is to be the featured speaker at the meeting with a number of other Westinghouse officials from the new local plant also in attendance as the guests of the Kiwanians.

Surviving are two sisters, Edna and Ethel Davis of the home.

Franklin Twp. Hall Is Sold At Auction

The sale of the Franklin Township Hall, 3443 Sullivant-av, was announced last week by the Board of Trustees. The building and grounds were sold to M. A. Pfeiffer, a contractor with offices at 274 S. Glenwood-av, at a public auction held on Jan. 10.

Mr. Pfeiffer told the Board that the building could be used by Franklin Township for at least six months. Township Trustees and other community groups will continue to hold meetings in the building as usual.

Sidney McDonald, Northwest area businessman, announces the opening of the new location for Carpets, Inc., at 2155 Riverside-dr, south of the Scioto Country Club.

McDonald established and operated McDonald's Furniture Store on W. Fifth-av for several years. He sold the store in November, 1951.

Local Lineman Survives High Voltage Shock

Daniel W. Umberger, 35, 245 S. Richardson-av, suffered minor burns Monday afternoon when he accidentally touched a high tension line carrying 7200 volts of electricity.

A municipal light plant lineman, Umberger was changing voltage "taps" on a transformer at 413 Short-st.

He was treated at Mt. Carmel Hospital.

Professionals Are Barred From Liars Contest

C. H. Campbell (at right) executive secretary of the Hilltop Business Association which is sponsoring the annual Hilltop Minstrel Show on Feb. 12-13 gives an emphatic "No" to Jack Shank, barring him from competition in the Minstrels Tall Story contest on the grounds that Shank is "a professional in the art of making up tall tales." Shank bitterly protested the decision claiming, "There is no such thing as a professional prevaricator. They're just born."

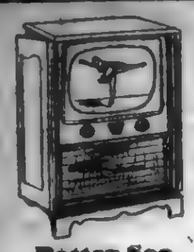
The search is now really on for the best tall story teller in the Hilltop area and from the appearance of the daily mail at the Hilltop Business Association offices, there are quite a few spinners of tales in this area who like to tell the tall ones. C. H. Campbell, secretary of the group which is sponsoring the contest in conjunction with the Hilltop Minstrel said this week, "With some of these tales that have been turned in I'm beginning to wonder if anything I hear now-a-days is the truth."

It seems as though there are quite a few of the good folk of this community who like to, now and then, stretch the imagination, or if you like — the truth, in order to impress fellow Hilltoppers with their prowess with rod and reel, gun, athletic ability or feats of the past. The current contest which closes on Feb. 7 with a medal to the Hilltop's Champion Tall Story teller and free tickets to the minstrel show has served as a challenge to them and they're really giving out with some big ones that will put Baron Munchausen to shame.

Some of the better known figures of the Hilltop who have been giving serious consideration to entering the contest because of their story telling abilities have indicated they will make last minute entries to easily win the medal which may be retained for one year (unless of course he can re-establish his claim as champion in 1954) and the pair of free reserved duopts to the minstrel.

Jack Shank has already been eliminated on the charge that he is a professional but other erstwhile Paul Bunyan's such as Lloyd Howe, Bill Coon, Jim Stewart, Ralph Wright, George Blackmore Murph Gimson, Lee Koontz, Harold Cunningham, Dewey Stout, Karl Koch, Roy Snouffer, Willard Harper, Bill Spires, Ray Hunt, Gail Linson, Jack Hatton and others are on the firing line.

Hilliards Centennial To Be Held On May 30-31



At a meeting of organizational representatives in Hilliards Fire House Monday night, temporary plans were roughly outlined for the Hilliards Centennial which will be staged in Hilliards on May 30-31. The plan was initiated by the Hilliards Business Men's Association whose representatives at the meeting, George Tillman, Robert Gard, John Russell and Ed Schellhaas, are seated left to right in the front row of the above photo. Other organizational representatives at the meeting, standing left to right, are Gerald Kidwell, Odd Fellows; A. V. Price, Rödmen; John Penfield, American Legion; William Carl, Fire Dept.; Carl Lowry, Fire Dept.; Austin White, Grange; Paul Kindinger, American Legion, and M. D. Hartsook, Hilliards Schools.

Another meeting has been called for Feb. 5 to plan further details of the Centennial and to appoint committees to start work for the two-day celebration.

Hoge Five Wins The First Round In The YMCA Junior Church Loop

By Dick Wilson

Hoge Memorial continued with their undefeated ways last week in the Hilltop YMCA Junior Church League as they bested West Junior High 37-29 to win the first round of play. If the "Y" boys had beaten Hoge they would have had a tie with the Presbyterians for first place.

The first half of the game was strictly a defensive battle between the two teams with both of them playing possessive type ball. The half ended in a 9-9 deadlock. And then in the third quarter Warren Pemberton hit the "Y" boys right between the eyes as he went on a scoring spree to lead his team to a 19 point quarter. While Pemberton was leading this bucket barrage, he and his teammates held the Junior Hi-Y to a meager 3 points for the quarter. The "Y" boys bounced back in the fourth quarter to score 17 points, but they were never close enough for Coach Lewis Proper to yank his second string who managed to garner nine points in the final six minutes of play.

The big scoring guns for Hoge were Pemberton, Bob Kern and Norm Buckingham, who got 13, 10 and 10 points respectively. Fred Lanch, long forward for the Junior Hi-Y, was high for the losers with a total of seven.

Score by quarters:

The Glass coached West Juniors managed to salvage a second place tie for the first round by downing a vastly improved Church of Christ team 41-35 in the second game of the evening. The ball game was quite a tussle for the first half as the first quarter was deadlocked 16-16 and the West Juniors had a slight 22-20 margin at the halfway mark.

The West Juniors' fast break became more effective in the second half as the Glass boys climbed steadily ahead to lead 31-25 at the three-quarter mark and 41-35 as the final horn sounded.

"Big Mike" Posey was the thorn in the side of the Church of Christ team as he banged in 16 points, played a good floor game and managed to grab a large percentage of the rebounds. Roy Parker was the star for the losers, as he accumulated 14 points, six of which were made from the free throw line.

Score by quarters:

West Juniors	16	22	31	41
Church of Christ	16	20	25	35

Sullivant Avenue Friends' bid to leave the cellar position came to an abrupt halt in their game with Burgess EUB as Jim Poston caught fire for 29 points to lead his United Brethrens to a 43-33 victory.

The Sullivant Avenue team started out like they really meant business. They jumped into an early lead and were never headed in the first half. At this point they led 16-14 and had held Poston down to eight points.

The second half was quite a different story as Poston played brilliant ball and led his team to the victory which gave the EUB undisputed fourth position in the league standings. Don Haskworth of the losers played his usual scrappy brand of ball and led his team with 13 points. His fouling out early in the fourth quarter hurt his team's chances considerably.

Hot Shots Give League Leading Cubs Trouble

Saturday morning's opening game at Glenwood Recreation Center found the Cubs having trouble with the Hotshots in the first half but the last quarter surge of the Hotshots almost cost the league-leading Cubs the game. The first quarter ended in a 3-3 dead heat.

The Cubs pulled out to a halftime lead of 9-6. The Cubs in the third went further to the front, 19-11. In the last quarter the Hotshots hit for 11 points with the Cubs getting six but it wasn't enough and the Cubs were on the long end of a 25-22 score.

Clapsaddle of the Cubs led the scoring with 18 while Luster of the Hotshots contributed 12 for his team.

The second game of the morning had the Atomic Five taking the measure of the Globetrotters 20-11. Glass' 12 points top the scoring of all players as his team-mates the Atomics moved into a 3-0 first quarter lead.

By the half-time the Atomics had increased their lead to 8-1, allowing the Globetrotters a single point for the first half. The Atomics increased the lead to 14-5 at the end of the third and both teams scored six points in the final stanza to give the Atomics an easy victory over the Globetrotters 20-11.

The last game of the morning put the Spartans in the sport light as they took a 24-15 victory from the Buckeyes. Behind Al Nichols' 13 points the Spartans moved into the first quarter trailing three points, 1-4.

The Spartans closed the gap on the Buckeyes to have the half-time tied up at eight all. The Spartans, still dragging their heels, finished the third quarter trailing 12-14 behind the Buckeyes.

With a barrage of 12 points in the fourth while limiting the Buckeyes to a single point, the Spartans had a 24-15 victory at the final whistle.

Atomics Lead Glenwood Sr. Cage League

The Clowns dropped a 12 point game to the Grace Methodist team on Thursday. Barington led the Grace Methodist attack with 15 points in the game high individual score.

The Grace team got off to an 8-4 first quarter lead when they continued to build for the remainder of the game to finish with a 39-27 victory.

Camp Chase stopped the Five Aces in the second game Thursday with a 61-49 win. The Chase team got off slowly, trailing 14-13 at the first stanza, but picked up speed in the second to move out into the lead 30-23 at the half.

In the third and fourth quarters Camp Chase continued to build their leads to top the Aces 46-32 at the three-quarter mark and to cinch it in the final to come up with a 12 point lead at the end.

Five Aces	14	23	32	49

The high scoring Atomic Five had an easy time Thursday with the DeMolay team getting off to a fast 18-2 first quarter lead which lengthened at the half to a wide 41-8 margin. The hapless DeMolays boosted their score to 20 at the three-quarter mark but the Atomics had moved to 63 and in the last stanza the Atomics moved the score to 85 to top the DeMolays' 30.

In Friday's loop game for this league the Grace Methodists tangled with the Lighting Five. The Grace, behind Harrington's 21 and Driscoll's 19 points, topped the Lighting Five lead by Witters' 17 and Williams' 16 points in a fast game 64-59.

The Grace moved out in the opening quarter to a 16-6 lead, which was lengthened to 31-17 at half time.

The Lighting Five put on a surge in the last half but were unable to catch the Grace boys. Lighting moved up in the third to trail 34-46. Lighting continued their surge in the fourth but it fell short 59-64.

Firemen, Glenwood, Ch. of Christ Win In Intermediate Church Loop

By Dick Wilson

The Volunteer Firemen came through with victory number four in the Hilltop YMCA Intermediate Church League held at John Burroughs gym last week. Up to this time, the Firemen have no defeats in the nine team league.

The Presbyterians made the best showing of the season against the boys from the Firehouse, but the experience and height advantage of the Firemen was just too much for Hoge to overcome. The scarlet clad team jumped into an early lead but the scrappy Hoge team did not let up and pressed the Firemen right down to the finish line.

Ed Lantz was once again high point man for the victors, but his teammate, Ronnie "Missed Again" Guyton was close behind with nine. Prior to this game, Guyton had not been a scoring threat but this night his accuracy was uncanny. Jack Delph was high for the losers with 10 points while his teammate, Lewis Proper, played one whale of a floor game and snagged the largest percentage of rebounds taken by Hoge.

Score by quarters:

Hoge Memorial	6	16	24	31

Glenwood Methodist continued with its winning ways as it put the old "homedalai" on a big and hard fighting Apostolic Gospel team. The game started out as if it would be a real thriller, but the Methodists played steady ball throughout the game and gradually eased farther ahead as the game progressed.

Methodist coach, Harry Grashel, used only five players in this game and all five broke into the scoring column. Don Martin and Clark Radick led the Methodist scoring with 16 and 13 points respectively. Jim Snyder of the victors played his usual good floor game and did a beautiful job of rebounding. Dean Orcutt was the "big gun" for the losers as he swished through five fielders for 10 points.

Score by quarters:

The A. R. Dixon coached Church of Christ team broke into the winning side of the ledger in the final game of the evening as they upset Burgess EUB 36-17. Burgess coach, Herb Carpenter, set up several styles of defense to stop the "hepped up" Church of Christ team, but the Green and White just were not to be denied this one.

Jack Taylor led the victors by accumulating 13 points. The losers were paced by Durwood Vincent, 11 points, and Roger Hamrick, six points. These were the only two EUB players to crack the scoring column. All except one of the Church of Christ boys managed to make this entry.

Attorney John Cooper will speak on "The Life of Lincoln." Mrs. Ted Hysel, chairman of music, will present Frederick Raitch, soloist, accompanied by Mrs. Raitch.

Hostesses for the meeting are Mrs. Cecil Randall, Mrs. Dollie Fisher, Mrs. Max Seltzer and Mrs. Mae Heckert. Mrs. Fred Doudley, president, will preside.

Women during the comming year will be "Hailing the Queen" not only for her beauty and prominence in the field of politics but also for the important affect she will have on women's styles in England and throughout the world. Already her influence can be felt in the increasing popularity of "tiaras" for the "formal of formal" occasions and on several other new jewelry styles.

Among the new trends are the "coronation" medallions. Seiller's has a wide selection of styles which represent various aspects of the royal family and the coronation. In metals of different colors, some with stones, the medallions are right in time for early spring sweaterwear.

Other jewelry claiming interest at the local store are the mustard seed bracelets and necklaces. The tiny mustard seed, symbol of faith and fertility, is incased in a glass dangle on these charming link bracelets and necklaces. Really a "talking piece."

And we can't talk about jewelry at Seillers without mentioning the wide selection of that ever famous MONET JEWELRY which they have displayed in a special case on the left of the main floor. They are featuring now the chain jewelry at its best. When you see the Monet jewelry at the store *Please* don't miss the darling pair of gold "ball" earrings. They are simply a gold ball of about the circumfrence of a dime for each ear. They clip right on light to the ear lobe (nothing dangling). Different! Adv.

Your Shoetrician in SEILLER'S Says:

ABOUT BABY SHOES —
A young mother asked me recently how she could make her year-old son start to walk. He is an unusually heavy baby and he seems to be afraid to take a step. So many mothers become anxious to have a baby walk that they often encourage it before the youngster's bones and muscles are ready for the task. Only the baby himself knows when he is ready; forcing him to walk before that time arrives may easily lead to flat feet.
Until a youngster is ready to pull himself up on his feet, the less foot covering he has, the better it is for him. The more he kicks and squirms and wiggles his toes the stronger his feet and legs will be when he does stand.
The first step shoes should have semi-stiff soles and very broad toes. These are to be at least a half inch longer than the foot and will need to be discarded for about a size longer in two to three months. In most cases high shoes are more satisfactory for the first two or three years, simply because they instill a feeling of confidence and they are easier to keep on an energetic young fellow. Later, low shoes are better for ankles. Keep your baby in good shoes; he'll need his feet a long time. Do your part to help him have good ones.

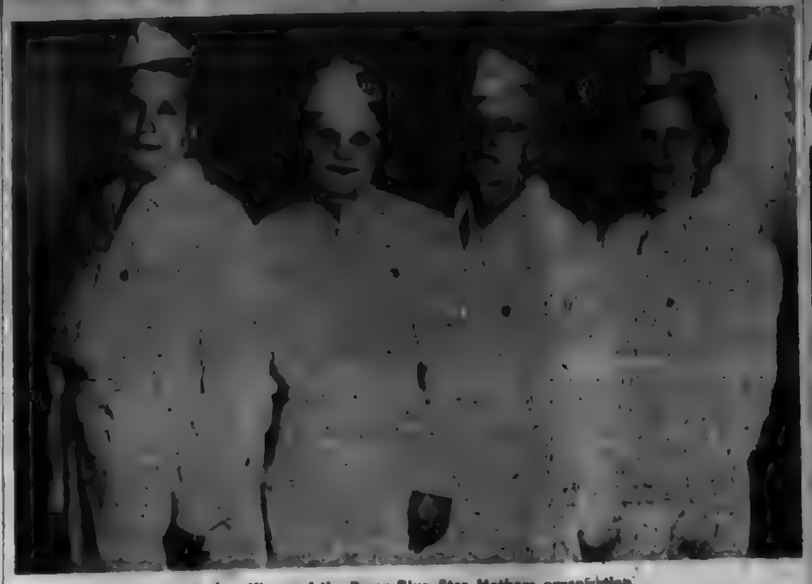
Highland School News

Mrs. Campbell's and Mrs. Floyd's 3rd grade rooms presented the assembly program this month. The theme of the program was Health and Safety. The program was very well received by the children in that they were reminded of a number of health and safety rules.

Mrs. Hardman's fifth grade attended the Ohio State Museum Thursday, Jan. 22. Their subject of discussion was "An Introduction to Natural History."



A Jitney lunch sponsored by the P.T.A. was held Friday, Jan. 23. This is a semi-annual event and the children always look forward to it with a great deal of pleasure.

The children of Highland were fortunate in being able to follow the inauguration ceremonies of Tuesday, Jan. 20. One of the parents was kind enough to donate the use of a television set for the day.

Your Youth

By Bob Schmidt - Dick Wilson

The beating of the Tom Tom, Indian stories and animal calls were the highlights of the "Y" Indian Guide Pow Wow Friday evening at Westgate EUB church. Four new tribes were organized at the Pow Wow and there will now be a "Y" Indian Guide Tribe in each grade school.

We want to welcome Mrs. Kathryn Cramer, Ray Anderson, Robert Edgar, W. E. Ferguson and Moss Williams as the new members of the Hilltop "Y" Board of Management. W. E. Ferguson and Moss Williams have just completed 3 years service as board members and were re-elected for another 3 years term.

West St. Hi-Y will now have their meeting after school and have scheduled them every two weeks. Since Ron Grant, treasurer of the club graduated at mid-term, Loren Galloway was elected to this office. They have tentative plans for their Induction on Feb. 15 at the Westgate EUB Church. Charles Lewis is president and C. H. Sedgwick is the Club Advisor.

If one didn't see the "Y" Emblem on the window of our office you would think you were at Rockefeller Center. The Hilltop Minstrel Chorus is practicing at the "Y" and say folks what a treat they have in store for you. We would like to tell you more but all we can say now is you had better hurry and buy your tickets to the Hilltop Minstrel Show today.

The February schedule will be ready by Friday, Jan. 30th and you are welcome to stop by the "Y" for your schedule. This months schedule is jammed packed full of exciting programs and special events so hurry down to the "Y" today for your copy. There are still several evenings open during the month for any Hilltop organization that is in need of a meeting place. The Hilltop "Y" is happy for organizations to share their facilities and invites you to contact them at Jo. 4641.

Mrs. Dinsh, Chairman of the Ways & Means committee of the Mothers Council reports that the council will be selling Salt Water Taffy during the next several weeks. The profit from this sale and other projects will be used to help sponsor the Boys program of the Hilltop "Y". The Mothers Council has recently organized but by their activity and program, under the leadership of Mrs. Warren Leeka, are fast becoming one of the most popular clubs on the Hilltop.

Hitt, LeFever Are January Class Speakers

Terry Hitt
Donna LeFever

Terry Hitt and Donna LeFever recently chosen as the January class speakers, will speak at the graduation ceremonies on Wednesday, Jan. 28, at 8 p. m.

Terry had to compete with one other boy and Donna three other girls in tough competition in order to gain the honor of being class speaker. To become class speaker they must write their own speeches and select the topic, have it timed to a certain length and have it memorized almost letter perfect. The latter is a school law.

Donna is one of three students in the January class who has achieved a four point average in her three years of high school. She also has taken part in dramatics, the Spanish Club, Y-Teens and is a member of the "L" Society and National Honor. She also belonged to the French Club and took part in the senior class play.

Terry is a very artistic fellow as for the past two years he has been the art editor of the school yearbook and was also president of the Art Club. He was also in the Spanish Club, Triangle Club, and is an active member of the Columbus Chapter, Order of DeMolay. Terry was rewarded just last week for his outstanding art work an art award from the school. He also took part in dramatics and in the senior class play.

Bible Comment:

True Greatness Is Won by Service And Humility

LEARNING to live together is the hardest lesson many of us must learn during the course of our daily lives. This task is not unique. Every group has faced the same problem based on differences in personalities and personal jealousies.

Even the disciples suffered from these human frailties. Once, when someone had evidently offended Peter, he went to Jesus asking how many times a brother should offend his brother and be forgiven. Peter set, what apparently seemed to him to be a reasonable limit, asking: "Until seven times?"

But Jesus put forgiveness on a much larger basis with His answer: "Not until seven times, but until seventy times seven." And it is on this greater plane that forgiveness should be considered if [redacted] is to be any true forgiveness at all.

Then the disciples were taught. They were extraordinarily fortunate in having such a teacher who also knew the meaning of greatness. He defined greatness in terms of service, saying: "He that would be greatest among you, let him be the servant of all." To make a deeper impression, He taught them by example, washing their feet and explaining that He was not there to be ministered to, but to minister to others, even to give His life as a ransom for many.

"It is more blessed to give than to receive," He said. Unfortunately, this has not yet been adopted as a creed by the world. But the world must acknowledge the true greatness of those who have adopted Jesus' standards as their own.

It is men like Father Damien, St. Francis, Dr. Grenfell, and others who have become the servants of their fellowmen, who are honored and revered. They have learned the greatest lesson, that of living with and for others.

MOTHER,
What's it for?

Darling, that's an hour-glass.

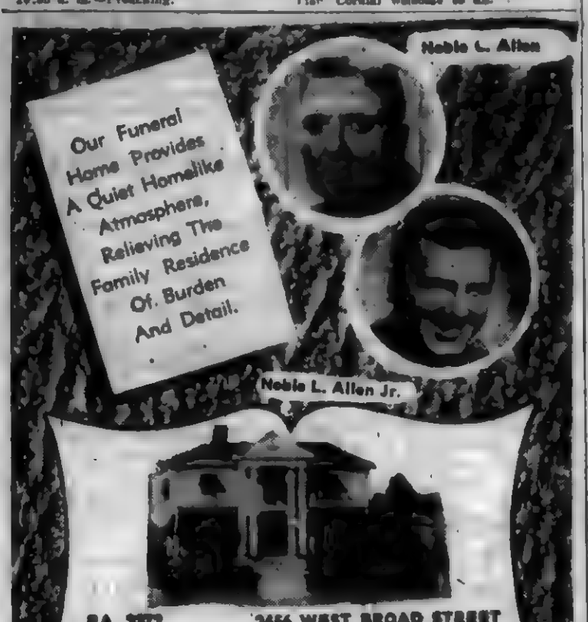
You don't see many of them left these days.

Turn it over once. There! See the sand running in that tiny, little stream? The sand never stops. It never will.

For that sand represents time, dearest. And time never stops either, but goes on and on and on...

The day you were born, God tilted a big hour-glass. It had all the hours of your life in it—and lots and lots of sand.

When you grow a little older, you'll find that time—like sand—seems to run a little faster. All of us have only so many hours—and without help, we might not spend them the way God thinks best.



That's why we have churches and Sunday Schools. Our church helps us make our hours meaningful, to make our time count for something.

Our church helps us make our lives good, and happy. That's why you and your daddy and I go to church every Sunday. For the hour we spend there guides us wisely all the rest of our hours through the week.

So you see, darling, that old hour-glass can only measure time...

But our church tells us how to get the fullest measure of time from our lives...

For everything there is a season, and a time for every purpose under heaven.
Ecc. 3:1.

takes one look and leaves the scene to watch at a vantage point until they have left the box. Then and only then will she return to renew her vigil. Usually she will spot Harrison as he comes north on Richardson long before anyone else.

There are a few days such as Sundays, holidays and days that Harrison is not on duty, however, that prove rather trying to the faithful dog. On these days she will pace up and down for several hours awaiting his arrival, looking into stores and everywhere before she finally gives up and returns to her home.

One bystander watching the faithful dog earlier this week remarked, "If only the entire world could be made of such friendships as exist there, we in our lives would never have witnessed nor ever witness the existence of wars."

Brinegardner Candy Company Supplies Stores In Three States

Edith Robinson, 534 S. Oakley-av, is one of three chocolate dippers at the Bringardner Home-Made Candy factory, 603 W. Town-st. After the candy in its various flavors is made, it comes to this station where bits are rolled into the chocolate by hand and cleverly marked with an identification symbol known as a "string" to designate flavor. PRAYER

For still indulging this unruly child,
Sparing the rod,
And treating her with Jesus' mercy mild—
God bless you, God.
For keeping her from looking very old,
From pain and fraud,
From death by violence and catching cold—
God bless you, God.
For understanding that a girl may tire
And entertain an impious desire
And still not visiting her with Your righteous ire —
God bless you, God!

A long-time friend, Dorothy M. Thompson, 1472 W. 6th-av, is Chairman of the 32nd Championship All-Breed Cat Show. The show is sponsored by The Ohio State Persian Club, Inc., of Columbus, and will be held Saturday and Sunday, Feb. 7 and 8 at the Southern Hotel Ballroom. It is to be a triple event this year, as in addition to the All-Breed Show, there will be two specialty shows — Siamese Cat Club of New England, Inc., and American Silver Fanciers. Judges will be Mrs. Laura Graham for the All-Breed Show, and Mrs. John Revington for the Specialty Shows. This annual event is looked forward to with interest by all Columbus and Central Ohio cat lovers. The show secretary, Mrs. Earl G. Fleming, reports an unusually large entry, with cats coming from many states. Among the entries are a pair of Manx, imported from the Isle of Man and owned by Mrs. Mark Fischer of Findlay, O., and a red point Siamese (very rare) owned by Mrs. Ronald Koenig of Fort Wayne, Ind. Also coming for the show will be three grand champions — two male and one female. The Cat of the Year is also coming. Dorothy wasn't sure if it is a blue or cream Persian, but it is a Detroit cat, owned by Mrs. Frances Koseirowski.

Show manager is Mrs. Perlie McKnight; assistant show manager, Perlie McKnight; officers of the Ohio State Persian Club are, president, Mrs. Willis Hostetter; vice president, William C. Bryant; secretary, Mrs. Earl G. Fleming, and treasurer, Mrs. Dwight Seidler. Dorothy's beautiful Persian, Sand, recently died, but Dorothy says "the show must go on," and knowing her I know that it will go on and will be a huge success.

Watching the Inauguration — How will our new president look four years from now? . . . That sincere prayer he prayed before his speech will certainly be heard. And answered . . . Mrs. Truman looked as if 20 years had been lifted from her shoulders. Was that pity in her look at Mrs. Eisenhower? . . . How children must have loved it when the cowboy lassoed president Eisenhower. Our four-year-old did anyway (granddaughter, that is) . . . The "Hazel" cartoon in Sat. Eve. Post reminded me that our laundry man collected on Inauguration Day, and said everyone on his route was watching. He wondered, too, how the next four years will deal with Ike, and of course he hoped they would deal kindly—as we all do.

My own Omnibus — Am very flattered that Dr. Floyd Faust is to build one of his inspiring sermons around a quotation from this space-filler. It was called to his attention by one of the best little press agents anyone could have, "Sandy" Sanford. Sandy is Press Agent Super for all of her friends . . . About 20 years ago (ugh!) two gals and I sat at a table in a downtown restaurant till they closed for the night and we had to leave, and talked about how all three of us were going to write The Great American Novel. One of us did! She probably doesn't remember me now, but I'm glad that one of us had a dream that materialized. Her recently published book is being praised everywhere and it is a fine book. Since she has forgotten me, this isn't an attempt to "bask in reflected glory" for I didn't even "drop" her name, now did I?

Hilltop Minstrel Is Coming Up!

Comes next Thursday evening and the 24th annual edition of the Hilltop Minstrel will be presented at West High School auditorium.

Attendance at the show in the last couple of years has been down, and in some quarters the belief is that many people are of the opinion that good seats are hard to get. This is not true and there are plenty of wonderful seats still available at the offices of the Hilltop Business Association.

Why not make plans now to be on hand for one evening of this annual local show? Your friends and neighbors make up the cast and, while it may not be professional in every respect, you will find it well worth the investment.

Opportunity or Security?

In the short time since President Eisenhower has been elected he has issued many statements that will perhaps go down in history. We were especially impressed with his words to Columbia University students as follows:

"A country is never going to deteriorate as long as each man and woman does more and thinks more about opportunity than he thinks about security."

Amen!

Retired Hilltop Grocer Stricken By Heart Attack

William E. Higgins, 50, a retired Hilltop grocer, died unexpectedly Friday at his home, two miles west of Ostrander.

Death apparently was due to a heart attack. He was stricken while cleaning snow from his automobile and lived only a few minutes.

Mr. Higgins operated a grocery store on Day-st before moving to Delaware County last August.

Surviving are his wife, Mrs. Gertrude Higgins; two sons, Harold and Earl Higgins, and a daughter, Helen Higgins, all of Columbus; three grandchildren; a brother, two half-brothers and four sisters.

Funeral services were held at 11 a. m. Monday in the Noble Allen Funeral Home, 2456 W. Broad-st.

Burial was made in Fairview Cemetery at Ostrander.

Council Delays Decision On Westgate Sidewalks

Continuing to follow a "straddle-the-fence" policy Columbus City Council Monday night again sidestepped the issue of sidewalks in the Westgate area and "took the matter under advisement." The evasive action was taken although more than 300 interested parties were on hand to hear a decision which had been promised.

Wayne Clemens, 270 S. Brinker-av, as spokesman for the delegation favoring the sidewalks, presented council with a three-page brief outlining the arguments in favor of the sidewalk construction and ended his plea to the councilmen by saying "Don't wait until some child has to prove the need for sidewalks in the Westgate area by giving up his life."

It was pointed out that many residents in the area have planted trees and shrubs near the street on city property which was originally intended for sidewalks and that as a result the children are forced to use the street. It was charged that "It is illegal to obstruct this area."

Despite the fact that council chose to side step any immediate decision in the matter, City Council President asked safety officials to appear before council next week to determine how to clear shrubs and trees from sidewalk areas in Westgate while the issue is being decided.

Spokesman for the opponents to sidewalks, Robert Draper, 194 E. Westmoor-av, minimized the traffic problems and declared property depreciation would result from sidewalk construction. He offered, however, an alternative, asking that Westgate Park be given sidewalks around the entire park, thereby providing a continuous sidewalk for children so that they would not be required to cross the many street intersections in the area. He also asked that sidewalk construction be made around the entire area of Westgate school grounds.

Draper contended that street construction would be necessary on many Westgate thoroughfares before sidewalk construction could be considered.

In the meantime Columbus City Council is still deciding what it should do in the matter, which is proving to be a "hot question to handle."

Walker Bids For Columbus Council Post

Edward Walker

Announcement was made this week by Edward Walker, 37, of 240 Demorest-av, of his intention to be a contender for the Columbus City Council seat now occupied by Jerry Spears, in the forthcoming primary election. Walker in taking out his petitions this week indicated that he will run on the Republican ticket.

Walker, who is a newcomer to political wars, has been a resident of the Hilltop and West Side for his entire life, having graduated from West High School in 1935 and maintained his business ties in this area before and after his five years of service in the army. For three years he operated an auto laundry on Orel-av, and more recently has been associated with Stewart-Neff realestate for the past seven years.

During World War II, Walker entered the army as a private with the 107th Cavalry in 1941. He was discharged with the rank of captain after overseas service with Headquarters Service Command in the South Pacific and is now on the officers retired list. He also has two years at Ohio State University to his credit.

Married and father of two children Walker resides with his wife at the Demorest-av address.

His affiliations are with West Gate Masonic Lodge, Camp Chase American Legion Post, War Veterans Republican Club; Hilltop Business Association; Columbus Realtors' Association and the Young Republicans Club.

Irate Hilltop Fathers Press Their Battle On The Pinball Machines

Hilltop fathers during this past week declared an open war on all pinball machines in the area which can be used for gambling purposes.

Anger of the group was intensified when it was charged that teen-age youths scheduled to appear at a hearing of Robert Mace Hathaway, who was charged with paying off on a pinball machine at the Miss Muffet Restaurant, 2415 W. Broad-st, had received threats warning them not to testify.

The group, headed by Guy Dowler, 48 S. Terrace-la, and Thomas Bryant, 276 S. Richardson-av, Monday night asked Columbus City Council to pass an ordinance which would outlaw the display of coin machines which can be used for gambling. Council in the meantime side-stepped the issue by requesting Safety Director Donald Cook to provide facts and figures on arrests for pinball offenses before taking any action on the measure to ban all such devices.

Director Cook earlier in the week stated, "There are 669 pinball machines in the city which are licensed for $10 each. The measure if enacted would wipe out a multi-million dollar gambling business in the city."

Attention was focused on the pinball payoffs when Dowler last week started the action after his son reported losing $15 on the pinball machine at the Miss Muffet Restaurant. The 17-year-old boy told juvenile officers he had received $8 in payoffs while playing the machine.

Police in the meantime have been probing the reports of the alleged threats made against the youths by a pinball machine operator who claimed he had a lot of money invested in the machines and that they had better think it over twice before giving any testimony.

Hathaway in the meantime has been cited for contempt of court by Judge John M. Mathias for failure to appear in Municipal Court Tuesday to answer the charges of Dowler and as a consequence his original bond of $100 was ordered forfeited and a new bond of $500 set in the case.

The owner of the pinball machine appeared in court Tuesday and told the court he had posted the original $100 bond and that Hathaway had told him he was leaving town because he had been in trouble before and could not afford to appear.

Sensenbrenner Hits Dilatory Council Action

M. E. (Jack) Sensenbrenner, Hilltop aspirant to the Columbus mayoralty seat, who is quietly conducting an "early-bird campaign" for the forthcoming primary election, this week "opened up" in stating his opinions on current issues which have made headlines during the past week.

"Council or no council," Sensenbrenner said, "if I ever get to be in City Hall, there is one thing that I will wage consistent war on, and that is gambling interests in Columbus. The current controversy over pin ball machines and the multi-million dollar revenue they glean for gambling interests is typical of the manner in which gambling is prevalent in this city.

By the very fact that City Council condones the licensing of these machines, and the facts proven that there are "pay-offs", is evidence that gambling is being tolerated.

I cannot understand the reluctance of council members in not adopting an anti-pinball measure immediately. We cry juvenile delinquency and then permit temptation to be placed squarely before the young people. What kind of thinking is that? Building boys is more important than entertaining a few adults."

Better Traffic Control Asked By Kiwanians

A resolution asking for year around traffic enforcement rather than spasmodic traffic drives was passed by the Hilltop Kiwanis Club last Thursday and copies of it were mailed this week to city officials.

The resolution follows:

"Whereas, the City of Columbus has enjoyed a very rapid and prosperous growth with the development and expansion of already existing industries and the coming of new ones, and

"Whereas, traffic congestion and hazards have and will increase in direct ratio to this expansion and growth, and

"Whereas, so-called traffic drives are short-lived in their effectiveness and are not conducive to the proper support from the public, and

"Whereas, traffic safety is of vital concern to everyone as it affects our economy, even our own lives, and

"Whereas, the City of Columbus can be made one of the safest cities, if not the safest city, in the nation; be it therefore

"Resolved, that we heartily commend and support our law enforcement agencies and our courts in a program of consistent year around traffic control and safety to achieve this goal, and

"Be it further resolved that, upon adoption, a copy of this resolution be sent to the various municipal department officials and jurists who shall administer this program."

The resolution was presented by Virgil Cline, chairman of the Hilltop Kiwanis Club business and public affairs committee.

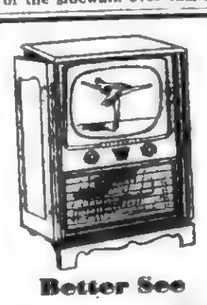
Camp Chase Post's Effort Wins Confederate Cemetery Sidewalk

The action of Camp Chase Post 98 of the American Legion taken more than three years ago in urging that the Federal government construct sidewalks and entrance steps to Camp Chase Confederate Cemetery on Sullivant-av are beginning to bear fruite with recent action of the government to quiet title to a 30 feet section of land at the west border of the cemetery. The clouded title on the 30 foot section prevented the construction of the sidewalk and steps.

In 1950 the Camp Chase Post passed a resolution requesting the government to construct the sidewalks and named Larry Scales and Michael H. Austin, both descendants of Confederate soldiers to a committee to follow the matter through. Several letters by Austin to Second Army Headquarters in Baltimore drew a favorable reaction.

U. S. Engineers then made an investigation concerning the possibility of such construction and prepared specification. It developed that the U.S. Government did not apparently have record title to a strip of land approximately 30 feet in width on the extreme west side of the cemetery over which the walk was to be constructed. The United States had acquired title to the cemetery by deed from the executors of John G. Holloway, dated Apr. 3, 1873. At this time the cemetery was held under lease made by the Secretary of War and the deed from the Holloway estate called for only 429 feet on Sullivant-av.



After the discovery of the fact that the government held no title to the additional 30 feet it was in the opinion of the General Counsel that there was no authority to use appropriated funds for construction of a sidewalk on the 30 feet in question. It was suggested that if some arrangement could be made to defray the expense of construction of the sidewalk over this strip by the city or some private organization that the difficulty would be solved and proper construction started.

On Mar. 15, 1951, Camp Chase American Legion Post 98 approved a resolution agreeing to assume the responsibility of erecting the sidewalk over the disputed 30 feet of ground. But then the government again expressed the opinion that it should have title to all the area in order to proceed.

Much work was then done in seeking out the many heirs to the disputed land and in securing from them the title for the government. Those who have worked on the project said that more than 30 different heirs had to be contacted before record title could be established.

As the matter now stands the entire question has been cleared up and it is believed that the governmentwill instruct the army engineers to proceed with the construction of the entire sidewalk and entrance steps as soon as possible.

Camp Chase Post 98 of the American Legion has always taken an interest in the Camp Chase Confederate Cemetery and over the years the Post Commander has usually acted as the master of ceremonies at the memorial services held at the cemetery the first Sunday of June each year.

Churches Plan United Services For The World Day Of Prayer Feb. 20

The churches of the West Side and Hilltop will unite in observing World Day of Prayer, Feb 20. On that day they will join churches all over the world and pray for peace.

Two services have been planned: At 2 p. m. the first service will be at Hillcrest Baptist Church, 2480 W. Broad-st.

At 8 p. m. there will be a service at Hope Memorial Presbyterian Church, 29 S. Eureka-av.

Theme for the annual Day of Prayer will be "Walk As Children of Light."

World Day of Prayer will be observed this year for the 69th time. Millions of women in the U. S. and others throughout the world will join in united prayer on that day —the first Friday in Lent.

This regular annual observance began in 1887 and since that time women have prayed for a better world individually and in groups. Their response was so great that a day was set apart annually and eventually the first Friday in Lent was chosen as the World Day of Prayer. Today the program is sent to 118 countries. There are now approximately 17,000 observances in the U.S. alone.

Prayer girdles the globe. Services begin in New Zealand and the Fiji Islands, west of the date line, and continue throughout the day, closing with the observances in Alaska and on the Tonga Islands.

The purpose of the day is the fellowship of prayer around the world and the building of world brotherhood.

Sponsor in the U.S. is the General Department of United Church Women of the National Council of Churches.

The program comes from a different country each year. It is distributed in more than 16,000 communities in the U. S. The 1953 service comes from Christian woman of Africa.

Seven Athletes Graduate At West Hi

On Jan. 23, seven athletes closed their athletic careers at West High School. These boys have all written brilliant careers in West's record book and have contributed a great deal to West's success in high school athletics.

JOHN BOLG—John was one of Coach Glass' spring and cross country track team members. He was usually one of the first two finishers in the cross country meets and could always be depended upon to finish near the top in the mile run in spring track. He will be missed greatly by Coach Glass this spring.

RON GRANT—Ron was a member of West's football team for three years and played regularly on the defensive team his first two years. He switched to offense this past year. Ron was elected co-captain this year and his fine team play, spirit, and playing ability was one of the main reasons for West's successful season. He was given an All-City berth in his senior year at his halfback position.

FRED LADERER—Fred was a member of Coach George Williams baseball squad for three years as a pitcher. Even though Fred did not get to play as much as he wanted to, his terrific spirit and competing spirit was always there to spur the team on.

DICK ORR—Dick was a member of the basketball, baseball, and football squads. Dick was a member of the reserve and varsity basketball squad and played third base for the baseball team. He played varsity football in his junior and senior years, as it was here that he gained his greatest achievement, by gaining an All-City berth and winning the Miler' Trophy. He played outstanding ball at his quarterback post and helped to lead the Cowboys to a successful season.

RON RADKE—Ron was a member of the football squad in his sophmore and senior years. His position was center. He did not get to play very much, but was always there ready to help at both the practices and the games. He will be missed by Coach Pemberton next year.

JOE SAMS—Joe was a very valuable man to Cach Glass on the cross-country and spring track team. He was a 100 yard dash man in spring track and finished close to the tops on practically every occasion.

JERRY TRABUE—Jerry was an All-City basketball and football man, starring in his three years on both teams. He was co-captain of the football team this past season and was given a berth on several All-Ohio teams. He also set a new school scoring record last year in basketball. Jerry was a standout punter and pass reciever in football and was the leading scorer in the County last year in basketball.

All of these boys will be greatly missed by their respective coaches and will be remembered for a long time by them.

Second Round Gets Underway In YMCA Junior Church Loop

By Dick Wilson

The Golden boys of Hoge Memorial again showed their fine team balance as they whipped past the Church of Christ 43-30 in the opening game of the second round of play of the Hilltop YMCA Junior Church League on the John Burrougha floor last week.

The Church of Christ team was out to upset the Hoge boys but did not succeed in even coming close to making it a narrow contest. Kenny Clapsaddle and Ray Parker, Church of Christs crack shots, tried wholeheartedly, but their efforts were continually erased by the coordinated Hoge five. Clapsaddle finished with 8 while Parker accounted for 9 of Church of Christs total points.

For the victors, Warren Pemberton was high with 14 tallies while teammate Scott Pence put 13 in the books.

West Jr. Hi-Y got revenge against Burgess EUB for the first round defeat in the second game of the evening as the "Y" boys slapped down the EUB team for a 40-23 count. Teamwork and the dead-scoring of three "Y" players were the main factors in the great difference between the two teams.

Coach Dick Wilson employed his starting five in only the first quarter, but all 10 of the players used managed to break into the scoring column for the Jr. Hi-Y. Tom Coffmans 13 points paced the victors who were never pressed in the contest. Jim Poston, who scored 29 points in the previous weeks game, was once again the big gun for the Burgess team as he came through with 9 for the evenings efforts.

West Jr. Hi-Y	11	23	42	40

West Juniors fast-breaking team had no trouble in gaining a 3 way deadlock for the second round lead as they coasted to a 39-24 victory over Sullivant-sv Friends in the final game of the night.

From the very start, when successive baskets by Jack Kight and Dennis McDonald gave the Juniors a quick 4-0 advantage, it was never a contest.

The Juniors as usual boasted a well balanced fast breaking attack. Kight with 12 and McDonald with 10 were tops in scoring for the winners. Don Hackworth was once again high for the losers, but neither he nor his team mates could cope with the all-around court finesse of the victorious West Juniors.

Camp Chase 5 Holds The Cage League Lead

In the big action on Tuesday in the Glenwood Intermediate League Camp Chase took a hard fought close game from the Hoge Five 32-29. The game was as close as the score indicated. Chase moved into the lead at the end of the first stanza with a two-point lead, which they had stretched to a six-point lead at the half time to lead 18-12.

Hoge outscored Chase in the third but it wasn't enough to cut down the Chase lead, which was lengthened at the final gun to a three-point lead to make the difference in the ball game.

Hoge Five	4	12	18	29

Hanley's Coffee Shop made short work of the Cardinals, using a strong pressing defense behind Posey's 13 points to more than double the score. Hanley got off to a fast first quarter to lead 12-3, a lead which they continued to build throughout the remainder of the game and to hold a half-time lead of 29-11. They held the Cards to seven in the third while they picked up 12 to increase their lead on into the final stanza when the Hanley picked up 11 more points while the Cardinals could get only six to win a 52-24 game.

The Panthers, led by Dickerson's 18 points, mauled Smitty's Pure Oilers, 60-19. Dickerson was used only during the first half as eight men were used by the Panthers, three of whom got into the double figures, besides Dickerson.

Fred Jackson got 12 and P. Jackson got 10. Smitty's tried hard but the fast break used by the Panthers was too much. The Panthers jumped into an 18-4 first quarter lead, which was built to 29-10 at the half.

The scoring continued in the third with Panthers gaining points to finish the third with a 43-14 lead. The fourth was no different and when the smoke had cleared the Panthers had a 60-19 victory.

In this league's only game on Friday the Cardinals were scheduled to tangle with Camp Chase in the first game of the evening, but the Cardinals, due to a schedule difficulty, failed to put in an appearance and forfeited the game to Camp Chase.

Camp Chase 2, Cardinals 0.

Mike Posey of Hanley's Coffee Shop is leading the league with 50 points. In second place, 20 points behind with 39 points, is Fred Jackson with the Panthers, 30 points, with third place held by Bill Bryant, Camp Chase team, with 26 points. In fourth place, very close to Bryant, is Kern of Hoge, who has 25 points. Deshler, of Camp Chase, Dickerson of the Panthers and Pemberton of Hoge all have 23 points in league scoring.

South Side Girls Defeat Glenwood

Sue Kuhlman scored all of Glenwood Center's 18 points against South Side Settlement Girl's 20, Thursday, Jan. 29. This is the second loss for the Hilltop girls in the Beatty Center League which is playing AAU Girls Rules.

Kuhlman started the scoring and Glenwood was leading 9-4 at the first intermission. The South Siders rallied in the second period to take a 12-11 lead at half time. South Side was held to one point, but Glenwood, failing to score but one field goal, tied up the score as the game went into the final period.

South Side's speed was a little too much for the tiring Glenwood team as they forged ahead in the last quarter to win 20-18.

Glenwood plays Bryce Florists today, 6 p. m. at Beatty.

Volunteer Firemen Retain Lead In The Intermediate Church League

By Dick Wilson

The Volunteer Firemen hung on to their Hilltop YMCA Intermediate Church League unblemished lead with a 8-0 record by mastering Apostolic Gospel 47-41 last week at John Burroughs Gym. It was the Apostles fourth loss against two [illegible].

The game started out like it was going to be a cake walk for the Firemen as the half-time score stood at 24-13. The Apostles, however, never stopped fighting, and they finally caught fire in the second half to outscore the Scarlet team 28-23. Fireman Coach, Ken McClelland evidently did not worry about this fire as he left his second string Firemen in the game to quench the blaze and go on to victory.

Fireman Ed Lants snagged top individual scoring honors for the game with 18 points as Dean Orcutt paced the losers with 14.

Score by quarters:

Volunteer Firemen	12	24	35	47

West Sr. Hi-Y lost its chance to overtake the league leading Firemen as they were nipped 44-38 by a scrappy Oakley Baptist five. Coach Bob Schmidts' charges just were not able to stop the Baptist guard, Sherril Singer, who had just won a bout with Mr. "Flu Bug." Singer pocketed 13 points and always came through with a fielder when the "Y" boys would close the margin between the two teams.

Singer's one-man show can not take anything away from John Jackson, another Baptist star, who garnered 17 points. Jackson hit on a large percentage of his shots and played a terrific floor game.

Loren Galloway, red headed guard for the "Y", was constantly a pain to the boys from Oakley Avenue. Despite his lack of height, he managed to grab a lot of rebounds away from the taller Baptists. He was also constantly driving through the Oakley defense for lay up shots. He gained 11 points for his efforts, and it was these efforts which made the outcome of the game doubtful until the final few minutes.

Score by quarters:

West Sr. Hi-Y	11	20	29	38
Oakley Baptist	10	21	33	44

The Glenwood Methodists had a breather against Burgess EUB in the final game of the evening as they landslided to a 74-24 victory. The major portion of the Burgess first team was unable to make an appearance because of school graduation.

The game was filled with laughs and comedy play as the EUB reserves took their shellacking good naturedly and showed very good sportsmanship toward their conquerors.

Jim Snyder had himself a field-day as he accumulated 22 points for the victors. Chuck Lewis led the short handed Burgess team with 11.

Thrillers Mark Cage Play At Glenwood

This week's games in the Boys' Intermediate League were highlighted by some thrilling action and the beginning of the second round of play in the league. The league plays two rounds with the league champion being the team with the most victories in the two rounds.

The Panthers and the Hanley Coffee Shop teams played the most dramatic and thrilling game on the Glenwood floor in many moons. These two teams played twice this week, one game in the second round and one in the first round.

It was the game of the first round on Tuesday night that was the thriller. The first quarter ended with the Panthers having a one point deficit, 7-6. By the end of the first half the Panthers had taken the lead from the Hanley Coffee Shop, 18-13. By the end of the third quarter Hanley's had cut the Panthers' lead to one point, 34-33. When the final gun had sounded the score was 34-34.

The first overtime was played and Hanley's Posey connected for two free throws, which was the [illegible] until the last seconds of the overtime. The Panthers' Keyes dropped in a fielder to tie up the score again. The overtime ended with the score still tied, 36-36.

The sudden-death overtime was started, the ball exchanged hands. Suddenly Jerry Keyes dropped in another fielder which give this thrilling game to the Panthers 38-36, over the hard fighting Hanley Coffee Shop.

In the second meeting of these two teams the Panthers took the lead at the opening whistle and held it all the way behind the 18 points of Dickerson. Mike Posey of the Hanley Coffee Shop got 16 points.

First game:

Panthers	6	13	24	34	36	38
Hanley	7	13	23	34	36	36

Second game:

Panthers	20	24	42	52
Hanley	13	21	32	45

The fast improving Cardinal team gave the league leading Camp Chase team a scare before dropping a 41-32 game. The Cardinals, off to a slow start, threatened the leaders all the way. The first quarter was the bad one for the Cardinals as they trailed 17-4; at the half they were trailing 23-14.

In the third quarter the Camp Chase team faltered and the Cards moved up to end the quarter 32-32. The Camp Chase squad moved out in the fourth to end the game, 41-32.

Deshler led the winners with 18 points, all fielders, while Brown got 13 points for the losers.

Hoge moved out in front at the opening whistle in their game with the fourth place Smitty's Pure Oilers to end the first quarter with a 15-10 lead. Hoge continued to build their lead and at the half led the Oilers 27-12. The third quarter was the payoff when the Hoge got 23 more points while Smitty was able to collect only five to make the quarter read 39-17. Hoge got 23 more in the fourth while the Oilers could slide in only three to make the final read 75-20.

Pence with 26, Kern with 22, Pemberton with 21 led the Hoge scoring parade.

In Scotland there's a prudent man who talks through his nose to save wear and tear on his teeth.

SPORT SLANTS

By Woody Owen

This week mid-year graduation took its usual toll of high school athletes, but no team will suffer more than the West High Cowboys as big Jerry Trabue has now joined the alumni.

This outstanding athlete has established many records at the local institution that may stand for many years to come, being the top scorer on the cage quintet for the past two seasons and was named on the All City League first team both seasons.

He established a single game all time high of 36 points against Central during the 1950-51 season; an all time high of 396 for one season in 1951-52. He also has the all time high for three seasons—a total of 1005 points.

In football he was one of the few local players to go both ways in the now defunct two platoon system. Being an offensive end and defensive guard. It was at the former position where he excelled being honored on the All City first team at that position and also on the first team all-Ohio squad as selected by the Jay-Sees.

Jerry was probably the most versatile footballer in this area, being a fine pass receiver, the best punter and place kicker and he also found time to complete 6 of 7 passes during the season. He is also the finest shot maker to come along in many years on the hard court.

Many are wondering what college this greatly sought athlete will attend. We'll predict Ohio State.

This writer along with the thousands of local fans want to wish Jerry a great big so long, good bye and good luck.

Time For A Cleanup

During this past two weeks a campaign has begun to clean up the disgraceful types of scenes which come into the living rooms of our homes via the television screen, with the so-called wrestling shows as the prime target. The move was initiated by Dr. R. G. Bibler of 2923 N. High-st, and admirably carried on by Brad Wilson, sports editor of the Columbus Dispatch and to both we doff our hats for their commendable action.

We join our voice with them in deploring the total lack of foresightedness on the part of promoters and TV stations, too, in permitting the display of poor sportsmanship, and dirty wrestling tactics by wrestlers. The public is gravely concerned with the fact that we teach our youngsters the rules of good sportsmanship in our schools, our churches, our youth organizations. Teach them that fair play is by far the better virtue than just the glory of being a victor. We try to teach them honesty—but—

A flick of the switch on the TV and we have a wrestling match on the screen—and in that one lone match the youngsters see the dirty and foul tactics used with roughhouse abandon. They see warnings by a referee and then a repeat of the same tactics by the wrestler. Many times they see the unfair tactics bring a win to the wrestler that uses them and the seeds of doubt are sown in their minds and thoughts.

In many homes where the wrestling matches were once enjoyed via the television the viewing of the match is barred. Barred because wrestlers, and their shows of unsportsmanlike conduct are no longer welcome. We are not against wrestling as a sport. It has many avid fans, but many of them, too, are turning to other forms of amusement.

There is one thing that should be borne in the minds of wrestlers, promoters, TV station operators and others allied with the industry. "You are invited into the homes of the viewers by a flick of the switch. You can just as easily be asked to leave. If you would gain a following for your sports, for your station, it is time to clean up."

This newspaper is joining the crusade to clean up televised wrestling on the grounds that unsportsmanlike conduct has no place in the home. We invite our readers, too, to join us. Send in your opinions whether for or against. No anonymous letters will be considered. We'll devote space for you to "Sound Off."

It is not the intention of anyone to outlaw wrestling or to get it off the television screen or in any way to harm wrestling. It is however, the intention to get out of the sport all of those things which are undesirable. You, our readers can help, too.

Hilltop Branch Library Again Exhibit Scene

Hilltop Branch Public Library is again the scene of an exhibit by a Columbus artist. This group of 12 watercolors was done by Ralph Fanning, professor in the School of Fine and Applied Arts at Ohio State University. Mr. Fanning painted the group of Greek Revival mansions while in Georgia last spring. The pictures are uniform in size and have been framed in white mahogany.

The exhibits by local artists remain in the Hilltop Library approximately six weeks. Mr. Fanning's paintings will be on view until the middle of February.

Hilltop residents who are lovers of art feel both fortunate and flattered that their Library is able to attract exhibits of such merit. The exhibits have been arranged by Mrs. William Dallas Campbell.

"Did he feel sick today?"

"No, just a little down in the mouth."

The Gate Post

By Pat Martindale

No doubt the readers of the Gate Post (if there are any) know by now that "Yours Truly" is sold on our American way of doing things, and after being a mother in the "March Against Polio (which I really am anyway), seems to me that it's the good neighbors who cooperated so well that deserve a big "Thank You."

Most every home was waiting to contribute to the cause and every one was most friendly. Apparently most mothers had explained what it was all about to the "small fry" because many of the little tots "along the way" were eagerly waiting to drop coins in the jar and were very happy because they were giving to a worthy charity; which "brings to light" the point in this week's column—the wonderful attitude of our children toward the handicapped child of today. The parents, too, deserve some praise for teaching their children not to shun or look down on those who are afflicted or those who are in need as was too often done in the past years.

Seems as though today's children are more considerate of others in every way and they seem to realize that anyone has a chance of becoming handicapped. They also seem to feel that it is their duty to give help whenever possible.

Because of the good attitude both children and adults have, it is much easier for handicapped children to live a normal life, besides the fact that medical research, occupational therapy and a more understanding society in general, help a great deal more than ever before.

All in all, it's a good feeling to know that we are more "broad minded" and our children are more considerate today than we were in the so called "good old days"—and it pays-off in a more secure feeling for some and greater happiness for all

"My wife talks to me positively awful."

"And mine talks to me awfully positive."

Anchorage Asks Hilltop Library Plan

If a future Hilltop traveller should find himself in Anchorage, Alaska, he may feel right at home if he drops into the library there.

The Alaska city plans to build a library, and has written the Columbus Main Library, 96 S. Grant-av, for a copy of the plans of the new Hilltop Library.

Why Hilltop? It seems the Anchorage city librarian saw a picture of the new library published in a librarian's magazine two years ago.

Bible Rally To Be Held Friday At Central High School At 8 P. M.

Dr. Allen A. McRae, president of Faith Theological Seminary, Philadelphia, Pa., is being presented as the speaker at a city-wide Bible Rally being held at Central High School auditorium on Friday evening at 8 o'clock, Feb. 6.

Dr. McRae will speak on the subject, "Should the New Revised Version of the Bible Replace the King James Version?"

Under the leadership of Dr. McRae, Faith Theological Seminary has grown from an enrollment of less than 30 to close to 150 in 14 years. To meet the needs of this expanding student body the seminary recently purchased the famed Weidner Estate in Philadelphia and in 1952 moved to that location from Wilmington, Del.

Dr. McRae received his A.B. and A.M. degrees from Occidental College, his Th.B. from Princeton Seminary, studied at the University of Berlin from 1927 to 1929, and received his Ph.D. from the University of Pennsylvania. He was elected in 1950 a Fellow of the Royal Geographical Society and has been president of the Oriental Club of Pennsylvania.

Dr. McRae is considered one of the greatest authorities on the Old Testament in this country. He teaches Old Testament subjects at

Seen at Seiller's

Oh, I just love those February formal dances! They're the first ones to which the "fresh young things" and "lovely matrons" wear those tulle and net formals which are so unmistakably "Spring." Valentines day usually brings forth the first of the early dances and they follow in rapid succession, including the Potentate's Ball, Wing, Twig and others.

Seillers features a good selection of formals, including a pale blue tulle enhanced by a silver and blue brocade bodice and brocade bows (small and delicate) on the skirt. It is that popular and so much more comfortable ballerina length and is strapless with a matching stole.

Another interesting blue net has and over net apron of net embroidered in a white coronation design. How modern it is. Apple greens, pinks and others complete a bouquet of styles for the first formals of the year.

This is a drastic change of subject but there is something else at Seiller's that reminds me of Spring and I'd like to tell you about them. In the rear of the basement housewares department you will find a display of guest towels, made from paper, which are very unusual and furthermore very pretty. A real garden of flower designs and other colorful modern arrangements decorate these tasteful towels. I can think of a million and one uses for them can't you? Step in to see them and you will! Sooner or Later...

Only a minute ago you had this great idea.

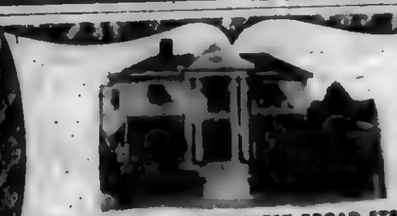
"I'll just try it once," you said, "Let's see what the old buggy will do over this stretch of road."

And just about the time the speedometer quivered on past seventy, you heard the siren. Then—the old story all over again. The patrolman. The argument. The ticket. And finally, the fine.

"Too bad, buddy," said the Law, "Sooner or later we get you guys."

Sooner or later said the Law . . .

A man's life can come to this point, too—the point where his misdeeds catch up. For sooner or later we all pay for our transgressions against *God's* law.



Your intentions may be good, but good intentions alone are not enough—that is what your Church is for: to help transform these intentions into reality. For your Church knows the meaning of God's law. And it knows that within the wise bounds of God's law is a happy and fruitful life for you.

The Church is ready to help you achieve that life—if you will give it the chance.

So when should you seek the guidance of your Church? Later . . . ? No!

The time to go to Church is *now!*

"Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he reap."—GALATIANS 6:7.

He'll tell you it's wise to plan your family burial estate NOW!

Because people turn to him in time of sorrow, he knows so well that is no time for the bereaved to have to hurriedly select a cemetery lot. He'll tell you "the selection of a family burial estate is a family matter, that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

Bible Comment:

Jesus Changed Intense Narrowness To Great Tolerance

OUTSTANDING among the 12 disciples were three intense men of strong character and ambition. These were Peter and the two brothers, James and John.

The brothers lacked some of Peter's weakness and had the benefit of steady, persistent ambition. Jesus called them "Sons of Thunder."

But the three men were united in their intense desire to have places of power and preference in the earthly kingdom which they supposed Jesus was going to establish.

The mother of James and John, wife of Zebedee, was also very anxious that her sons have authority and preference in the kingdom, even asking Jesus to give her boys places on His left and His right when He established the kingdom.

The fact that Jesus was able to hold the loyalty and devotion of these men after they discovered that His kingdom was to be spiritual, not earthly, is a marvelous think indeed. They suppressed their ideas of worldly power and became even more loyal and unselfish than before, applying their abilities to the task.

When Jesus explained that the places asked for were not His to give, and that they would suffer much in the future, their answer was: "We are able." And they were able. They became powerful personalities. They achieved a stature most men never dream of.

Perhaps the best example of change in the "Sons of Thunder" is revealed when we recall their earlier fiery tempers and the request that the Lord call down fire from heaven to consume inhospitable villagers. Compare this to John, later so gentle he describes the transition: "We know we have passed from death into life because we love the brethren," and "Little children, love one another."

Glenwood Center Senior Boys League Features Close Games

In the opening game of the Glenwood Boys' Senior League Camp Chase lost a close one to the DeMolay 33-30. Camp Chase went out into a first quarter lead 7-6 but had slipped and allowed DeMolay to lead at half, 16-9. DeMolay continued to pile up a lead in the third to have a 24-15 lead. A final surge by Camp Chase was not enough to overcome the lead DeMolay had built and the game ended 33-30.

Camp Chase	7	9	15	30

The second game on Thursday was won by the Lightning Five. The Clowns went out to a 10-8 first quarter lead which the Lightning Five had upped at half-time 18-15. The third ended with the Lightning Five leading 28-26. A close fourth quarter ended with the Clowns on the short end of a 42-39 score.

The final game of Thursday found the Atomic Five tangling with a determined, Grace Methodist team. Grace lost Bard and Driscol on the foul route and finished the game with four players to the highly touted Atomic Five 46-41. The game results indicated that the Atomic Five will have a battle on their hands as the season moves on to get in first place when they meet the Firehouse.

Grace moved into a first quarter lead of 4-12 which was lengthened into a lead of 21-14 at the half. The losing of two men cut the Grace power in the final half and the third ended with the Grace leading 30-27. The final quarter with only four men was too much for the Grace and they fell 46-41 to the Atomic Five.

On Friday the Five Aces, aided by the flu bug, were unable to have enough men for their game with the Firehouse Five. The Firehouse gained a game on the forefit.

The final game on Friday was the re-play of a game between the Clowns and the Firehouse which was disputed and ordered replayed.

The Clowns played a determined game which, except for a twist of fate, would have been theirs. In the last quarter as the gun sounded Ed Lantz of the Firehouse was fouled. The game was over but Ed had two free throws. The score was tied. In this dramatic situation Ed came through. His first free throw was good and the Firehouse won a 35-34 thriller.

The Firehouse went into a first quarter lead 6-5 which they lengthened to 20-10 at the half. The determined Clowns came back in the third and fourth to cut the lead down but the efforts of Big Ed Lantz with 14 points and that all important free throw was the margin of victory.

Glenwood Center Little League Cage Results

In the opening game of the week's play in the Glenwood Center Little League the Redskins defeated the Yankees 30-23. The Redskins got off to a 6-0 first quarter lead which they never gave up. The Yankees moved into action in the second quarter to make the half time score 18-8. In the third quarter the Yankees threatened but could not close the gap and the quarter ended 20-16. The Redskins moved on in to victory in the fourth behind Allen Stricklers 14 points to finish 30-23.

Redskins	6	15	20	30
Yankees	0	8	16	23

The Redskins were given a game by the Roughnecks when the Roughnecks could corral only four players for Thursday's game. This win by the charity of the Roughnecks put the Redskins in a first place tie.

The Chicago Bears swamped the Sevens in the last game of league play this week 22-11. The Bears leaped into a first quarter lead of 12-6. The second quarter was the Sevens' downfall since they could not find the scoring column while the Bears scored to end the half leading 16-6. In the third quarter the Bears couldn't find the basket while the Sevens found it once to bring the third quarter total to 16-8 for the Bears. The Bears continued their scoring in the fourth to take the game from the Sevens 22-11. Sammy Miller of the Bears collected 13 points, more than enough to beat the Sevens.

Writer Scores Haphazard Cage Officiating

By Woody Owens

This writer witnessed the West-Marion Harding basketball game last Saturday night and without a doubt it was one of the poorest officiated games these eyes ever want to see.

From the outset the game resembled a football scrimmage rather than a basketball game as time after time players were knocked to the floor with reckless abandon, with the officials standing by and choosing to ignore the obvious fouls.

Twice in the first half Ron Bowman drove in to attempt a goal and was knocked to the floor, striking his head on a steel bar supporting the basket, but no foul was called in either instance.

The game got so far out of hand in the final period that one Marion player was ejected from the contest for an intentional foul.

This action on the part of the officials should have taken place in two other instances earlier in the game. One of the local players should have been ejected.

It is a small wonder that some player or players didn't receive a grave injury, which could easily have happened.

Some officials call them close, which many fans don't like, but it is better than taking a chance on letting some one get injured.

This writer is of the understanding that the officials recently have gotten a raise in pay for these games. It is my opinion that some of them didn't earn what they got before, as I have seen men officiate four games in one night for less money and do a better job.

A total of only 34 fouls was called in the game, 21 on Marion and 13 on West, but there could easily have been more than twice that many called had the officials chosen to do so.

The big question we would like to ask: Why is there such a difference in the officiating in the same organization? Or aren't some of these men capable of doing a competent job?

East Tramples Cowboy Five; By 70-66 Score

By Woody Owens

East High School's Tigers, led by the brilliant all-around play of Mel Braxton, avenged an early season defeat at the hands of the West High Cowboys by taking a 70-66 decision last Friday night on the winners' court.

Braxton's 14 markers led the winners to a 38-35 halftime lead, but the third period saw the score tied on six different occasions, with the Tigers holding a 53-53 edge at the conclusion.

Early in the final period Collins, Braxton and Shepard combined to spurt the ultimate winners into a 64-55 lead which the locals were never able to overcome although the Cowboys made a battle of it all the way.

The outstanding feature of the contest was the zone defense as employed by the Tigers, which held Jerry Trabue, Cowboy ace point maker, scoreless in his final City League appearance.

Three Teams Tie For First In Junior Loop

After the play of the Glenwood Center Junior League on Saturday there are three teams in first place — The Atomic Five, The Cubs and the Spartans. There is only one more Saturday of league play before the Junior tourney starts. The league champion will emerge next Saturday.

The Hotshots had no trouble with the winless Buckeyes in the opening game Saturday, getting more points in the first quarter than the Buckeyes got in the entire game. The final was 39-14.

Hotshots	16	26	35	39
Buckeyes	2	6	10	14

In the second game of the morning the Atomic Five banded the Cubs their first defeat in league play in a fast game that saw the Cubs trailing all the way in the game. The Cubs could not get rolling while the Atomic went out in the first quarter and built a comfortable lead, 12-7, which was lengthened in the second to 20-9. The Atomics continued to forge ahead in the scoring column to lead at the third quarter 22-15 and at the final gun had a 29-21 victory.

Atomic	12	20	22	29
Cub	7	9	15	21

This Saturday seemed to be the day of upsets with the previously winless Globetrotters eking out a victory over the previously undefeated Spartans 19-18. The Globetrotters had a slim first quarter lead 5-6 which they lengthened to 13-7 at the half. This margin was too much for the Spartans to over come as they outscored the Globetrotters in the third and fourth quarters but still fell short one point to lose to the Globetrotters.

Capital Music Conservatory To Begin Its Second Semester

This week the Capital University Conservatory of Music officially opens its second semester. As a general rule the average person is acquainted with the activities of the full-time music students on the campus. They have heard at various times the chapel choir, the glee club, the women's chorus, the orchestra, the band, and perhaps some of the smaller ensembles.

But the work that Capital University does for the children of the community is not so well known. This is evidenced by the fact that quite frequently folks who live only a few blocks from the university come and ask, "Can you recommend a teacher for my daughter?" I want to start her in piano," or for Johnny "because I want him to learn some instrument so he can play in the band," not knowing that more than 650 children between the ages of five and 16 are studying music at Capital University.

In order to accommodate those who have to come across town, members of the regular Conservatory staff go to the branch studios on certain days during the week. The West Side studio is located at 2881 W. Broad-st and Mrs. Kathleen Hoover, secretary, is in charge. The Clintonville or North Side studio is located at 3006 N. High-st, with Mrs. C. A. Pierce in charge. Fifteen teachers in piano alone, including Mr. Kohler, head of the department, and many others with advanced degrees, participate in the program.

At the Conservatory a special room called the recital hall is busy almost every night of the week with some type of recital, thus giving these youngsters an opportunity to be heard in public.

At present the entire staff at Capital University participates in auditions to advise both children and parents in planning their future music activities.

Hilltop "Y" Boys Organize Leaders Club

The high school and junior high school boys of the Hilltop Y.M.C.A. are enjoying the organizational stages in forming a Hilltop Y.M.C.A. Leaders Club. The organizational meeting at which officers were elected, was held at the "Y" office last Tuesday evening.

The Leaders Club consists of a program centered around a leadership training course. The requirements to become a certified leader are 10 hours of religious study, 10 hours of theory and history of Y.M.C.A. recreation and 20 hours of practical leadership such as officiating, leading a club and or, coaching a team. A written exam must be passed at the end of each part of the course before the next step can be taken.

The topic for the religious study will be "What Does it Mean to Be a Christian?" This topic will be approached from the standpoint of the home, school, friends, business, community, fellowship, college, everyday living and church. Speakers specialized in these fields will talk to the members at their weekly meetings.

The topic for the study of theory and history of Y.M.C.A. Recreation will be "Things the Leader Should Know About Y.M.C.A. Program." This topic shall also be approached from 10 different angles with specialized speakers being brought in to lecture.

The first meeting at which the training will actually begin will be on Feb. 10 at 8:15 at the Hilltop Y. M. C. A. office, 2502 W. [illegible]

Your Youth

By Bob Schmidt - Dick Wilson

Things sure are humming over here at the "Y" these days! It seems as if every time I turn around Bob or I are meeting with a committee of wonderful volunteer helpers to plan a program of some sort.

The program which at this time seems to have priority is the Gra-Y Induction and Pot Luck Supper which will be held Friday, Feb. 20, at 6:30 p. m., at St. John's Evangelical Lutheran Church. Mrs. Warren Leeka, president of the Hilltop Mothers Council, heads the committee for this affair, and she promises it will be a dandy. First of all, the program will start off with a pot luck dinner and, boy, do she and her committee have a mess cooked up! Then all the officers from all five of the Hilltop Gra-Y Clubs will be inducted. After the officers' induction comes the induction of all 144 members at large. At this time they will be awarded their membership cards and lapel pins. The final part of the program will be the awarding of National Gra-Y emblems to all the boys who sold candy to make money for service projects. Sound interesting? You bet it does! Better call the Gra-Y mother in your school district right away and make certain your name is on her list.

Here are the mothers to call: West Broad Street School call Mrs. Hartranft, RA. 0045 or Mrs. Shay, JO. 5409; John Burroughs School call Mrs. Francis, RA. 0725, or Mrs. Ingle, RA. 8318, West Mound Street School call Mrs. Howe, RA. 2443, or Mrs. Voorhees, RA. 3992; Westgate School call Mrs. Myers, JO. 4433, or Mrs. Kern, RA. 0670; Highland Avenue School call Mrs. Dildine, RA. 9664 or Mrs. Campbell, RA. 03052.

Another big event coming up soon will be the West Junior Hi-Y and Junior Tri Hi-Y Spring Formal. I can't tell you too much about this affair yet, but you can bet it will really be a terrific dance.

The dance committee of Fred Lanch, Dick Furry, Mark Rector, Nancy Heil, Patty Shay and Phil Guyton has already started work on it and has selected for the dance theme, "Rose Room Rendezvous." Sure sounds rosy to me! What do you think?

Gradale Sorority had another meeting last week, and the gals report the club is really coming along. Good work, girls! You are certainly living up to Bob's and my prediction that you will eventually become one of the best Gradales in the area.

You readers will be interested in knowing that we have organized one more new club. This is the Leaders' Club. I won't tell you about it in this column because we have a special write-up on it. Look for this piece and I know you will agree after you read about it that it is also going to be an A-1 organization.

Both Gra-Y Basketball Leagues have been going great guns. The race in the Class B League becomes hotter and hotter all the time but John Burroughs seems to have the A League pretty well tied up. Below are the league standings:

Class A

John Burroughs	6	0

West Mound	0	6

Class B

Candles Sought For Soldiers In Korean Zone

The officers and members of the Ladies' Auxiliary to the Veterans of Foreign Wars, which comprise the Franklin County Council, will open a drive for "Kandles for Korea" Saturday, Feb. 14. Servicemen in Korea are in urgent need of candles which can be used for reading and letter writing and many other purposes during lulls in the fighting which is principally done at night.

Persons or organizations in Columbus desiring to contribute to this worthy project can do so by leaving candles at any of the city firehouses. These will be packaged and sent direct to the servicemen whose addresses are being furnished by Thanx, Inc., San Diego, Cal.

Olive C. Phillips, secretary-treasurer of the State Auxiliary, with offices at 16 E. Broad-st, reports that thousands of Christmas gifts were sent by the Thanx organization to the boys in Korea and many letters of appreciation have been received from the boys. "In nearly all cases," she states "the boys plead for letters. I cannot urge too strongly that those who know any of these boys now in Korea to write to them." "Letters should be of a cheerful nature," she said, "and no mention made of any sad happening or be in any way sorrowful, as cheerful and interesting matter is one of the best morale builders."

The project for candles will be a continuing one and has already started in local units of the Veterans of Foreign Wars. The campaign slogan is "A Candle a Day to Light Their Way."

223 Are Routed By False Alarm At State School

Two hundred and twenty three boys evacuated their sleeping quarters, and a woman telephone operator suffered a compound arm fracture during the excitement of a false alarm fire at 10:30 p. m. last Saturday night at the Columbus State School, 1601 W. Broad-st.

Boys in another dormitory, firemen said, turned in the alarm when they thought they saw smoke arising from the top of the right wing of the administration building where the 223 boys had retired about an hour earlier.

The boys were aroused and taken in orderly fashion in their night clothing from the wing into the administration section of the building as 11 different pieces of fire department equipment hurried to the scene.

Mrs. Jack Davis, 34, an off-duty telephone operator, fell while going down a stairway from her fifth floor quarters in the building. She was taken to a hospital on the grounds with a compound fracture of the right arm.

Firemen theorized the smoke which caused the scare came from the nearby McKinley-av dump.

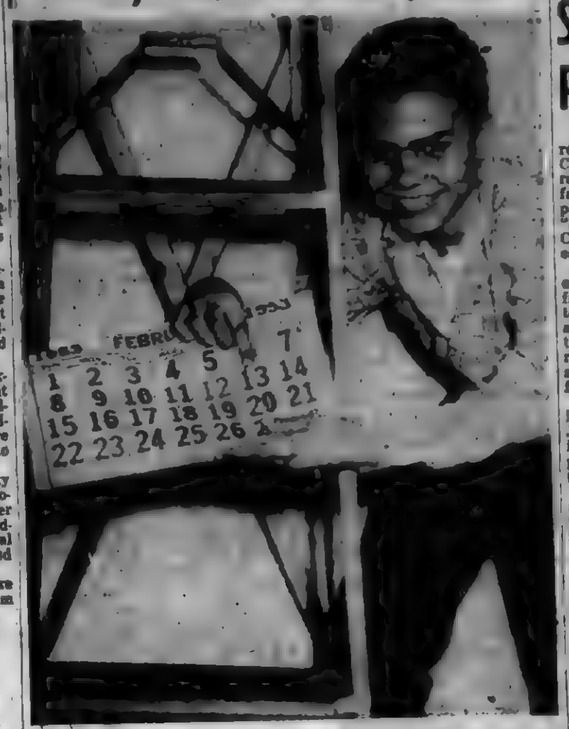
Youth And Government

Carl Clous and Ronald Klein

Ronald Klein was chosen as the Legislator to represent the West Sr. Hi-Y Club. Carl Clous was elected as the alternate of the Model Legislature of Ohio. They will attend a pre-legislative training conference on Feb. 14, at Otterbein College.

The Youth and Government Program is designed for participation by our high school youth girls and boys. It has been promoted and developed through the Hi-Y and Tri Hi-Y Clubs of the YMCA.

By providing an opportunity for the youth of Ohio to study public issues debate public policies, write legislation and participate in the process of government through a model legislative program, it is hoped that Ohio will be able to contribute toward solving the problem of encouraging better citizen participation in democratic government.



Youth Legislators are elected by their various Hi-Y and Tri Hi-Y Clubs to represent them in the model legislature to be held in the Capitol at Columbus. The model legislature session will be preceded by a pre-legislative training conference held at Otterbein College.

At this conference, training will be given on how to draft a bill. Instruction will be given of the procedure by which bills become law. State officers who have been nominated by the Clubs will be presented and one for each office will be selected, the candidate from that district to be voted on at the model legislative session.

The boys and girls committee of the Hilltop Kiwanis Club is sharing in the financing of this project.

Boy Schmidt, executive secretary of the Hilltop "Y" will accompany these representatives to Otterbein College for the pre-legislative training conference.

Council Delays Sidewalk And Pinball Action

Despite pleas of parents and recommendations of the Columbus Chief of Police and the Safety Director, and the fact that a Hilltop father had been threatened, the pinball machines still remain a "hot issue" because Columbus City Council, Monday night again refused to outlaw the machines.

After hearing arguments in favor of the proposed ban, and a plea from a Columbus machine operator the council declined to take action on the ordinance to ban the machines. They advanced the reason for non-action on the assertion that its language was defective.

Councilmen favoring the outlawing of the machines were Spears, Jones, Gregg and Sedgwick. Fillinger was undecided and Snider opposed any action that would ban the machines.

Allough council did not take any action on the proposed legislation to order Westgate sidewalks, it did, on the motion of Councilman Gregg instruct Mayor Oestreicher to have obstructions to pedestrian traffic removed from the sidewalk right of way on all Westgate streets.

The move was designed to give school children opportunity to walk along the curb instead of in gutters and the main thoroughfare.

LETTERS TO THE EDITOR

Dear Editor:

On behalf of the Graphic Arts Groups of Columbus, I would like to take this opportunity to thank you for the fine publicity given Printing Week.

We know that with the limited space you have, it is hard to devote a great deal to the promotion of any one item, but feel you were most generous in the space you devoted to Printing Week.

It is through co-operation such as yours that we can feel that Printing Week was a success and look forward to the time when Columbus can be pointed to as an outstanding example in the public education of our Craft.

Sincerely,
Louis F. Madden, Chairman

Because people turn to him in time of sorrow, he knows as well that is no time for the bereaved to have to hurriedly select a cemetery lot. He'll tell you "the selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." Castles in the Air

Walk softly, sir!

Don't interrupt this young dreamer, for he's hard at work on a mighty tough job.

He's building himself a castle in the air . . .

In these United States we don't laugh at those castles. Too many men have built them into reality to stand as monuments to their genius. Edison. Eli Whitney. Robert Fulton. Henry Ford. You know the names.

Of course, none of these castles "came easy." They took vision, planning, hard work, the ability to bounce back after failure and start all over again.

They took faith — real faith; the kind that our churches help to build. Faith that is first imparted in Sunday School, and further strengthened in church. Faith that becomes a part of the fibre of personal character.

Who knows what castle is being planned here by this young citizen? Yet we know that it will stick together if proper education forms the keystone of its arches, if perseverance forms its sidewalls, if faith forms its foundation.

Now faith is assurance of things hoped for, a conviction of things not seen.
Heb. 11-1

Have you given your son or daughter the inspiration to establish this faith — *now* — through church?

Campfire Girls' News

By Pat Martindale

The "Forty-Fivers", a Blue Bird Group at Westgate School has invited mothers of the members of the group to a Valentine Tea on Wednesday, Feb. 11, at 3:30 p. m. in the school auditorium. The girls have been preparing for the party for several weeks.

Girls in the group are Wanda Baily Carolyn Beranek, Margaret Bryan, Lisa Clemens, Jane Constantine, Lynne Davis, Penny Huych, Gayle Linson, Karen Miller, Trina Mitchell, Linda Procter, Loraine Procter and Pamela Wallar.

Several Camp Fire Girls from the various groups helped in the "Mother's March Against Polio" Thursday, Jan. 29.

The Tanda Group with leader, Mrs. Guy Boots took a trip to Griggs Dam for bird watching. This group is selling a variety of greeting cards to help pay for a week at Camp Wyandotte.

The Bambi Blue Bird Group from West Broad Street School with leader, Mrs. Rodger Geist, has been making Valentines for the past several meetings for Children's Hospital. They hope to have 200 by the time Valentine Day rolls around.

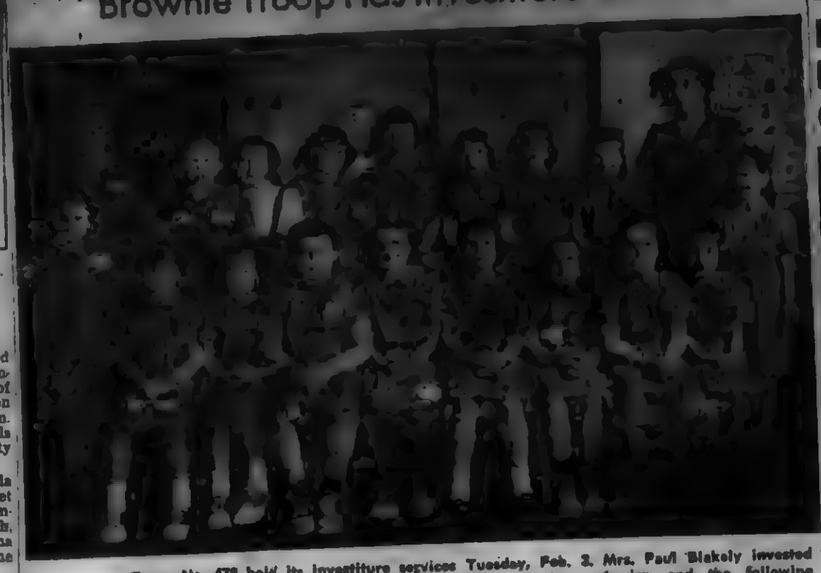
This group has started a scrap book which each girl will help to keep up to date. They are also planning a Valentine party.

The Happy Helpful Bluebirds from John Burroughs School are also planning to take Valentines to Children's Hospital. These girls have made soap carvings and powder boxes from oat meal boxes. Their parents have been taking the girls square dancing and teaching them as they enjoy themselves together. Leader of this group of girls is Mrs. Almeda Reis.

The Fairy Bluebirds from Westgate School and leader, Mrs. Hazel Jenny, are planning a Valentine party for their mothers. These nine-year olds have made favors and baked cookies themselves and have learned songs and folk dances for the entertainment.

Mrs. Eleanor Gaskills' older girls, the Wak-KaKa groups have also been making cookies and wood fiber flowers. They gave a party for the Camp Fire groups at the Columbus State School at which some of the boys at the school were included. They made fudge for the party and took records to dance ballroom and folk dancing by.

A new Horizon Club has been started by Mrs. Willford Evans. Those who attended Camp Wyandot may remember Mrs. Evans as "Lucky" the swimming instructor at the camp. Several Hilltop girls belonging to this group are Arlene Ross, Kitty Thomas, Carol Irion and Francis Wright.



New officers were elected in the Shu-Ni-Le-Ta group last week. They are Susanne Killian, president; Judy Michelais, vice-president; Sharon Gibson, secretary; Beverly Waltman, treasurer, and Linda Decker, scribe. These girls have made wood fiber flowers and are now starting on their own leather moccasins. They are planning a Valentine treat for a cottage at the Columbus State School.

All Camp Fire Girls, Camp Fire leaders and Blue Bird leaders who are interested in basketry should plan on attending classes starting Wednesday, Feb. 18, at 4 p. m. at Glenwood Recreation Center. Doc Reister is in charge of the classes and further details may be obtained from him.

A number of the West District leaders met at the Camp Fire Girls' office last Tuesday to make favors for the coming Regional Conference which is to be held in Columbus in March.

Anyone interested in purchasing Camp Fire Girl candy may obtain any amount by calling the office, FL. 4341.

Hilliards Five Edges London

Behind eight points early in the second quarter, Hilliards rallied on its home court Friday night to sink London in a Mid-Six contest, 58-51. It marked the Wildcats first league win in seven starts.

Johnny Durban and Joe Emrich led the Hilliards rebound, combining for 31 points. London, falling to its seventh loss in nine league tries, gave the winners a scare in the fourth period, cutting down a 16-point Hilliards lead, but finally running out of time.

Starling Jr. High Student Is Contest Winner

Four of the 29 competing schools copped all of the prizes in the annual tuberculosis press project of the Columbus Tuberculosis Society, it was announced last week. Reading The Blue Mantle, St. Mary of the Springs School paper, carrying the first prize literary entry, are, left to right, Ruth Stanfield and Pat Carter, Westerville High School; Hilda Buchmann and Agatha Zang, St. Mary of the Springs; Mary Donathan, 182 N. Chicago-av, Starling Junior High School; back row, William Bain, Westerville High School. Not present was another winner, Franklin Fasano of Josephinum. Mary Donathans' essay was printed in the West Side News, Dec. 18, 1952, page 5.

Mary Donathan, 182 N. Chicago-av, copped the only award in the junior high division of the annual TB school press project, it was announced by the Columbus Tuberculosis Society last week.

Mary, a student at Starling Junior High School, wrote on "What TB Means To Me." Other participants in the annual contest from Starling were Syrtheria Mauldin, 445 W. Rich-st, Diana Judy, 68 Stevens-av, Elaine Downin, 528 W. Town-st, and Carole Hamler, 833 Harmon-av.

This is the first time that the project, whose purpose is to interest youth in the local TB problem and to encourage good journalism, has been open to junior high schools.

Others participating in the contest from this area were Edward Green and Martha Sue Clark. Hilliards High School, and Cecelia Green, 570 Hilltonia-av, St. Mary of the Springs.

Certificates of participation will be awarded the three schools by the Columbus Tuberculosis Society, while engraved medals and certificates will go to the prize winners.

Twenty schools and 57 entries were represented in this year's contest, open to all junior and senior high schools in Franklin County.

Students were invited to submit a cartoon or literary entry on either of these topics: "Our Country's Needs in the War on TB" and "What Does Tuberculosis Mean to Me."

Judges were Mrs. Eloise Gruber, Dispatch; Don Easter, Citizen, and Karl B. Pauly, Ohio State Journal.

The school press project is a health education feature of the Columbus Tuberculosis Society, made possible through the sale of Christmas seals.

In preparation for the project, students were taken on tours of Benjamin Franklin (TB) Hospital, Ben Franklin Clinic and the TB Society. Student interviews were also arranged with local authorities in the tuberculosis field.

"This year's entries were outstanding," Gerald D. Fry, executive director of the Columbus Tuberculosis Society, said, "for their resourcefulness and original approach."

Hoge Cagers In Double Wins; Score Easily

Hoge Five, playing two games this week, in the Intermediate League, stole the show with an 80-6 win over the Smitty's Pure Oilers and a 45-20 win over the Cardinals.

Hoge moved out in the first quarter of their game with Smitty's to take a commanding lead, 20-1. Smitty's one point came on a free throw by Gaside. It was the only point Smitty's could get in the entire first half, which ended with Hoge leading 39-1. Smitty's picked up a free throw by Erlenbach and a fielder by Renner in the third, to bring their total to four while Hoge had moved their total to 60.

In the fourth Hoge picked up 20 more points while Smitty's got a fielder to make the final read 80-6. Kern and Pemberton with 22 and Pence with 20 led the scoring parade for Hoge.

In the game with the Cardinals Hoge got off to a slow start, trailing at the first 4-6 and at the half 14-15. Holding the Cardinals to two points while they got 21, Hoge took command of the game and had a 38-17 lead at the three-quarter mark. Hoge picked up 10 more in the final while the Cards could get only three to find the final of the reading 45-20.

Hanley's Coffee Shop found Smitty's Pure Oilers easy picking also. Mike Posey and John Walter with 20 each led the Hanley team to an 83-20 win. Hanley jumped to a 10-point lead at the first stop, 14-4, which was increased in the second to a half time lead of 34-8. Smitty's continued to lag behind and the Hanley team had a 57-14 lead at the end of the third. Adding 28 to their lead, Hanley emerged with the 83-20 ball game.

WESTERVILLE VS. HILLIARDS
By Tub Vandill

Hilliards was hot and cold all through the first half. They kept Westerville on the run all the time in an exciting nip and tuck battle. Then late in the third quarter, Dan Morris hit shot after shot to pace Westerville to a 78-50 win over Hilliards. Hilliards' high-scorer was Spring with 10 points. Morris led Westerville's scoring column with 23.

By Deacon Roesch

The Freshman Class of Hilliards held a class meeting in the music room of the high school, Jan. 27, Marshall Hall presiding. The main topic of discussion was the coming Freshman Class Party. GOLA MINK DIES
By Doris Sehlen

Friends learned of the death of Mr. Gola Mink on Jan. 25. Mr. Mink was the husband of Mary Esther Boyer, former teacher for many years at Hilliards High School.

Mr. Mink died suddenly at his home near Gates Mills. He formerly lived near Plain City and was well known in this community.

EXCHANGE STUDENT SPEAKER
By Jean Woodin

Miss Betty Hutchison, who was sent to Italy as a part of the International Farm Youth Exchange Program, sponsored by the 4-H Foundation, was guest speaker at the Hilliards chapter of the Future Homemakers of America held in the music room on Jan. 23.

"The purpose of this Farm Youth Exchange is to create better relations between nations," Miss Hutchison said.

While in Italy, Miss Hutchison spent two or three weeks at Italian homes. The homes are constructed of stone. The furniture is carved and heavy in appearance. Snails, octopus, squid and string beans one foot long were a few of the new foods to which she was introduced. Due to the food shortage in Italy, milk is seldom seen on the table, and chickens are frequently cooked with their heads left on.

Young people in Italy usually begin to date at the age of 20. They seldom marry before the age of 25.

During the business meeting, conducted by the Hilliards FHA president, Edna Wuertz, plans were made to have a spring banquet.

JUNIOR Hi-Y

The meeting of the Junior Hi-Y, which took place Jan. 22, was called to order by President John Humphries.

Plans were discussed and made for a doughnut sale to be held in the near future.

A committee of two was put in charge of finding out about going swimming at the YMCA.

The meeting was then adjourned and games were played by all for the rest of the period.

It's Not As Simple As

AN Apple A DAY...

Wouldn't it be simple if the old adage came true, just by eating apples we could keep all sickness away?
It would be such a simple solution to the problems of medical care that even the doctors and dentists would welcome it ... even though it meant they'd have to look around for something else to do.

But seriously the problem isn't that simple.
And in view of the fact that the health of the American people is better than that of the people of any other nation on the globe we who are in the professions - medicine and dentistry - are sincerely proud of the advancement that science and our professions have made that have contributed so much to this standard of health.

And so on the occasion of this community event we extend our sincere greetings to a fine community and pledge anew our efforts toward maintaining and improving the health of our people.

THE VOLUNTARY WAY IS THE AMERICAN WAY

English 11 students are starting the first Friday in February to prepare class programs each week on some different phase of Ohio.

Some subjects which they are to find out more about are: What does the Sesquicentennial of Ohio mean? Who lived in Ohio before the Indians? Why is Ohio called the gateway to the West? Who are some of the great people Ohio has produced? Who are the eight men from Ohio who went to the White House? A survey of Ohio colleges and other schools of learning. How does Ohio rate with other states? Where could a person go in one days' time to really see some of the Ohio historical spots?

MUSIC PANEL HELD
By Joan Woodin

B. Brown and daughter, Doris, piano and trumpet.

Some of the questions answered were: How was your child's instrument chosen? Is practicing a problem in your family? How did you keep your child interested in his instrument until he became good enough to play in music groups?

Mr. White asked the organization for $44 to pay for entrance fees for the music students who enter the District Music Contest.

The organization also decided to participate in the Ohio Sesquicentennial celebration in Hilliards on Memorial Day.

HILLIARDS LOSES
By Deacon Roesch

The Wildcats of Hilliards played host last Saturday night to the St. Charles Cardinals. The Cardinals proved to be very entertaining guests by defeating the Wildcats 66-63.

The game was a thriller all the way, and in the final quarter, with three minutes left to play, the St. Charles quintet took possession of the ball and did not let a Hilliards player so much as touch it for the rest of the game. John Durban was high man in the point column for Hilliards with 14. Orlando Oakahoni was high man from St. Charles with 17.

MARYSVILLE WINS
By Tubb Vencill

The Monarchs of Marysville retained their position in the race for the Mid-Six championship, beating Hilliards 65-52. The Wildcats kept last year's co-champs to a nip-and tuck battle through the first three quarters, and for a moment it looked as though the Monarchs might topple before Hilliards' all-out onslaught. In the waning moments of the final quarter, Jim Klieber and Jim De Good went on scoring sprees to wrap up the game, 65-52, for Marysville.

Glenwood Center Little League

League play this week was marred by two forfeits when the teams could not muster a full team for the game. The league leading Yankees picked up a free game from the Sevens and the second place Bears picked up a game from the Redskins, both games won by the forfeit route. The Sevens got a team on the floor for their game with the Roughnecks and lost a 21-15 decision.

The Sevens jumped into a first quarter lead 8-2 but the Redskins held the Sevens scoreless in the second while they picked up six to tie the score at the half 8-8. The Sevens came back in the third to move in to the lead 13-12. In the fourth the Roughnecks took command of the game to pull away and win 21-15.

Sammy Miller of the Bears has the league scoring lead with 60 points. Hollingshead of the Roughnecks has the second spot with 47 points and Martin Crawford of the Yankees is in third place with a 41-point total.

Over-Age Player Costs Cub Five Cage Victories

The hard luck team in the Junior League is the Cubs. They were in a contenders' spot for the league crown with a 35-25 win over the Spartans on Saturday. After a check was made by league officials it was found that the Cubs had used, unknowingly, an over-age player. All games that this player had played in were forfeited and the Cubs are now in fifth place in the league.

The Cubs will be staging a strong come-back in the Junior league tourney which starts Saturday, Feb. 14, at 9 a. m. The winner of the tourney will represent Glenwood in the intercenter play-offs in March.

The forfeit by the Cubs puts the Atomic Five in the league top spot with a 4-1 record, along with the Spartans who have a similar record. The Globetrotters move into third place with a 3-2 record and the Hotshots are in fourth with 2-3 record and the Cubs in fifth with 1-4 and in last place with no wins and five losses are the Buckeyes.

The Atomic Five assured themselves a share in the league title with a 28-16 win over the Hotshots in the first game Saturday morning.

Taking a first quarter lead of 12-10 the Atomics went ahead for the game. Getting only one point in the second while the Hotshots got none, the Atomics had a half-time lead of 13-10. Picking up in the third the Atomics finished the third with a 17-14 lead. The Atomics exploded with a 11-point barrage in the final to ice the game 28-16.

The Buckeyes, unable to get sufficient players on the floor for the final game of the morning, forfeited to the Globetrotters. This gave the Trotters their second win and the fifth loss by the Buckeyes.

Clapsaddle of the Cubs is the leading scorer in the league with 44 points. Lester of the Hotshots is in second place with 41 points and Nichols of the Spartans is in third spot with a total of 34 points.

These New Books At Your Hilltop Branch Library

QUEEN'S GIFT
Inglis Fletcher

This is the seventh and last novel in this series. It, too, describes life in the early days of the Carolinas.

The backdrop for this story is Post Revolutionary Edenton.

The town, indeed the whole state, is split into factions by the question of ratification of the Constitution. The merchants and seaboard gentry are pressing for immediate ratification. The mountaineers and poorer people demand a "bill of rights" before Carolina adopts the Constitution.

This bitterly debated question is the root of the personal conflict between Adam and Mary Rutledge. Avid Fletcher fans will recognize these two and others who have appeared in "Raleigh's Eden" and "Teil of the Brave."

Rutledge is a tidewater gentleman by inheritence, who already has one foot and half of his heart in the wild Illinois country. His wife is entirely absorbed in the fortunes of her family estate, "Queen's Gift."

This struggle between Adam and Mary Rutledge carried on against the background of the larger conflict is the main theme of this book.

An added thread skilfully woven into the main theme is triangular love of the English governess, the selfish aristocrat, and the Scotch physician.

Mrs. Fletcher's description of Edenton and its busy, bustling life is nearly as fascinating as the characters themselves.

This is no period piece, except in its authenticity. The author has the gift of carrying one back with her in spirit to the time she has chosen. She makes that bygone era with its warmth, fears, and candlelit trappings seem contemporary.

Hilltop Minstrel Of 1953 To Open Thursday

To Stage Show For 24th Year By HBA On Hilltop

When the curtain is raised at 8:15 p.m. Thursday in West High School auditorium, the Hilltop Business Association will be keeping a custom it has observed over a period of years, in the production of the Hilltop Minstrel Show, an event that has become a tradition in this community.

This year's show, the 24th, will feature a mixed variety and minstrel show set against the backdrop of an old southern plantation. A cast of more than 65 composes the company, made up of local talent who will present the two-hour-long show.

Tom Crawshaw, director of this year's show, promises a treat for those who have through the years followed the growth of the Hilltop Minstrel. He stressed the fact that it will be a clean show that will be enjoyed by all members of the family.

Bill Coon, who in past minstrel shows has been one of the end men standbys in black face, this year departs from that role to become "Colonel Bill", the interlocuter, whose job it will be to keep the show traveling along at a fast pace.

The opening number of the show will feature a special Minstrel Chorus, which has been especially groomed for this the 24th Hilltop Minstrel. Comprised of 19 voices the chorus consists of Robert Muncie, Robert Hauser Edward Rigby, Charles Highland, Harold Mincer, Frank Grashel, I. L. Kidd, C. H. Campbell, Lee Addie, Russel Cothran, George Brown, Harold Buchanan Gilbert Coffman, Thomas Siddle, James Hodges, Vaughn Seeds, Bernarr Brenot, Joseph McLain and Kenneth Evans.

A dance line composed of 10 lovely beauties from the Jack Sherlick Dance Studios will be next on the program to provide the mixture of variety show and minstrel from the very outset.

The Hilltop Rangers, composed of Charles Dailey on the guitar, Clarence Dailey with the accordion and Chuck Morris as vocalist are the first musical group to appear in the show. Their hillbilly number will be "Movin' On."

Pert Patricia Kenny in a vocal solo is next in the lineup with a song, "When You're Away."

A comedy skit, "And He Never Came Back," featuring Hazel Roberts as The Girl, Bob Anglin as The Boy and W. E. Jones as The Father, will prove to be a rib tickler to the audience.

A vocal by Vaughn Seeds follows the comedy skit with "I Got Plenty of Nuttin'" as his selection.

Sharon Kasdorf, show stealer of the West High Tax Show with her Charleston number, is next on the program and with her rendition of the dance which once held the fancy of the country will bring nostalgic memories to many.

The old minstrel song, "Mississipe Mud," by Bob Mead, will recall the days of Al G. Field when he gives out in the number following the Charleston expert.

At this juncture of the show another old minstrel favorite enters the program with a rendition by the special Hilltop Minstrel Chorus. It could be no other than "Kentucky Babe" and the manner of its presentation will stay with the audience long after the last note sounds.

Sonya Albery of the sister entertainment group takes over next on the program with her tap routine, "Tips from a Tapster." Sonya was another of the standout performers of the West High Sales Tax Stamp show.

"By the Sea", featuring Evelyn Jones and Chuck Durbin, in song on the bathing styles of 1910 will also promises to be a riot. This will be followed by an instrumental number by Kenny Carpenter, "A-chordin' To The Accordion."

Carole Robinson in a vocal rendition of "Smilin' Through" will precede Sheila and Sharon Albery with their tap routines of the "Birth of the Blues."

At this point of the minstrel show there will be the highlight event for which many Hilltoppers are waiting. It is to be the telling of the best tall story submitted in the Minstrel Tall Story contest and the award of a medal to the "Hilltop's Champion Tall Story Teller". The judges of this event are now deciding the winner. A pair of reserved seats to the show will also be presented the winner.

Following this a skit featuring Arnold Eads as the Examiner, Noble Allen, Jr., as Spike, and Dewey Stout as an Attendant will provide another round of merriment. Title of the skit is "Fit as a Fiddle".

Eddie Walker will appear next in a dance specialty number, to be followed by "Pray For The Lights To Go Out," a vocal rendition by Frank Grashel.

The all-male chorus line of Packydermic Peaches, featuring several prominent Hilltoppers arrayed in cute little ballet costumes, will bring the show to a riotous close just before the Grand Finale by the entire cast.

If predictions hold true, a near sell-out crowd will be on hand each night of the performance on Thursday and Friday nights.

Adolph Eiselt, one of the top flight banjoists with the famed Shrine Picadors, is also to be a member of the cast for the Hilltop Minstrels, according to last minute information released at press time.

Dancing Line To Be Opening Minstrel Number

These 10 dancing lovelies from the Jack Sherick Dance Studios will appear in the opening number of the 1953 Hilltop Minstrel Show when the curtain is raised at 8:15 p.m. at West High School auditoriums on Thursday and Friday night.

HBA President Helped To Plan Minstrel Show

Jack Alkire

Responsibility for the planning and success of the 24th Annual Hilltop Minstrel Show and for all other activities of the Hilltop Business Association for 1953 falls upon the broad shoulders of Jack Alkire of the Economy Variety Store, 2402 W. Broad-st, who is president of the association for this year.

Jack has for many years been active as a participant in the Hilltop Minstrel Shows and in the activities of the organization. This year, however, as president of the organization, instead of being one of the actors, his responsibilities have increased a hundredfold.

He and his wife reside at 2548 W. Broad-st with their two sons, Dennis and Philip.

General Chairman

Jack Imler

General chairman for this year's edition of the Hilltop Minstrel Show is personable Jack Imler, who last year had the job of arrangements chairman

Jack Alkire, Dr E. E. McNamee, C. C. Hartley and Herbert G. Deems as members of the steering committee have assisted him in his job. Together this quintet had been responsible for appointing committee chairmen, supervising the functioning of the committees, selecting the producer for the show and answering every conceivable type of question that could be asked.

Jack came to the Hilltop three years ago as manager of Schoedinger's Hilltop Chapel. Despite this short period of residence here, he is already getting into the swing of activities. He is a member of the Camp Chase Post, American Legion, B.P.O.E., and attends the Glenwood Methodist Church. In the HBA he served as a member of the executive committee and chairman of the booster committee.

Minstrel End Men Keep The Crowd Laughing

Since no minstrel show is complete without the all important end men, the Hilltop Minstrel will have its full quota of gagsters. Shown reviewing their lines are Bob Mead, Chubby Distelhorst, interlocuter Bill Coon and Lee Dayton. Eddie Walker, the fourth end man, was not present when the picture was taken. (J. Curtis Allen Photo)

Always good for a laugh are the end men of any minstrel show. The Hilltop Minstrels will be no exception when the four "laugh getters" start tickling the funny bone of everyone in the audience in West High auditorium Thursday night.

The end men for this 1953 show will be Bob Mead as "Bob-o-link," Chubby Distelhorst as "Fat Boy," Lee Dayton as "Midnight," and Eddie Walker as "Twinkle Toes."

Interlocutor will be Bill Coon who will be appearing in the Hilltop Minstrels for the eighth year.

To cool off after a spell of feverish composing, Beethoven would take a bucket of cold water and empty it over his head, while fully dressed. He would then go for a brisk walk in the open air to dry off. This may have contributed to his deafness.

When a music teacher told this to a class in New York City, one studegt called out, "Do you suppose that's how Beethoven came to compose his Earache, the Third?"

"Marvin," said the teacher, "you read notes very well but not printing. Beethoven composed the Eroica, not earache."

A salesman traveling a country road saw a house burning. Running up, he pounded lustily on the door until an old woman opened it.

"Lady, your house is on fire!" he cried excitedly.

"Eh?"

"I say your house is on fire!"

She put her hand to her ear and leaned closer. "What?"

"Your house is burning up!" he roared at her.

"Oh! Is that all?"

"Well," faltered the salesman, taken aback, "that's all I can think of just now!"

One fellow questioned another. "What kind of a lawyer is Suskin?"

Oh, Suskin," said the other, "he's got an ambulance bell under his coat!"

Andy Hecht, who hears everything worth printing about Hollywood, tells about the over-sensitive director who turned on his assistant and yelled, "What right have you to argue with me?"

The assistant protested. "I haven't said a word."

The director snarled. "You were listening in a very aggressive manner."

The schadchen (Jewish marriage broker) introduced his client to the prospective bride. The suiter was disappointed. He turned on the schadchen. "What are you doing? Making a yap out of me? Look at her! She's ugly and old. She squints. Look at those false teeth."

"You can talk louder," said the schadchen. "She's also deaf."

There was a Chinese houseboy working for a physician in San Antonio. The doctor always called him "Sneeze."

"That's an odd name for the boy," commented a visitor.

"But apropos," explained the physician. "His real name is Ah Choo."

The practice sessions of the end men are real fun and with all the material they have, according to Coon, it's more a question of weeding out than scratching around for laughs.

In addition to the jokes and comedy routines by the end men they promise to burst forth in song now and then.

Mead has been practicing up on "Mississippi Mud," while Distelhorst will put his everything into "Put Your Arms Around Me Honey." Lee Dayton is working up monologue (with gestures).

Eddie Walker, by far one of the best dancers on the Hilltop, will do a tap specialty. Walker is also in charge of the "Packydermic Peaches," a group of "lovelies" which includes Harold Greene, Bob Case, Bob Weaver, Joe Briggs, Jr., Walter Wolfe, Bob Edgar, Lou Klase, E. H. "Curly" LeFever and Clark Biddle. These boys, dressed in fluffy ballet costumes, plan to give the Radio City Rocketties some real competition.

Lee Dayton will be appearing in the minstrels for the second year. Mead and Distelhorst are old timers with the Hilltop Minstrels.

Ad Committee Chairman

Ed Schaedler

Ed Schaedler, of the Westhill Furniture Co., 2364 W. Broad-st, this year headed the advertising committee for this Hilltop Minstrel Show. To aid him in accomplishing a marvelous job was a committee of about 25 association members who solicited and prepared the ads in this minstrel section of the Hilltop Record.

Ed is also active in the Hilltop Kiwanis Club and only a few months ago demonstrated his ability as advertising chairman for that organization's annual Christmas edition.

Arrangements Chairman

Lou Klase

Do you know where any of the myriad of props necessary for a minstrel can be found?

If so, then Lou Klase wants to see you. As chairman of the arrangements committee Lou is responsible for scheduling rehearsals and notifying the persons involved, but his biggest headache is locating the properties required for the minstrel show.

For the past several years Lou, the proprietor of Hilltop Jewelers, 2421 W. Broad-st, has aided in the Hilltop Minstrel. This year's stint as chairman of arrangements has had Lou reaching for the aspirin many times these past few weeks.

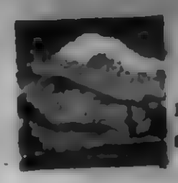
They Call Themselves "Packydermic Peaches"

The "Packydermic Peaches" promises to be one of the hits of the Hilltop Minstrel Show. Attired in fluffy tutus (ballet skirts) with choreography (dance routines) by Eddie Walker, they will be the closing number on the program. Working hard on their intricate routines are, left to right: Harold Greene, Bob Case, Bob Weaver, Joe Briggs, Jr., Walter Wolfe, Bob Edgar, Lou Klase, E. H. (Curly) La Fever and Clark Biddle.

Bit of Humor

Llewellyn Hughes tells of the bishop who came to the state mental asylum to conduct Sunday services. The superintendent had strange news for him. "We have a patient here who calls himself God. Would you like to meet him?"



"That I would," said the bishop, and soon he was presented to a dignified old fellow with a long white beard and an impressive bearing.

"I am honored to meet you," said the bishop, modestly introducing himself. "I understand I am addressing God?"

"You are," said the patient with dignity.

"Well, there is one thing I should very much like to ask you, something which in my study of the Bible I find rather difficult to understand. You say you made the world in six days Now is that a figure of speech? Or would you mean six centuries, or ages or eons? I should be most grateful to know."

"Bishop," was the solemn reply, "I make it a practice never to talk shop."

Best Wishes
May your association continue to grow in the future as in the past.

Minstrel Show Director

Tom D. Crawshaw

A Hilltop man, Tom D. Crawshaw, 109 S. Burgess-av, who is currently the music and dramatics supervisor of the Columbus Recreation Department, is the director of the 24th Annual Hilltop Minstrel Show.

Crawshaw is no stranger to the production of minstrels, for during the past five years he has been the director of the ever popular Firemen's Minstrel which is staged in the Hartman Theater. Neither is he a stranger to the stage, for he also used to direct and produce for Theater Productions, a dramatics group which also played the boards of the Hartman Theater.

The former music director of Franklin University at one time was also the director of the Bexley Minstrel Show.

During and before World War II Crawshaw also served as supervisor of federal music projects in central Ohio and visited many army camps throughout the state with shows for the men in uniform.

Crawshaw currently is director of music at Glenwood Methodist Church.

Show Reservations Still Available
Complete Sell-Out Is Expected

On Thursday night at 8 o'clock in West High School auditorium, the curtain will rise on the 24th Annual Hilltop Minstrel Show. And at present it looks as if there will be many disappointed folks in the community who will not be able to see it. The reason will be "no tickets available."

"We are well pleased with the way ticket sales have gone," said C. H. Campbell this week. "It looks like a complete sell-out for both nights."

Advance sale of tickets for the production have been reported as excellent by both the members and HBA officers. Seating capacity in the West High auditorium is 1481. Of this number 1,051 seats are reserved for each night of the performance. Only 430 general admission tickets will be available.

There are still some reserved seats which can be obtained either from the members of the Association or from the HBA offices at 2189 W. Broad-st.

Reserved seat tickets are selling for 75 cents and one dollar. General admission tickets for the rear section of the second balcony are 50 cents each.

With the fine line up of talent that has been obtained for this year's show, the indications are that unless tickets are secured early, they may not be available. Be sure that YOU are not one of the disappointed ones.

"Now that you're sheriff of Hudson County," said Boss Frank Hague years ago to Tom Madigan, "you'll have to watch your pronunciation. Particularly the ings. It is not takin', runnin', singin', jumpin'. It is taking, running, singing, jumping."

"Thanks, Boss," answered the sheriff. "I'll make a note of it. Lend me your founting pen."

A highly nervous man was being shaved by a gabby barber. "Shall I go over the chin again?" asked the gabby one.

"No," begged the nervous one, "I heard you the first time!"

The laziest man I ever heard of was too lazy even to brush his teeth, so he'd just put his brush up to his teeth in the morning, and go see a tennis match!

Ginnis and Doyle met. "Did you hear about Clancy?" asked Ginnis.

"What about him?" inquired Doyle.

"He's going down to Florida for his laryngitis," informed Ginnis.

"Oh, he's getting high toned, eh?" sneered Doyle, "getting a new instrument and he hasn't paid for his old piano yet!".

A little boy said to his father, "Papa, will you please explain the difference between Capital and Labor?"

His father replied, "If you lend money — it's Capital — and when you try and get it back — it's Labor!"

A fellow dashed into the Pennsylvannia depot. "When's the next train for Boston?" he asked.

"It's—it's—it's—" stuttered the stranger with great effort, then said, "It—if—if you hadn't asked me, you'd can—can—caught it!"

A tramp accosted a young girl. "Lady," he said, "I haven't had a bite in days!"—So, she bit him!

A lawyer learned that a certain fellow had seen an accident, so he went to him and asked him to be a witness.

"Yes, I'll be a witness for you, but," he warned, "I haven't time to go to the rehearsals!"

During the first war, two soldiers on furlough met in New York. "You were in Baltimore last week, weren't you?" asked one.

"Yeah," replied the other.

"What hotel did you stop at?" inquired the first soldier.

"At the Yimca," informed the other.

"I never heard of the Yimca," he said. "How do you spell it?"

"Y M C A."

ESTABLISHED FOR YOUR CONVENIENCE

The HBA, Heart of Community Spirit

What benefits are derived from membership in the Hilltop Business Association? Why should I belong to the association?

These are questions that might be asked by most every person who operaes a business or has professional offices on the Hilltop. The answers may be found as follows:

Benefits derived will be in proportion to what one puts into the organization. Individuals and business firms whose representatives in the association give of their time by attending meetings and serving on various committees, are naturally receiving more benefits than those who merely join and relax. This is true in any organization.

Benefits from membership in the HBA should be measured largely in terms of civic pride and development of this fine community. Anything that accrues to the benefit of the community thereby increases or maintains property values here, and helps every individual in business. It is a fact that the best businesses are to be found in communities having the best business organizations.

Over the years in which the Hilltop Business Association has been operating, many, MANY worthwhile things have been provided for the Hilltop because of the leadership provided in various campaigns and efforts from members of the Hilltop Business Association.

Schools, streets, lights, sewers, safety projects, parks, playgrounds, police and fire protection, and a hundred different projects have been actively backed by the association. In many instances the projects were initiated through the efforts of the association.

There has developed on the Hilltop a community spirit that is known far beyond the city limits of Columbus and in many cities of the state and nation. This has become a spirit of "we can do it." Business people and residents of the community are proud of this spirit. This in itself is worth an untold amount to every business and professional man and woman in the community.

In the past three years the association has expanded its services with the opening of an office and employment of two full time secretaries. The ofifce has become a clearing house for various projects in the community as well as serving the community as an agency for the sales tax stamps, auto tags, drivers' licenses, etc. Numerous groups have also taken advantage of the office for a meeting place.

Every business and professional man and woman on the Hilltop owes it to himself or herself to join the Hilltop Business Association. They owe a responsibility to the community to help carry the load financially, and through their contributions of time to share in the maintenance of the work carried on by the association. The fees are small . . . the returns are large.

C. Carlton Hartley

The world might forgive a two-faced woman but not one who is double-chinned.

A man in Alabama went 45 days without food. Why didn't he call another waiter? Or go to another restaurant? A restaurant such as the one a man entered in Hollywood.

"Waiter," asked the man, "do you have frogs' legs?"

"No," answered the waiter, "it's rheumatism that makes me walk this way."

Vice-Chairman

Dr. R. J. Miller

Although he admits to "only 29 years old," Dr. Raymond J. Miller has been working on minstrel shows for more than a dozen years. In 1947 he served as interlocutor and this year has the responsibilities of vice chairman. In 1952 he was general chairman.

Dr. Miller is kept busy at his chiropractic offices which are located in his home at 2402 W. Broad-st, but still finds time to participate in Hilltop activities, in the Hilltop Business Association, the Hilltop Kiwanis Club, the Hilltop Shrine Club, the West High PTA and one of the principal directors of the Hilltop YMCA.

He is married, has three children and nine grandchildren. His vacations are spent each year at his fishing camp, located on an island in the French River in Canada.

Hilltop's Minstrel Recognized As Tradition In Community Life

The traditional Hilltop Minstrel Show will celebrate its 24th birthday next Thursday and Friday, Feb. 12 and 13, in the West High School auditorium.

Through the years the show has become a tradition on the Hilltop and is famous throught Central Ohio as a community venture. Each ensuing year the show has met with more success. Since 1930, when the show made its initial appearance, it has become a "must" on the calendar of Hilltop community life.

The first Hilltop Minstrel Show was sponsored by the Hilltop Business Association, as has each production since, and the shows are always held in the West High Auditorium.

Some of the performers who were a part of that first offering of the Hilltop Minstrels in 1930 still contribute their talents toward insuring the success of succeeding shows.

In 1930 Harry Freeman directed the show that was to be the first of many entertainment successes.

End men were George Painter, Paul Hubbard, Dick Becker and C. Carlton Hartley. L. E Saunders was chairman of the Show committee, a post he has capably filled a number of times in the past 22 years.

After the initial success of the venture there was little doubt in the mind of anyone concerning the advisability of keeping the show as an annual affair.

In 1931 C. Carlton Hartley was the director and Herb Deems had the lead in the show which featured a sea-going liner. High spot of this performance was an act performed by a sextet of business men attired in the South Sea Island garb of grass skirts. As the six would-be hula girls swayed in traditional manner of the tropic isles, the audience roared its approval and the Hilltop Minstrel Show was here to stay as a permanent fixture.

The show in 1932 drew a throng of 2300 through the portals of West High Auditorium for the two performances. S. P. Edwards was the chairman and former Mayor Floyd Green made his debut as interlocutor for the Show. End men were Paul Hubbard, Dick Becker, Don Smith and Raymond Hill.

The ever popular minstrel theme was again in evidence for the 1933 edition of the show but something new was added to the show. The Hilltop Male Chorus took part in the show, giving a 20-minute concert. The chorus at that time was just fresh from its triumph of winning top honors in the Jackson Eisteddfod, the most competitive musical event in central Ohio.

Tom Lewis directed the 1934 show, which was set to a patriotic theme built around a colonial setting. A skit entitled "The Last Day of School" was the headline attraction that commanded the attention and praise of the audiences which viewed the production.

Ray G. Haunts emceed the imaginary journey along the "Road to Mandalay" in the 1935 production of the Minstrel, which was again directed by Tom Lewis.

Calico dresses and blue overalls threatened to replace the black face and top hat of the minstrel men in 1936 when the show was built about a rural theme. It was this year that the show received an early showing for the first time being staged on Feb. 27-28 of that year. Harry Barton was director and Dr. J. H. Cutt chairmanned the event.

Makeup Artists Glorify The Actors

Harriet Huff

Hazel Robertz

Make-up for the performers in the Hilltop Minstrels this year will again be in charge of Harriet Huff and her committee. Committee members are Hazel Moss, Hazel Roberts and Edith McNamee.

Mrs. Huff who operates the Harriet Huff Beauty Shoppe, 2154 Sullivant av, is a veteran with burned cork, powder, lipstick and rouge. She first took the job when the annual show was only three years old. This year will be the 24th performance.

Previous to operating her own shop, Mrs. Huff was a teacher of cosmetology. She has been a member of the HBA for the past 16 years and was president of the State unit of the National Hairdressers and Cosmetologists Association for nine years.

Mrs. Roberts who operates the Yost Greenhouse at 303 Belvidere-av, is celebrating her seventh year as a member of the committee.

Mrs. Moss operates Hazel's Gift and Beauty Shop and has helped smear grease paint on the performers for several years.

Mrs. McNamee is also a veteran in the grease paint brigade.

Publicity Head

C. Carlton Hartley

In charge of publicity this year for the Hilltop Minstrel Show is C. C. Hartley, 1370 Wilson-rd. Hartley is owner and publisher of The Hilltop Record and has long been active in the HBA as well as director of several minstrel shows of the past.

Scenery Chairman

Noble L. Allen

Another of the regulars of other years in Minstrel Shows has taken on another task for this the 24th showing of the HBA presentation. Noble L. Allen, funeral director of 2456 W. Broad-st, steps from the role of end man, interlocutor or some other role to become one of those unseen workers in the wings.

Allen's job this year is chairman in charge of scenery. It was his task to provide the Old Plantation Scene backdrop and all the other accoutrements which go to make up the scenery.

A fellow was taking a Civil Service examination. "What does the aurora borealis mean?" was the final and deciding question.

"It means," said the completely baffled fellow, "that I don't get the job!"

A barber was shaving himself. "Look out, Tony!" warned his wife, "you'll cut yourself!"

"Why should I be careful?" asked Tony. "I'm no customer!"

Two kids were talking. "Do you know how to tell a lady worm from a gentleman worm?" asked one.

"Oh,sure!" said the other. "You've heard that the worm turns, so if it turns without putting out its hand—it's a lady worm!"

I know a woman who was so fond of vegetables that she married a fighter with cauliflower ears!

Two kids were bragging about their respective fathers. "My father is a trustee in Penn State!" boasted one.

"That's nothing," sneered the other. "My father is a trusty in State Pen!"

The mother believed her daughter's approaching marriage demanded advise and counsel. "The way to a man's heart, my dear, is through his stomach," said the mother.

"There must be some other way, Mother I simply couldn't crawl through that."

The daughter's mentality was on a par with the moron's whose stomachic cravings brought him cerebral difficulties He stuck his head in the oven because he wanted a baked bean.

A gun moll saw a handsome guy and wanted to know who he was. Although she asked everyone no one knew. So, she shot him. The next day she read the papers and found out who he was.

Hilltop Rangers To Perform In Minstrel Show

Pictured above are the Hilltop Rangers who will give out with the Hill Billy tunes at the annual Hilltop Minstrel Show on Feb. 12-13. In the photo left to right are Charles Dailey, 255 S. Harris-av; Chuck Morris, 79 S. Ogden-av and Clarence Dailey, 255 S. Harris-av.

Charles H. Campbell's A Busy Man Handling The HBA Secretarial Chores

Charles H. "Doc" Campbell, 91 S. Westmoor-av, presides over the offices of the Hilltop Business Association at 3183 W. Broad-st. He was appointed to the job of full-time secretary when Jack Morris was recalled to military service.

Doc is more than qualified for the job. He formerly owned and

C. H. Campbell

operated a drug store at W. Broad-st and Hague-av. During those years he was a member of the association and served as its part-time secretary for 12 years.

The job of full-time secretary is an all-inclusive one. It is liable to involve any kind of duty from messenger boy to substitute president.

The association offices were established to provide service to the members of the HBA, to all Hilltop business people, and to the general public. It handles most of the detailed organization work for the HBA, serves as a neighborhood agency for the distribution of various kinds of licenses and application forms, and acts as a clearing house for requests for the use of Camp Clime, which is operated by the Hilltop Community Council.

Assisting in the work of the office is Mrs. Dorothy Hott, 61 N. Westgate-av, and Carol Perry, 37 N. Chase-av.

"Doc" is married, has one son and claims that he has no spare time for hobbies, a statement that is readily believable.

When the pediatrician cannot be reached in an emergency, it pays the mother to be as calm as Mrs. Delmaster.

"Mrs. Delmaster," shrieked the nurse, "the twins have fallen in the well."

"Don't get excited, Margaret. Get me that copy of "Baby Magazine." There's an article this month on How To Bring Up Children."

This story brought memories to Marion Williams Depew, the talented portrait painter, when visiting the daughter of a friend. The little girl, age four, had perfect enunciation in saying her good-night prayers.

Mrs. Depew complimented the child. "That's nothing, Mrs. Depew," declared the little girl, "you ought to hear me gargle."

"A New Yorker" cartoon by Gerrett Price has a doting and wealthy mother explaining to the maid who is parading the infant over the lush carpet, "I just want him to learn the rudiments of walking. He'll always have plenty of cars."

Maybe healthy babies should be a delicate pink, but you usually find they're robust yellers. For example, there was the protesting infant who called out, "I'm fed up on that," pointing to his high chair.

Larry Robbins, the vocal viscount, has a youthful friend who asked his father "Did your dad spank you when you were a little boy?"

"That he did, Son."

"And did his father before him spank him, too?"

"Yes, Son, he did."

The boy was reflective. "You know, Dad, with your cooperation, we could end this inherited rowdyism."

A goofey guy got into the Army and was put on sentry duty. The Colonel walked up to him. "I'm the Colonel here," he informed. "Whatever I say goes!"

"Oh, you've got a good job," said the goof, "don't louse it up!"

A kid had the sniffles, which annoyed a woman who was standing next to him. "Listen, young man," she said, "have you got a handkerchief?"

"Yeah," answered the kid, "but my Mother won't let me loan it to anybody.

Minstrel Of '43 Featured Songs Popular In Service

In 1943, the Minstrel was built around a patriotic theme and featured many of the fighting songs that were popular in that year. Service songs were constantly appearing on the music market then and these songs added to the show's wartime content.

The dance team of Bernice and Earl Goodchild which had been scheduled for the show suddenly became a solo. Earl was inducted and sent to Camp Robinson, Ark., just prior to the presentation of the show.

The mood for the show that year was set by Joan McKinney's recitation of the American Creed.

C. Carlton Hartley was director of the show and Mayor Floyd Green again served as interlocutor.

Patricia White, the luscious-looking showgirl, has a niece who ran smack into a wall. After the wailing subsided, the child's mother observed, "You've lost another front tooth."

"Yes, mama, and now I suppose I'll limp when I talk."

Johnny, six, watched a trayful of goodies going into the sickroom of his little brother.

"Ma," he asked, "can I have the measles when Willie's through with 'em?"

Dr. J. Minor Sullivan was visiting a day nursery when he noticed a little girl of six crying pitifully.

"Are you homesick, little one?" the doctor asked her comfortingly.

"No," she stammered, "I—I—I'm sick right here."

Dr. Joseph J. Kline smiled at a little fellow after completing a pediatric examination. "And, Michael, what are you going to do when you get to be as big as your mother?"

"Diet," answered the boy.

There's supposed to be a place for everything, but Johnny Wallace, repairman in East Liverpool for The Ohio Bell Telephone Company, found a telephone that was considerably out of place.

When a signal that a receiver was off the hook was registered in the telephone office, Wallace went out to investigate. He found what h thought was the right house, but couldn't find the telephone.

Then the subscriber pointed to the stove oven. Wallace, puzzled, opened the oven door. Inside was the telephone, with the receiver off the hook. The subscriber had thought the oven was an ideal place to keep the instrument to keep the kids from playing with it.

Wallace acknowledged that childish playfulness might not be so good for telephone service, but pointed out that the baking process, especially with the receiver off the hook, could also be quite unhelpful to the instrument and the service.

The girls at Vassar were listening one day to a visiting ornithologist lecture on the life of the ostrich.

"This long-legged creature," said the professor, "sees little, but he digests everything."

A girl in the rear seat whispered to her roommate, "What an ideal husband he'd make."

To Be Minstrel Entertainer

Carole Lee Robinson, 474 Hilltonia-av, winner of the 1951 Kiwanis Music Scholarship and also a winner of the 1952 Kiwanis Scholarstic Scholarship at West High will be one of the featured entertainers at the annual Hilltop Minstrel Show which will be staged at West High School on Feb. 12-13. At the present Miss Robinson is enrolled in the school of nursing at Ohio State University.

Minstrel Shows of Yesteryear Used To Be Broadcast Feature

Many Hilltoppers can remember when parts of the Hilltop Minstrel Shows could be heard on the radio each year.

In those days Bud Sweeney of WHKC would usually bring his microphone out to the West High Auditorium on the final night of the show to air the production for his listeners throughout Central Ohio. The year 1940 was the last time this was attempted.

Bud came as usual, set up his equipment, then settled back to await the opening. Meanwhile he glanced at the program of the show, and his brow took on a troubled expression.

Music lovers will recall that ASCAP was feuding with the networks at that time over the use of their protected songs. For a period of time no song on the restricted list could be played over the air. So there was Bud, all set to broadcast and nearly every song in the show was restricted.

A hurried conference resulted in some changes in the program which allowed Bud to catch some jokes, a couple of "safe" songs, and some audience description during his broadcast time.

Since then no direct broadcast of the Minstrels has ever been attempted.

A man who was ill told his physician, "I'll pay for the medicine. But the visits I'll return."

There was another tightwad who berated his doctor, "I consulted you back in 1937. You charged me six dollars to cure my cold."

"So what?" asked the doctor.

"So what? Here I'm sneezing again."

More exasperating than a wife who can cook and won't is a wife who can't cook and will.

A Bit Of Humor

A draftee from the Ozarks was about to take his physical. "Have you any scars on you?" asked the examining doctor.

"No," replied the draftee, "I havn't any scars, but I can give you a cigarette."

A bashful chap went into a furniture store. Indicating a piece of furniture, he addressed the attractive blonde saleslady. "What is that?" he asked.

"Highboy," she said.

"I'm fine," he replied, "how are you?"

Dr. Credigrow's wife paid a surprise visit to his downtown office. She looked at the pretty nurse and introduced herself

"I'm so glad to meet you, Miss Amorette; my husband has told me so little about you."

She was hitting close to three hundred pounds. When she got on the crowded bus she became sarcastic because there were no seats available.

"If there were any gentlemen here," she snarled, "they wouldn't allow a lady to stand."

"Hold everything, ma'am," called out a little fellow whose weight was about a hundred and twenty. "I'll make one toward it." He arose and tipped his hat in her direction.

The counterman in the Apollo Restaurant was a psychologist. "Tell me what you eat and I'll tell you what you are."

The little goof at the end seat spoke up. "Cancel my order for shrimp salad, please."

A lady, sipping her first cocktail, said, "H'm, this tastes just like the medicine my husband has been taking for 30 years."

Eating his first oyster, he dipped it in tabasco. His mouth burned at the impact and he arose with a yell. The Greek restaurateur rushed over

"You keeps still or I'll put you out."

The chap looked up hopefully. "I wish you would. I'm on fire."

A lady who wanted to control her curves told a friend, "I've been using this flesh-reducing roller for three months."

"Any improvement?"

"Yes, look how thin the roller is."

C. J. Ingram, who has been writing a newsy informative radio column in the Jersey City Journal since the crystal set days, tells of the hillbilly who was brought into the emergency clinic

"Wipe the mud off your shoes," ordered the nurse

"What shoes?" he asked.

Kidnapping has a different meaning in pediatrics than its customary one. It relates to the short snatches of rest a parent gets when baby sleeps.

Voltaire said that the massacre of St. Bartholomew's Day occurred because the king's stomach was out of order.

Would history have changed if someone, preferably the Jimmy Durante of that day, had stepped up to His Majesty and said, "King, old boy, yesterday I had gastritis, too, and some wise guy says to me, 'What're ye takin' fer yer gastritis?' and I ups and says to him, 'Make me an offer!'"

Two patients in the reception room met for the first time. As is usual in such places, conversation came readily to the lips.

"I'm achin' from gastritis," said one.

"I'm Harrington from Philadelphia," replied the other, extending his hand.

Daredevil Act Was Feature Of 1937 Show

Although the themes of the Hilltop Minstrel Shows vary from year to year, it is always excellent entertainment.

In 1937, for example, the featured act of the last half of the show was Jack Shank and Curtis Wilcox, billed as "dare-devil equestrienne and champion bicycle rider," respectively. This part of the show featured a three-ring circus. Harry Barton was the 1937 director. Interlocuter was Floyd Green, and his end men were Harold Sinclair, Dick Becker, Leo Phillips and Harry Barton.

Dr. J. H. Cratt emceed the third part of the 1937 show. The Hilltop Male Chorus and the Gamble Accordion Band were listed as participating.

Admission to the 1937 show was 15 cents and no seats were reserved. Needless to say, the house was packed each of the two nights. The SRO sign went up early and hundreds of people were turned away.

Bill Coon, Minstrel Interlocutor

Bill Coon, pictured above, is to be the interlocutor for the 24th showing of the Hilltop Minstrel Show at West High School on Feb. 12-13. Bill has participated in many former productions of the Hilltop Minstrels, mostly at an end man position where, as he puts it, "I've always had a grand time." This year, however, he will be in a new role.

1949 Minstrel Theme Based On Old South

Settings from the Old South provided the theme for the 20th Annual Hilltop Minstrel Show in April, 1949. The accent that year was on vaudeville acts and the cast represented both veteran performers and newcomers.

Special opening and closing numbers for the Southland show were written by W. W. "Bill" Marot. The Hilltop Men's Chorus, Mac Tocill's orchestra, the Glamourettes and many individual performers joined to present a show that had the rafters in West High auditorium ringing for months after.

Lee Koontz served as director and took the role of "Mr. Interlocutor."

A special feature of the 1949 show was a one-act play produced by the Hilltop Little Theater players. The act, entitled "If Men Played Cards," was a satire based on men's views of how women carry on extensive conversations while playing cards.

Using a rewrite of an original script by Bob Hope, Dr. Palmer Cordray, Carl Turner, D. K. Finley and Jack Perdew were one of the hits of the evening.

A psychiatrist in New York observed that most of the obese women who consulted him asked how could they keep both their girlish figures and their boyish husbands.

A fellow offered to sell a used car very cheaply. "There's not a thing the matter with it," he assured, "the only thing I'd advise you to do if you buy it, is to file the number off the engine."

Hilltop Business Association Has Contributed Over 27 Years Of Service To The Community

For the past 27 years the Hilltop Business Association, Inc., has compiled an enviable record of public service that only a few organizations anywhere can match. As sponsors of the Hilltop Minstrel Show for the past 23 years the membership of the organization now looks forward to the accomplishment of the community event for the twenty-fourth straight year.

Few Hilltoppers remember back over that span of 27 years when the Business Association had its inception in the fall of 1925. And only a few Hilltoppers even today realize how this progressive organization keeps its committees in touch with city and state programs and officials; how it represents this section of Columbus by intelligently requesting and suggesting civic betterments for the Hilltop. Many of the small everyday problems are taken for granted by the public, but it has been the HBA that has tackled them, large and small.

It was in the year of 1934 that the Hilltop community received its so-called "white electric street lights." A parade and celebration were in order to mark the occasion and this was sponsored by several Hilltop business men who served barrels of cider and hundreds of doughnuts to the many who attended.

The success of this community get-together and far-sightedness of several business men as to the eventual worth of an organization for the common good prompted about 20 business men to band together and form the business organization known as Hilltop Improvement Club. This name was soon changed to the Hilltop Business Men's Association, which name has since been changed to the Hilltop Business Association, due to the fact that there are business ladies as well as men in the organization.

The first officers elected in 1925 were Carl M. Marsch, president; C. O. Miller, secretary; Fred Sulzberger, treasurer.

Some of the business men forming a nucleus of this association were A. Rogers, Seiller's, George Painter, Dr. T. S. Fox, George Matson, Fred Raether, Roy Hastings, Dr. L. Turner, Wyatt Millikin, J. D. Bud, Dr. Wolfe, Cliff Cohn. Some of these members are now deceased, but the pleasant memory of their work lingers on.

At present the association is composed of approximately 200 business men and women of the Hilltop who are representative of a complete cross section of business establishments in the community. Officers of the organization for this year are Jack Alkire, president; Dr. Fred Marsch, first vice-president; Bill Coon, second vice-president; Robert Knealey, treasurer; Robert Edgar, Joe Briggs and Lou Rausch, trustees.

The organization has grown not only in membership but also in its activities. It sponsors the well know Hilltop Minstrels, the Bean Dinners, Football Appreciation Banquet for West High football teams. It helps and cooperates with other civic organizations in furthering the progress and needs of the Hilltop community, not only in a business way but also culturally, morally and scholastically.

The business men feel that a well educated community is a progressive one and a truly democratic one, working together for the common good, providing good and pleasant neighborliness, promoting continued church attendance and fostering clean, ethical competition among business men, backbone of national economy.

Mayor Donal Connolly of Trenton, N. J., had an overloaded schedule. When his secretary asked if he could see a delegation interested in some vapid, screwballish idea the mayor said, "See if you can book them for a date later in the week. Tell them I have a strained back and I'm due at the osteopath's for a three o'clock appointment."

Back came the secretary. "They said they only want to talk to you, not wrestle."

Dr. James T. Fahworth told his large audience in "Medical Economics" that he used to entertain his child patients by drawing pictures of animals for them on a handy sketchpad. He opened his waiting room one day to a roomful of patients only to be greeted by one small fry: "There he is. There's the dog doctor!"

"I drink nothing stronger than pop," said the boy.

"And what does Pop drink?" asked the girl.

It's Not What You Do . . . It's The Way You Do It!

Sure, you think right is on your side. He thinks it's on his side. Swell! But better make sure the "right" you mean is not a "right hook!" If there's an argument let those who are experienced decide. That's why we have judges and juries.

Same idea goes when it comes to buying a car. You should be able to rely on the opinion of the dealer selling the car. The many years these responsible dealers have been in business will justify your faith in dealing with them. They are your friendly neighbors and who doesn't like to rely on a good neighbor?

Western Theme Featured 19th Minstrel Show

The 19th Annual Hilltop Minstrel Show was staged in a western setting with the end men even donning chaps and spurs. The theme carried through to every part of the show, from the curtain backdrop to the attire of the Hilltop Men's Chorus.

The opening number, entitled "All Around the Hilltop," was written by O. H. Craft, local real estate dealer and song writer.

Interlocutor M. E. (Jack) Sensenbrenner had six end men to help him with the merriment: Lee Phillips, Bill Coon, Al Bettunger, George Hardy, Duke Reynolds and Lee Koontz. C. C. Hartley was director of the show.

Dr. Eddie Alpert made a sick call at 5 a. m. to a youngster in Jersey City. By the time he had completed his ministrations, dawn was coming up.

The mother of the boy asked Dr. Alpert, "What is your fee?"

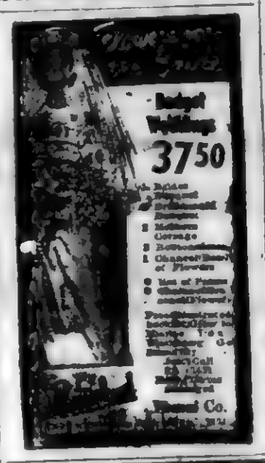
"For a night call, the fee will be four dollars." The mother parted the curtains and pointed outside. "Night call?" she shouted. "Look out there, it's daylight."

Wearily Dr. Albert closed his medical case. "You win, ma'am, it will be three dollars.

A fellow down South was sitting on his perch holding a small piece of rope.

"What's that?" asked a stranger.

"That's my weather vane," was the reply.



"How can you tell the weather with that?" inquired the stranger.

"When it goes to-and-fro, its windy. When it's wet—it's raining."

The diner ordered two dozen oysters, cream of mushroom soup, filet of sole Marguery, a T-bone steak with a baked potato, cauliflower and cheese, topped off with pie a la mode, and washed down by two pots of coffee.

The man at the next table, amazed at the performance, leaned over and said, "Boy, you certainly love your food to put away a big meal like that."

"Oh, it isn't that," explained the chap. "You see, I'm dreadfully fond of sodium bicarbonate."

Tap Dance Specialists

Sheila and Sharon Albery tap dancing specialists of the recent West High School Sales Tax Stamp Show will be one of the featured acts in the Hilltop Minstrel Show of 1953 which is to be staged at West High School auditorium on Feb. 12-13.

These two adroit dancers will be remembered for their "Mirror Number" which was accorded wide acclaim.

A fellow went to see a Gypsy fortuneteller.

"Let me see your crystal ball," he said.

She showed it to him.

"You've got two holes in it," he remarked in surprise.

"Yes," she replied. "I go bowling nights."

Around Christmas time, those street corner Santa Clauses each have a pot with pigeon wire over the top so the kids can't steal the nickels. In other words, so Santa Claus won't be "nickel-less."

How a German radio war communique used to sound:

"The enemy flew planes over the Reich territory. We shot down one hundred Allied planes, but lost four fighters. One of our cities is missing."

A woman was running down the street. "Where are you going?" called a neighbor. "I'm going to get a divorce from the grouchiest man in the world," was her reply.

"Go on," sneered the neighbor, how can you get a divorce from my husband!"

While Janet Gaynor and her husband, Adrian, the well-known designer, were in Africa, a big-game hunter they knew disappeared.

The coroner in Mombasi gave his verdict: Something he disagreed with . . . ate him.

The father glared across the table at his fat, lazy son. "One more big bite like that, you hog, and you'll leave the table."

"One more big bite like that," retorted Fatso, "and I'll be finished."

A passerby noticed, in a Greek restaurant, some odd orthography on the window. It read: "Lam Stew."

As the proprietor was standing in the doorway, the man called his attention to the error. "You knocked a b off its tail," he said laughingly.

Passing by on the following Friday, the man was startled by the new sign: "Clamb Chowder."

Minstrel of 1945 Followed Theme Of Patriotism

In April, 1945, just a few months before the Japanese surrender, the Hilltop Minstrels opened on the stage at West High.

The show, patterned after the production of Al G. Fields, again carried a patriotic theme. The show was climaxed with the Hilltop Men's Chorus in a number called "This Is My Country."

The team of Lee Koontz, H. G. Deems and L. E. Saunders again directed the show.

The bride was ordering her first ton of coal.

"It comes in different sizes," the dealer explained. "We have egg coal and chestnut coal."

"You'd better send the egg coal. I'll be cooking eggs oftener than chestnuts."

That evening when her husband returned home, she greeted him with some pleasing intelligence. "We're going to have sponge cake, honey."

"How come?"

"I sponged eggs from Mrs. Clark; I sponged milk and flour from Marie Jannin, and the flavoring was sponged from the lady in Apartment B."

Henry Morgan was dining with Colonel Stoopnagle. As these radio cronies punished the groceries, Henry remarked to the colonel, "I thought this lamb was a little tough."

"Oh," pooh-poohed the colonel, "let's not talk chop."

The elderly woman on the bus stared at the fellow sitting opposite her. Being somewhat deaf he but dimly heard her friendly greeting. "You don't remember me, Charlie?"

He said, "I beg your pardon."

She smiled. "I used to nurse you when you were a baby and many a spanking I gave you."

He felt he should be polite and make some semblance of hearing her.

"Yes," he said, "you wouldn't know the old place now."

"Would you like to see where I was vaccinated?" she asked him as they were driving along.

"You said it, babe."

"It's that second house from the corner—Dr. Green's office."

Such an anatomical feat would equal that of the husband who bent over backwards to give his wife every luxury.

He was a contortionist.

Days of Showboat Recalled in the Minstrel of '51

"Back to Showboat Days" was the general them for the 22nd Annual Hilltop Minstrel Show held in 1951. A cast of 60, under the direction of Lee Koontz, and piloted by Interlocutor Noble L. Allen, performed on the decks of an old riverboat.

End men Joe Goodwin, Bill Coon, Marvin Southworth and "Chubby" Distelhorst gave out with the jokes. Bob Motzer's orchestra played for the show, and the Hilltop Men's Chorus, after a year's absence, again joined the program.

Harold Green's revelation of "The Thing" was one of the highlights of the production.

A special skit, called "The Trial", featured Phil Stout as judge, Herb Kunzi as clerk, Jack Alkire and Harold Cunningham as attorneys, Russ Carter as the culprit, Mrs. Pauline Carter as the plaintiff, and Ed Witherspoon and Mrs. Lee Witherspoon as the witnesses.

One night, William Howard Taft, then a youthful law reporter, was on a case in Somerville, O. Discovering he could not get back to Cincinnati that night unless he could get the express to stop at Somerville, Taft wired the division headquarters of the railroad: "Will you stop through express at Somerville to take on large party?"

The train stopped and when the conductor asked Taft, "Where's the large party?" Taft, pointing to his own bulk, said simply, "I'm it," as he boarded the train.

William Howard Taft old this story on himself:

"A boy I knew had been warned by his nurse not to bite his nails. She threatened if he didn't stop, he would swell up like a balloon and burst."

The boy stopped. Meeting Taft a month later, he looked the president over, then said accusingly, "You bite your nails."

When Taft once went bathing in Beverly Bay, a neighbor said, "I'd like to go for a dip, but the president's using the ocean."

One of Sam Goldwyn's employees became a proud father. "What did you name your son?" inquired Goldwyn.

"John," replied the employee.

"Why did you name him John?" asked Goldwyn. "Every Tom, Dick and Harry is named John!"

A husband in Milwaukee, according to Jack Carson, looked at his overstuffed wife and told her, "It looks as though I took you for butter or for wurst."

If the Aesop Fables are ever revised, this might be the modern version of one of them:

"My wisdom tells me," said Br'er Fox,
"That sure as there a night is,
I do not doubt these grapes are sweet—
But I do fear gastritis."

One stomach specialist in Brooklyn has a formula for patients with nervous indigestion.

He asks them, "Do you play golf?"

If they say, "Yes," he tells them to cut it out.

If they say, "No," he tells them to start playing.

Thomas D. Rice Hailed As First Minstrel Man

Thomas Dartmouth Rice is not on any of the minstrel committees, but he is largely responsible for the Hilltop Minstrel shows.

Rice is known as the father of American Minstrelsy. He lived from 1808 to 1861 and became famous for a song and dance he did in "The Rifle," a short skit by Colon Robinson. Rice is also responsible for the use of the term "Jim Crow."

In "The Rifle," known as the first Negro minstrel, Rice did a song and peculiar dance limping that he had learned from an old Negro in Louisville, Ky., in 1828.

In his blackface costume Rice would do is dance as he sang the words:

"First on de heel tap, den on de toe,
Ebery time I turn about I jump Jim Crow.
Wheel about and turn and do jis so,
And ebery time I wheel about I jump Jim Crow."

They also tell you about the impatient old duffer who tired of sitting in the reception room waiting for the doctor. "I guess I'll go home," he said, "and die a natural death."

When her physician remarked how well she looked, Mrs. Sloscoke smiled. "Yes, Doctor, I followed the instructions on the bottle of medicine you gave me. I kept the bottle tightly corked."

Further rebuttal is offered by the magazines and radio in the case of the celebrated specialist who, called to the rural retreat of a wealthy man, diagnosed the heart illness as inflammation of the pericardium.

The local country doctor, who had first been called to the scene, expressed to the specialist his regret that he had not discovered the pericarditis. Said the specialist, "It's all for the best. You might have treated it."

When the canons of St. Paul's Cathedral in London were deliberating over the feasibility of constructing a wooden pavement around the edifice, Sydney Smith impatiently closed the conference with, "Come, come, gentlemen; lay your heads together and the thing is done."

Minstrel Show Satellite

Sonya Albery, 2634 Elliott-av another member of the Albery Sisters entertainment team will also be a featured dancer in the annual Hilltop Minstrel Show which is one of the highlight community affairs of the area under the sponsorship of the Hilltop Business Association.

Minstrel Profit Aids Welfare Work of HBA

Hundreds of dollars pass through the hands of the Hilltop Business Association when minstrel-time rolls around each year. Unfortunately not all of it stays in the HBA treasury; in fact very little does.

All sorts of expenses combine to relieve the HBA of its profits from the sale of tickets—rental for the school building for the performances and rehearsals, costumes, scenery, professional stage hands, police protection, orchestra, accompanists, the chorus, and, of course state and federal admission taxes.

The profits, which amount to only 20% of the take are used by the HBA in its community, civic and welfare work.

When Joe Tessaro, the Phillies' promising rookie outfielder, was playing with Terre Haute he closed a hotel door on two of his fingers and was sent to the doctor for first aid.

"Will I be able to play the piano when these fingers heal?" Joe asked him.

"You certainly will," replied the medico.

"Doc, you're a marvel," said Joe. "I've never been able to play a piano yet."

In the maternity ward of a Chicago hospital the anxious father-to-be jumped from his chair each time the nurse opened the door to make a new announcement.

When again the door opened and the nurse said to a man in the corner, "Mr. Rogers, you have a lovely little daughter," Mr. Anxious dashed toward the girl in white. "Why don't you wait on me?" he bellowed. "I was here before he was!"

Bob Adams, NBC executive, asks you to believe that the happy news came to the prospective dad who was in a distant city on business. The telegram said, "Girl. Six pounds. Both Hazel and baby doing well."

On the telegram was a sticker message that puzzled the father: "When you want a boy call Western Union."

Little Dorothy was reading the war news.

"Mama," she said, "what do they mean by close quarters?"

"Trying to get twenty-five cents out of your father," answered her mother.

The professor of obstetrics at an eastern university propounded to his class, "Who is happier, the man with six million dollars or the man with six children?"

One of the students had an instant answer, "The man with the six kids."

"Why?" asked the professor.

"Because the guy with the six million always wants more."

Herb Lyon, editor of the New York Times Sunday book section, tells about the chap who was filling out his income tax statement in the Internal Revenue office.

He listed a deduction for his wife and in the section that states "Exemption claimed for children," he wrote: "Watch this space."

Lord Redding, the great English barrister, used to test the intelligence of a law student by asking him, "How many pancakes can you eat on an empty stomach?"

"Six," might be the usual answer.

"Wrong," bellowed Lord Redding. "You eat only one on an empty stomach. After one pancake your stomach is no longer empty."

As a truck passed by, a draftee saluted. "What did you salute that truck for?" asked the Sergeant.

"On it," explained the draftee, "it said—General Hauling."

HBA Social Activities Are Numerous

The Hilltop Business Association in addition to providing and participating in civic and business projects for the community, also has a social program for its members.

The annual Spring Dance is always one of the highlights of the Hilltop calendar. This dance is open to members, their wives and guests. The dance is planned again for this spring but no definite date has yet been decided upon.

Another social activity is the outdoor picnic held each June along the Scioto river. This is also for members and any guests that they may chose to bring.

The major activity in the social program is the Bean Dinner which is for all residents of the Hilltop. Held each year at Westgate Park this activity is highlighted by contests and other outdoor entertainment and climaxes the baked bean supper. Plans for the 1953 Dinner have already begun.

He was a waiter who had known years of stomach trouble. When he recognized that the customer was ordering a bland diet, he jotted down the order and then in a moment of abstraction, asked, "Will that be ulcer?"

The hillbilly bought his first ice cream cone and stepped outside the store to eat it. When he had finished the ice cream he re-entered the store with the cone in his hand and offered it to the lady behind the counter.

"Much obliged, ma'am, for the use of the vase."

"I shouldn't have eaten that missionary,"
Said the cannibal with a frown.
"For this gastritis tells me—
You can't keep a good man down."

"What is the function of the stomach?" asked the teacher of the boy in hygiene class.

"To hold up your pants," he answered.

Paddy McGuire knew something of anatomy. But here he was before the judge awaiting sentence for mauling Mike McGuinness.

"You should have waited until Mike hit you," said the judge.

"Perhaps I would have had the law on my side," agreed Pat, "but I would have had Mike on my stomach."

There was a girl in Brooklyn
Who was so excessively thin
That when she essayed
To drink lemonade
She slipped through the straw and fell in.

The Gate Post

By Pat Martindale

Have you written to a boy in the service lately? If you haven't, perhaps you would be interested in knowing how "our fellows" feel about getting mail.

Recently three young marines returned to their homes in this community on a furlough from "far away lands" and from their reports all service men eagerly look forward to receiving mail from home regardless of whom it's from.

Although these three boys always received plenty of mail (having big families and girl friends to write to them) they told of many incidents of boys who weren't quite so fortunate. As a matter of fact one of the fellows in their battalion had no parents to write him and even though he was surrounded by buddies he felt very lonesome and forgotten at mail call. He became so "hungry" for mail that he would often ask the other boys to let him read some of their mail and when they did he thoroughly enjoyed it even though he didn't know the writer. He very often asked about the people whose letter he had read, weeks afterward.

Of course this is an extreme example but every service man does look forward to receiving "a little bit of home" in their letters so don't let them down. Write to a soldier acquaintance and let him know that you cared enough about the job he has been sent to do to keep him posted on what's news on the home front.

Let's Go To Church Sunday.

Hilltopper Gerald Gifford Is Ordained In New York City

A 28-year-old former Marine sergeant, Rev. Gerald G Gifford II, who served in the Pacific Theater in World War II, was ordained to the Protestant Episcopal priesthood Jan. 18, in St. Bartholomew's Church, New York. About 1,000 persons attended the ceremony, conducted by Rev. Henry Wise Hobson, bishop of southern Ohio, from whose diocese Mr. Gifford was a candidate.

It was the first time in some 20 years that a service of ordination had been held at St. Bartholomew's. Mr. Gifford has served there since August as assistant on the staff in charge of religious education.

Mr. Gifford was presented for ordination by his rector, Rev. Anson Phelps Stokes, Jr., whom he [illegible] by correspondence in Honolulu while he was in service and in person in his home town of Columbus.

The ceremony was held before the high altar of the Byzantine style church. In the front pew were his parents, Gerald Gifford and Mrs. Gertrude Gifford; his wife, Pauline, whom he married in 1946, and daughter, Roxana.

Following the presentation, the candidate was examined by Bishop Hobson. He publicly pledged his allegiance to the church and indicated his belief in the Holy Scriptures and his determination to serve the church faithfully in his new office. Mr. Gifford knelt before the bishop and assisting [illegible]gy for the high point of the ordination, the traditional "laying on of hands."

Officiating with Bishop Hobson in "the laying on of hands" were Mr. Stokes, Rev. Robert W. Fay, rector of Trinity Church, Columbus; Rev. Irving S. Pollard and Rev. Dr. Charles Deems, assistant ministers at St. Bartholomew's. Mr. Gifford received a Bible as a gift. His presentor then adjusted his red stole, which deacons wear over the left shoulder, so that it hung about his neck, symbolic of the yoke of Christ and the gift of the Holy Spirit.

Rev. Dr. Robert W. Fay, rector of Trinity Church of Ohio, where Mr. Gifford was ordained deacon in June, 1952, preached the ordination sermon on "The Ministry of Interruption." In it he said that, "by continuous interruption of mundane events, God 'shakes us out of our complacencies' and calls upon Christians to aid in the redemption of the world."

Mr. Gifford was reared on the Hilltop at 58 S. Huron-av. He was in the Marines three years, during which time he was confirmed in St. Andrew's Cathedral, Honolulu, where Mr. Stokes served as canon. He attended West Broad Elementary School, West High, Ohio State University and the Episcopal Theological School in Cambridge, Mass. His mother, Mrs. Gertrude Gifford, resides at 2377 W. Broad-st.

Firehouse Five In Another Victory, 38-36

The Senior Boys' League at Glenwood Center is drawing to a close with the Firehouse leading the league and the Atomic Five crowding them for the lead. The league lead should be decided when these two teams meet. The schedule of games coming up indicates no serious threats to either team. They will meet on Thursday, Feb. 20.

In this week's games the Atomic Five picked up a charity game from the Five Aces by forfeit. This makes their record 5-0.

The Firehouse had a hard time eking out a win over the hard-fighting Grace Methodist squad. The Firehouse had a two-point lead at the end of the first quarter, 8-6, which they lengthened to a 19-11 half-time lead. At the end of the third quarter their lead was six points, 30-24. The lead that the Firehouse had built during the first of the game was all that saved the game as the fighting Grace team came back to the fourth to outscore the Firehouse in an effort that just fell short, and the Firehouse took the game on a slim two point margin, 38-36.

Ed Lantz topped all scorers to lead his Firehouse teammates to victory with 20 points.

The Clowns and the Five Aces played a close hard-fought game which the Clowns won 39-32. The Aces took the first quarter lead 9-7. The Clowns came back in the second to have the half-time lead 19-18. The Aces' poor third quarter probably cost them the ball game as the Aces could get only two points while the Clowns picked up six to finish the quarter leading 25-20. In the final the Aces found the hoop for 12 points but it fell short as the Clowns moved to their first win in league play.

The fast improving DeMolay team gave the Lightning Five a scare before dropping a 36-32 decision. The DeMolay went into a first quarter lead, 7-6, but fell behind at the half, 18-11, as the Lightning five continued to find the range. The DeMolay, outscoring the Lightning, closed the gap in the third to a single point 20-19. The two teams matched baskets in the fourth with the Lightning Five finding the range more often to finish with a 36-32 win.

Harrington of the Grace Methodist is way out in front in league scoring with 95 points, while Voss of the Atomic is in second place with 79. Hard on the heels of the leaders is Bolg of the Five Aces with 68 points.

Glenwood Briefs

By Pat Martindale

The Arts and Crafts Club of Glenwood Recreation Center is having fun making a variety of automobiles from plaster. Some in this club did free hand drawing and some made puppets and several of the children have started weaving. All in all, the children are enjoying this newly formed club very much.

The Teen-age Club is sponsoring a dance at the center next Wednesday night at 8 o'clock. Delores Holman, assisted by Clara Howell, is chairman of the committee in charge of refreshments.

Girls of the Charm Club are enjoying their meetings in which general discussions concerning beauty and good grooming are taking place. All girls between 12 and 17 years of age are invited to attend the next meeting on Monday at 8 p. m. A visitor experienced in the field of beauty and culture has been invited to speak.

A new club is being arrranged for young ladies between 7 and 13 years of age at Glenwood Center. The first regular meeting will be held Monday, Feb. 9, at 4 p. m. This club will be called the "Glenwood Gleaners" and many plans are already under way for the "small fry." Ten members have joined and all who wish to join should contact Mrs. Elsie Albrecht as soon as possible.

Glenwood Center was host to 25 aspirants to the Recreation Department's inter-center table tennis championships. After 19 matches of tourney play had been completed in the boys and girls' divisions in intermediate, junior and senior classes champions were crowned.

Robert Oakes of Beatty Center won the junior boys' championship, with John Hewitt of Sullivant Gardens as runner-up. Sue Wilson of Sullivant Gardens won the junior girls' with Maureen Grimes of Sunshine taking second place.

Little Mickie Obert of Schiller won the Intermediate Boys Championship and Warren Taylor of Sunshine captured second place.

The senior boys' tourney was a fine tournament with Morris Nehr of Sunshine Center winning and Joe Taylor of Schiller taking second.

The senior girls' winner was Bonnie Grimes of Sunshine while "Sis" Wooten of Beatty Center won second place.

All Homes Sold In Rosary Addition

Mrs. Maycel DeRubertis and Bob Finneran, local sales people for the new Rosary Addition, are resting between storms this week after selling all the completed houses built by Ed Tonti, promoter of the addition. Two or more of the houses were sold through advertisements in this newspaper by the Thompson Realty Co. which handles all of Tonti's houses and several by other builders.

The twin singles are now being offered for rent and lease and Mrs. DeRubertis and Mr. Finneran expect close to a dozen houses to be available during the next few months.

A salesman's car broke down near an Indian reservation. While waiting for it to be fixed, a big buck came over and watched. "What do you do all day?" the salesman asked the red-skinned early American.

"Hunt and fish!" was the brief reply.

"What do you hunt?" asked the curious salesman.

"Fish!" replied the Indian.

"Aging need not be synonymous with degeneration." There is a close relationship between chronic disease and the aging of tissue, and nutrition is of great importance to both.
"Aging need not be synonymous with degeneration," and adequate nutrition can be expected to prove the truth of this statement. This is quoted from current research in the science of nutrition. The Department of Agriculture says 3 out of every 4 people fail to eat a balanced diet. Thus they do not get enough vitamins and minerals or other dietary essentials.

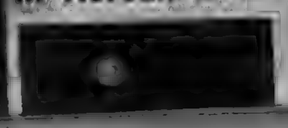
Your Ideas On Bus Service Are Wanted

In an effort to get adequate and much improved bus service for the city of Columbus Mayor Robert Oestreicher is inviting comments from various individuals and groups over the city on what these needs are.



The mayor is to be commended on this approach and it is sincerely hoped that the present administration will fight for a program of more adequate bus service for the city.

Right here on the Hilltop the problem is far from the least one in the city. The extensive growth of our community in recent years now finds hundreds of homes far from the city bus lines. This is indeed a serious problem in face of the fact that

24th Annual Hilltop Minstrel Is Rated As The Best In Many Years

Hilltoppers and others from other sections of the city last Thursday and Friday nights had nothing but praise for the 24th annual showing of the Hilltop Minstrel Show which is sponsored annually by the Hilltop Business Association.

The fast moving production from start to finish was filled with good clean fun and spiced by the appearances of many talented performers who literally "brought down the house" with their offerings.

Highlight of the Friday evening performance was the announcing of the winner of the Tall Story Contest. Roger H. Myers, 97 N. Chase-av in the opinion of the judges of the contest came up with the best bit of prevarication on the Hilltop in years and was called on the stage to recount his story of a fabulous hunting expedition. As a result of his winning entry, a delegation of the Hilltop Business Association, will visit the Camp Chase American Legion Post 96 Friday night to present to Myers, the commander, the trophy attesting to his prowess as a champion.

HBA secretary C. H. Campbell this week in summing up the success of the 1953 Minstrel Show praised the cooperation of other organizations in helping with the ticket sales. He revealed that the Columbus Brewer's and Distributors Association purchased a block of tickets and distributed them to patients at Columbus State School, and that the Rainbow Division Veterans did the same for children at Franklin Village.

Campbell also said that a silver Crucifix found at West High School on Friday evening may be claimed at the HBA offices.

West Franklin Ass'n Observes Anniversary

A record turnout was present for the second annual meeting of the West Franklin County Association, Inc., Tuesday evening at the dinner held at South Franklin Elementary School, 2090 Frank-rd. Numerous organizations of the community were welcomed by Ed. O. Johnson, D. J. Kunz, president of the group presided.

E. L. Smith, works manager of Westinghouse, told the group that present plans call for the big new plant to be in operation by October this year. Present Westinghouse employees total about 125 and by the first of the year this number will increase to about 1,000 and next year will advance to about 6,000 or more. He stated that a total investment of $100,000,000 will be made in the local plant before the first refrigerator is turned out. It is anticipated the plant will produce one million units per year.

Delmar Starkey of the Chamber of Commerce predicted that the growth of the county would reach the 625,000 mark by 1980. It is now 542,000.

C. P. Lauderbaugh, county commissioner, stated that the county has built 18 miles of water mains

Anyone interested in a discussion of the Columbus Bus Transportation problem is invited to meet with the Civic and Safety Committee of the Hilltop Business Association at 3183 W. Broad-st next Tuesday.

An Editorial

Back Up Your Mayor

Columbus' new Mayor Oestreicher has set out to do a job for the people of Columbus, in a businesslike manner that has won him the plaudits of many. But while the praise for his actions may sound and read extremely well, it would be more heartening to him to know that the people of Columbus are ready and willing to back him up.

As evidence of his desire to do a real job as Mayor for this city he has asked that the citizens of this city write directly to him outlining the faults they find with certain aspects of the city administration and offering to him their ideas toward a solution.

One of the problems which the new mayor is to face soon is that of transportation within the city of Columbus and he would like the views of every citizen on the matter. He would like to know how the various, civic, service and other organizations in the city feel about the present transportation system and what suggestions they may have for improvement. He wants to know, in order to be able to do the right kind of a job as the mayor of Columbus.

It has been pointed out that the city of Columbus has spent much of the taxpayers money to reinforce streets at bus stops, and that the transportation company on the other hand has saved money on snow removal equipment since changing from tracks to busses. It is asserted that the transportation company should maintain some stand-by equipment for snow emergencies.

Other suggestions which have been broached are weekly passes to show operators, especially so in the case of school children who frequently lose the small tickets. This, it is pointed out, would eliminate necessity of transfers and make it possible to purchase passes at places other than of bus operators in order to save time. Merchants would like it because it would bring more people into their stores and the bus driver would be relieved of much bookkeeping and thereby be able to give more attention to driving and eliminate long waits at bus stops.

These are but a few of the suggestions which have been made to the mayor toward improvement of the bus transportation facilities. Every organization in the city as well as individuals should give their wholehearted support to Mayor Oestreicher in his efforts to improve Columbus. Write today.

The Gate Post

By Pat Martindale

Have you written to a boy in the service lately? If you haven't, perhaps you would be interested in knowing how "our fellows" feel about getting mail.

Recently three young marines returned to their homes in this community on a furlough from "far away lands" and from their reports all service men eagerly look forward to receiving mail from home regardless of whom it's from.

Although these three boys always received plenty of mail (having big families and girl friends to write to them) they told of many incidents of boys who weren't quite so fortunate. As a matter of fact one of the fellows in their battalion had no parents to write him and even though he was surrounded by buddies he felt very lonesome and forgotten at mail call. He became so "hungry" for mail that he would often ask the other boys to let him read some of their mail and when they did he thoroughly enjoyed it even though he didn't know the writer. He very often asked about the people whose letter he had read, weeks afterward.

Of course this is an extreme example but every service man does look forward to receiving "a little bit of home" in their letters so don't let them down. Write to a soldier acquaintance and let him know that you cared enough about the job he has been sent to do to keep him posted on what's news on the home front.

Let's Go To Church Sunday.

Hilltopper Gerald Gifford Is Ordained In New York City

A 28-year-old former Marine sergeant, Rev. Gerald G Gifford II, who served in the Pacific Theater in World War II, was ordained to the Protestant Episcopal priesthood Jan. 18, in St. Bartholomew's Church, New York. About 1,000 persons attended the ceremony, conducted by Rev. Henry Wise Hobson, bishop of southern Ohio, from whose diocese Mr. Gifford was a candidate.

It was the first time in some 20 years that a service of ordination had been held at St. Bartholomew's. Mr. Gifford has served there since August as assistant on the staff in charge of religious education.

Mr. Gifford was presented for ordination by his rector, Rev. Anson Phelps Stokes, Jr., whom he knew by correspondence in Honolulu while he was in service and in person in his home town of Columbus.

The ceremony was held before the high altar of the Byzantine style church. In the front pew were his parents, Gerald Gifford and Mrs. Gertrude Gifford; his wife, Pauline, whom he married in 1946, and daughter, Roxana.

Following the presentation, the candidate was examined by Bishop Hobson. He publicly pledged his allegiance to the church and indicated his belief in the Holy Scriptures and his determination to serve the church faithfully in his new office. Mr. Gifford knelt before the bishop and assisting clergy for the high point of the ordination, the traditional "laying on of hands."

Officiating with Bishop Hobson in "the laying on of hands" were Mr. Stokes, Rev. Robert W. Fay, rector of Trinity Church, Columbus; Rev. Irving S. Pollard and Rev. Dr. Charles Deems, assistant ministers at St. Bartholomew's. Mr. Gifford received a Bible as a gift. His presentor then adjusted his red stole, which deacons wear over the left shoulder, so that it hung about his neck, symbolic of the yoke of Christ and the gift of the Holy Spirit.

Firehouse Five In Another Victory, 38-36

The Senior Boys' League at Glenwood Center is drawing to a close with the Firehouse leading the league and the Atomic Five crowding them for the lead. The league lead should be decided when these two teams meet. The schedule of games coming up indicates no serious threats to either team. They will meet on Thursday, Feb. 20.

In this week's games the Atomic Five picked up a charity game from the Five Aces by forfeit. This makes their record 5-0.

The Firehouse had a hard time eking out a win over the hard-fighting Grace Methodist squad. The Firehouse had a two-point lead at the end of the first quarter, 8-6, which they lengthened to a 19-11 half-time lead. At the end of the third quarter their lead was six points, 30-24. The lead that the Firehouse had built during the first of the game was all that saved the game as the fighting Grace team came back to the fourth to outscore the Firehouse in an effort that just fell short, and the Firehouse took the game on a slim two point margin, 38-36.

Ed Lantz topped all scorers to lead his Firehouse teammates to victory with 20 points.

The Clowns and the Five Aces played a close hard-fought game which the Clowns won 39-32. The Aces took the first quarter lead 9-7. The Clowns came back in the second to have the half-time lead 19-18. The Aces' poor third quarter probably cost them the ball game as the Aces could get only two points while the Clowns picked up six to finish the quarter leading 25-29. In the final the Aces found the hoop for 12 points but it fell short as the Clowns moved to their first win in league play.

The fast improving DeMolay team gave the Lightning Five a scare before dropping a 36-32 decision. The DeMolay went into a first quarter lead, 7-6, but fell behind at the half, 15-11, as the Lightning five continued to find the range. The DeMolay, outscoring the Lightning, closed the gap in the third to a single point 20-19. The two teams matched baskets in the fourth with the Lightning Five finding the range more often to finish with a 36-32 win.

Harrington of the Grace Methodist is way out in front in league scoring with 95 points, while Voss of the Atomic is in second place with 79. Hard on the heels of the leaders is Bolg of the Five Aces with 68 points.

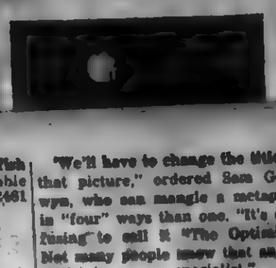
Your Ideas On Bus Service Are Wanted

In an effort to get adequate and much improved bus service for the city of Columbus Mayor Robert Oestreicher is inviting comments from various individuals and groups over the city on what these needs are.



The mayor is to be commended on this approach and it is sincerely hoped that the present administration will fight for a program of more adequate bus service for the city.

Right here on the Hilltop the problem is far from the least one in the city. The extensive growth of our community in recent years now finds hundreds of homes far from the city bus lines. This is indeed a serious problem in face of the fact that

Filter Center Sounds Call For Workers

The Columbus Ground Observer Corps is in need of more volunteers for work in the Filter Center. As most readers probably know by now, the Ground Observer program is operating in conjunction with the Air Force to maintain a 24-hour a day vigilance against enemy attack. Trained observers in posts strategically located throughout the entire state observe and immediately report any and all aircraft which could conceivably be hostile.

The reports of observers are phoned in immediately to the Columbus Filter Center where trained workers plot the course of all aircraft flying in the area. The Filter Center is in constant touch with an Air Force radar station and advises it of all aircraft definitely observed.

The Filter Center maintains a continuous schedule of classes for the training of civilian volunteers. After a brief time the volunteer can take his place at the big plotting board and receive the incoming reports from observers. Further training is constantly offered so that the volunteer may increase his or her knowledge and efficiency.

Here is a real chance for anyone over the age of sixteen to be of service in defending this country from enemy attack. Volunteers are needed for any hours of any day. Information may be obtained by calling Fletcher 3725 or by coming to the Filter Center itself at 33 W. Gay-st and watching the actual operation.

The digest contains highly important information for Ohio's fishermen, and is recommended reading for anglers before going fishing. The 1953 digest contains, in addition to many new features, the liberalized rules and regulations for the taking of rough fish in the state Digests are available at the Hilltop Sporting Goods, 2461 W. Liquid Fertilizer Meeting Scheduled

Farmers interested in the use of liquid fertilizer are invited to attend an important meeting of the Hilliards High School Wednesday evening, Feb. 18, at 3:30 o'clock.

This new way of providing plant nutrients has provoked much discussion and many farmers are asking about the possibilities of their using such a product. Dr. Victor A. Tiedjens, research director for a large plant food company will be present to discuss with the farmers the problems and values in using liquid fertilizer on crops in this area.

The meeting is open to the public and is held in conjunction with the Hilliards Adult Farmer Course directed by Leon Boucher, Vo-Ag instructor at the high school.

"We'll have to change the title of that picture," ordered Sam Goldwyn, who can mangle a metaphor in "four" ways than one. "It's confusing to call it 'The Optimist.' Not many people know that an optimist is an eye specialist."

24th Annual Hilltop Minstrel Is Rated As The Best In Many Years

Hilltoppers and others from other sections of the city last Thursday and Friday nights had nothing but praise for the 24th annual showing of the Hilltop Minstrel Show which is sponsored annually by the Hilltop Business Association.

The fast moving production from start to finish was filled with good clean fun and spiced by the appearances of many talented performers who "literally brought down the house" with their offerings.

Highlight of the Friday evening performance was the announcing of the winner of the Tall Story Contest. Roger H. Myers, 97 N. Chase-av in the opinion of the judges of the contest came up with the best bit of prevarication on the Hilltop in years and was called on the stage to recount his story of a fabulous hunting expedition. As a result of his winning entry, a delegation of the Hilltop Business Association, will visit the Camp Chase American Legion Post 98 Friday night to present to Myers, the commander, the trophy attesting to his prowess as a champion.

HBA secretary C. H. Campbell this week in summing up the success of the 1953 Minstrel Show praised the cooperation of other organizations in helping with the ticket sales. He revealed that the Columbus Brewer's and Distributors Association purchased a block of tickets and distributed them to patients at Columbus State School, and that the Rainbow Division Veterans did the same for children at Franklin Village.

Campbell also said that a silver Crucifix found at West High School on Friday evening may be claimed at the HBA offices.

West Franklin Ass'n Observes Anniversary

A record turnout was present for the second annual meeting of the West Franklin County Association, Inc., Tuesday evening at the dinner held at South Franklin Elementary School, 2090 Frank-rd. Numerous organizations of the community were welcomed by Ed. O. Johnson, D. J. Kunz, president of the group presided.

E. L. Smith, works manager of Westinghouse, told the group that present plans call for the big new plant to be in operation by October this year. Present Westinghouse employees total about 125 and by the first of the year this number will increase to about 1,000 and next year will advance to about 6,000 or more. He stated that a total investment of $100,000,000 will be made in the local plant before the first refrigerator is turned out. It is anticipated the plant will produce one million units per year.

Delmar Starkey of the Chamber of Commerce predicted that the growth of the county would reach the 625,000 mark by 1960. 'It is now 542,000.

C. P. Lauderbaugh, county commissioner, stated that the county has built 18 miles of water mains

Anyone interested in a discussion of the Columbus Bus Transportation problem is invited to meet with the Civic and Safety Committee of the Hilltop Business Association at 3183 W. Broad-st next Tuesday.

An Editorial

Back Up Your Mayor

Columbus' new Mayor Oestreicher has set out to do a job for the people of Columbus, in a businesslike manner that has won him the plaudits of many. But while the praise for his actions may sound and read extremely well, it would be more heartening to him to know that the people of Columbus are ready and willing to back him up.

As evidence of his desire to do a real job as Mayor for this city he has asked that the citizens of this city write directly to him outlining the faults they find with certain aspects of the city administration and offering to him their ideas toward a solution.

One of the problems which the new mayor is to face soon is that of transportation within the city of Columbus and he would like the views of every citizen on the matter. He would like to know how the various, civic, service and other organizations in the city feel about the present transportation system and what suggestions they may have for improvement. He wants to know, in order to be able to do the right kind of a job as the mayor of Columbus.

It has been pointed out that the city of Columbus has spent much of the taxpayers money to reinforce streets at bus stops, and that the transportation company on the other hand has saved money on snow removal equipment since changing from tracks to busses. It is asserted that the transportation company should maintain some stand-by equipment for snow emergencies.

Other suggestions which have been broached are weekly passes to show operators, especially so in the case of school children who frequently lose the small tickets. This, it is pointed out, would eliminate necessity of transfers and make it possible to purchase passes at places other than of bus operators in order to save time. Merchants would like it because it would bring more people into their stores and the bus driver would be relieved of much bookkeeping and thereby be able to give more attention to driving and eliminate long waits at bus stops.

These are but a few of the suggestions which have been made to the mayor toward improvement of the bus transportation facilities. Every organization in the city as well as individuals should give their wholehearted support to Mayor Oestreicher in his efforts to improve Columbus. Write today.

The Gate Post

By Pat Martindale

Have you written to a boy in the service lately? If you haven't, perhaps you would be interested in knowing how "our fellows" feel about getting mail.

Recently three young marines returned to their homes in this community on a furlough from "far away lands" and from their reports all service men eagerly look forward to receiving mail from home regardless of whom it's from.

Although these three boys always received plenty of mail (having big families and girl friends to write to them) they told of many incidents of boys who weren't quite so fortunate. As a matter of fact one of the fellows in their battalion had no parents to write him and even though he was surrounded by buddies he felt very lonesome and forgotten at mail call. He became so "hungry" for mail that he would often ask the other boys to let him read some of their mail and when they did he thoroughly enjoyed it even though he didn't know the writer. He very often asked about the people whose letter he had read, weeks afterward.

Of course this is an extreme example but every service man does look forward to receiving "a little bit of home" in their letters so don't let them down. Write to a soldier acquaintance and let him know that you cared enough about the job he has been sent to do to keep him posted on what's news on the home front.

Let's Go To Church Sunday.

Hilltopper Gerald Gifford Is Ordained In New York City

A 28-year-old former Marine sergeant, Rev. Gerald G Gifford II, who served in the Pacific Theater in World War II, was ordained to the Protestant Episcopal priesthood Jan. 18, in St. Bartholomew's Church, New York. About 1,000 persons attended the ceremony, conducted by Rev. Henry Wise Hobson, bishop of southern Ohio, from whose diocese Mr. Gifford was a candidate.

It was the first time in some 20 years that a service of ordination had been held at St. Bartholomew's. Mr. Gifford has served there since August as assistant on the staff in charge of religious education.

Mr. Gifford was presented for ordination by his rector, Rev. Anson Phelps Stokes, Jr., whom he knew by correspondence in Honolulu while he was in service and in person in his home town of Columbus.

The ceremony was held before the high altar of the Byzantine style church. In the front pew were his parents, Gerald Gifford and Mrs. Gertrude Gifford; his wife, Pauline, whom he married in 1946, and daughter, Roxana.

Following the presentation, the candidate was examined by Bishop Hobson. He publicly pledged his allegiance to the church and indicated his belief in the Holy Scriptures and his determination to serve the church faithfully in his new office. Mr. Gifford knelt before the bishop and assisting clergy for the high point of the ordination, the traditional "laying on of hands."

Officiating with Bishop Hobson in "the laying on of hands" were Mr. Stokes, Rev. Robert W. Fay, rector of Trinity Church, Columbus; Rev. Irving S. Pollard and Rev. Dr. Charles Deems, assistant ministers at St. Bartholomew's. Mr. Gifford received a Bible as a gift. His presentor then adjusted his red stole, which clergymen wear over the left shoulder, so that it hung about his neck, symbolic of the yoke of Christ and the gift of the Holy Spirit.

Firehouse Five In Another Victory, 38-36

The Senior Boys' League at Glenwood Center is drawing to a close with the Firehouse leading the league and the Atomic Five crowding them for the lead. The league lead should be decided when these two teams meet. The schedule of games coming up indicates no serious threats to either team. They will meet on Thursday, Feb. 20.

In this week's games the Atomic Five picked up a charity game from the Five Aces by forfeit. This makes their record 5-0.

The Firehouse had a hard time eking out a win over the hard-fighting Grace Methodist squad. The Firehouse had a two-point lead at the end of the first quarter, 8-6, which they lengthened to a 19-11 half-time lead. At the end of the third quarter their lead was six points, 30-24. The lead that the Firehouse had built during the first of the game was all that saved the game as the fighting Grace team came back to the fourth to outscore the Firehouse in an effort that just fell short, and the Firehouse took the game on a slim two point margin, 38-36.

Ed Lantz topped all scorers to lead his Firehouse teammates to victory with 20 points.

The Clowns and the Five Aces played a close hard-fought game which the Clowns won 39-32. The Aces took the first quarter lead 9-7. The Clowns came back in the second to have the half-time lead 19-18. The Aces' poor third quarter probably cost them the ball game as the Aces could get only two points while the Clowns picked up six to finish the quarter leading 25-20. In the final the Aces found the hoop for 12 points but it fell short as the Clowns moved to their first win in league play.

The fast improving DeMolay team gave the Lightning Five a scare before dropping a 36-32 decision. The DeMolay went into a first quarter lead, 7-6, but fell behind at the half, 15-11, as the Lightning five continued to find the range. The DeMolay, outscoring the Lightning, closed the gap in the third to a single point 20-19. The two teams matched baskets in the fourth with the Lightning Five finding the range more often to finish with a 36-32 win.

Harrington of the Grace Methodist is way out in front in league scoring with 95 points, while Voss of the Atomic is in second place with 79. Hard on the heels of the leaders is Bolg of the Five Aces with 68 points.

The SAFE WAY

Before the discovery of the X-ray 56 years ago, diagnosis of tuberculosis was largely a matter of chance.

Too often diagnosis was made after the disease was in an advanced stage and hope for recovery was slim.

But today the X-ray has made possible the early discovery of tuberculosis. If there are signs of TB in the lungs, the chest X-ray will reveal them. If the lungs are clear and healthy, the chest X-ray will show that, too.

Chest X-rays such as those given free by the Columbus Tuberculosis Society are quick and painless. They take only a few seconds. All you do is stand in front of the machine, take a deep breath, and it's all over. There is no discomfort or annoyance. You don't even have to undress.

It is those of us who do not have a chest X-ray once a year who are taking chances. By not having chest X-rays, many of us leave to chance the state of our own health, the health of our families, of our neighbors or our community.

TB, the Columbus Tuberculosis Society warns is an insidious disease which strikes without obvious outward symptoms. It is spread from person to person by those who have the disease.

As many as 283,000 persons with active tuberculosis can easily be spreading TB in the United States today, according to the 1951-52 annual report of the National Tuberculosis Association

Many of these persons do not know that they have TB or that they are spreading it to others. To protect all of us every adult, 15 years and over, should have a chest X-ray once a year. You can have TB without knowing it, but a chest X-ray can detect it early, when it is easiest to cure

It is important, however, to point out that a diagnosis of tuberculosis is never made on the basis of X-ray films alone. If the film shows an unusual condition in the chest, other tests are made to determine whether TB is present.

Telephone the Columbus Tuberculosis Society and find out when the Christmas seal X-ray bus will be operating in your neighborhood. There is no charge to anyone living in Franklin County. In a sense you paid for yours when you purchased your Christmas seals.

Firemen Clinch First Round In The Intermediate Church Loop

By Dick Wilson

The Volunteer Firemen clinched the first round championship of the Hilltop YMCA Intermediate Church League by blasting Burgess EUB 56-29 last week on the John Burroughs court. The victory gave the firemen a 6-0 record, and they are certain of one victory in the league because of St. Paul's forfeitures. The second place team has already dropped two.

The Firemen were never in trouble during the entire contest, but the Burgess team never stopped fighting. The boys from Burgess Avenue kept playing a hard fought battle, but they were outclassed by a team with superior height and more experience.

Jay Renshaw was the "Fire Chief" of the game as he led his fellow Firemen with 16 points. Ed Lantz was close behind with a total of 13. Seven of Lantz's 13 points were made from the foul line. Durwood Vincent was the hope of the losers as he drove in and fought like mad against the tough Firemen defense to garner 12 points.

West Sr. Hi-Y and the Church of Christ staged the most thrilling game seen on the John Burroughs hardwood this season as the "Y" team was margined 36-33.

The game started out close and thrilling and was in doubt until the final whistle blew. The "Y" team jumped into an early lead and retained this lead until the last part of the second half.

The Church of Christ team hit a hot streak in the last few minutes of the game, and Jack Taylor and George Marsiuf led their team to a well deserved victory. The Green and White trailed throughout most of the ball game, but their "never say die" spirit paid off as they went ahead to gain a victory. The loss was a heartbreaker for the Sr Hi-Y, but the "Y" boys sportsmanship throughout and after the game was excellent.

Taylor and Marsiuf led the Church of Christ scoring with 10 points apiece, but Charles Robinson of the losers took honors for the evening with 13.

Score by quarters:

Church of Christ	7	17	24	36

Hoge Memorial got back into stride in the third game of the evening by walloping the Apostolic Gospels 53-37.

The Robinson coached Apostles had an evening of bad breaks as many lay ups were missed and "gads" of shots went in and back out of the bucket.

Dick Sensenbrenner was the "Big Gun" of the victors' team as he pumped in 19 points. His teammate, Lewis Proper, played a dazzling floor game and showed good teamwork by constantly working the ball into his center and forward.

Sammy Robison was the outstanding player for the Apostles as he rebounded beautifully, despite his lack of height, and he also worked the ball into his center and forwards who were unable to hit for him. Dean Orcutt was high scorer for the losers with 10 points. Most of these were made from the outside.

"I guess I've lost another pupil," said the schoolteacher as her glass eye rolled down the drain.

And when she stepped up to the movie boxoffice, she said to the cashier, "With only one eye I should think you'd let me in for half price."

The cashier shook her head, "I'm sorry, but you'll have to pay double. It'll take you twice as long to see the picture."

"Milton, the poet, was blind," stated the professor of English, "and Pope was a little deformed fellow. Yet they both wrote enduring verse. Does anyone in the class know of other examples where physical infirmity was no handicap?"

A hand was raised. "What about Thomas Gray Professor?"

"Well, what about him?"

"He had an allergy in a country churchyard, didn't he?"

Your Ideas On Bus Service Are Wanted

In an effort to get adequate and much improved bus service for the city of Columbus Mayor Robert Oestreicher is inviting comments from various individuals and groups over the city on what these needs are.

The mayor is to be commended on this approach and it is sincerely hoped that the present administration will fight for a program of more adequate bus service for the city.

Right here on the Hilltop the problem is far from the least one in the city. The extensive growth of our community in recent years now finds hundreds of homes far from the city bus lines. This is indeed a serious problem in face of the fact that

24th Annual Hilltop Minstrel Is Rated As The Best In Many Years

Hilltoppers and others from other sections of the city last Thursday and Friday nights had nothing but praise for the 24th annual showing of the Hilltop Minstrel Show which is sponsored annually by the Hilltop Business Association.

The fast moving production from start to finish was filled with good clean fun and spiced by the appearances of many talented performers who literally "brought down the house" with their offerings.

Highlight of the Friday evening performance was the announcing of the winner of the Tall Story Contest. Roger H. Myers, 97 N. Chase-av in the opinion of the judges of the contest came up with the best bit of prevarication on the Hilltop in years and was called on the stage to recount his story of a fabulous hunting expedition. As a result of his winning entry, a delegation of the Hilltop Business Association, will visit the Camp Chase American Legion Post 98 Friday night to present to Myers, the commander, the trophy attesting to his prowess as a champion.

HBA secretary C. H. Campbell this week in summing up the success of the 1953 Minstrel Show praised the cooperation of other organizations in helping with the ticket sales. He revealed that the Columbus Brewer's and Distributors Association purchased a block of tickets and distributed them to patients at Columbus State School, and that the Rainbow Division Veterans did the same for children at Franklin Village.

Campbell also said that a silver Crucifix found at West High School on Friday evening may be claimed at the HBA offices.

West Franklin Ass'n Observes Anniversary

A record turnout was present for the second annual meeting of the West Franklin County Association, Inc., Tuesday evening at the dinner held at South Franklin Elementary School, 2090 Frank-rd. Numerous organizations of the community were welcomed by Ed. O. Johnson, D. J. Kunz, president of the group presided.

E. L. Smith, works manager of Westinghouse, told the group that present plans call for the big new plant to be in operation by October this year. Present Westinghouse employees total about 125 and by the first of the year this number will increase to about 1,000 and next year will advance to about 6,000 or more. He stated that a total investment of $100,000,000 will be made in the local plant before the first refrigerator is turned out. It is anticipated the plant will produce one million units per year.

Delmar Starkey of the Chamber of Commerce predicted that the growth of the county would reach the 625,000 mark by 1960. It is now 542,000.

C. P. Lauderbaugh, county commissioner, stated that the county has built 18 miles of water mains

Anyone interested in a discussion of the Columbus Bus Transportation problem is invited to meet with the Civic and Safety Committee of the Hilltop Business Association at 3183 W. Broad-st next Tuesday.

An Editorial

Back Up Your Mayor

Columbus' new Mayor Oestreicher has set out to do a job for the people of Columbus, in a businesslike manner that has won him the plaudits of many. But while the praise for his actions may sound and read extremely well, it would be more heartening to him to know that the people of Columbus are ready and willing to back him up.

As evidence of his desire to do a real job as Mayor for this city he has asked that the citizens of this city write directly to him outlining the faults they find with certain aspects of the city administration and offering to him their ideas toward a solution.

One of the problems which the new mayor is to face soon is that of transportation within the city of Columbus and he would like the views of every citizen on the matter. He would like to know how the various, civic, service and other organizations in the city feel about the present transportation system and what suggestions they may have for improvement. He wants to know, in order to be able to do the right kind of a job as the mayor of Columbus.

It has been pointed out that the city of Columbus has spent much of the taxpayers money to reinforce streets at bus stops, and that the transportation company on the other hand has saved money on snow removal equipment since changing from tracks to busses. It is asserted that the transportation company should maintain some stand-by equipment for snow emergencies.

Other suggestions which have been broached are weekly passes to show operators, especially so in the case of school children who frequently lose the small tickets. This, it is pointed out, would eliminate necessity of transfers and make it possible to purchase passes at places other than of bus operators in order to save time. Merchants would like it because it would bring more people into their stores and the bus driver would be relieved of much bookkeeping and thereby be able to give more attention to driving and eliminate long waits at bus stops.

These are but a few of the suggestions which have been made to the mayor toward improvement of the bus transportation facilities. Every organization in the city as well as individuals should give their wholehearted support to Mayor Oestreicher in his efforts to improve Columbus. Write today.

The Gate Post

By Pat Martindale

Have you written to a boy in the service lately? If you haven't, perhaps you would be interested in knowing how "our fellows" feel about getting mail.

Recently three young marines returned to their homes in this community on a furlough from "far away lands" and from their reports all service men eagerly look forward to receiving mail from home regardless of whom it's from.

Although these three boys always received plenty of mail (having big families and girl friends to write to them) they told of many incidents of boys who weren't quite so fortunate. As a matter of fact one of the fellows in their battalion had no parents to write him and even though he was surrounded by buddies he felt very lonesome and forgotten at mail call. He became so "hungry" for mail that he would often ask the other boys to let him read some of their mail and when they did he thoroughly enjoyed it even though he didn't know the writer. He very often asked about the people whose letter he had read, weeks afterward.

Of course this is an extreme example but every service man does look forward to receiving "a little bit of home" in their letters so don't let them down. Write to a soldier acquaintance and let him know that you cared enough about the job he has been sent to do to keep him posted on what's news on the home front.

Let's Go To Church Sunday.

Hilltopper Gerald Gifford Is Ordained In New York City

A 28-year-old former Marine sergeant, Rev. Gerald G Gifford II, who served in the Pacific Theater in World War II, was ordained to the Protestant Episcopal priesthood Jan. 18, in St. Bartholomew's Church, New York. About 1,000 persons attended the ceremony conducted by Rev. Henry Wise Hobson, bishop of southern Ohio, from whose diocese Mr. Gifford was a candidate.

It was the first time in [illegible] years that a service of ordination had been held at St. Bartholomew's. Mr. Gifford has served there since August as assistant on the staff in charge of religious education.

Mr. Gifford was presented for ordination by his rector, Rev. Anson Phelps Stokes, Jr., whom he knew by correspondence in Honolulu while he was in service and in person in his home town of Columbus.

The ceremony was held before the high altar of the Byzantine style church. In the front pew were his parents, Gerald Gifford and Mrs. Gertrude Gifford; his wife, Pauline, whom he married in 1946, and daughter, Roxana.

Following the presentation, the candidate was examined by Bishop Hobson. He publicly pledged his allegiance to the church and indicated his belief in the Holy Scriptures and his determination to serve the church faithfully in his new office. Mr. Gifford knelt before the bishop and assisting clergy for the high point of the ordination, the traditional "laying on of hands."

Officiating with Bishop Hobson in "the laying on of hands" were Mr. Stokes, Rev. Robert W. Fay, rector of Trinity Church, Columbus; Rev. Irving S. Pollard and Rev. Dr. Charles Deems, assistant ministers at St. Bartholomew's. Mr. Gifford received a Bible as a gift. His presentor then adjusted his red stole, which deacons wear over the left shoulder, so that it hung about his neck, symbolic of the yoke of Christ and the gift of the Holy Spirit.

Firehouse Five In Another Victory, 38-36

The Senior Boys' League at Glenwood Center is drawing to a close with the Firehouse leading the league and the Atomic Five crowding them for the lead. The league lead should be decided when these two teams meet. The schedule of games coming up indicates no serious threats to either team. They will meet on Thursday, Feb. 20.

In this week's games the Atomic Five picked up a charity game from the Five Aces by forfeit. This makes their record 5-0.

The Firehouse had a hard time eking out a win over the hard-fighting Grace Methodist squad. The Firehouse had a two-point lead at the end of the first quarter, 8-6, which they lengthened to a 19-11 half-time lead. At the end of the third quarter their lead was six points, 30-24. The lead that the Firehouse had built during the first of the game was all that saved the game as the fighting Grace team came back to the fourth to outscore the Firehouse in an effort that just fell short, and the Firehouse took the game on a slim two point margin, 38-36.

Ed Lantz topped all scorers to lead his Firehouse teammates to victory with 20 points.

The Clowns and the Five Aces played a close hard-fought game which the Clowns won 30-32. The Aces took the first quarter lead 9-7. The Clowns came back in the second to have the half-time lead 19-18. The Aces' poor third quarter probably cost them the ball game as the Aces could get only two points while the Clowns picked up six to finish the quarter leading 25-20. In the final the Aces found the hoop for 12 points but it fell short as the Clowns moved to their first win in league play.

The fast improving DeMolay team gave the Lightning Five a scare before dropping a 36-32 decision. The DeMolay went into a first quarter lead, 7-6, but fell behind at the half, 15-11, as the Lightning five continued to find the range. The DeMolay, outscoring the Lightning, closed the gap in the third to a single point 20-19. The two teams matched baskets in the fourth with the Lightning Five finding the range more often to finish with a 36-32 win.

Harrington of the Grace Methodist is way out in front in league scoring with 95 points, while Voss of the Atomic is in second place with 79. Hard on the heels of the leaders is Boig of the Five Aces with 68 points.

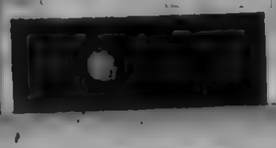
Your Ideas On Bus Service Are Wanted

In an effort to get adequate and much improved bus service for the city of Columbus Mayor Robert Oestreicher is inviting comments from various individuals and groups over the city on what these needs are.



The mayor is to be commended on this approach and it is sincerely hoped that the present administration will fight for a program of more adequate bus service for the city.

Right here on the Hilltop the problem is far from the least one in the city. The extensive growth of our community in recent years now finds hundreds of homes far from the city bus lines. This is indeed a serious problem in face of the fact that

24th Annual Hilltop Minstrel Is Rated As The Best In Many Years

Hilltoppers and others from other sections of the city last Thursday and Friday nights had nothing but praise for the 24th annual showing of the Hilltop Minstrel Show which is sponsored annually by the Hilltop Business Association.

The fast moving production from start to finish was filled with good clean fun and spiced by the appearances of many talented performers who "literally brought down the house" with their offerings.

Highlight of the Friday evening performance was the announcing of the winner of the Tall Story Contest. Roger H. Myers, 97 N. Chase-av in the opinion of the judges of the contest came up with the best bit of prevarication on

As a result of his winning entry, a delegation of the Hilltop Business Association, will visit the Camp Chase American Legion Post 98 Friday night to present to Myers, the commander, the trophy attesting to his prowess as a champion.

HBA secretary C. H. Campbell this week in summing up the success of the 1953 Minstrel Show praised the cooperation of other organizations in helping with the ticket sales. He revealed that the Columbus Brewer's and Distributors Association purchased a block of tickets and distributed them to patients at Columbus State School, and that the Rainbow Division Veterans did the same for children at Franklin Village.

Campbell also said that a silver Crucifix found at West High School on Friday evening may be claimed at the HBA offices.

West Franklin Ass'n Observes Anniversary

A record turnout was present for the second annual meeting of the West Franklin County Association, Inc., Tuesday evening at the dinner held at South Franklin Elementary School, 2090 Frank-rd. Numerous organizations of the community were welcomed by Ed. O. Johnson, D. J. Kunz, president of the group presided.

E. L. Smith, works manager of Westinghouse, told the group that present plans call for the big new plant to be in operation by October this year. Present Westinghouse employees total about 125 and by the first of the year this number will increase to about 1,000 and next year will advance to about 6,000 or more. He stated that a total investment of $100,000,000 will be made in the local plant before the first refrigerator is turned out. It is anticipated the plant will produce one million units per year.

Delmar Starkey of the Chamber of Commerce predicted that the growth of the county would reach the 625,000 mark by 1960. 'It is now 542,000.

Back Up Your Mayor

Columbus' new Mayor Oestreicher has set out to do a job for the people of Columbus, in a businesslike manner that has won him the plaudits of many. But while the praise for his actions may sound and read extremely well, it would be more heartening to him to know that the people of Columbus are ready and willing to back him up.

As evidence of his desire to do a real job as Mayor for this city he has asked that the citizens of this city write directly to him outlining the faults they find with certain aspects of the city administration and offering to him their ideas toward a solution.

One of the problems which the new mayor is to face soon is that of transportation within the city of Columbus and he would like the views of every citizen on the matter. He would like to know how the various, civic, service and other organizations in the city feel about the present transportation system and what suggestions they may have for improvement. He wants to know, in order to be able to do the right kind of a job as the mayor of Columbus.

It has been pointed out that the city of Columbus has spent much of the taxpayers money to reinforce streets at bus stops, and that the transportation company on the other hand has saved money on snow removal equipment since changing from tracks to busses. It is asserted that the transportation company should maintain some stand by equipment for snow emergencies.

Other suggestions which have been broached are weekly passes to show operators, especially so in the case of school children who frequently lose the small tickets. This, it is pointed out, would eliminate necessity of transfers and make it possible to purchase passes at places other than of bus operators in order to save time. Merchants would like it because it would bring more people into their stores and the bus driver would be relieved of much bookkeeping and thereby be able to give more attention to driving and eliminate long waits at bus stops.

These are but a few of the suggestions which have been made to the mayor toward improvement of the bus transportation facilities. Every organization in the city as well as individuals should give their wholehearted support to Mayor Oestreicher in his efforts to improve Columbus. Write today.

The Gate Post

By Pat Martindale

Have you written to a boy in the service lately? If you haven't, perhaps you would be interested in knowing how "our fellows" feel about getting mail.

Recently three young marines returned to their homes in this community on a furlough from "far away lands" and from their reports all service men eagerly look forward to receiving mail from home regardless of whom it's from.

Although these three boys always received plenty of mail (having big families and girl friends to write to them) they told of many incidents of boys who weren't quite so fortunate. As a matter of fact one of the fellows in their battalion had no parents to write him and even though he was surrounded by buddies he felt very lonesome and forgotten at mail call. He became so "hungry" for mail that he would often ask the other boys to let him read some of their mail and when they did he thoroughly enjoyed it even though he didn't know the writer. He very often asked about the people whose letter he had read, weeks afterward.

Of course this is an extreme example but every service man does look forward to receiving "a little bit of home" in their letters so don't let them down. Write to a soldier acquaintance and let him know that you cared enough about the job he has been sent to do to keep him posted on what's news on the home front.

Let's Go To Church Sunday.

Hilltopper Gerald Gifford Is Ordained In New York City

A 28-year-old former Marine sergeant, Rev. Gerald G Gifford II, who served in the Pacific Theater in World War II, was ordained to the Protestant Episcopal priesthood Jan. 18, in St. Bartholomew's Church, New York. About 1,000 persons attended the ceremony, conducted by Rev. Henry Wise Hobson, bishop of southern Ohio, from whose diocese Mr. Gifford was a candidate.

It was the first time in some 20 years that a service of ordination had been held at St. Bartholomew's. Mr. Gifford has served there since August as assistant on the staff in charge of religious education.

Mr. Gifford was presented for ordination by his rector, Rev. Anson Phelps Stokes, Jr., whom he knew by correspondence in Honolulu while he was in service and in person in his home town of Columbus.

The ceremony was held before the high altar of the Byzantine style church. In the front pew were his parents, Gerald Gifford and Mrs. Gertrude Gifford; his wife, Pauline, whom he married in 1948, and daughter, Roxana.

Following the presentation, the candidate was examined by Bishop Hobson. He publicly pledged his allegiance to the church and indicated his belief in the Holy Scriptures and his determination to serve the church faithfully in his new office. Mr. Gifford knelt before the bishop and assisting clergy for the high point of the ordination, the traditional "laying on of hands."

Officiating with Bishop Hobson in "the laying on of hands" were Mr. Stokes, Rev. Robert W. Fay, rector of Trinity Church, Columbus; Rev. Irving S. Pollard and Rev. Dr. Charles Deems, assistant ministers at St. Bartholomew's. Mr. Gifford received a Bible as a gift. His presentor then adjusted his red stole, which deacons wear over the left shoulder, so that it hung about his neck, symbolic of the yoke of Christ and the gift of the Holy Spirit.

Firehouse Five In Another Victory, 38-36

The Senior Boys' League at Glenwood Center is drawing to a close with the Firehouse leading the league and the Atomic Five crowding them for the lead. The league lead should be decided when these two teams meet. The schedule of games coming up indicates no serious threats to either team. They will meet on Thursday, Feb. 20.

In this week's games the Atomic Five picked up a charity game from the Five Aces by forfeit. This makes their record 8-0.

The Firehouse had a hard time eking out a win over the hard-fighting Grace Methodist squad. The Firehouse had a two-point lead at the end of the first quarter, 8-6, which they lengthened to a 19-11 half-time lead. At the end of the third quarter their lead was six points, 30-24. The lead that the Firehouse had built during the first of the game was all that saved the game as the fighting Grace team came back to the fourth to outscore the Firehouse in an effort that just fell short, and the Firehouse took the game on a slim two point margin, 38-36.

Ed Lantz topped all scorers to lead his Firehouse teammates to victory with 20 points.

The Clowns and the Five Aces played a close hard-fought game which the Clowns won 39-32. The Aces took the first quarter lead 9-7. The Clowns came back in the second to have the half-time lead 19-18. The Aces' poor third quarter probably cost them the ball game as the Aces could get only two points while the Clowns picked up six to finish the quarter leading 25-20. In the final the Aces found the hoop for 12 points but it fell short as the Clowns moved to their first win in league play.

The fast improving DeMolay team gave the Lightning Five a scare before dropping a 36-32 decision. The DeMolay went into a first quarter lead, 7-6, but fell behind at the half, 15-11, as the Lightning five continued to find the range. The DeMolay, outscoring the Lightning, closed the gap in the third to a single point 20-19. The two teams ...atched baskets in the fourth with the Lightning Five finding the range more often to finish with a 36-32 win.

Harrington of the Grace Methodist is way out in front in league scoring with 95 points, while Voss of the Atomic is in second place with 79. Hard on the heels of the leaders is Boig of the Five Aces with 68 points.

Your Ideas On Bus Service Are Wanted

In an effort to get adequate and much improved bus service for the city of Columbus Mayor Robert Oestreicher is inviting comments from various individuals and groups over the city on what these needs are.

The mayor is to be commended on this approach and it is sincerely hoped that the present administration will fight for a program of more adequate bus service for the city.

Right here on the Hilltop the problem is far from the least one in the city. The extensive growth of our community in recent years now finds hundreds of homes far from the city bus lines. This is indeed a serious problem in face of the fact that

Mary Ellen Says:

Here Are Some Good Tips On Hot Water

Because this department has many inquiries concerning hot water, I am reviewing for you some pertinent questions relative to the subject, answered recently by Bill Selzer from the Ohio Fuel Gas Company.

1. How much hot water do I need every day?

Ans. More than 80% of water used by the average family is hot water. A tub bath requires 15 gallons per load. A shower bath requires three gallons per minute. A regular washer requires 12 gallons per load. An automatic washer requires 18 gallons per load. Dishes washed by hand require three gallons per meal. Dishes washed and dried automatically require seven gallons per load.

2. What size tank will be big enough for my needs?

Ans. A family of four, with an automatic laundry machine and one bathroom, requires a maximum of 45 gallons per hour. A 40-gallon tank capacity is adequate for the average family.

3. Where is the best place to put the water heater?

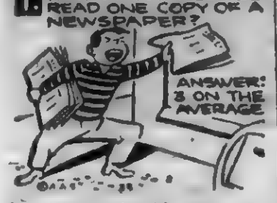
Ans. As near the place of greatest use as possible.

4. What is the advantage of automatic hot water for the family bath?

Ans. Hot water is now available at any hour for baths, or any other use—no waiting.

Remember Good Housekeeping Institute says water must be at least 140 degrees for automatic clothes washers!

Bye, bye. Happy homemaking!



The bride was in tears. She explained it all to her mother. "I cooked Bill's first dinner tonight and he brought a friend along."

"What's wrong with that?"

"The friend, Mother, was a doctor."

Polar Bears Edge Cowboys By 67-66 Score

By Woody Owen

North High School, the City League's "Cinderella" basketball team, put on another story book finish last Friday night on their own court by coming from behind in the final period to nose out a hard-playing band of West High Cowboys by a score of 67-66 on a free throw by Guard Jim Yeamans, after time had run out.

The Polar Bears, behind the brilliant offensive rebound play of Captain Jim Franklin jumped into an 11-2 advantage in the first three minutes of play, but the Cowboys battled back to narrow the gap to only a 17-14 margin as the first period ended.

The two quintets matched point for point in the second canto as Franklin continued his terrific rebounding to score 18 points in the first two periods which ended with the Polar Bears in front by a 32-29 score.

A rejuvenated Cowboy quintet took the floor in the third period and outscored the North men, as the period ended in a 52-52 deadlock.

The fireworks really exploded in the final chapter with the lead changing hands time after time before the Cowboys assumed what appeared to be a safe 64-57 lead with but 3½ minutes remaining, but the spirited Bears roared back to tally seven consecutive points while holding the locals scoreless and to knot the count 64-64 with but a minute remaining.

Free throws by Hutchinson and Thornton put the Cowboys in front 66-64 but a drive-in lay up by subguard Calvin Moore with 13 seconds remaining tied the score at 66 all.

With but two seconds remaining to play a jump ball was called. North received the ball with Yeamans beginning to dribble, he was fouled and with the large gathering standing and making making so much noise it was impossible for the two men officiating to hear the final buzzer.. After much consultation at the time table as to whether time had run out before the foul had been committed it was finally decided to allow Yeamans to shoot his game winning toss.

The fine scoring of Jim Franklin with 27 points ably supported by his fine pair of back courtmen, Yeamans and Jordon with 16 and 14 points respectively, led the Polar Bears' attack and all three also stood out on defense.

Jim Vincent led the Cowboys' assault with 23 points with the defensive rebounding of Bob Thornton (especially in the final two periods) standing out.

The Cowboy reserves after two consecutive setbacks, bounded back to trounce the Polar Bear seconds by a score of 42-27 to lead the league by a half game over East.

One outstanding feature of the varsity game usually overlooked was the fine officiating of Messrs. Russell and Montgomery who are to be commended for a job well done.

24th Annual Hilltop Minstrel Is Rated As The Best In Many Years

Hilltoppers and others from other sections of the city last Thursday and Friday nights had nothing but praise for the 24th annual showing of the Hilltop Minstrel Show which is sponsored annually by the Hilltop Business Association.

The fast moving production from start to finish was filled with good clean fun and spiced by the appearances of many talented performers who literally "brought down the house" with their offerings.

Highlight of the Friday evening performance was the announcing of the winner of the Tall Story Contest. Roger H. Myers, 97 N. Chase-av in the opinion of the judges of the contest came up with the best bit of prevarication to the Hilltop in years and was called on the stage to recount his story of a fabulous hunting expedition. As a result of his winning entry, a delegation of the Hilltop Business Association, will visit the Camp Chase American Legion Post 98 Friday night to present to Myers, the commander, the trophy attesting to his prowess as a champion.

HBA secretary C. H. Campbell this week in summing up the success of the 1953 Minstrel Show praised the cooperation of other organizations in helping with the ticket sales. He revealed that the Columbus Brewer's and Distributors Association purchased a block of tickets and distributed them to patients at Columbus State School, and that the Rainbow Division Veterans did the same for children at Franklin Village.

Campbell also said that a silver Crucifix found at West High School on Friday evening may be claimed at the HBA offices.

West Franklin Ass'n Observes Anniversary

A record turnout was present for the second annual meeting of the West Franklin County Association, Inc., Tuesday evening at the dinner held at South Franklin Elementary School, 2090 Frank-rd. Numerous organizations of the community were welcomed by Ed. O. Johnson, D. J. Kunz, president of the group presided.

E. L. Smith, works manager of Westinghouse, told the group that present plans call for the big new plant to be in operation by October this year. Present Westinghouse employees total about 125 and by the first of the year this number will increase to about 1,000 and next year will advance to about 6,000 or more. He stated that a total investment of $100,000,000 will be made in the local plant before the first refrigerator is turned out. It is anticipated the plant will produce one million units per year.

Delmar Starkey of the Chamber of Commerce predicted that the growth of the county would reach the 625,000 mark by 1980. "It is now 542,000.

C. P. Lauderbaugh, county commissioner, stated that the county has built 18 miles of water mains

Anyone interested in a discussion of the Columbus Bus Transportation problem is invited to meet with the Civic and Safety Committee of the Hilltop Business Association at 3162 W. Broad-st next Tuesday.

An Editorial

Back Up Your Mayor

Columbus' new Mayor Oestreicher has set out to do a job for the people of Columbus, in a businesslike manner that has won him the plaudits of many. But while the praise for his actions sound and read extremely well, it would be more heartening to him to know that the people of Columbus are ready and willing to back him up.

As evidence of his desire to do a real job as Mayor for this city he has asked that the citizens of this city write directly to him outlining the faults they find with certain aspects of the city administration and offering to him their ideas toward a solution.

One of the problems which the new mayor is to face soon is that of transportation within the city of Columbus and he would like the views of every citizen on the matter. He would like to know how the various, civic, service and other organizations in the city feel about the present transportation system and what suggestions they may have for improvement. He wants to know, in order to be able to do the right kind of a job as the mayor of Columbus.

It has been pointed out that the city of Columbus has spent much of the taxpayers money to reinforce streets at bus stops, and that the transportation company on the other hand has saved money on snow removal equipment since changing from tracks to busses. It is asserted that the transportation company should maintain some stand-by equipment for snow emergencies.

Other suggestions which have been broached are weekly passes to show operators, especially so in the case of school children who frequently lose the small tickets. This, it is pointed out, would eliminate necessity of transfers and make it possible to purchase passes at places other than of bus operators in order to save time. Merchants would like it because it would bring more people into their stores and the bus driver would be relieved of much bookkeeping and thereby be able to give more attention to driving and eliminate long waits at bus stops.

These are but a few of the suggestions which have been made to the mayor toward improvement of the bus transportation facilities. Every organization in the city as well as individuals should give their wholehearted support to Mayor Oestreicher in his efforts to improve Columbus. Write today.

The Gate Post

By Pat Martindale

Have you written to a boy in the service lately? If you haven't, perhaps you would be interested in knowing how "our fellows" feel about getting mail.

Recently three young marines returned to their homes in this community on a furlough from "far away lands" and from their reports all service men eagerly look forward to receiving mail from home regardless of whom it's from.

Although these three boys always received plenty of mail (having big families and girl friends to write to them) they told of many incidents of boys who weren't quite so fortunate. As a matter of fact one of the fellows in their battalion had no parents to write him and even though he was surrounded by buddies he felt very lonesome and forgotten at mail call. He became so "hungry" for mail that he would often ask the other boys to let him read some of their mail and when they did he thoroughly enjoyed it even though he didn't know the writer. He very often asked about the people whose letter he had read, weeks afterward.

Of course this is an extreme example but every service man does look forward to receiving "a little bit of home" in their letters so don't let them down. Write to a soldier acquaintance and let him know that you cared enough about the job he has been sent to do to keep him posted on what's news on the home front.

Let's Go To Church Sunday.

Hilltopper Gerald Gifford Is Ordained In New York City

A 26-year-old former Marine sergeant, Rev. Gerald G Gifford II, who served in the Pacific Theatre in World War II, was ordained to the Protestant Episcopal priesthood Jan. 18, in St. Bartholomew's Church, New York. About 1,000 persons attended the ceremony, conducted by Rev. Henry Wise Hobson, bishop of southern Ohio, from whose diocese Mr. Gifford was a candidate.

It was the first time in some 20 years that a service of ordination had been held at St. Bartholomew's. Mr. Gifford has served there since August as assistant on the staff in charge of religious education.

Mr. Gifford was presented for ordination by his rector, Rev. Anson Phelps Stokes, Jr., whom he knew by correspondence in Honolulu while he was in service and in person in his home town of Columbus.

The ceremony was held before the high altar of the Byzantine style church. In the front pew were his parents, Gerald Gifford and Mrs. Gertrude Gifford; his wife, Pauline, whom he married in 1946, and daughter, Roxana.

Following the presentation, the candidate was examined by Bishop Hobson. He publicly pledged his allegiance to the church and indicated his belief in the Holy Scriptures and his determination to serve the church faithfully in his new office. Mr. Gifford knelt before the bishop and assisting clergy for the high point of the ordination, the traditional "laying on of hands."

Officiating with Bishop Hobson in "the laying on of hands" were Mr. Stokes, Rev. Robert W. Fay, rector of Trinity Church, Columbus; Rev. Irving S. Pollard and Rev. Dr. Charles Deems, assisting ministers at St. Bartholomew's. Mr. Gifford received a Bible as a gift. His presentor then adjusted his red stole, which deacons wear over the left shoulder, so that it hung about his neck, symbolic of the yoke of Christ and the gift of the Holy Spirit.

Firehouse Five In Another Victory, 38-36

The Senior Boys' League at Glenwood Center is drawing to a close with the Firehouse leading the league and the Atomic Five crowding them for the lead. The league lead should be decided when these two teams meet. The schedule of games coming up indicates no serious threats to either team. They will meet on Thursday, Feb. 20.

In this week's games the Atomic Five picked up a charity game from the Five Aces by forfeit. This makes their record 5-0.

The Firehouse had a hard time eking out a win over the hard-fighting Grace Methodist squad. The Firehouse had a two-point lead at the end of the first quarter, 8-6, which they lengthened to a 19-11, half-time lead. At the end of the third quarter their lead was six points, 30-24. The lead that the Firehouse had built during the first of the game was all that ... ed the game as the fighting Grace team came back to the fourth to outscore the Firehouse in an effort that just fell short, and the Firehouse took the game on a slim two point margin, 38-36.

Ed Lantz topped all scorers to lead his Firehouse teammates to victory with 20 points.

The Clowns and the Five Aces played a close hard-fought game which the Clowns won 39-32. The Aces took the first quarter lead 9-7. The Clowns came back in the second to have the half-time lead 19-18. The Aces' poor third quarter probably cost them the ball game as the Aces could get only two points while the Clowns picked up six to finish the quarter leading 28-20. In the final the Aces found the hoop for 12 points but it fell short as the Clowns moved to their first win in league play.

The fast improving DeMolay team gave the Lightning Five a ... before dropping a 36-32 decision. The DeMolay went into a first quarter lead, 7-6, but fell behind at the half, 15-11, as the Lightning five continued to find the range. The DeMolay, outscoring the Lightning, closed the gap in the third to a single point 20-19. The two teams matched baskets in the fourth with the Lightning Five finding the range more often to finish with a 36-32 win.

Harrington of the Grace Methodist is way out in front in league scoring with 96 points, while Voss of the Atomic is in second place with 79. Hard on the heels of the leaders is Boig of the Five Aces with 68 points.

Hoge, Church of Christ, West Jr. Hi-Y Victors In Jr. Church Tilts

By Dick Wilson

Hoge Memorial Presbyterians, led by the dazzling all around play of Warren Pemberton, continued with their uninterrupted winning ways by taking a 36-24 decision from Burgess EUB last week on John Burroughs hardwood.

Pemberton's 18 markers led the winners to a 17-13 half-time margin but in the second half Pemberton, Bob Kern and Scott Pence combined to spurt the ultimate winner into a lead which the EUB team was never able to overcome although the Brethrens made a battle of it all the way.

"Big Dale" Wilson was the "gun" for the losers as he accumulated three field goals and three free ones for a total of nine for his evening's efforts.

Score by quarters:

Hoge Memorial	12	17	28	36
Burgess EUB	7	13	18	25

A scrappy Church of Christ team bounced back from last week's defeat to take a hard fighting Sullivant Avenue Friends five to the cleaners with a 62-25 count.

Church of Christ coach, Dixon, used six players and all of them cracked the scoring column from both the field and free throw line. Bill Bowman led this bombardment of points with 14, but he was closely followed by Doug Andrews and Kenny Clapsaddle, each of whom accumulated 13.

Bill Pabst, a fast moving guard, and Jim Griffith, SAF long center, led the losers with six apiece. Pabst scored two fielders and two free throws for his six and Griffith scored one fielder and four free ones. A total of 33 fouls was called in this contest. Twenty were against the Friends and 13 were marked up by the Church of Christ team.

Score by quarters:

Sul. Av. Friends	5	12	18	23
Church of Christ	7	27	45	62

West Junior Hi-Y retained its tie for the first place berth by "breaking" the fast breaking West Junior team 58-33 in the final game of the evening.

The Junior Hi-Y starting five jumped into a 16-3 first quarter lead which was never relinquished throughout the game. Once in the third quarter, Coach Glass's charges made it so rough on the "Y" reserves that the "Y" coach had to put his starting five back into the fracas. But this spurt was short lived as the "Y" first five slapped down the juniors' comeback with little trouble.

Tom Coffman, high scoring "Y" forward, led his teammates to victory with 15 points. Dick Furry and Woody Waltman followed close behind with 11 apiece. Waltman's floor game and rebounding were beautifully executed throughout the evening.

"Big Mike" Posey once again led the West Juniors. He managed to garner 13 markers against the "Y" boys' tight zone defense

Score by quarters:

West Juniors	3	10	19	33
West Junior Hi-Y	16	27	43	58

YOUR YOUTH

By Bob Schmidt - Dick Wilson

Seems that Joe Friday, Ojibway Indian, has certainly aroused an interest in "Y" Indian guides. Bob Phillips, Paul Leighninger, Dick Baesman, Bob Edgar and Carlton Hartley have been organizing four new Indian Guide Tribes during the past two weeks and report that the Big and Little Braves are anxious to have a tribe in their neighborhood. These dads are doing a swell job organizing these new tribes and deserve our whole-hearted thanks.

Members of the board of management are looking forward to the laymen's retreat. The Zanesville YMCA will be our host this year and has planned a very interesting program. Tuesday, Feb. 17, is the day and we cordially invite any of our friends to go with us to this conference.

The Gradale sorority will have its social meeting at the Hilltop Business Association, Wednesday, Feb. 11, and Mrs. Robert Trott, temporary chairman, promises an enjoyable evening. Any woman working on the Hilltop is welcome to join this group and can contact Mrs. Trott at RA. 1125 for additional information.

Betty Knight, adviser of the Junior Tri Hi-Y, reports that their club is planning for the spring formal. This is a co-sponsored dance with the Junior Hi-Y and I would advise all the junior high school girls to watch the Record for the big announcement concerning this dance.

February schedules are still available, so pick them up at the "Y" office. The Tuesday after school movies continue to be a popular event. It becomes rather crowded with 75 boys and girls but who cares as long as the movies are enjoyable.

Several ... things exist in the Girls' Craft Classes. They meet every Friday at 3:30 p. m. and any girl eight years or over is welcome to join the class. Boys' Craft Classes are scheduled on Monday and Wednesday at 3:30 p. m.

January was an ever active month around the "Y". There were 48 "Y" groups, with a membership of 750. These groups held 117 meetings with an attendance of 1934. There were 12 special events with an attendance of 1267. Many of our friends and clubs used the "Y" office during January. They held 13 meetings with an attendance of 264. Your club is always welcome to use our facilities. Just phone JO. 4641 for reservations.

Speaking of henpecked guys, a wife once remarked to her husband, "I wish I had known you when you were alive!"

Naval Reserve Changes Recruit Procedures

As of Feb. 1, the navy department has changed its rules in that the Organized Surface Naval Reserve is no longer permitted to recruit young men between the ages of 17 and 18½ as a general practice. However, a small quota will be available for young men in the area who have expressed an interest in the naval reserve.

Young men in this group are invited to visit the training center at 240 N. Sandusky-st or call Main 8818, for further information.

Your Ideas On Bus Service Are Wanted

In an effort to get adequate and much improved bus service for the city of Columbus Mayor Robert Oestreicher is inviting comments from various individuals and groups over the city on what these needs are.

The mayor is to be commended on this approach and it is sincerely hoped that the present administration will fight for a program of more adequate bus service for the city.

Right here on the Hilltop the problem is far from the least one in the city. The extensive growth of our community in recent years now finds hundreds of homes far from the city bus lines. This is indeed a serious problem in face of the fact that

24th Annual Hilltop Minstrel Is Rated As The Best In Many Years

Hilltoppers and others from other sections of the city last Thursday and Friday nights had nothing but praise for the 24th annual showing of the Hilltop Minstrel Show which is sponsored annually by the Hilltop Business Association.

The fast moving production from start to finish was filled with good clean fun and spiced by the appearances of many talented performers who literally "brought down the house" with their offerings.

Highlight of the Friday evening performance was the announcing of the winner of the Tall Story Contest. Roger H. Myers, 97 N. Chase-av in the opinion of the judges of the contest came up with the best bit of prevarication on the Hilltop in years and was called on the stage to recount his story of a fabulous hunting expedition. As a result of his winning entry, a delegation of the Hilltop Business Association, will visit the Camp Chase American Legion Post 96 Friday night to present to Myers, the commander, the trophy attesting to his prowess as a champion.

HBA secretary C. H. Campbell this week in summing up the success of the 1953 Minstrel Show praised the cooperation of other organizations in helping with the ticket sales. He revealed that the Columbus Brewer's and Distributors Association purchased a block of tickets and distributed them to patients at Columbus State School, and that the Rainbow Division Veterans did the same for children at Franklin Village.

Campbell also said that a silver Crucifix found at West High School on Friday evening may be claimed at the HBA offices.

West Franklin Ass'n Observes Anniversary

A record turnout was present for the second annual meeting of the West Franklin County Association, Inc., Tuesday evening at the dinner held at South Franklin Elementary School, 2090 Frank-rd. Numerous organizations of the community were welcomed by Ed. O. Johnson, D. J. Kunz, president of the group presided.

E. L. Smith, works manager of Westinghouse, told the group that present plans call for the big new plant to be in operation by October this year. Present Westinghouse employees total about 125 and by the first of the year this number will increase to about 1,000 and next year will advance to about 6,000 or more. He stated that a total investment of $100,000,000 will be made in the local plant before the first refrigerator is turned out. It is anticipated the plant will produce one million units per year.

Delmar Starkey of the Chamber of Commerce predicted that the growth of the county would reach the 625,000 mark by 1960. It is now 542,000.

C. P. Lauderbaugh, county commissioner, stated that the county has built 18 miles of water mains

Back Up Your Mayor

Columbus' new Mayor Oestreicher has set out to do a job for the people of Columbus, in a businesslike manner that has won him the plaudits of many. But while the praise for his actions may sound and read extremely well, it would be more heartening to him to know that the people of Columbus are ready and willing to back him up.

As evidence of his desire to do a real job as Mayor for this city he has asked that the citizens of this city write directly to him outlining the faults they find with certain aspects of the city administration and offering to him their ideas toward a solution.

One of the problems which the new mayor is to face soon is that of transportation within the city of Columbus and he would like the views of every citizen on the matter. He would like to know how the various, civic, service and other organizations in the city feel about the present transportation system and what suggestions they may have for improvement. He wants to know, in order to be able to do the right kind of a job as the mayor of Columbus.

It has been pointed out that the city of Columbus has spent much of the taxpayers money to reinforce streets at bus stops, and that the transportation company on the other hand has saved money on snow removal equipment since changing from tracks to busses. It is asserted that the transportation company should maintain some stand-by equipment for snow emergencies.

Other suggestions which have been broached are weekly passes to show operators, especially so in the case of school children who frequently lose the small tickets. This, it is pointed out, would eliminate necessity of transfers and make it possible to purchase passes at places other than of bus operators in order to save time. Merchants would like it because it would bring more people into their stores and the bus driver would be relieved of much bookkeeping and thereby be able to give more attention to driving and eliminate long waits at bus stops.

These are but a few of the suggestions which have been made to the mayor toward improvement of the bus transportation facilities. Every organization in the city as well as individuals should give their wholehearted support to Mayor Oestreicher in his efforts to improve Columbus. Write today.

The Gate Post

By Pat Martindale

Have you written to a boy in the service lately? If you haven't, perhaps you would be interested in knowing how "our fellows" feel about getting mail.

Recently three young marines returned to their homes in this community on a furlough from "far away lands" and from their reports all service men eagerly look forward to receiving mail from home regardless of whom it's from.

Although these three boys always received plenty of mail (having big families and girl friends to write to them) they told of many incidents of boys who weren't quite so fortunate. As a matter of fact one of the fellows in their battalion had no parents to write him and even though he was surrounded by buddies he felt very lonesome and forgotten at mail call. He became so "hungry" for mail that he would often ask the other boys to let him read some of their mail and when they did he thoroughly enjoyed it even though he didn't know the writer. He very often asked about the people whose letter he had read, weeks afterward.

Of course this is an extreme example but every service man does look forward to receiving "a little bit of home" in their letters so don't let them down. Write to a soldier acquaintance and let him know that you cared enough about the job he has been sent to do to keep him posted on what's news on the home front.

Let's Go To Church Sunday.

Hilltopper Gerald Gifford Is Ordained In New York City

A 28-year-old former Marine sergeant, Rev. Gerald G Gifford II, who served in the Pacific Theater in World War II, was ordained to the Protestant Episcopal priesthood Jan. 18, in St. Bartholomew's Church, New York. About 1,000 persons attended the ceremony, conducted by Rev. Henry Wise Hobson, bishop of southern Ohio, from whose diocese Mr. Gifford was a candidate.

It was the first time in some 20 years that a service of ordination had been held at St. Bartholomew's. Mr. Gifford has served there since August as assistant on the staff in charge of religious education.

Mr. Gifford was presented for ordination by his rector, Rev. Anson Phelps Stokes, Jr., whom he knew by correspondence in Honolulu while he was in service and in person in his home town of Columbus.

The ceremony was held before the high altar of the Byzantine style church. In the front pew were his parents, Gerald Gifford and Mrs. Gertrude Gifford; his wife, Pauline, whom he married in 1946, and daughter, Roxana.

Following the presentation, the candidate was examined by Bishop Hobson. He publicly pledged his allegiance to the church and indicated his belief in the Holy Scriptures and his determination to serve the church faithfully in his new office. Mr. Gifford knelt before the bishop and assisting clergy for the high point of the ordination, the traditional "laying on of hands."

Officiating with Bishop Hobson in "the laying on of hands" were Mr. Stokes, Rev. Robert W. Fay, rector of Trinity Church, Columbus; Rev. Irving S. Pollard and Rev. Dr. Charles Deems, assistant ministers at St. Bartholomew's. Mr. Gifford received a Bible as a gift. His presentor then adjusted his red stole, which deacons wear over the left shoulder, so that it hung about his neck, symbolic of the yoke of Christ and the gift of the Holy Spirit.

Firehouse Five In Another Victory, 38-36

The Senior Boys' League at Glenwood Center is drawing to a close with the Firehouse leading the league and the Atomic Five crowding them for the lead. The league lead should be decided when these two teams meet. The schedule of games coming up indicates no serious threats to either team. They will meet on Thursday, Feb. 20.

In this week's games the Atomic Five picked up a charity game from the Five Aces by forfeit. This makes their record 5-0.

The Firehouse had a hard time eking out a win over the hard-fighting Grace Methodist squad. The Firehouse had a two-point lead at the end of the first quarter, 8-6, which they lengthened to a 19-11 half-time lead. At the end of the third quarter their lead was six points, 30-24. The lead that the Firehouse had built during the first of the game was all that saved the game as the fighting Grace team came back to the fourth to outscore the Firehouse in an effort that just fell short, and the Firehouse took the game on a slim two point margin, 38-36.

Ed Lantz topped all scorers to lead his Firehouse teammates to victory with 20 points.

The Clowns and the Five Aces played a close hard-fought game which the Clowns won 39-32. The Aces took the first quarter lead 9-7. The Clowns came back in the second to have the half-time lead 19-18. The Aces' poor third quarter probably cost them the ball game as the Aces could get only two points while the Clowns picked up six to finish the quarter leading 25-20. In the final the Aces found the hoop for 12 points but it fell short as the Clowns moved to their first win in league play.

The fast improving DeMolay team gave the Lightning Five a scare before dropping a 36-32 decision. The DeMolay went into a first quarter lead, 7-6, but fell behind at the half, 15-11, as the Lightning five continued to find the range. The DeMolay, outscoring the Lightning, closed the gap in the third to a single point 20-19. The two teams matched baskets in the fourth with the Lightning Five finding the range more often to finish with a 36-32 win.

Harrington of the Grace Methodist is way out in front in league scoring with 95 points, while Voss of the Atomic is in second place with 79. Hard on the heels of the leaders is Bolg of the Five Aces with 68 points.

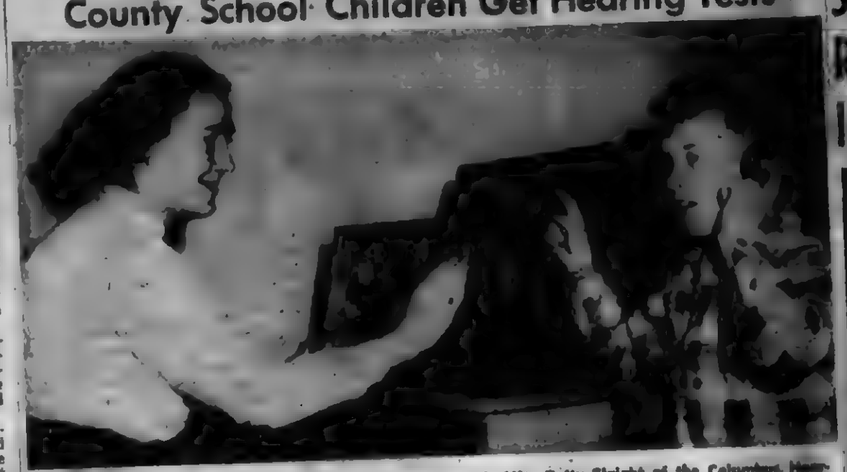
Your Ideas On Bus Service Are Wanted

In an effort to get adequate and much improved bus service for the city of Columbus Mayor Robert Oestreicher is inviting comments from various individuals and groups over the city on what these needs are.

The mayor is to be commended on this approach and it is sincerely hoped that the present administration will fight for a program of more adequate bus service for the city.

Right here on the Hilltop the problem is far from the least one in the city. The extensive growth of our community in recent years now finds hundreds of homes far from the city bus lines. This is indeed a serious problem in face of the fact that the city parking facilities are far overtaxed at present and there is no relief in sight.

In such an expanded and improved bus system certain definite consideration should be given the people who live in the new areas west of Hague-av and south of Sullivant and Mound.



And most important is consideration of the need of a "round the Hilltop" service of some kind. Such a line would make it possible for people of all sections of this area containing some 55,000 people to have easy access to the local bank, savings and loan and the various shopping centers of the area. The advent of the new Central Point Shopping Center has presented a still further service that such a line could provide.

Organizations and individuals will do much to assist in getting an improved bus service if they will join in this campaign by sending their letters and resolutions to the mayor right away.

County School Children Get Hearing Tests

Roy David Martin of Prairie Township School signals Miss Betty Sleight of the Columbus Hearing Society that he "is on the beam" in hearing tests conducted at the Norton Road School last week. The Columbus Hearing Society which is a United Appeals Agency conducted hearing tests on approximately 150 students of the school last Thursday and Friday with the cooperation of the Franklin County Department of Health and Education. By means of the audiometer pictured above the operator is able to measure the degree of hearing and establish the fact as to whether or not any defects exist which can be corrected. The tests are currently being made in all county schools, with rechecks being scheduled in cases where any fault in hearing is detected.

Sgt. Jack Bowen Reported Killed In Korean Zone

Sgt. Jack Bowen

Another Hilltop youth was reported killed in action on the Korean War front last Thursday with the receipt by Mr. and Mrs. W. V. Bowen of 590 Belvidere-av of an official announcement of the death of their son, Sgt. Jack L. Bowen.

According to information received here, Sgt. Bowen was killed in action while on ground patrol against the enemy on Feb. 7. Sgt. Bowen was a member of Company L., 15th Infantry Regt. of the Third Division.

His parents have received a letter from him dated Feb. 7 which was evidently written just before he went on the ill-fated patrol. In his letter he said that he was to be a point man on patrol that night.

Bowen enlisted in the United States Army in March, 1950 and received his basic training at Fort Knox, Ky. He was later assigned to the 14th Armed Cavalry in Germany and served there for 27 months. He volunteered for Korean service and arrived there on Dec. 2, 1952.

The family expressed concern over Mrs. Whitford after they had failed to receive any mail from her during the disastrous flood.

Westgate Shrub Removal Is Asked By Mayor

Westgate residents should remove shrubs, fences and other barriers in sidewalk areas at the earliest opportunity, Mayor Oestreicher said this past week.

He set no deadline for compliance with the action City Council sought in a resolution that passed last Monday night. Although the mayor conceded he could compel compliance he stressed he was approaching the problem in a spirit of co-operation, "and not with a whip in my hand."

Advice on how to move shrubs to preserve them may be obtained from Ray S. Dietz, superintendent of the city's Parks and Forestry Division, the mayor added.

24th Annual Hilltop Minstrel Is Rated As The Best In Many Years

Hilltoppers and others from other sections of the city last Thursday and Friday nights had nothing but praise for the 24th annual showing of the Hilltop Minstrel Show which is sponsored annually by the Hilltop Business Association.

The fast moving production from start to finish was filled with good clean fun and spiced by the appearances of many talented performers who literally "brought down the house", with their offerings.

Highlight of the Friday evening performance was the announcing of the winner of the Tall Story Contest. Roger H. Myers, 37 Chase-av in the opinion of the judges of the contest came up with the best bit of prevarication on the Hilltop in years and was called on the stage to recount his story of a fabulous hunting expedition. As a result of his winning entry, a delegation of the Hilltop Business Association, will visit the Camp Chase American Legion Post 98 Friday night to present to Myers, the commander, the trophy attesting to his prowess as a champion.

HBA secretary C. H. Campbell this week in summing up the success of the 1953 Minstrel Show praised the cooperation of other organizations in helping with the ticket sales. He revealed that the Columbus Brewer's and Distributors Association purchased a block of tickets and distributed them to patients at Columbus State School, and that the Rainbow Division Veterans did the same for children at Franklin Village.

Campbell also said that a silver Crucifix found at West High School on Friday evening may be claimed at the HBA offices.

Anyone interested in a discussion of the Columbus Bus Transportation problem is invited to meet with the Civic and Safety Committee of the Hilltop Business Association at 3123 W. Broad-st next Tuesday.

He stated that a total investment of $100,000,000 will be made in the local plant before the first refrigerator is turned out. It is anticipated the plant will produce one million units per year.

Delmar Starkey of the Chamber of Commerce predicted that the growth of the county would reach the 625,000 mark by 1960. "It is now 542,000.

After walking many miles on their mail routes this Monday, 27 mail carriers of the Hilltop Branch Post Office became the first unit in the Columbus Postal Division to volunteer blood at the Columbus Blood Center. The Hilltop unit in volunteering the blood donations set a precedent which they hope will be followed by other units throughout the city.

An Editorial

Back Up Your Mayor

Columbus' new Mayor Oestreicher has set out to do a job for the people of Columbus, in a businesslike manner that has won him the plaudits of many. But while the praise for his actions may sound and read extremely well, it would be more heartening to him to know that the people of Columbus are ready and willing to back him up.

As evidence of his desire to do a real job as Mayor for this city he has asked that the citizens of this city write directly to him outlining the faults they find with certain aspects of the city administration and offering to him their ideas toward a solution.

One of the problems which the new mayor is to face soon is that of transportation within the city of Columbus and he would like the views of every citizen on the matter. He would like to know how the various, civic, service and other organizations in the city feel about the present transportation system and what suggestions they may have for improvement. He wants to know, in order to be able to do the right kind of a job as the mayor of Columbus.

It has been pointed out that the city of Columbus has spent much of the taxpayers money to reinforce streets at bus stops, and that the transportation company on the other hand has saved money on snow removal equipment since changing from tracks to busses. It is asserted that the transportation company should maintain some stand-by equipment for snow emergencies.

Other suggestions which have been broached are weekly passes to show operators, especially so in the case of school children who frequently lose the small tickets. This, it is pointed out, would eliminate necessity of transfers and make it possible to purchase passes at places other than of bus operators in order to save time. Merchants would like it because it would bring more people into their stores and the bus driver would be relieved of much bookkeeping and thereby be able to give more attention to driving and eliminate long waits at bus stops.

These are but a few of the suggestions which have been made to the mayor toward improvement of the bus transportation facilities. Every organization in the city as well as individuals should give their wholehearted support to Mayor Oestreicher in his efforts to improve Columbus. Write today.

A Lenten Experience For All

We can make Lent a rich spiritual experience! Calvary is an empty tragedy unless the memory of it leads us to live day by day lives that are fit to be eternal.

The Lenten season begins in penitent self-examination and continues through several weeks of self-denial. It comes to its climax at Calvary, a time when we see Jesus betrayed by his friends and allowed to die a shameful and disgraceful death. Lent comes to us this year when there is so much unrest, frustration and suspicion among the human race. There is disappointment and friction that tends to break in upon the happiness of the home and nations.

In the midst of this, however, there is a place of inner peace and security and calm. Lent invites us to realize this great truth anew. So we must confess that amidst these hurried days of keeping up with many of the fads and fashions of the times we have allowed prayer and meditation to be crowded out of our lives and, as a result we have failed to find this quietness of mind and heart. Let us confess with contrition of heart and soul that we have transgressed, that we have been negligent, that we have been indifferent and let us beseech Him to give unto us that spiritual depth that is so badly needed in this crucial day in which we live. Why not be on God's side? Then we may rejoice with the Apostle, "If God be for us, who can be against us?"

Hilltop Marine Asks Help For Korean Orphans

Sgt. Kurt Elmer

Editor's Note: This letter received this week from Sgt. Kurt Elmer of 2163 Sullivant-av who at present time is stationed in Korea tells its own story of how the American soldier, although on a mission of war, is now and always has been, compassionate toward the weak and helpless with whom they came into contact.

Feb. 5, 1953
Korea

Dear Editor:

I am a Hilltop Marine stationed over here in Korea at a forward air base and have something to tell you which I believe would be of interest to you and the people of the Hilltop.

The Marines that are stationed here with me have built an orphanage and have adopted 60 of the many homeless Korean children. Money is donated every month by the Marines in which food is bought and many of the boys have written home and asked their friends to send their old clothing which in turn is distributed among the orphanage.

It is very interesting and sometimes sad to hear the story of how some of these Korean children have been found. Many of them were near the front lines, hungry and frightened.

We have one small boy who is nine years old and he was found by some Marines under some debris, between two other children who were already frozen. He was immediately sent back and treated and today he is a healthy, normal boy.

The orphanage consists of six buildings, with many more in mind, to take care of all the children that are brought in. The six buildings consist of a Church, School Room, Dining Hall and the remaining three buildings are used for living quarters.

I hope in this small letter that I have written, I have given you an idea of what we are trying to do and I ask you people of the Hilltop to open your hearts and help us by sending your old clothes in care of

Sinclair Show
By Edward Green

On Monday evening, Feb 9, the Sinclair Oil Company, presented its annual Farm Talent Show at Hilliards High School auditorium.

The program opened with a short cartoon and a movie entitled, "Treasure Farm." Following the movie were several acts presented by students from Hilliards and neighboring communities.

Eight acts were voted on for the semi-finals. They were Clara Wood, Alfred Cook, Vera Hornbeck, Faye Holder, Walter Mayer, Ruth Owen, Margaret Owen and the Arkansas Travelers.

Out of the eight semi-finalists, the audience was asked to pick the top three. Audience reaction was recorded on an applause meter.

First place went to the Arkansas Travelers, three boys from Hilliards. Second place went to Walter Mayer, who played the trumpet. Ruth Owen, Margaret Owen and Ruth Mayer came in third. The winners received a cash award and a chance on the "Stars of Tomorrow" television show, to compete for larger prizes.

"The Greenwood [illegible]" and Wanda Sherwood were on hand to give their own renditions, as guest [illegible].

The Sinclair Oil company presents sixty such talent shows. The talent show at Hilliards was opening night of the series.

Home Nursing Begins

By Doris Bohlen

Monday, Feb. 9, marked the beginning of the Advanced Home Economics Home Nursing Class at Hilliards High School.

Mrs. Alma Webb, a registered nurse from the Red Cross is the teacher.

In case you've been wondering what the beds and other nursing aids are in room 28, it's for the nursing course.

This course is very thorough. It begins with how to care for a sick person in your own home, and on to learning how to care for a newborn baby.

At the end of the course, which lasts 18 days, the class will be given a test and if it is passed, a Red Cross certificate will be given each girl.

Choir Alumni Organize

By Joan Woodin

Did you know we had a former Chapel Choir member on our faculty at Hilliards High School. Robert White was a member of this highly acclaimed choir from Capital University. Carl Hankinson, a former student of Hilliards High, is also now a member of this choir.

Seventy-five alumni members, including Mr. White, of the Chapel Choir are now forming their own choir. They made their first appearance on Feb. 15, at the Chapel Choir Concert at Memorial Hall.

County Band

Last week eleven music students from Hilliards High were chosen to perform in the all-county bands. Jack Evans, assistant director of Ohio State University Marching Band will be the director. This 100-piece band will play at the All-County Music Festival to be held this spring.

The following students will go: Doris Brown and Patty Hart will play trumpets; Janet Pierce, clarinet; Bill Upperman and Deanna Holcomb, saxaphones; David Snider, flute; Lowell Johnson and Jo Woodin, trombones; Janice Brown, baritone; Wanda Sherwood, bells, and Eddie Upperman, bass.

Wildcats Defeated

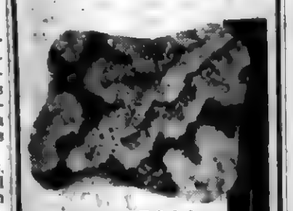
Hilliards lost its sixth league tilt to Grove City on the victors' floor Tuesday, Feb. 10. This was a real hi and tuck thriller and as the game progressed into the final quarter it was still anybody's game, until in the final moments of the game the Greyhounds slowly forged ahead.

The Greyhounds finished in fine style keeping the ball away from the Wildcats and holding the ball until they were sure of two points. The final score was Grove City 65, Hilliards 58.

Johnny Durban, as usual, led the Wildcats in the scoring column with 23 points, while Kenny Engle racked up 16 for the Greyhounds.

Senior Class Play

By Dave McDowell



A tentative double cast for the Hilliards High School Senior Class Play has been chosen. The play is "My Sister Eileen", produced from stories written by Ruth McKenney.

This is the story of the experiences of two Columbus girls who go to New York seeking fame and fortune in that bustling metropolis.

This is one of the well-known comedy successes of Broadway by Joseph A. Fields and Jerome Chadorov. It was given to the public to judge in 1940 at the Biltmore Theatre in New York and was directed by George S. Kaufman. Later on it was made into a movie. In the future the play is to be presented as a musical.

The Senior Class has been found to be a bundle of theatrical talent with Gail DeWolfe and Faye Eubanks as Ruth; Edna Wuertz and Doris Brown as Eileen. Also Bob Kent and Russ Snyder hold leading parts for Mr. Appopolous.

Everybody is invited to see this Broadway production at Hilliards High School March 26 and 27.

Forecast Shower For Westgate School

Looking over some of the items needed for the kitchen of the Westgate School are Mrs. Robert Draper, 104 S. Westmoor, Mrs. John Garber, 3405 Wicklow, and Mrs. Gail Linson, 3080 Sullivant.

Everyone knows about Mother Hubbard's bare cupboard. It seems as though Mrs. Gail Linson, social chairman of the Westgate PTA is in the same predicament. In the publicity sent out to PTA members they have changed this famous rhyme to read:

"Mrs. Linson she went to the
school kitchen
To brew the PTA some tea.
When she got there, the cupboards
were bare.
And no utensils could she see."

To solve this problem the PTA has planned a shower party Feb. 26 at Westgate School. Mrs. John Garber served as chairman of the committee to select the pattern for silverware and dishes. An itemized list of utensils needed has been sent to all members. In case anyone else is interested they can call the Westgate School, Jo. 7191.

Mrs. Robert Draper, [illegible] chairman, has planned a Founders Day skit, for the party, entitled: "This Was Their Dream." Those taking part in the skit are Mrs. John Ricker, Mrs. Robert Griffith, Mrs. John Garber, Mrs Howard Dellinger, Mrs. Vernon Sanford, Mrs. H. J. Miller and Mrs. R. B. Beranek.

Children from sixth grade will also take part. Games have been planned and refreshments will be served.

Westway Postscripts

Commander Dick Martin will long remember the date of Feb. 15, 1953. On this date Westway Post formally obligated three new members and had one of their best turn-outs in the past five years. This included every officer except one and six past-commanders. Thirty members attended all in all and it was a very pleasing ceremony.

Past Commanders present included Ray Boord Sr., 604 Salisbury-rd, (1938); Robert Swigert, 171 Guernsey-av, (1942); Harry Zulauf, 136 S. Roys-av, (1944); Ralph M. "Sarge" Hartman, 420 S. Harris-av, (1948); Henry A. Levy, 468 S. Roys-av, (1950); and Robert L. Hartman, 3587 Walmar-dr, (1951). Since past commanders have always been the backbone of Westway Post, you can well understand why the Commander was so pleased. George Chambers, 225 N. Powell-av, (1936) and Alva Boystel, 191 Cypress-av, (1949) were prevented from attending because of illness.

Others who were precented from attending because of illness included Senior Vice Commander Richard Becker, 2338½ W. Broad-st and Ralph M. Street, 3460 Fisher-rd. The latter was scheduled to be formally obligated in the ceremony too but a minor operation Friday was a little more severe than he planned.

New members formally obligated included Forrest L. Dunlap, 671 S. Burgess-av; Jack A. Caldwell, 405 S. Warren-av; and Arthur C. Bess, 510 S. Harris-av.

Also present were a visiting contingent of six members of the Dads of Foreign Service Veterans.

Following the formal obligation we had a bang-up social session that is the best that many members can remember. It was highlighted by the attendance of several of our veterans that we haven't seen for a long time. This latter group included George Ell, 168 S. Harris-av; Francis E. Swain, 3946 Olive-st; and Grover C. Melvin, 1529 Walsh-av.

Wendell B. Edgerly, 3582 Hawthorne, of Governor's Post No. 356, VFW has been appointed Convention Chairman of the Ohio Department Convention to be held in Columbus from July 6 to July 12, 1953 by Department Commander Howard Cole. He has in turn appointed Charles F. Althoff, 631 S. Ogden-av of Tri-Community Post No. 4719, VFW as co-chairman. Comrade Althoff is the Eleventh District Commander. He has also appointed Commander Dick Martin of Westway Post as his banquet chairman and post commanders George Chambers and Alva Boystel to the security police. Since George L. Fetter, 112 N. Harper-av, the Department Adjutant-Quartermaster, is in charge of Degree Team Competition, the Hilltop is well represented in the committee for this convention.

Tickets are going like wildfire for Westway's Past Commanders and Birthday Banquet to be held at the Columbus Maennerchor on Saturday, Mar. 14. If you plan to attend and haven't yet made your reservation, a word to the wise would advocate calling Harry Zulauf at RA. 7195. Department Commander Howard Cole and Department Adjutant-Quartermaster George L. Fetter are to be the guests of honor and Herbert Kunzi, 3133 Ellis-pl is to be the MC. It will be our gala affair of the year as usual.

Look in the near future to see a Past Commanders Advisory Council formed in Westway Post. This idea has been discussed for a year or so and has just about reached the "action" stage. This will go a long way in improving the work of Westway.

There are several dates in the near future that your commander wishes to call to the member's attention:

Feb. 27—Meeting at hall, 2363½ W. Broad at 8 p. m.

Mar. 13—Meeting in hall, 8 p. m. — nomination of officers for the coming year.

Mar. 14—Past Commanders and Birthday Banquet at Cols. Maennerchor beginning 6:45 p. m.

Mar. 27—Meeting at hall at 8 p. m. — election of officers for the coming year.

West Jr. Hi-Y and Tri-Hi-Y To Sponsor Dance

Pictured above is the general committee in charge of the Rose Room Rendezvous to be held at West High School on Apr. 11. Seated are Co-chairmen Woodie Waltman and Phyllis Guyton, while standing left to right are Mark Rector, Nancy Hall, Patty Shay, Fred Lanch and Dick Furry.

Plans are in the making for a spring formal dance to be held at West High gymnasium on April 11 from 9 til 12. The West Jr. Hi-Y and Tri-Hi-Y, Hilltop YMCA clubs, are co-sponsoring the dance and have selected for the dance theme "Rose Room Rendezvous." Profit from the dance will go toward community service projects.

The hi-light of the dance will be the election and crowning of a Rose Room Queen. Any girl of Junior high school age is eligible to enter the contest. The only rules for entry are to fill out the entry blank in The Hilltop Record, enclose a 2x3 in. photograph and mail them to the Hilltop YMCA at 2502 W. Broad-st. All candidates will be judged from their photos by a downtown charm school director, and this person will select the five most desirable. All persons attending the dance will have the opportunity to vote for the girl of their choice from the five selected by the elimination judges.

The general committee of Phillis Guyton, Patty Shay, Nancy Hall, Fred Lanch, Woodie Waltman, Mark Rector and Dick Furry promises that there will be a good band booked for the dance and many beautiful floral decorations.

The cost of the dance will be $1.50 per couple. Tickets may be purchased from any member of the two sponsoring clubs or at the Hilltop YMCA, phone Jo. 4661.

FOOLISH MOTHERS

Believe it or not, but this actually happened at the store one of those nasty, snowy days a couple of weeks back. The young mother, doll-faced, smartly clad and highly made up, asked to see some white high shoes for her little daughter, a three year old replica of the mother. The salesman carefully measured the child's foot and brought out a shoe in the size indicated, put it on, checked it and then asked the mother if she wanted to leave them on or have the child wear the old shoes. The mother said, "Those shoes look awfully big. What size are they?" The fitter told her, only to have the mother say that the shoes wouldn't do because the child's galoshes were smaller than that and she wouldn't be able to wear them. She wanted shoes that would fit the the galoshes and all the salesman's logic and argument wouldn't change her mind. Well, we wouldn't fit the poor child that way, so she walked out. No doubt, however, the unfortunate youngster is wearing a pair of shoes about a size too short, right now. No matter if they don't fit her feet . . . just so they fit her galoshes. Foolish mothers!

Championship Games Will Be Held Thursday

This Thursday will be a big day in basketball at the Glenwood Center. At 7 p. m. the Dispatch Carrier League Championship game will be played. Using Glenwood for the first time this year the Dispatch Championship was put in at Glenwood so that the teams would have a neutral floor for the tourney.

Following at 8 p. m. will be a regular season Senior League game between the DeMolay and Clowns and at 9 p. m. is the long awaited battle between the Firehouse and the Atomic Five. This game may well determine the league championship.

The Firehouse carries a 8-0 record in league play and this will be their last game of the season. The Atomics have a 5-0 record with the game with the Firehouse and with the Clowns yet to play. The game with the Clowns should cause them little trouble but the game with the Firehouse will be most important to any title hope of the Atomics.

WASHINGTON IN RETIREMENT
Now Valley Forge was green with spring,
And gone the hungry troops in rags,
And he was proud, remembering
The day Cornwallis furled his flags.
But even this was fading, too —
His serried ranks were now the cane,
Brigades of apple blossoms blew;
His regiments were standing grain.
The broad Potomac barges bore —
His own tobacco, corn and wheat —
The morning breezes from the shore
Had cooled his heart of battle heat.
The fever slowly passed away—
The memories were growing dim—
He had come far to see this day
The peace had overtaken him.

Mail — "Why doesn't England give the millions she is spending on the coronation, for her flood sufferers? It would save America some money. A good question. The Queen will be just as much a queen if a few dollars are saved on ermine and spent for bread, seems if . . . If Ohio isn't a state, what's all the Sesquicentennial furor about?" . . . "Think of it — plowing the first of February! The robins are back and yesterday the bald eagle came back. The great white-headed fellow sat in a tall tree and watched me all day. His picture is on the money we all like so well." This excerpt from a letter from my friend, The Dirt Farmer of near Buckeye Lake.

My own Omnibus — There is something wonderfully fascinating about watching a four-year-old putting jig-saw puzzles together, or making Valentines, or doing anything a four-year-old does . . . Another fine thing about hospitals is the friendship that develops among patients in a ward and along the corridors. Everyone is interested in everyone else. It is a friendly and sincere interest; not morbid curiosity. When a patient goes home everyone is happy, and there are exchanging of phone numbers and promises to keep in touch . . . . The squirrel in the back yard ate the last of the Christmas nuts yesterday . . . I hope you all saw Lincoln's love affair with Ann Rutledge last Sunday evening, on the original "Omnibus." It is too bad that that affair is being de-bunked. It has been the favorite love story of so many Americans, and I for one, shall go on believing it.

SECURITY NEWS

MOTHER, FATHER FLU VICTIMS

Neighbors Befriend Two Boys

Tragedy struck twice in a prairie farmhouse when both the farmer and his wife developed influenza and died within three days of each other. Their two small boys were left entirely alone in the world until the family doctor came to the rescue of the younger. Having no children of his own, the doctor agreed to legally adopt the boy and waived any claim his protégé might have to a share in the estate.

INSURANCE MEETS EXPENSES

The future for the elder boy looked bleak, but a neighboring farmer agreed to bring him up with his own family, if some contribution were available for expenses. Fortunately the father had been insured for $5,000 with the Sun Life of Canada and the interest on this amount was sufficient to cover these costs. The sum assured itself, however, was held intact on deposit by the Sun Life and will be paid to the boy when he becomes twenty-one.

A SUN LIFE POLICY FOR YOU

Sun Life policy plans are carefully designed to provide maximum protection and security. Most contracts contain paid-up, cash and loan privileges and frequently offer a wide range of settlement options when the sum assured becomes payable.

ORDINARY LIFE: Permanent protection for dependents at lowest cost. Makes available immediate cash at death for payment of debts, outstanding mortgages, succession duties, or provides a lifetime income to the beneficiary.

LIMITED PAYMENT LIFE: Protection throughout life but with premiums limited to the higher earning period.

ENDOWMENT: Protection for dependents for a predetermined number of years. Ensures future cash for buying a home, children's education, travel, etc., or a lifetime income for retirement.

SALARY SAVINGS: Convenient payment of premiums by monthly deduction from salary or wages under arrangement with employers.

GROUP ASSURANCE AND ANNUITIES: Life assurance and retirement plans for employees at low group rates.

OTHER SUN LIFE PLANS: Family Income; Retirement Pension; Mortgage Protection; Salary Continuance; Children's Special Assurance; Educational Policies; etc.

Let your friendly and experienced Sun Life Representative advise you on the choice of a policy best fitted to your needs.

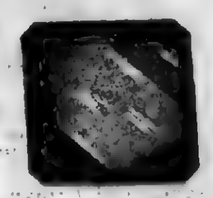
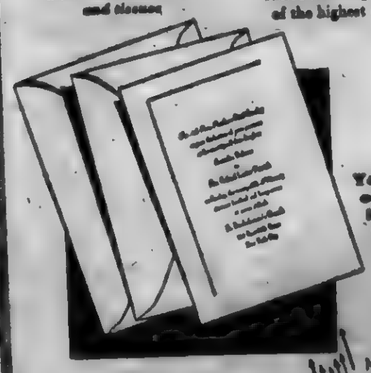
The newest thing in men's clothing since widespread collars and narrow ties, are the nylon-crimp socks by "Interwoven" and "Jerks". They come small and they s-t-r-e-t-c-h to fit and they really fit . . . so wrinkles under the foot or around the ankle. They look very similar to cotton and are soft to touch. Lots of colors to choose from too. (You can't miss them at Seiller's—they have one on a bowling pin!)



Not to rush the season but while you are looking in the men's department look at the new denim jackets and jeans in check or grey and blue with white terry cloth trim.

Many things of interest will be found in the home furnishings in the basement this week. One—Colored Ballerina dishes which have been on the shortage list since the Christmas rush, came in Monday . . . go in and stock up.



Two — The first of the new Vinyloom floor mats are on display. They are washable plastic and keep their shape for use indoors and out. They come in a pattern to look like knit or crocheted rugs and come in different sizes from $1.50 up. Many decorator colors to choose from including yellow, blue, white, chartruese, lime and pink with many other colors expected in by the time this appears or shortly thereafter.

Three — Percales and broadcloths for Spring redecorating in the kitchen or sunroom or for colorful print dresses have arrived to brighten up the yard goods department at Seiller's. A few of the prints include a George Washington cherry tree print in two colors which would be used together; a modern Mexican square design; or my favorite, a large print of a posey, a bird and a butterfly which comes in yellow on white or pink on white . . . Ah, Spring!

He'll tell you it's wise to plan your family burial estate NOW!
Because people turn to him in time of sorrow, he knows so well that is no time for the bereaved to have to hurriedly select a cemetery lot. He'll tell you "the selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

You Can't Miss It!

Has this ever happened to you?

Somewhere near the end of a long trip, you lose your way in a strange town. So — you stop and ask a resident how to get back on your road again. He gives you fresh directions, and then — after he describes the turns and mileage involved — he almost invariably adds the cheery reassurance, "You can't miss it!"

But do you ever miss it?

You certainly do!

Many people are so sure that they can remain on the "straight and narrow" road in their own personal lives that they don't bother attending church. After all, they reason, the road is *straight*, even if it is narrow. How, then, can they possibly miss it?

Sooner or later, these people do lose the road. And it's a hard road to find again. It would be impossible without the comfort of God's everlasting mercy and love.

But your church — if you attend it regularly — won't allow you to miss the road. Therefore, why take the chance? Your Bible is your map for your future; the church is your guide.

Attend it often. It's not far away.

You *can't* miss *it!*

In all thy ways acknowledge Him, and He will direct thy paths. Pr. 3:6

Ultimatum Is Given To City By Twp. Officers

Franklin County Association of Trustees and Clerks adopted a resolution last Thursday night asking the City of Columbus to take appropriate action to correct open dump operations in several townships.

In a letter accompanying the resolution it was pointed out that more than 90 days ago the Franklin County Board of Health met with unidentified officials of Columbus and pointed up the nuisance that was being created by the dumping of trash. It was said that the City of Columbus at that time accepted no responsibility for the matter.

The resolution asked advisement from the city within a 30 day period on what action it intends to take or plan for correction in the dump situation.

One of the features pointed up by the association was the fact that fires originating in the dumps used by Columbus have cost the townships considerable sums of money in keeping them from causing property damage. Dump fires it was asserted are more or less uncontrollable by virtue of the fact that they continue to smolder even after fire companies have spent considerable time with them, and that despite the fact that they are kept from causing property damage at the time of the call that within two or three days new ones are started at the dumps in the various areas. This is a practice which the association says must cease.

Mayor Praises Hilliards Scout Troop Efforts

Hilliards Mayor Edward Patterson this week issued a public proclamation recognizing the efforts of Boy Scout Troop 148 of that village for its civic interest in conducting a clean-up campaign last Saturday.

The proclamation follows:

Saturday, Feb. 14, was not only St. Valentine's Day, but it was also a clean-up day for the Senior Scout Troop of Hilliards, Ohio. Bob Wilson, Lowell Johnson, Jerry Sparks, Ray Sweeney and Jim Morris, along with their leaders, Ken Jones and Bill Brogan, did a nice piece of work in cleaning up around our village parking lot, and on the main street of Hilliards. Our hats are off to these cornfield sailors of Troop No. 148 for leading the way in this clean-up of our village.

(Signed) Edward Patterson, Mayor.

Charles Henry Lust, Sr.

Charles Henry Lust, Sr., 66, died Sunday at his home, 96 Highland-av. He was a retired machinist and painter.

Surviving are his wife, Mrs. Pearl Lust; three daughters, Mrs. Margaret Armentrout, Mrs. Robert Armentrout and Mrs. Florence Davis; a son, Charles H. Lust, Jr.; a brother, George Lust; a sister, Mrs. Margaret Middendorf, all of Columbus; 13 grandchildren and three great-grandchildren.

Services were held at the Jerry Spears Funeral Home at 1-p. m. Wednesday.

Burial was made in Union Cemetery.

West Hi-Y And Hoge Set Pace In "Y" Junior Church Loop

By Dick Wilson

West Jr. Hi-Y retained their tie for first place in the Hilltop YMCA Junior Church League by beating a scrappy Church of Christ team 52-27.

The Church of Christ boys were game and scrappy, but the height advantage and superior experience of the "Y" team were differences which the Dixon coached boys could not overcome.

Dick Furry, long center for the "Y", was the "big gun" for the victors as he rebounded and eagle-eyed for 20 points. He was praised for these honors by teammate Tom Coffman who pushed in 17 markers.

Kenny Clapsaddle was the thorn in the side of the "Y" team. Although his team was behind from the start, he continued pressing the "Y" offense and in his spare time racked up a total of 13 points.

Score by quarters:

West Jr. Hi-Y	16	21	36	52
Church of Christ	13	16	20	27

Hoge held its position in the tight race by dumping Sullivant-av Friends 54-23 in the final of the evening. The contest was never in doubt from the beginning, but the Sullivant-av boys played their best game of the season. Their passing and team work was vastly improved, but they still could not find the basket range. Bucky Buckingham "bucked" the losers and led his Hoge team with 16 points. His teammate Warren Pemberton was close behind with 15. Bill Pabst and Jarry Brooks shared honors for the Shaver coached quintet with 6 markers apiece.

Cowboys Avenge Early Defeat By Whipping Central; Score 63-53

By Woody Owen

Last Friday night on the riverside hard court the West High cagers pulled a mild upset by defeating the Pirates of Central by a score of 63-53, thus avenging an early first round defeat.

The speedy Pirates led by their brilliant forward, Sam Adams, spurted into a 30-9 lead at the conclusion of the first period and appeared headed for an easy victory.

But early in the second stanza Coach George Williams inserted a previously unheralded substitute by the name of Chuck Hicks into the lineup and this proved to be the spark the Cowboys needed as they battled back with Hicks and Redman controlling the boards and Dick Hutchinson brilliantly spearheading the offensive.

The Cowboys outscored the Pirates by a 22-6 margin to take a 31-26 halftime lead.

In the third period Hicks and Redman continued to clean the boards and with Jim Vincent connecting from every angle to lead the offensive, the Cowboys extended their lead to a 52-40 margin as the period concluded.

In the final period the Cowboys put on a brilliant display of team play and control ball, forcing the desperate Pirates to commit numerous fouls in an attempt to get the ball. This proved to be their downfall as the local lads cashed in on several of the free throws to wrap up the contest.

The Cowboys' victory was achieved despite the fact that Bob Thornton, high scoring forward, was not in uniform due to a recurrence of a knee injury.

Sam Adams of the Pirates was the game's top scorer with 20 markers, followed by Jim Vincent and Dick Hutchinson of the Cowboys with 18 each.

Hicks and Redman's control of the rebounds was equally as outstanding as the high scorers.

The Cowboy Reserves dropped out of the league leadership for the first time this season as they suffered their third defeat at the hands of the Pirates' seconds by a score of 41-39.

Community Center Studied At Hilliards

The Hilliards Centennial Commitee, Monday night in a session to further plans for the celebration scheduled for May 30-31 voted to donate all proceeds derived from the Centennial Celebration toward the construction of a village community house.

Current plans call for the construction of a concrete block building of 150 by 70 feet dimensions. The building would include a basketball court and other facilities for athletics and social activities by the children of the community. The building would also be used for adult social gatherings.

Main stumbling block to the project at the present time is a location for the community center. Clemeat McAfee, president of the Hilliards Businessmen's Association said this week that original plans to build the community center on a three acre plot adjacent to the high school building have been thwarted, due to a ruling handed down by the Franklin County Prosecutor's office.

Camp Chase And Hoge Quintets Seen As The Titlist Contenders

The Cardinals in two games this week won one and lost one in the Intermediate League play this week at Glenwood Center. The Cards gave a game to the Hoge Five on forfeit and took a first win from the undermanned Smitty's Pure Oilers, 42-22.

Smitty's got behind at the first quarter and could not catch the sharp-shooting Cards. The first ended with the Cardinals having a 14-6 lead. In the second the Oilers had slid back further to trail 23-11. The Cards continued to score often in the second half to run their lead to 35-16 at the three-quarter mark and in the final the Cards had made their lead 27 points to win 40-22. Eilenbach got 16 of the 22 points scored by the Oilers.

Cardinals	14	23	35	49
Smitty's Pure Oil	16	11	16	22

Led by Deshler's 23 points, the Camp Chase squad took Hanley's Coffee Shop 40-17. Chase got off to a slow start in the first with a 6-4 lead. Holding Hanley's to two free throws in the second and collecting nine points on their own Chase moved into a 15-6 half-time lead. The rest put life into both teams but Chase continued to outscore Hanley's 13-7 in the third to have a 28-13 lead going into the fourth. Twelve more points in the fourth for Camp Chase to Hanley's four made the final tally 40-17 for Camp Chase.

Title Tilts To Start Thursday

Grace Methodist picked up two games in the league play this week, one a forfeit from Camp Chase, the other a hard fought game with the improved DeMolay squad. Grace moved into a big first quarter lead in their game with the DeMolay 21-8. The DeMolays were unable to overcome this lead. DeMolay picked up in the second, while holding the Grace squad to four points to trail at the half 18-25. The third found the Grace increasing their lead to 34-23 count. The final gun found the DeMolay trying hard but the lead of Grace was too much and the game went to the Grace team 52-37.

In Camp Chase's other game this week they beat the Clowns. Getting off to a first quarter lead of 12-7 and holding it all the way, Camp Chase won their second in league play. The half had Camp Chase out in front, 23-14. Chase continued to hold their lead in the third as they outscored the Clowns 10-7 to lead 33-21. A last quarter rush by the Clowns was not enough to overcome the Camp Chase lead as the Clowns held Chase to two free throws while they got seven and the final gun left Camp Chase with a 35-28 ball game.

The final game of the league play this week found the league leading Firehouse winning from the Lightning Five 29-48. The game was a close one in the first half, with the Firehouse having a first quarter lead of one point 9-8 and a half time lead of seven points 18-11. In the second half the Lightning Five failed to find the range and the Firehouse increased their lead to finish the third stop leading 30-20. In the fourth quarter the Firehouse pulled the stops and pushed their lead to 48-29 at the final gun.

Harrington of the Grace Methodist team is still the top scorer in the league with 110 points, moving up on the ladder in second place is Ed Lantz of the Firehouse with 77 points, and not too far behind in third place is Witter of the Lightning Five.

The senior league will finish all games except one this week and the big battle for the league championship will be in the picture as the Atomic Five and the Firehouse tangle on Thursday at 8 p. m. The Atomics have the Clowns to play after their meeting with the Firehouse. This game is scheduled for Friday. The Atomics should not have trouble with the Clowns but the Clowns in the role of spoilers could upset the Atomics should the Atomics beat the Firehouse. The Atomic-Firehouse tilt promises to be the battle of the season, with a slight edge favoring the Atomics.

Hoge's first half lead in their game with the Panthers was the margin of victory as the Panthers put on a stretch drive that just fell short. Hoge moved out into a 7-2 lead in the first, which was held in the second to find the mid-point score reading 15-11, with Hoge in front.

Hoge, refreshed by the half-time rest, had a scoring spurt in the third that netted 12 points to give them a commanding 27-14 lead. The Panthers bounced back in the final stanza to outscore Hoge but their efforts fell short and the Hoge took a 35-27 ball game that put them in a solid second place in the league.

Pemberton's 12 points was top for both teams and aided Hoge's win.

Hoge	7	15	27	35
Panthers	2	11	14	27

The Hoge Five team is monopolizing the league scoring this week with Kern at 101 points, Pemberton with 90 and Pence with 94, leading the league scoring. Mike Posey of Hanley's is in a close third with 93 points.

The league is moving into its final stages with Camp Chase leading and Hoge Five in second place. Hoge and Camp Chase meet on Tuesday, Feb. 24, in a game that may cause the race for the title to become really close. Chase has no losses in league play and Hoge has only one. If both teams can get by their remaining opponents unscathed, a victory by Hoge would make the league go into play-off games, while a victory by Camp Chase would probably assure them the title.

Hilltop Civic Groups Study Problems Of Current Transit System

Pictured above is a portion of the group of Hilltop civic leaders as they met Tuesday night at the Hilltop Business Association offices to discuss the current transportation problems which confront this area. Several proposals were heard including a "loop" system which would cover the entire area. Another of the recommendations was the use of more buses to this area.

All Out Support Is Urged To Aid Oestreicher Drive

Mayor Robert Oestreicher's current campaign for better bus trolley service in the City of Columbus Tuesday night received the endorsement and backing of several Hilltop Civic organizations in a meeting at the offices of the Hilltop Business Association, 3183 W. Broad-st. In indorsing the Mayor's drive the Hilltop civic leaders gave evidence of all-out support to the drive and went further in mapping a definite program for expanded and improved transportation service to this section of the city especially.

It was pointed out that the Hilltop and West Side of Columbus in the past few years has shown the greatest expansion of any sector of the city and that this area is even now in the stage of more "growing pains." The establishment of great and nationally known industrial firms in the Hilltop area was pointed out as a factor in the growth of the community as well as the fact that as these concerns get into greater production the transportation in this area will become even more complex.

One of the points expressed too was the fact that the current transportation setup as it exists in this area has caused more or less, "a house divided" situation, wherein that people living in the Sullivant-av and W. Mound-st areas by virtue of inadequate transportation facilities are forced to travel to the downtown areas before they can reach the Broad-st shopping area. The same holds true of those living in the Broad-st area being unable to shop in the Sullivant-av section because of long bus trips downtown and return.

One of the problems studied was the need for express non-stop service during the rush hours from Broad and High-sts. to Broad-st and Hague-av.

Another proposal was for a "loop" to service West Side businesses and its citizens. This loop bus would run south from Broad-st and Hague-av to Sullivant and Hague-av; turn east on Sullivant to the intersection with Central-av; turn north to W. Broad and Central-av and thence west on Broad to Hague-av.

The possibility of a second loop further west with the possibility of encircling the General Motors Ternstedt and Westinghouse plants in order to serve the thousands of industrial workers at these two locations was also brought into the discussions.

Groups represented at the meeting were: General Motors, Westinghouse, Hilltop Business Association; Hilltop Kiwanis Club; Camp Chase Post 98 American Legion; Hilltop Lions Club; Westway Post 3441 Veterans of Foreign Wars; Hilltop Community Council and West Franklin Civic Association.

Plan Glenwood Open House For Three Day Period

Plans are being made for the annual open house at the Glenwood Recreation Center. This year the open house will be a three day affair beginning on Tuesday, Mar. 10 and lasting through Mar. 12.

The center will display some of the various activities that are included in the winter program at the center.

Tentative plans are for basketball games between the league champions and the all stars from that league; wrestling, tumbling and arts and crafts exhibitions, a social and square dance and a talent show.

Details of the program will appear in the next issue of The Hilltop Record. This event is an annual affair at the center. It gives an opportunity to all Hilltoppers to see a portion of the Glenwood program in action and to visit the center.

MAN RELEASED

Taze A. Harris, 32, of 127 Midland-av, was released by police Monday. He had been held for investigation after his wife, Rose, 25, was taken to Mt. Carmel Hospital with a possible internal injury. She is in fair condition.

Dude Ranch To Furnish Setting For 14th West Hi Variety Show

A 20-act revue in a "Dude ranch" setting!

That's the program for the Gun-Toting, horn-tooting 14th annual all-student Variety Show to be offered Thursday and Friday, Mar. 26 and 27, in West High School's auditorium.

Sponsored by the Band Parents — and with the receipts going into a special fund to buy new uniforms for the Cowboy band — the blue jean jamboree will offer a bit of everything.

Rehearsals are now going on, sharpening up the rope-twirling, song and dance, comedy and musical skits.

Certain to find favor is the brand new chorus line made up of a covey of 16 of West High's cutest co-eds wearing catchy costumes and offering some of the trickiest terpsichore.

Two masters of ceremony, one a rugged cowboy and the other a "city slicker," will introduce the acts — and their antics will add to the hilarity.

Band Director Clare Barnard, who has coached the cowboys into one of the state's top scholastic musical units, is in charge of the annual show. He hopes receipts from the variety revue will be such that purchase of new uniforms for the 80-piece senior band might be made in the not-too-distant future.

The program comittee is now lining up advertisers and sponsors for the event, enhancing the revenue possibilities. All members of the band will take part in the variety show, in instrumental or vocal numbers or dancing and comedy skits.

A Sacrificial Pilgrimage

Down through the history of the Christian church, the period of Lent has always been a time when Christians paid special attention to the spiritual side of life. Lent has always been a journey toward spiritual life and a deeper understanding of what it means to bear the name "Christian."

These Lenten days from Ash Wednesday to Easter can mean spiritual renewal for us if we will go with our Lord to the garden, to the cross, to the triumph of resurrection. For we cannot share his triumph, unless we share his trial and his cross. We too must sacrifice—let us sacrifice the lower values and pleasures of life for the higher spiritual values. We will find strength to travel this sacrificial road only if we are willing to take time for meditation, Bible reading, repentance and prayer. Only as we substitute these higher disciplines of life for the lower can the spiritual growth come which will make Lent not a time of the year but a sacrificial pilgrimage of the soul.

Library Shows Increase In Patron Interest

Last year was a booming one for West Side branch libraries, according to the annual Columbus Public Library System report just completed by library officials.

More books were borrowed by more patrons, and more new books went on the shelves last year at the Hilltop and Franklinton branch libraries.

At the Hilltop Library, nearly 300 more book-borrowers took out cards than in 1951. At the Franklinton Library, registered borrowers increased by about 250.

New books may have lured more people. Over a thousand volumes were added to the Hilltop Library last year, with 600 new books added at the Franklinton branch.

Hilltop now has 14,370 books on hand, with 8,228 at Franklinton.

Number of books borrowed leaped from 101,510 at Hilltop to 111,503 last year with Franklinton going from 16,530 to 21,227 tomes.

Curiously enough, fewer questions were asked West Side librarians last year. Records are kept of each question.

At Hilltop, the record shows 4,785 queries handled last year, as compared to a whopping 6,649 the previous year. At Franklinton, queries dropped from 872 to 483.

Tags will be available only for passenger cars and in order to accommodate as many people as possible, Rice said, the store will remain open from 8:30 a. m. until 9 p. m. on Mondays and from 8:30 until 5:30 p. m. on other week-days.

Beard Growing Contest Sparks Hilliard Centennial

Robert Hoover, Paul Walker, Fred McCann, Harry Cutler, Clement McAfee, Lee Shade and Art Wolfe display beards they have carefully nurtured in preparation for the observance of the Hilliards Centennial on May 30-31. They don't intend to be fined for not having a crop of whiskers when the deadline becomes in effect on Mar. 1.

Beards and old fashioned costumes are the order of the day at Hilliards beginning Mar. 1, when the edict of the Hilliards Centennial Beard and Costume Committee becomes effective. Any man after that date who is 18 years of age or older who lives in Hilliards or the Hilliards School District who is without a start of a beard faces a fine of two-bits each time he is nabbed.

Ladies too, are subject to fine if they appear upon the streets of the village between the hours of 6 and 10 p. m. weekdays or from 8 to 10 o'clock and all day Saturdays without being attired in a costume representing a style of at least 50 years or over.

There are, however, provided in the rules an "out" for those who do not wish to grow beards or be encumbered with old vintage costumes. Men for the sum of $3.00 may buy at Hilliards business places a permit, that will grant the privilege of remaining beardless. Ladies for the sum of $1 get a permit to escape the wearing of costumes. Without a permit they may be fined 10 cents for each time they are caught.

Types of beards designated by the committee as required to evade fines are: sideburns below the ears with whiskers; chin whiskers, mustache with goatee or full beards.

West High School Triangle Dance Set

Mar. 6 marks the date for the twenty-sixth annual Triangle Dance to be held in the West High Gym from 9 to 12 p. m. Carl Hartley's Orchestra will furnish the music.

The dance, a highlight of the school year, will feature nine queens who were chosen by the students in their respective grades. The honored girls are Sue Key, Jeannette Lyle, and Pat Henry of the Senior class, Sue Severans, Anita DeMatteo, and Sandra Miller of the Junior class, and Judy Swartz, Carol Temple, and Alice Rice representing the Sophomores. One girl from each class will be chosen as class queens and the Triangle Queen will be crowned from these three girls at the dance.

The Queen and her court after being crowned will be escorted to their places of honor from whence they will reign.

A note of interest to all who will attend is the fact that a $5 prize will be presented to the individual holding the ticket which corresponds to the stub of the ticket which decides the queen of the dance.

Admission is 75 cents, and an invitation is extended to all graduates as well as the student body and faculty.

The Triangle Club is directed by C. S. Kennedy and is a social organization for boys who include drafting in their curriculum. Officers this year are Fred Elder, president, Al Datz, vice president, Jerry Horn secretary, and Gene Spence, treasurer. The election was directed by senior Bob Steffens. SHOE CARE
The snowy, sloppy weather of the past weeks impels me to repeat a warning I have given several times before. Don't try to dry wet shoes in a hurry by putting them over a register or near any other kind of artificial heat. If you do, you are apt to find that your shoe sole will crack or the upper will break across when you go to wear the shoe.
It's hard for the wearer to believe but wet leather will "burn" at a temperature so low the hand can stand it comfortably. The reason . . . leather is made up of tiny fibers interlaced. These fibers are kept soft and pliable by oils introduced in the tanning. When the wet leather is exposed to heat these oils are driven out, leaving the fibers dry and brittle. Keep your shoes dry by wearing rubbers or galoshes when the weather is bad. If you can't do this, treat your shoes with a waterproofing oil occasionally. The use of a good oil or wax polish about once a week helps keep your shoes soft and pliable.
If you get your shoes wet, let them dry out slowly in a warm, dry place where they won't come in direct contact with the heat. The use of shoe-trees and turning the shoes on their sides to permit a circulation of air will help dry them out without damage to the leather.

Lily Parade To Be Held March 28

This year the Annual Lily Parade will be held on Saturday, March 28th. The breakfast and lunch will be served at Memorial Hall for all girls participating.

The proceeds from the Lily Parade go to the Cerebral Palsy Fund.

Every year the "Y Teens" of Columbus High Schools take part in the Lily Parade. For the past six years West High "Y Teens" have lead all Columbus high schools in number of girls reporting. This year we understand that Linden McKinley is going to try to beat us; but our club has decided to stay ahead.

Pledge cards will be collected March 18.

An Open House for all girls interested will be held at the Cerebral Palsy Treatment Center at 563 East Town Street, on February 28, from two to four o'clock.

Some people leave their manners behind them when they get into an automobile.

CAUTION ALL MOTORISTS!

YOU CAN LOSE YOUR LICENSE IF YOU FAIL TO COMPLY WITH OHIO'S NEW SAFETY RESPONSIBILITY LAW!

Effective March 1, 1953 all drivers and owners of motor vehicles (except Federal, State, County, and City owned cars) will be required to post up to $15,000 security if they are involved in an accident where there is a death, bodily injury in any degree, or property damage in excess of $100. Failure to comply with this requirement means automatic suspension of your driver's license and registration plates.

YOU DON'T HAVE TO CARRY LIABILITY INSURANCE, BUT . . .

The easiest way to establish financial responsibility is to carry sufficient liability insurance. If you are not insured you must be able to deposit with the Department of Motor Vehicles security equal to the estimated damage whether or not YOU are to blame . . . up to $15,000 (to cover $5,000 property damage; $5,000 bodily injury or death of one person; $10,000 bodily injury or death of two or more persons). Liability insurance in this amount is AUTOMATIC PROOF of your ability to pay.

BE PREPARED FOR THIS LAW BY OBSERVING THESE TWO RULES

1. Be protected with a minimum of $15,000 automobile liability insurance. Don't risk the loss of your driving privileges!
2. DRIVE SAFELY at all times. Safe driving is the only SURE accident prevention.

If you have any questions about the new law we will be happy to answer them.

Three Teams Hold Lead In Little League

Three teams are now sharing top honors in the Glenwood Little League. The Yankees, Bears and Red Skins now have five victories and three losses to their credit so there should be some very interesting and deciding games coming up.

The Roughnecks last week turned back the Bears by the score of 35 to 19. The offensive punch of the Roughnecks' Hollingshead was too potent to be stopped. He scored 25 of his teams' 35 points.

Miller of the Bears paced his team with 11 points, however, at half time the game was well decided.

Score by quarters:

Roughnecks	7	18	23	35
Bears	5	6	11	19

West Jr. Hi-Y And Hoge Battle For The Church League Gonfalon

By Dick Wilson

West Junior Hi-Y, with an 82-30 conquest of Sullivant Avenue Friends last week at John Burroughs gym, assured itself of the right to battle Hoge Memorial for the second round championship. The "Y" boys will face Hoge in the opening game of next week's schedule. Both teams are undefeated in the second round, so the winner will take all.

If Hoge defeats the "Y" team, no play-off will be necessary because the Presbyterians walked off with first round honors. A play-off will have to be scheduled if the "blue and gold" can manage to upset the favored Hoge team.

The "Y" game with the Friends was practically no contest as the "Y" team broke the league team scoring record and two of the boys from the Junior Hi-Y, Tom Coffman and Dick Furry, missed snagging individual scoring honors for the league by three points. Both of the boys garnered 26 markers. Byron Poston of Burgess EUB holds the league record with 29.

Don Hackworth, aggressive Friends guard, set the pace for the losers as he cracked the "Y" defense for 18.

Score by quarters:

West Junior Hi-Y	17	32	62	82
Sull. Ave. Friends	3	15	20	30

Hoge kept pace with the West Junior Hi-Y as they slugged it out with the West Juniors in the second game of the evening to win by 12 points.

Bob Kern and Warren Pemberton supplied the telling blows in Hoge's scoring attack, and it was Pemberton's back-board play that sparked it to the win. Scott Pence dropped in shots at key points along the way, and "Bucky" Buckingham turned in a commendable defensive performance.

"Big Mike" Posey was outstanding for the losing Glass coached five as he accumulated 18 points to gain scoring honors for the game. Posey also played an excellent offensive floor game.

Score by quarters:

Hoge Memorial	10	21	30	38
West Juniors	3	12	21	26

After an overwhelming victory over West Juniors the previous week, Burgess EUB once again slumped and was "clobbered" 48-35 by a vastly improved Church of Christ team in the nightcap.

It was the C. of C.'s clever passing on their "fire truck" fast break and all-around shooting ability that gave the Dixon coached quintet a certain victory. Kenny Clapsaddle was generally the driver on the "fire-truck" break, and he did not let his teammates down as he racked up 18 markers. Byron Poston and "Big Dale" Wilson led the "up-and-down" EUB team with 13 and nine points respectively.

Score by quarters:

Burgess EUB	6	16	23	35
Church of Christ	14	24	37	48

Second Round Gets Underway In Intermediate 'Y' Church Loop

By Dick Wilson

Burgess Avenue EUB skipped past Apostolic Gospel, 41-31, on the John Burroughs court last week to gain a victory in the opening game of the second round of play in the Hilltop YMCA Intermediate Church League.

The game was smooth sailing for Burgess against the Apostles. The United Brethren scrambled on top 20-15 in the opening half and led all the way. John Bolg and Chuck Lewis led the victors with 14 and 12 points respectively. Dean Orcutt once again paced the losing Apostles as he led the way with 12 markers.

Score by quarters:

Burgess EUB	10	21	30	41
Apostolic Gospel	6	15	21	31

Glenwood Methodist avenged a first round defeat by Oakley Avenue Baptist by downing the boys from Oakley 47-40 in the second game of the evening.

The game was marked with hard and fast play on the part of the Baptists, but they could not stop the high scoring Methodist, Don Martin, who scored 19 points. Fourteen of these markers were made from the field and the remaining five were scored from the free throw line.

John Jackson, the Baptist ace, pressed Martin for individual scoring honors as he garnered 16 markers for the losing five.

Score by quarters:

Glenw'd Methodist	14	26	37	47

The Volunteer Firemen opened up their play in the second round by blazing to a 48-26 victory over a scrapping West Senior Hi-Y team.

Both teams showed superior rebounding throughout the game, but the "Y" boys couldn't keep up with the fast moving Firemen quintet.

The Firemen were ahead 21-8 at the half and again midway through the second half 34-17. Ed Lantz and Jay Renshaw were high for the scarlet clad Firemen with 12 points apiece. Loren Galloway was tops for Hi-Y with 10.

Close Games Feature Glenwood Intermediate Cage League

Fence and Kern of Hoge Memorial paved the way for their teams' victory, scoring 18 and 16 points respectively, however, Lewis Proper, the Hoge coach, should also share in the victory.

Proper was unable to be present for the first half of the ball game and when he arrived he found his team trailing by the score of 15 to 23.

The loose and unorganied team play was strengthened by their coach and they rallied to a victory by the tune of 57 to 38.

Score by quarters:

Hoge	7	15	20	57
Hanley	14	23	26	38

League standing to date records eight victories and one loss for Hoge while Hanley has three wins and six losses record.

Camp Chase vs. Smitty's

This game might well be called Deshler vs. Smitty's rather than Camp Chase vs. Smitty's. Deshler of Camp Chase proved his offensive ability by hitting the hoop for a total of 57 points. Deshler established a new record by achieving the largest number of points in an intermediate league game. The records now show eight victories for Camp Chase and no losses.

Panthers vs. Cardinals

In a very evenly matched and well played ball game the Panthers edged out a 25 to 20 victory over the Cardinals. Brown of the loosers did his part in keeping his team in the running by tipping in 19 of his team's 25 points.

Fred Jackson and Dickinson of the Pathers paced their team's victory by scoring 10 and eight points respectively. The score by quarters indicates the evenly matched abilities of the two teams.

Score by quarters:

Panthers	6	16	27	30
Cardinals	7	11	19	25

The Panthers are now sporting a five win and 3 loss record while the Cardinals have one win and eight losses.

Redskins Set Little League Scoring Mark

The Redskins in the Glenwood Center Little League really hit the scoring column this week. Playing in two games the Redskins scored an even 80 points in each game.

The first game was with the Chicago Sevens, which the Redskins won 80-8. Starting with a first quarter lead of 10-3 the Redskins swamped the Sevens all the way having a half lead of 24-5. The Redskins held the Sevens to a lone free throw in the third and a field goal in the fourth to limit the Sevens to 8 points for the game.

The Redskins had a field day in their other game of the week, topping the Roughnecks 50-10. This win moves them into a tie for first place with the Bears. The Redskins got off fast to have a 14-2 lead at the first quarter stop. The Roughnecks picked up 6 points in the second while the Redskins continued to find range for 10 more to finish the half leading 24-8.

The Roughnecks could find only a fielder in the third while the Redskins picked up 14 more points to lead 38-10 at the three-quarter mark. The Redskins picked up 12 more in the final stanza while the Roughnecks were unable to score.

The other game of the week was a forfeit by the Bears to the Yankees. This loss by the Bears and the two wins by the Redskins put the two teams in a tie for first.

Atomics Capture The Senior Cage Loop At Glenwood Rec. Center

With a second half surge the Atomic Five won the Glenwood Senior League championship in its game with the Firehouse 58-42. Both teams started with a slow cautious first quarter, feeling out the defenses of their opponents to end the quarter tie 8 all.

In the second quarter, the Firehouse fell behind in scoring by nine points which aided their defeats as the Atomics had outscored them 14 to 9 to have a halt time lead of 22-13.

The second half found the Firehouse trying valiantly but they could not catch the Atomics. The two teams each scored 16 points in the third which ended 38-29 with the Atomics on top. The fourth found the Atomics, led by Chesher and Voss with 18 points each, repeating their second quarter scoring surge to ice the championship with a 58-42 win.

Shooting was high for the losing Firehouse with 10 points. These two teams played excellent basketball all through the league competition and it was a real battle that was offered to the viewers of the game.

The Atomics were made a gift of the game that cinched the championship for them by the Clowns who forfeited the game on Friday.

In the other game played Thursday the Clowns beat the DeMolay 42-24. The Clowns got away fast in the first quarter to take an opening lead of 16-3 which was never threatened as they continued to find the basket in the second to lead 26-11 at the half. The Clowns' defense clicked in the second half and the DeMolays were unable to find the basket for enough points to make a real contest for the Clowns as the third ended with the Clowns leading 35-17. The Clowns, Hann connected for a 22 point total, all fielders, to lead the Clowns to a 42-24 victory.

Clowns	16	26	35	[illegible]
DeMolay	8	11	17	24

There is one more game to be played in the senior league, a game between the Lightning Five and Camp Chase. This game will have no effect on the league championship but will determine which of the two teams gains fourth place in the league as they both have a 2-4 record.

The league scoring crown was won by Harrington of the Grace team with a season total of 110 points. Voss of the Atomics is set in second place with 97 points and Lantz, with 82 points, is in third place.

Junior League Cage Tourney Is Underway

The Glenwood Junior Basketball Tourney is now taking shape with the Atomic Five sporting two victories and no losses. However, the Cub pack is breathing on the Atomic's neck with a recent victory over the Spartans.

Kenny Clapsaddle and Doug Andrews with 11 points each proved too mighty for the Spartans to bottle up. As the score by quarters indicates, the Cubs took the lead never to relinquish it.

Score by quarters:

ATTENTION MOTORISTS
PROTECT YOUR DRIVING PRIVILEGES...
...UNDER OHIO'S NEW
SAFETY RESPONSIBILITY LAW

HERE ARE THE IMPORTANT FACTS YOU SHOULD KNOW!

Effective March 1, 1953, drivers and owners of motor vehicles will be required to post up to $15,000 security if they are involved in an accident where there is a death, injury in any degree, or property damage in excess of $100. Failure to comply with this requirement means AUTOMATIC SUSPENSION OF YOUR DRIVER'S LICENSE AND REGISTRATION.

COULD YOU POST $15,000 SECURITY WITHIN 60 DAYS!

The new law strikes at those who drive carelessly and are unable to pay for the damage they cause. But it also demands financial responsibility from all those involved in accidents until liability is established. You MUST furnish proof of your ability to pay within 60 days of filing your accident report. COULD YOU?

LIABILITY INSURANCE IS AUTOMATIC PROOF

This is not a compulsory insurance law . . . But automobile liability insurance is considered automatic proof of your ability to pay if you carry a minimum of $15,000 (to cover $5,000 property damage; $5,000 bodily injury or death of one person; $10,000 bodily injury or death of two or more persons.) Not only do you establish your financial responsibility, but you protect yourself against loss arising from accidents. If you do not have such a policy, why not consult us today?

IT'S BEST TO DRIVE SAFELY . . . BUT DON'T RISK LOSING YOUR DRIVING PRIVILEGES!!!

Be sure you are ready to comply with the new Ohio Safety Responsibility Law. If you have any questions about the new law we will be happy to answer them.

Seen at Seiller's

By Suzie Shopper

I got the most chic accessory idea while in Seiller's the other day. Their new black patent purses are in and with them a selection of gloves in white, black and frost with patent trim. Now for your spring umbrella match these with a most modern long handled rain protector with a patent case! Into your new purse tuck a black handkerchief with white, yellow or pink embroidery. You would be surprised how "colorful" the above would look.

Another feature of the dumbershoot department is one with a two-tone brown leather handle with a soft brown and green plaid silk. Very lovely and easy to team with any outfit. There are also plenty of reds in this department.

Simulated pearl earrings, bracelets and necklaces (two and three strand) arrived at Seiller's earlier this week but in a new phase. Colors which will blend with your spring wardrobe ,such as, pink, mist green, sea foam, lilac, lemon, and light blue will steal your heart.

Another luxury is the compacts with the shell trim. On one model shells form a very delicate butterfly and lady bug design while on another shells are massed to form a beautiful crust mimicing the beauty of far-away seas.

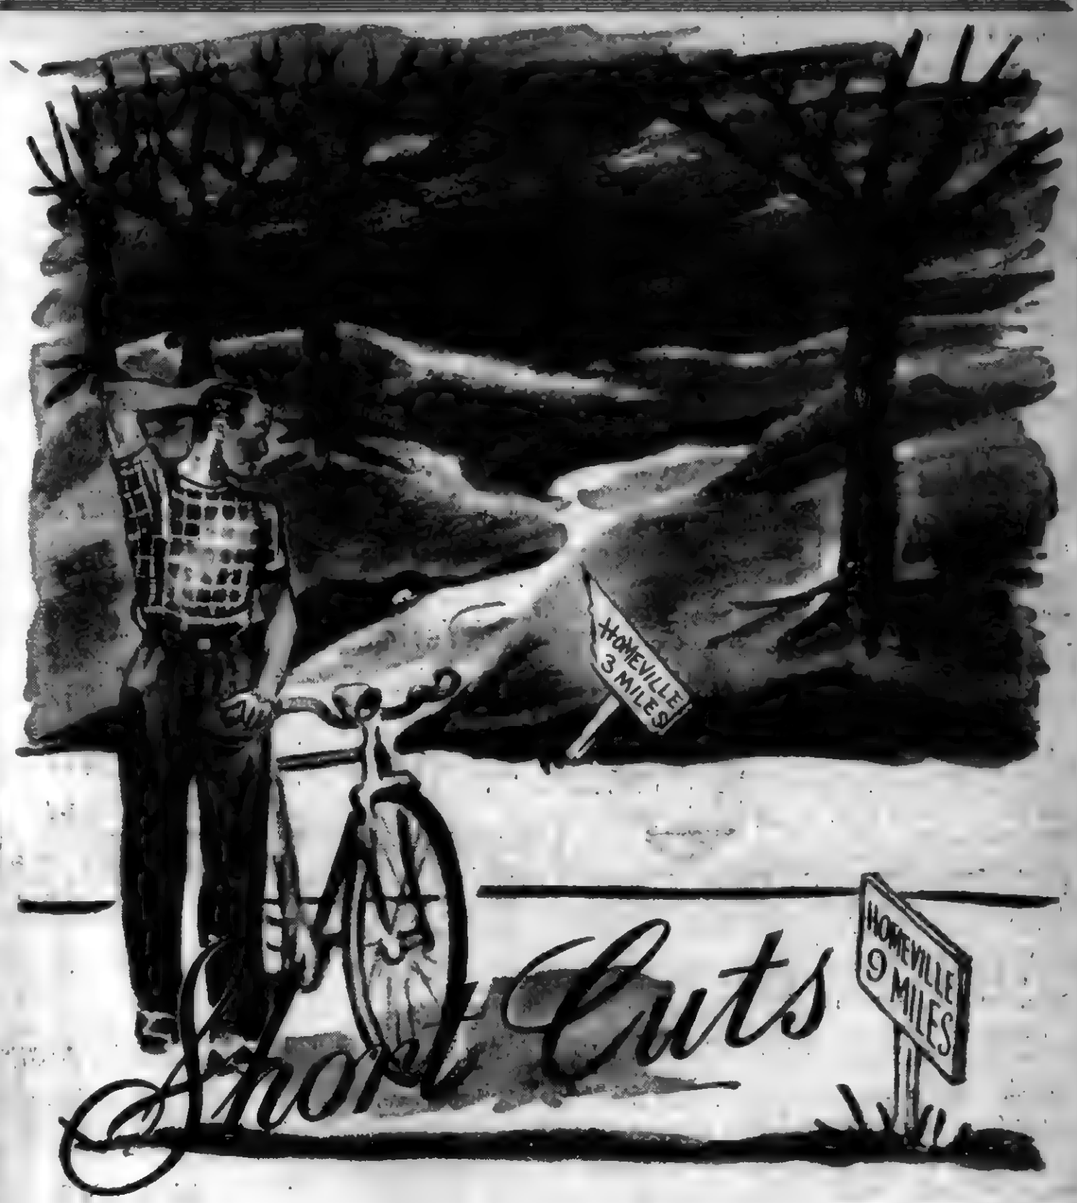
West High News



By Barbara Booth

Get set for the 36th annual Triangle Dance coming up Mar. 6 in the West High gym. The dance will be from 8:30 to 11:30. Tickets are 75 cents and will be on sale soon.

Girls' volleyball intramurals began Wednesday, Feb. 25. There are 24 teams playing in three leagues. The seniors defeated the

juniors to win the Girls' Basketball Tournament Feb. 20. These same two teams traveled to University Tuesday, Feb. 24.

Those two short words can sound pretty good sometimes. . .

"Short cut!" You bet! Isn't that the easiest way?

Yet all of us can remember some of those short cuts on which we risked our lives. When we saw the ominous signs, "Bridge Out" or "Travel at Your Own Risk," we realized that if the short cut really *were* the better way, *men would long ago have made it the main road.*

That's something to remember about religion. True, some people try the short cut. They give up going to church. They think there's a shorter way. Only at the brink of a great moral precipice do they finally realize that they had made the wrong decision.

No—there's no short cut to God. The road is wide, and there is ample room for all who will travel it. And for those who gladly take His road, there comes the peace that passeth all understanding, the faith that cannot be shaken, the life that all of us really *want* to lead. . .

Your church knows that road—it has mapped it for millions. It does not offer a short cut.

But those who have traveled that road would travel no other way. . .

In all thy ways acknowledge him, and he shall direct thy paths.—Pr. 3:6

A LETTER TO A DAUGHTER-IN-LAW

My own dear daughter: From my heart at last,
At long, long last, I call you this sweet name;
(Before, lip-service only; to my shame,
I admit it.) Today that time is past.
And now I wonder at the foolish jealousy
I felt, when you became my one lad's wife—
It might have alienated him for life;
The apple of my eye! Oh, don't you see
I thought, through marriage, I had lost a son?
(Love, richer for the sharing, proves me wrong.)
Instead—God bless you—I find I have won
The daughter my heart's hungered for so long.
I humbly sue for your affection, Dear.
When you come home, you'll find a mother here.

Ethel Romig Fuller.
in Ted Malone's Scrapbook.

(This is reprinted at the request of a mother-in-law for her brand-new daughter-in-law. It is also reprinted for my own Bettie, with love.)

If you would like to contribute to the Dutch Flood Relief fund one way you may do it is to send your cash contribution to Miss Mary Lou Pfeiffer, Radio Station WRFD, Worthington. Miss Pfeiffer conducts two 'home-makers' shows each day on WRFD, which are very popular throughout the state. So if you haven't heard her, listen while you iron or roll piecrust.

My own Omnibus—I was taken aback (about two and one-half years, to be exact) Sunday afternoon, when a small girl at the next table in a restaurant stood up in her highchair. In the best Bette Davis manner I screeched "Linda, you'll fall!" My severest critic said "That's not Linda and her dad is holding her from the other side," so I subsided, but we both thought of the time when our granddaughter did stand up in her highchair, giving all of us heart failure. Maybe I should see a psychiatrist, or stop day-dreaming when I'm eating . . . My most precious Valentine was made at Highland Avenue School, about twenty years ago. It is a heart-shaped piece of blue-lined paper with red crayoned hearts around the edge, and written very carefully on the lines: "Mother, please be my valentine."

. . A friend in Canada sent a beautifully-illustrted book of Canada's places of interest, and as a sort of anti-climax the next day sent a book of Canada's traffic rules. Or maybe it was a friendly warning . . . Speaking of Canada, if you go to Leamington be sure to be there on Saturday night. They have an old-fashioned band concert on the town square then. They also have a two-story hotel with huge coils of rope nailed to each window sill. If there is a fire, you are supposed to uncoil the rope and slide down. At least the ropes were there three years ago. It is a picturesque town and one you should visit.

From "Laffin' With Cosma" in Benjamin Franklin Hospital's Sanaire: "He said he could be a coward—if he had the courage;" "For goodness' sake, use both hands!" shrilled the co-ed in the auto. "I can't," said her escort, "I have to steer with one hand."

Mail—"Let's see now, who is our new vice-president?" . . . "How beautiful the nights have been lately—the clear cold mirrror of the sky with a few sparkling diamonds reflected thereon, the snow on the ground patterned by shadows of trees and shrubs. No, I have not been out—just looking out—and thinking how much loveliness there is outside and how much of it we pass up—just because we are too busy, or other things are more important, or we are too tired." This from that fine Hilltop poet, Claudia Adams . . . From a lady in Georgia, to my favorite shut-in: "Am sending you some magnolias. They are blooming in our back yard."

A little stray verse which says a lot:
Still shines, O man, the silent star,
The blind chap came down the street with two Seeing Eye dogs. His friend stopped him. "Why the two dogs, Bob?"

"Before this thing hit me, Charlie, you'll remember I wore bifocals."

Like hilltops reaching toward the sun—
Look steadfast to that light afar
Till silenced is the world's last gun.

Some Words of Wisdom

Ladies of the Hilltop Kiwanilwke entertained their husbands at their installation party last Thursday afternoon and the party in itself was fine but the treat of the evening was the address by Dr. Arthur Tye, Chinese professor, now at Ohio State.

Among other things, Dr. Tye points out that there is every reason to believe that the Chinese people will never become out and out Communists of the Russian type. Rather it is to be expected that they will merely follow the course of their past history and assimilate their conquerors.

He laughingly admonishes the American people for their hurry. If a Chinese starts on a trip and misses the train he merely says, "Oh well, there's be another one tomorrow," whereas the American becomes quite concerned when he misses one section of a revolving door.

Explaining that there is no caste system in China he points out that the man being pulled in the Rickshaw doesn't look down on the man pulling the rickshaw nor does the other look up because they both know that tomorrow they may be in opposite positions.

Notes and Nubbins: Comes word from Florida that Lou Saunders broke a bone in his right foot just above the ankle this past week and will be confined to a chair for some time. He and Dorothy are in Miami visiting the Cliff Rices . . . The Chinese claims a man at 20 who is a communist has a soft heart, the one at 30 has a soft head . . . Auto tags now on sale at Westgate Electric, 2655 W. Broad-st, are going fast but from all reports there will be plenty to go around provided people don't wait till April 1 to get them . . . On four different occasions recently windows have been broken in Phil Stout's new law office on Broad-st . . . Members of the 13 Club are giving Art Bishop a hard time since he is moving to Uppity Arlington . . . Otto Best is in agreement with us that little papers like the Pittsburgh dailies can't reproduce a photo like those in the Record, after that nice picture in our paper last week of his new dotter-in-law . . . Statistics show that 40% of the Kiwanians and 60% of the Lions are former Boy Scouts . . . Colonial Finance will open offices across from Big Bear soon . . . And Modern will be moving to their new quarters soon . . . Bill Burns will be the manager of the new Buckeye Finance office at 2546 Sullivant . . . Concern Is Expressed Over Increased Number Of Escapes From BJR

Two More Entries Are Made In The Rendezvous Queen Contest

Helen Hart

Patty Shay

Contest entries for Queen of the Rose Room Rendezvous, Spring formal co-sponsored by West Jr. Hi-Y and Tri-Hi-Y, are coming in slow but sure.

Two new entries of the past week are Patty Shay, sponsored by Seiller's Dept. Store at 2404 W. Broad-st, and Helen Hart, sponsor unknown at this time.

Patty Shay is the daughter of Mr. and Mrs. William Shay of 239 N. Hague-av. She has been active in the Hilltop YMCA program for the past year and is serving at this time as secretary of the West Jr. Tri-Hi-Y. She is also a member of the General Committee in charge of the Rendezvous.

Helen Hart is the daughter of Mr. and Mrs. D. A. Hart of 148 S. Terrace-av. She is in the 9-A at West Broad Junior High School and is active in many school events. She has a younger brother, Bill, who has been an active member of the John Burroughs Gra-Y club for the past year.

The deadline for filing an entry is Mar. 31. All entries in by that date will be judged and five selected as possible queens. Everyone attending the Rendezvous will be permitted to vote for one of the five, and the girl receiving the most votes will be queen. The remaining four contestants will serve as the queen's court.

The dance will be held at West High gym on Apr. 11 from 9 till 12.

All contestants are urged to mail in their 2"x3" picture along with the entry blank and fee to Dick Wilson, Hilltop YMCA at 2502 W. Broad-st.

No Beards Or Costumes Draw Stockade Penalties

Monday marked the first day that the residents of Hilliards were to appear on the streets of the village with beards or costumes of at least 50 years or older. Without either they were required to have permits and lacking of either brought a fine and penalty. The penalty was confinement in the stockades and on Monday there were a few of the unwary who landed there as can be seen in the above photo. Left to right they are Jane Chenoweth, village clerk; Bea Carl, housewife; Bob Wilkinson, salesmanager, Hilliards Lumber Co., and Howard Mason, bookkeeper of the same firm. It's all in fun though, as a part of the preparation for the Hilliards Centennial which will be observed in the village on May 30-31.

Officials Demand Sterner Attitude Toward Escapes

Sights of the Columbus City Police, civic leaders and other juvenile authorities were being leveled this past week on the Bureau of Juvenile Research, 2280 W. Broad-st after a series of local car thefts in which walk-a-ways from the BJR were concerned and recaptured with the stolen cars.

Severe criticism was being leveled this week toward the Hilltop institution for not taking more drastic control methods in keeping the teen age boys from leaving the institution at anytime they wish. Since January six cars have been stolen in the vicinity by BJR escapees, according to Columbus police.

The incidence of auto thefts on the West Side and their connection with BJR escapees caused one juvenile authority this past week to comment, "when a car is reported stolen anywhere on the West Side, we just check the Bureau of Juvenile Research to find out who is missing."

City detectives on the other hand said, "We spend half of our time rounding up these boys either in stolen cars or in downtown stores where they have stolen merchandise."

During the month of February, according to police records there have been 38 escapes effected from the Bureau of Juvenile Research bringing the total to 54 thus far in 1953. In 1952 there were 184 escapes.

This record coupled with the number of car thefts and other breaking and enterings are causing police and local business and civic leaders grave concern.

Last week a trio of BJR escapees admitted to police stealing three autos within one week. The boys, a 14 year old from Pataskia, a 15 year old from Hilliards and a 15 year old from Columbus first left the BJR on Jan. 27. They were picked up in Circleville next day still driving the BJR truck in which they escaped. On Feb. 18, the same trio walked away from the BJR grounds and stole a car in which they drove to Akron. They were picked up by Akron po-

HCC Plans Probe Of Bad Reports On Local Youth

An extensive discussion on the present out-burst of misbehavior among juveniles in various areas on the Hilltop was heard at the recent Hilltop Community Council meeting.

It was brought to lights that many persons were complaining of not being able to enjoy the features in certain theaters because of alleged disturbances created by juveniles.

At the same time the question of permitting pin-ball machines in this community was brought to the council's attention.

Because the primary existence of the council is for the purpose of seeking a solution to juvenile delinquency and to improve social standards for Hilltop youth as well

Playground equipment will be erected in the village park at Hilliards within the next month, according to announcement by Mayor Edward Patterson, this past week.

Grover Clements, director of the Franklin County Regional Planning Commission, appeared before the Hilliards council last week, and requested that they join the planning group. Lenten Meditation

Has it ever occurred to you that you probably spend more of your time working for things than in working for people? Take a week and check off the hours you spend trying to make or design or buy or sell or own or protect or replace or destroy things. You will find that most of your waking hours are spent in a scramble for things.

Of course we must have some things to live. There is no point in saying things aren't necessary.

The crucial question is, are we making things to serve us or are we serving things?

The period of Lent is an appropriate time to ask that question and honestly seek for the answer. We should see before us the two ways. One has been proposed by our faith: "Man's chief end is to know God and enjoy him forever." The other has been proposed by our chrome-plated, gadget-filled world; "Man's life consists in the abundance of the things he possesses."

Attention -- All Drivers

By Wilbur Mathony

The 99th General Assembly Amended House Bill No. 168, "to eliminate the reckless and irresponsible driver from highways and to provide for the giving of security and proof of financial responsibility by persons driving or owning motor vehicles." This law became effective Mar. 1, 1953.

WHOM DOES IN AFFECT?—All motor vehicle owners and operators, including non-residents, except vehicles owned by the United States, this state or its political subdivisions, or any municipality therein. When they become involved in an accident in Ohio resulting in death or injury to a person or property damage to any one person, including yourself, exceeding $100.

WHAT MUST YOU DO AFTER AN ACCIDENT?—Within five days after a motor vehicle accident resulting in injuries or death to any person or damage to any person's property in excess of $100, the operator of every car involved must file a written report with the Registrar of Motor Vehicles. Official forms may be obtained from any Government subdivision, Police Department, the Highway Patrol or Deputy Registrars.

YOU MUST REPORT THE ACCIDENT REGARDLESS OF WHO IS TO BLAME! If the operator of a car involved is physically incapable of reporting and was not the owner of the car, then the owner must file the necessary report within five days. Be smart—get a report form now. Keep it in your car. Failure to report an accident, as previously outlined, is punishable by a fine and suspension of your driving and registration licenses.

THIS IS NOT A COMPULSORY INSURANCE LAW. A motorist will have full driving privileges, if, by careful driving and good fortune he is able to avoid being involved in an accident, and has a record free of convictions.

However it is advisable that a motorist safeguard his driving privileges with adequate protection.

The Gate Post

By Pat Martindale

We now find ourselves "well along" in the first week of March, the third month of the year and the most unpredictable of the 12 months as far as weather goes; each day different from the other—warm, then cold—cloudy and rainy—bright and sunny and sometimes so windy that things are blown to pieces.

This month was called Martius or the month of Mars (by the Romans) who was originally the god of agriculture, his month being the one in which crops were ordinarily planted.

To the housewife March has a more "down-to-earth" meaning. We might say it signifies the "March toward Spring", and with the dawn of spring the thoughts of housecleaning seem to automatically "spring" into our minds. And although spring with its housecleaning means plenty of hard work ahead the majority of us welcome our tasks and enjoy the changes we have anticipated (over the winter months) within our own "four walls" even if it's only a bit of wallpapering or a new floor covering.

Most women (if they are anything like me) plan on an early housecleaning but usually get finished in time to start the fall cleaning and "practically" meet themselves "face-to-face" with spring overlapping into summer, and summer into fall, which brings us back to where we started from and wondering how the time could fly so fast with so little accomplished.

If this seems confusing maybe it could better be explained by just saying, "A woman's work is never done" but with the month of March now at hand—well, we can dream can't we?

Also surviving are two other daughters, Mrs. R. P. Rauch, former Hilltop resident, and Mrs. Rufus Morris of Van Wert; another son, E. Gordon Jenkins of Crestline; seven grandchildren and five great-grandchildren.

Burial was made at Venedocia.

Hilliards To Vary Spring Sports Program

The Spring sports at Hilliards this year will vary from that of previous years. First of all football will be practiced for thirty days in the Spring. This will enable coach McElheny to choose his squad for next season. It will be devoted mostly to fundamental situations, such as: blocking, tackling, running, passing, and line play.

While this football practice is going on track will also be in session. Most of this will be getting in shape for the Mid-six track meet which is held on May 12.

As yet golf is an undecided sport at Hilliards. Since track and football are going to be Spring sports it is doubtfull whether or not golf will be played.

Baseball will be played in the Summer this year, that is to say the League will be in the summer. Mr. Reall will be the Baseball coach.

Charles D. Lee, 307 Letchworth-av, for 38 years a resident of the Hilltop this week announced his affiliation with the Hilltop-Westgate Realty Co. as a real estate salesman. Lee was formerly with the Peannsylvania Railroad and also was district manager for the Certified Electric Co., of Warren, Pa.

He is the Institutional Representative for Troop 14, Boy Scouts of America which is sponsored by the Apostolic Gospel Church of which he is a member.

Hilltop Boy, 11 Wounded In Leg

An 11-year-old West Side boy ended up in Mt. Carmel Hospital Sunday as a result of being "too curious."

Mrs. Martha Justus of 1028 Midland-av, told police her son, David, found the brass end of a shotgun shell in the back yard at their home while playing with other children shortly before noon Sunday.

David bit the butt end of the primer with a hammer, causing it to explode.

A pellet entered the boy's left leg just above the ankle, and Mrs. Justus took him to the hospital. David underwent surgery to have the pellet removed Sunday afternoon and is now in good condition, but now a bit more wary of old shotgun shells.

Firemen, Glenwood and Hoge Pace The Intermediate 'Y' Church Loop

By DICK WILSON

One-sided games were the order-of-the day last week in the Hilltop Y M C A Intermediate Church League 1st week at John Burroughs gym.

The closest game of the evening was Church of Christ vs. Glenwood Methodist in the opener. The "Green and White" came within 8 points of upsetting the favored Methodists, but the Grashel coached five had an easier time with the C. of C. boys than the final score might indicate. The Methodists, taking good advantage of their height, led by 6 points with a 17-11 half-time score and again by 10 points midway through the second period with a 28-18 margin. The battling "Green and White" nevertheless did not give up the battle as they came back in the final minutes to outscore the Grashel quintet. The spree, however, was not enough to overcome the large difference which the Methodists had piled up in the earlier parts of the game.

Don Martin, a sharp shooting wisp of a player who does not have too much height, was the game's scoring star. He scored 18 points, 16 from the floor and two out of three chances from the free throw line. Jack Taylor tallied 11 to pace the losers. Jim Cobb, also of the losers, was outstanding in his floor play and tremendous team work.

Score by quarters:

Church of Christ	5	11	18	31
Glenwood	9	17	28	39

Defense featured the Volunteer Firemen - Oakley Ave. Baptist tilt as the Firemen held the usually high scoring Baptist five to a total of seven points for the entire first half. The tempo remained the same throughout the first half of the second period, but the Baptists then came back and flashed a 14 point spurt. The spree did not prove dangerous to the Firemen because they racked up 15 while the Baptists were gaining their 14.

The Firemen's high-scoring center, Ed. Lantz, led the scoring with 11 field goals and two free throws for 24 points. John Jackson and Stanley Brown shared scoring honors for the losers with six apiece. Jay Henshaw and Jim Fielding were outstanding on defense for the victorious Firemen. Sherril Singer's gallant floor play was the only good basketball displayed by the Baptist five.

Score by quarters:

Oakley Ave. Baptist	2	7	14	[illegible]
Volunteer Firemen	13	27	41	[illegible]

Hoge Memorial retained its position in the top slot of the league standing by downing West Sr. Hi-Y 58-33 in the closing game of the evening.

The game proved to be no contest for Hoge as three players managed to grab double digit scores. Dick Sensenbrennan, lanky Hoge guard, paced the "three digiters" with 19 markers. He was closely followed by teammate Dick Witter with 18. Jack Dalph was No. 3 in the group as he racked up 13 for his evening's efforts. Bob Dison and Jack Cannon shared honors for the losing "Y" team with 11 apiece.

Drowning Victim's Body Recovered

The body of Eugene Backus, 54, of 666 Wrexham-av, who drowned last Tuesday while on a fishing trip off the coast of Florida, is being returned to Columbus for funeral services and burial.

The body was washed up on the beach at Stuart, Fla., Friday afternoon, just a few hours after the victim's wife, Mrs. Opal Backus, had left Stuart by car for Columbus.

Coast Guard units and Civil Air Patrol planes renewed search for the bodies of Mr. Backus' companions on the trip—his brother, Earl Backus, 51, 1100 Mt. Pleasant-v, and a cousin, Lorenzo Erb, about 50, Obetz. All three men were vacationing at Stuart.

lice after they had committed a burglary there and returned again to the BJR. On Sunday, Feb. 22 the teen-age trio again walked away from the institution, stole a car from N. Warren-av, "ditched" it, and stole another from a S. Warren-av residence. They were caught Monday, Feb. 23 at Sandusky-st and Sullivant-av with a .22 calibre revolver in the glove compartment of the stolen car.

On Thursday, Feb. 26 three more teen-age escapees from the BJR, two 13 years of age and one 12 year old, were captured by the Ohio State Highway Patrol near Dublin in a stolen truck. They had walked away from the institution three hours earlier.

On one recent occasion, according to police, three boys from the institution admitted they tried to steal an airplane at Sullivant-av Airport, but when they were unable to start the plane settled for an automobile in which they drove away. They were arrested a short time later.

Officials at the Bureau of Juvenile Research this week admitted that the escapes were becoming more frequent than in prior months and offered the explanation that "they were getting restless."

In the meantime Columbus Safety Director Don Cook directed a sharply worded request to Welfare Director John H. Lamneck urging that, "for the protection of Columbus residents, drastic security regulations must be taken."

Dr. Maurice Newburger, director of the Bureau of Juvenile Research admits that there is little to stop the juveniles from escaping from the institution grounds. He pointed out that there is only a decorative fence around the grounds and although the building is locked at night, individual doors to rooms and dormitories are not locked. He also maintained that the bureau is, "a diagnostic agency, not a correction or training school."

"Many of the juveniles at the bureau are truants from their own homes, so they are naturally inclined to run away from the would defeat the purpose of the grounds," Newburger said.

Newburger said he believed it bureau if harsher security measures were taken. "The juveniles are sent to the bureau so they may be observed under the most natural conditions," he said.

Director Cook pointed up the fact, that during 1952, boys who escaped the institution had been involved in numerous car thefts, molestings, burglaries and had even tried to wreck two trains. He disagreed with the bureau director and said that he wants something done, and quickly, to keep the juveniles at the bureau.

In an answer directed to Cook this week, Welfare Director John Lamneck pointed out the fact that much of the unrest and walkaways at the bureau could be traced to the unrestful conditions in prisons throughout the country and the fact that these problem children are prone to follow the examples set by their elders." He supported Newburger's stand in his letter by saying, "If the Bureau is to function as a diagnostic clinic for children who are maladjusted it cannot be operated as a prison."

Lamneck in his answer to Cook, mildly chided the safety director for the sharpness of his request, pointing out that the new receiving and hospital building which is equipped with security windows would soon be moved into and would do much to relieve the walk-a-way situation. He likewise scored the legislative bodies for not making more funds available to the institution, and urged closer cooperation between the officials.

Lamneck in his reply to Cook said that under consideration at present time are three factors which have direct bearing upon the current situation which exists at the BJR. They are (1) whether or not a medium security fence should be built around the institution. If this is done, he points out, it will be the only institution in Ohio, outside of the penal division, that will have such a fence. (2) whether security personnel should be employed, and (3) whether the age of enrollees should be reduced from 18 to 16 years.

West Juniors Rally To Edge Indianola

Woody Owens

Last Thursday afternoon on the local hardcourt West Junior Bronchos won their seventh victory in 10 starts in league play, as they staged a brilliant last half rally spearheaded by Dave Randall to defeat Indianola by a score of 35-32.

Play in the first two periods was a bit loose with both teams being unable to connect with any consistency from the field and with the North Siders' zone defensive proving very effective in holding Randall scoreless. The locals trailed at halftime by a score of 13-9.

In the final two cantos the Buckaroos took on new life as Randall began to connect and soon took the lead never to be headed, as they stalled out the final two minutes to wrap up the contest.

Randall tallied 15 points in the final half and also turned in a stellar defensive game.

For Indianola Lucas tallied 10 points and played an outstanding floor game.

This afternoon (Thursday, Mar. 5, the locals conclude their season by paying a visit to Barrett who is at the present time the loop leaders with a 9-1 record.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

Indians! Indians! Indians everywhere and not a cowboy to be seen! Yes, the Hilltop YMCA has increased the Indian Guide population many fold with the organization of four new tribes. At the present time there is a tribe for West Broad School, John Burroughs, Westgate (2) and one combination Tribe composed of Highland and West Mound Braves. The "Pal Forever" program is at present concerned with "heap-big" craft projects; but as soon as the weather breaks, camp outs and other outdoor programs will be the order of the day. Are you ready fathers? The boys are!

Another newly organized club is also meeting with success. This is the Hilltop YMCA Leaders' Club. Mr. McCulloh, general secretary of the Columbus Central YMCA spoke to the group on "What Does It Mean to be a Christian in the Home?" Frank Mason also spoke to the group on "What it Means to be a Christian in the School."

Congratulations to all the Gra-Y Mothers for a wonderful Gra-Y Induction and pot luck supper. Approximately 250 parents and Gra-Y members enjoyed an evening of fellowship. With this type of program it clearly shows the definite need of proper and adequate YMCA building facilities. Thanks to St. Johns Evangelical Lutheran Church for the use of their church.

Postponement of the Intermediate Basketball League games to be played on Mar. 16 and 18 is necessary because of a scheduled school program. The games which can not be played on Mar. 16 will be run on Friday, Mar. 6. The games which can not be played on Mar. 18 will be played on Friday, Mar. 13. All the team managers will receive letters to this effect and should forward the notice to players.

Be sure to check this week's Record for the picture, write-up and entry blank for the West Jr. Hi-Y and West Jr. Tri-Hi-Y Rose Room Rendezvous. This is to be a wonderful affair for the students of West High School so watch every week for more news releases.

Roses, roses everywhere, but queens are yet to be found! This is the new slogan of the West Junior Hi-Y boys and Tri-Hi-Y girls as they scout through the halls of West High School to find prospective candidates to enter the contest for queen of the Rose Room Rendezvous. "The Rendezvous" is a spring formal to be held at West High School gym on Apr. 11 from 9 to 12.

As of this date, only 15 girls have filled out entry blanks. The general committee for the dance would like to have at least 30 entries for the queen honor. This means there is lots of room for many more contestants; so you girls of junior high age fill out the entry blanks, which the Record runs weekly, and send them in to Dick Wilson at the Hilltop "Y" office, 2502 W Broad-st The contest rules are on the entry blanks.

Gra-Y basketball is still going strong, and the league races are getting hotter and hotter. John Burroughs heads the Class A league while West Broad holds the number one spot in the B league. The A league is played at Glenwood Methodist Church every Monday evening from 3:30 to 5 and the B League is played every Thursday at the same time in the same gym.

We still have craft classes for boys every Monday and Wednesday at 3:30 at the "Y" office. And, of course, you "guys" are still welcome to bring your girls to the free movies on Tuesdays at 3:30. The hour length movies are shown at the "Y" office, 2502 W. Broad-st.

New Cafeteria Added At St. Aloysius School

Pictured above is an interior view of the new cafeteria recently installed at St. Aloysius School at Clarendon-av and W. Broad-st. The increased number of school enrollments brought about the renovation of the school annex by several groups within the church.

By Pat Martindale

Another "bit" of proof of the advancement of St. Aloysius parish to keep to-date with the Hilltop and to supply the fast growing enrollment of Catholic children is the newly installed cafeteria equipment in the school's annex.

Lunches have been served to the school children in the annex for many years but because more storage space is needed and a more efficient system to accomm date the increased number, the PTA has sponsored several money making projects in order to purchase the new equipment. Men from the Holy Name Society aided by painting the interior of the annex. New curtains and blinds are being hung and new fluorescent lights have been installed.

Mrs. Gertrude Bonn is the cafeteria's supervisor and ladies of the PTA take turns in assisting with the cooking and serving of the school lunches. A well balanced lunch is served each child who eats at the school for 25 cents, and on special occasions Mrs Bonn surprises the children with special treats. Because of this nearly all of the children prefer to eat at school on these occasions.

The St. Aloysius annex was first built to serve as extra class rooms when the population of school children grew too large for the four room school which was a part of the church at Clarendon and Broadst back in 1906. The first priest to St. Aloysius was Rev. J. J. Caballon and the first faculty consisted of two Catholic nuns. The first graduating class consisted of one girl, Marie McQuade, now deceased. The second graduation class jumped to 13 however, and among those "grads" were Larry Scales and his wife who are still Hilltoppers.

At that time there were 26 families in St. Aloysius parish and to-day there are nearly 900 families in the parish.

Rev. Swartz came to St. Aloysius in 1910 and the first assistant priest to St. Aloysius was Rev. Bauschard who was put in charge of St. Mary Magdalene's parish when the need for another Catholic Church and school became necessary on the Hilltop.

A long time dream of Rev. Swartz came true with the building of the new St. Aloysius Church at the corner of Midland-av and Broad-st in 1927 with the three-in-one building on the corner of Clarendon-av. Church, school and rectory being converted into a school building (with the rectory remaining attached to the rear of the building until the new rectory was recently built).

The annex was then used for a lunch room and auditorium and meeting place for the various organizations in the parish.

Rev. William Malogey came to St Aloysius to replace Rev. Swartz in 1940 and since his coming to the parish the rectory on Clarendon-av to match the church has been built.

In the past 47 years enough interesting events, have taken place within the St. Aloysius Parish to fill a book, and with the progress of the school system in Columbus the first Hilltop Catholic School is keeping stride.

It is the dreams of many parishioners that in due time a new school including an auditorium, cafeteria and library will replace the present school and that there will be three matching St. Aloysius buildings instead of the present two.

YOUNG AMERICA—FIRST

Let abler poets sing the score
Of grandeur limned on distant skies;
I sing of epic deeds no more.
My tones are pitched to lullabies.
Let clearer voices cry the need
Of kings and thrones beyond the sea;
Give them the staunch and holy creed
And leave the cradle-song to me.

Yet who shall say their songs are best
My notes are vain, and dull my task?
One sleepy head upon my breast
Is all the audience I ask.

Gals, are you tired of Saturday afternoon wrestling? (If you are, move over!) Then you might turn on your kitchen radios and listen to an entertaining and different record show, while you are baking the cakes for Sunday. This show is called "Hilltop Hit Parade" and is emceed by Bill Mertz, a personable young man whose blithe, friendly manner and sense of humor have made him one of the city's most popular deejays, although he is a comparative newcomer to radio. He has only been with WVKO about a year and a half. Hilltoppers are especially interested in "Hilltop Hit Parade" because it is broadcast (over WVKO, AM and FM) from the window of the Hilltop Tune Shop at 2814 W. Broad-st. It has been heard each Saturday afternoon from 3 to 5 since last December. Besides playing records on the program, Bill interviews recording artists who visit Columbus. Among those recently interviewed are Tony Bennett, The Four Aces and Sandy Solo. Bill also conducts two daily record shows. His "Music Maestro" is heard from 3:05 to 3:45. It features old or "memory" tunes and standard pops. His evening show is "Bill's Basement" from 6:30 to 9. This show is particularly popular with teenagers.

Bill has lived in Columbus since he was ten; is a graduate of North High and Ohio State. He has been married five months and is 23 years old. He says his hobby is listening to other record programs, and claims the distinction of being the only d-j who doesn't write songs.

He is unassuming, and grateful to his listeners and to those who attend his Saturday afternoon broadcasts in person. Everyone is invited to attend them, incidentally, and a lot of people do. One teen-ager tells me Bill is cool, but cool! I'm too old to understand kids' lingo but her enthusiasm for his record shows convinced me; that she and her friends like them. But like them—they're ca-razy!

Here are two verses from Ted Malone's "American Album of Poetry" I thought you might like. Ted may be heard daily, over WCOL, by the way.

But that was all right,
I was telling lies
To you too!

The doctor in our family keeps me supplied with cartoons, "jokes" and poetry (THAT IS POETRY?) from the Tonics and Sedatives column of AAM Journal, and from other publications of that nature. A cartoon he recently sent shows a patient in a medico's office, flexing his muscles. The doctor is saying "This is no time to be 'feeling better already.' We haven't even finished the diagnosis."

Somebody was kind enough to send along this verse—no name signed, either to the note or poem.

And through a dark and lonely land,
God set upon my lips a song
And put a lantern in my hand.

Your Shoetrician in SEILLER'S
Says:

FLAT FOOTED BABIES

An anxious mother came to us at the direction of her pediatrician, one day last week. Her anxiety and alarm were due to the fact that her two year old baby was so awkard about walking.

He seemed to stumble a lot, to be unsure of himself. She suggested seeing the baby specialist about his feet, but her husband laughed at her for worrying over nothing, told her that the baby would out-grow the trouble. Finally, driven by her desire to see the youngster get the right care, she took him to the doctor who found the child to be flat footed.

Per the doctor's instructions, we supplied shoes built with special wedgings for flat feet and the chances are the child will acquire an arch.

Many times, flat foot in childhood is outgrown, but more often it isn't. A little assistance to nature in the early years can do wonders toward correcting defects of this nature.

Glenwood Methodist Is Scene Of Swigert-Scanlon Wedding

Before an altar decorated with two sets of seven-branch chandelabra, palms and baskets of pink and white gladiolas, Miss Carol Barbara Swigert, daughter of Mr. and Mrs. Harold Swigert, 266 S. Wayne-av, became the bride of Mr. Edward Jerome Scanlon, son of Mr. and Mrs. Edward B. Scanlon, 1163 Richter-rd, Feb. 7, at the Glenwood Methodist Church.

Given in marriage by her father, the bride wore a gown of chantilly lace and satin featuring a fitted bodice of lace over satin with sleeves coming to points over the hands. The full skirt fell into a cathedral train. She carried a cascade bouquet of white carnations centered with a corsage of deep red roses.

Miss Janet Patton was maid of honor. She wore a pink ballerina length dress of net and lace over satin and carried a honey-colored colonial bouquet of shattered carnations. Miss Marylou Dawson and Mrs. Kenneth Cochran were bridesmaids and wore identical gowns of yellow and green and carried colonial bouquets of pink carnations. The attendants wore head bands of braided velvet and starched net to match their gowns.

Carol Cochran, niece of the bridegroom, was flower girl. She wore a pink nylon dress over a hoop and carried a basket of pastel colored flowers and rose petals.

Mr. Jack Crego was best man. Seating the guests were Mr. Howard Lamprecht and Mr. Kenneth Cochran.

A reception followed the wedding ceremony at the Pastime Club rooms. Hostesses were Miss Diane Patton, Mrs. H. C. Whipple, Jr., Mrs. Dean Shoemaker, Miss Shirley Cochran and Mrs. Edwin Shriver.

Mr. and Mrs. Scanlon are residing at 179 S. Yale-av.

"How to find the confidence nothing can take away . . ."
—EDDIE CANTOR, star of stage, screen, and radio

"Let me tell you about an experience I had at a veterans' hospital, where many of the men were paraplegics who could never again lead normal lives.

"We played a show there one Saturday, and I can tell you that to see the faces of these men come alive with laughter was like a touch of God's mercy. After the show the chaplain invited me to stay over for Sunday services. I was glad to stay.

"I shall never forget the next morning. An ordinary little chapel, non-sectarian . . . a quiet service, a simple sermon. But it was the sight of the men praying together that caught at my throat and misted my eyes. Here was no weak self-pity . . . no resignation to a cruel misfortune. Here, in united prayer, these men had found the deep confidence, the strength to face whatever their lives might bring.

"Religion is not a soothing syrup. It offers no glib, easy answers to life's problems. You cannot go to church and pray and expect to find the road smooth and easy when you come out. Prayer *will* give you a new outlook, a sense of unity with your fellowmen, the courage to stand up straight on your own two feet and fight a good fight . . . it gives you the kind of confidence no lesser force can take away.

"Each of us, by himself, is small. The individual voice is weak . . . like a tiny candle flickering in endless night. Together—a mighty flame. Bring the voices together . . . this Sabbath."

Take your problems to church this week — millions leave them there!

Glenwood Briefs

By Pat Martindale

A club has recently been formed at Glenwood Recreation Center for young ladies between the ages of seven and 12 years. They are called the "Glenwood Gleaners." These girls meet every Monday from 4 to 5:30 p. m.

"The Gleaners" enjoyed a hike which brought about plans for a future wiener roast. George Washington's birthday was celebrated by a trip to Ohio State Museum which was educational as well as enjoyable for the girls. The following girls are members of the club: Linda Jo Maxwell, Ann Kirch, Joyce Peer, Linda Dedrick, Patti Belcher, Sharon Cremeans, Sharon Harris, Marjorie Drake and Carol Neff.

New members are welcome and should sign up as soon as possible with the supervisor, Elsie Albrecht.

The Glenwood Charm Club was host to the other members of Glenwood Center Monday, Feb. 16, at 8 p. m. Two movies were shown portraying the value of being courteous and thoughtful to others. Following the movies there was a general discussion regarding the proper way to make introductions.

Charm Club members cordially invite all girls who are interested to join them at Glenwood Center on Monday evenings at 8 o'clock.

The Teen-Age Club had a Valentine party Wednesday, Feb. 11 in the center's club room which had been beautifully decorated by the club to suit the occasion. Refreshments were planned and served by the girls of the Charm Club. There was dancing, singing and games for teen-agers.

Other parties are in the planning stages by the Teen-Age Club.
